# Introduction

This is Polar cruising in Antarctica for the restless! The ship becomes our base camp on these voyages. We sail down to the 'High Antarctic' where we have numerous inlets and channels to choose from to set up base. We will have 2 or 3 different base camp locations for the duration of the voyage. Once we are in place we go out and enjoy multi-activities which go beyond the normal shore program. We can take the kayaks out, or enjoy some time on shore snowshoeing or if we are more intrepid we can do a few hours mountaineering on Antarctica, giving us a huge sense of achievement and a true feeling of the remoteness and scale of Antarctica.

We can also opt for a photo-work shop or shore excursions on the Zodiacs. Everyone will also get the chance to camp on Antarctica for a night. All these activities are included in the price of the holiday and do not require any previous experience. Of course we get extremely close to the wildlife during our activities as well, which is a totally exhilarating experience. This is the Polar cruise holiday for wildlife lovers and outdoorsy people.

## Is this holiday for you?

All activities from the ship are optional, and you can choose just to participate in the zodiac excursions. However, if you are interested in the activities then you should have a reasonable level of fitness to participate. No experience is required for most activities, although basic kayaking and mountaineering experience is preferred. The snowshoeing and mountaineering on Antarctica is sessions of around 3-4 hrs, this is because no toilet visits are allowed on land and no food/snacks are allowed either for passengers of cruise vessels like ours. You must be able to get up and down the steep gangway from the ship to the water level to board the Zodiacs. Staff will assist you in and out of the boats. Ashore it can be slippery and rocky. Also consider that you are travelling in remote areas without quick access to sophisticated medical facilities.

Please see our [online Polar Guide](#) for the differences between our departures, ships and more Polar information.

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Please contact the office for upgrade and single cabin prices. Please note that if you wish to upgrade ensure that you book early to avoid disappointment.

## Group Leader & Support Staff

An international team of Polar experts and field guides is enthusiastic about sharing their in depth knowledge with lectures, briefings and field excursions. Lectures are selected and relevant to the destinations we travel to. We cover major topics such as marine biology, geography, geology, glaciology, ornithology and history. Our staff is skilled, trained and qualified in the activity they are in charge of: mountain guiding, photography, kayaking, zodiac driving. Expedition guides organize the informative ship program and actively guide our shore excursions in different languages but always English as well.

## Spending Money

Prices onboard are in Euros or US dollars. It is not practical to set a recommended amount for personal spending money on a holiday like this. All meals while on board are included in the trip price. The main extra spend on board will be on drinks and this will vary greatly from person to person. A drink onboard costs from Euros 2.50. On board ship, bar bills can be put on a tab and paid at the end of the cruise by credit or debit card or in cash Euros or US dollars. You will also need some money for any meals taken in Ushuaia and for tips. As a guide, we recommend you allow \$10 - 15 per day for tips to your crew and expedition staff. It is possible to withdraw local currency at ATM's in Ushuaia, but we recommend that you bring a minimum of US\$200 in cash for emergency situations where you are unable to withdraw money from ATMs.

## Guidance on Tipping

The customary gratuity to the ship's service personnel is made as a blanket contribution in one envelope at the end of the voyage which is divided among the crew and staff. You will receive detailed guidelines aboard. Tipping is a very personal matter and the amount you wish to give is at your discretion. It is better for the crew and staff, if you can give them cash, either US Dollars or Euros. You may give individually and / or communally as a personal 'thank you' to one or more of the ship's personnel. As a guide, we recommend you allow \$15 - 20 per day for tips to your crew and expedition staff.

## Optional Activities

### BASECAMP - OUR ACTIVITIES

#### ZODIAC CRUISING & SHORE PROGRAM:

This is our core activity: guided shore excursions, walks and wildlife spotting and zodiac cruises are included in the fare and will be offered to all passengers during the voyages. Our voyages are primarily defined as explorations and we spend as much time ashore as possible. We can be flexible, taking advantage of wildlife opportunities by using our zodiacs for both landings and cruises. Our knowledgeable guides assist on these outings, providing detailed information. This is supplemented by lectures on board which covers topics such as wildlife, history and true emotions.

#### KAYAKING:

We plan to offer 3-4 full days of kayak excursions parallel to all other activities (6-7 outings morning, afternoon or evening). Basic kayak experience, appropriate outdoor clothing and physical fitness is essential. The maximum number is limited to 14 kayakers per outing. Special kayak gear will be provided: single seat and double seat kayaks, neoprene wet suits, life vests. Kayakers will bring

their personal warm and protective clothes. An expedition kayak guide will supervise the activity. The kayakers will be accompanied by a safety zodiac boat.

1 kayak excursion free of charge. Every passenger will be able to take advantage of at least 1 outing but it can be more availability allowing. Kayaking must be pre-booked and you will have the opportunity to do this when you receive your booking confirmation. There are no waitlists for any extra outings that may be offered.

#### PHOTO WORKSHOP:

During the voyage we offer photo workshops for beginners and advanced photographers under the supervision of a photo expert on board. Everyone is welcome to participate, no previous experience required. The workshop group will be accompanied by the photo expert during activity ashore. The maximum participants per photo workshop is aimed at 20 participants per outing per guide, so maximum attention can be paid to individuals. The work shop group will be taken on shore excursions whenever opportunities arise. Participants with a special interest in photography will bring their personal photo equipment. During cruise days everyone will be able to listen into photo lectures in order to learn more about objects, exposures and photo composition. The workshop intention is not to instruct on how to use specific camera models, but more to give an insight on better photo results by respecting basic rules of photography. Photographers can also take part in other activities of their choice.

