## Introduction

---

Jordan's Wadi Rum and its 'rose-red City' of Petra provide a magical setting for a winter walking holiday. Rising abruptly from the desert plains, the red-ochre sandstone mesas of Wadi Rum provide one of the world's most dramatic landscapes. It was famously described by T.E. Lawrence as "Rum the magnificent... vast, echoing and God-like." In this traditional land of the Bedouin, our 5-day trek will take us on ancient trails through hidden canyons and across open rocky slopes to the summits of several of the biggest formations in Jordan, including Jebel Um Adaami (1832m), Jordan's highest peak. Throughout the holiday, some easy scrambling will be required to get to the best viewpoints including the dramatic Burdah Bridge. Four-wheel-drive vehicles will provide back-up and we will camp each night on the sands in the company of our hospitable hosts. A final highlight of this outstanding Arabian adventure holiday is our 2-day visit to the awe-inspiring 2300 year old, rock-hewn city of Petra. Here, we will make our initial approach through the dramatic winding Siq and spend the whole day exploring the site, following in the footsteps of the ancient and the intrepid.

### Is this holiday for you?

This holiday is a series of day-hikes in an unusual mountain area. We will walk for around 4 to 5 hours on each of the 5 days that we spend at Wadi Rum. This will involve walking on desert trails and soft sand, as well as easy scrambling on the jebels themselves. When climbing on the jebels we will usually be following routes which have been used for generations by Bedouin hunters and shepherds. The guide will carry a rope, which may be used on exposed sections to reassure group members who are not confident scramblers. The scrambling sections are usually attempted by most walkers, some sections are optional and your guide can explain the difficulty level. At the time of year that we will be visiting Jordan (winter) it will not be extremely hot, but you should expect day-time temperature upto 30 degrees centigrade. At night it can also cool down to around zero. We wild camp in the desert away from any light pollution, the stars are amazing.

## DAY 2

**Drive south to Wadi Rum. Trek from Lawrence's Well across Jebel Rum to Abu Aina.**

Today we set off by minibus for the morning's drive southwards to Wadi Rum. The Desert Highway runs alongside the railway line which was famously blown up by Lawrence of Arabia during the Great War. We will meet our Bedouin hosts at the Visitor Centre in Wadi Rum and transfer our baggage to our 4-wheel-drive vehicles, before walking into the village to a house where our lunch has been prepared. Here, we will meet our guide and drivers. Lunch is likely to consist of salad dishes, pasta and tuna, with sweet tea and biscuits. Lunch over, we will walk through the village and make the half-hour hike up to 'Lawrence's Well' in Wadi Shelaala. This is a great place and has the only running water that you are likely to see during your time in Jordan, as well as fig trees, gardens and grinning Bedouin kids and their goats. We will spend a little time in this peaceful place, before continuing our walk on a wide and rocky ledge across the face of Jebel Rum. The great expanse of desert on our left side is called Ghor al Ajram and was the place where all the tents were set up for Abu Tayi's 'party' in the film Lawrence of Arabia.

As an introduction to Wadi Rum, this short walk cannot be bettered. After 2 hours or so, this route takes us down to the desert sand at Abu Aina. Spring water has been channelled into troughs here and the camels that roam around the desert during the day come to drink here before returning to the village or to the desert for the night. Here, we meet our transport for the half-hour drive to our camping place at the mouth of Wadi Um Ishrin. At the entrance of this valley a large dune has built up and our camp is hidden behind this. Tea and biscuits will be served and there will be chance to do some exploring before dinner. This is also a good opportunity to select the place where you would like to sleep, under the stars or in your tent as you prefer. You can find plenty of private spots if you wish, or you can remain near to the campfire. As it gets dark, around the campfire you will meet the team of helpers, learn their names and exchange banter with them. An important part of this holiday is to get to know something about the extraordinary people who are the Bedouin of Wadi Rum.

### DAY 3

#### Scramble up the Burdah Bridge. Hike into desert and onto Jebel um Frith camp.

After breakfast, we will board our vehicles for the short drive to Jebel Burdah, which leads through Khor Al Ajram, a wide valley with magnificent cliffs and high sand dunes. On the way to Jebel Burdah, we pass a particularly fine and very old rock inscription which shows a camel caravan. This morning's objective is the Burdah Bridge, a well-known landmark which is reached by way of relatively easy scrambling across open rock slabs. Our guide will show us the best route through a maze of blind alleys and dead ends. There are some steeper sections and you will need to use your hands at times. A jumble of rocks leads to a small plateau, through a valley and then over a steep slab. From here, we turn a corner into a hidden gully that provides us with a wonderful view of the bridge above. Obligatory photo stop. We then climb a short, steeper wall and here the guide will use a climbing rope to safeguard our passage. Above, we will cross the dramatic Burdah Bridge - another fantastic photo opportunity. There are magnificent views from here, extending over the whole area of Wadi Rum. We have the option of descending by an alternative route, again crossing wonderful open slabs and culminating in a steep groove which is best descended on your backside, with the climbing rope at hand for reassurance (crossing the bridge is optional!). Back on the desert floor after a 3-hour round-trip, we meet our vehicles and have lunch in the shade. Fruit juice and tea/coffee will be waiting for us. Lunch is usually a lighter meal than supper, very often heavier on vegetables than meat. After a siesta, we set out to walk for a couple of hours through desert canyons to our next overnight camp. This takes us past some