The photo workshop must be pre-booked and you will have the opportunity to do this when you receive your booking confirmation.

## **SNOWSHOEING & HIKING:**

We plan to offer several possibilities to become active ashore. There will be easy, moderate and more demanding walks on offer in the vicinity of the landing sites. There are walks on offer which suit everyone's capability. In the Antarctic we are aiming at two hikes per day, each 2 - 3 hours long during morning and / or afternoon landings (lunches onboard). In the Arctic we offer several full day walks of up to 5-7 hours (with packed lunch). Hikers are recommended to bring a proper pair of hiking sturdy waterproof boots and gaiters. Rubber boots suitable for hiking will be provided. Hikes will be guided by experienced expedition guides.

### **Snowshoeing:**

Especially on early departures at the beginning of the season there are still snow covered areas. Snowshoes are easy to use and don't require any technical skills. They make it easier and safer to walk on snow surfaces. They are available free of charge for everyone on board, fit all boot sizes and can be used in combination with the Oceanwide rubber boots.

Snowshoeing must be pre-booked and you will have the opportunity to do this when you receive your booking confirmation.

## **MOUNTAINEERING:**

This is technical and more strenuous activity for mountaineers who wish to walk beyond the shore radius in order to reach higher grounds and view points. Mountaineers walk in rope parties under the leadership of a certified mountain guide mostly across glaciated environment in Antarctica. Depending on the landing site, glacier walks can vary from half day to full day outings. In general we plan to offer 4-5 glacier excursions parallel to all other activities. Mountaineering knowledge is preferable, but not required. Physical fitness is essential. The maximum number is limited to 6 mountaineers per rope party. Special glacier equipment will be provided: ropes and carabiners, harnesses, helmets, ice axes and crampons. Participants will bring their personal protective outdoor clothes, mountaineering boots (B2 or B3, leather or plastic) suitable for using crampons. A qualified mountain guide and assistant will supervise and guide the activity for a maximum of 12 mountaineers at a time. Note that you are not allowed to 'visit the toilet' whilst on Antarctica (Antarctic Treaty/IAATO Regulations). We recommend you bring a 'pee bottle with a large opening (e.g. Nalgene) for this purpose. For human waste we provide biodegradable poo bags which have to be taken back to the ship for disposal.

1 mountaineering excursion is free of charge. Every mountaineer will be able to take advantage of at least one outing but it can be more. Space is limited to 48-60 participants during the voyage, first come first serve.

Mountaineering must be pre-booked and you will have the opportunity to do this when you receive your booking confirmation.

## **CAMPING:**

We plan to offer 3 - 4 camp nights during the voyages. Everyone can participate, no previous experience is required. The maximum number is limited to 30 persons per night. The camping group will be taken ashore after dinner, and returns to the ship just before breakfast. On shore a camp will be made in a place where wildlife will not be disturbed. Special gear and field equipment will be provided: tents, wind and waterproof bivouac bags, mattresses and polar sleeping bags provide comfort during the night. Campers bring their personal warm and protective clothes. Expedition guides will conduct the activity ashore.

Note that you are not allowed to 'visit the toilet' whilst on Antarctica (Antarctic Treaty/IAATO Regulations). We provide a portable toilet facility for the night, but we encourage use of the facilities on board and we recommend that you bring a 'pee bottle' with large opening to avoid use of the portable toilet during the night.

Camping must be pre-booked and you will have the opportunity to do this when you receive your booking confirmation.

## **Baggage Allowance**

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline (the baggage limit on the domestic flight between Buenos Aires and Ushuaia is 15kg).

Please note that you should be able to carry your own luggage.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

## Passport & Visas

### IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH THE USA

You will require an ESTA (Electronic System for Travel Authorisation), and you must get this before boarding any US-bound aircraft or ship, or entering on a land border. The fee is USD\$21 and you should apply for it at <https://esta.cbp.dhs.gov/esta/>. With the ESTA complete, the majority of British Citizen passport holders can enter the US under the Visa Waiver Programme, VWP. You will be required to have a passport with an integrated chip. Note that if you have travelled to Cuba, Iran, Syria or North Korea since March 2011\* you will have to apply for a visa rather than the Visa Waiver Programme (\* a full and up to date list of countries can be found on the US government website [here](#).)

### IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH CANADA

All citizens (except for USA citizens) will require an eTA (Electronic Travel Authorisation), and you must get this before boarding any Canada-bound aircraft or ship, or entering on a land border. The fee is CAD\$7 and you should apply for it at <http://www.cic.gc.ca/english/visit/eta-start.asp>

US passport holders must obtain a Brazilian visa prior to arrival if they will be in Brazil for more than 6 hours.

### Visa Argentina

UK and USA passport holders do not require a visa for short stays.

## Health & Vaccinations

### VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Some of the optional activities require basic experience and equipment (see above in main section).

## Climate

Along the Antarctic Peninsula, temperatures as high as 15°C have been recorded, though during the Antarctic summer temperatures are typically between 0 and 2°C. The wind will be a significant moderating factor and you must come prepared for 'real feel' temperatures as low as -20°C. The Antarctic is technically classed as a desert averaging 166 mm of precipitation per year. Although you are unlikely to experience precipitation, storms can and do occur.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

### Land Only Information

The LAND ONLY dates and prices are for the itinerary joining at the hotel in Ushuaia. For clients making their own flight arrangements, Ushuaia Airport is the most convenient.

You will have to change airports in Buenos Aires on your return and the connections may involve some lengthy waits at an airport. Please be prepared for this. Regional departures and/or alternative carriers are available on request.

If you would like to stopover in Buenos Aires thus shortening your 'flying time' please contact the Customer Sales & Support Team.
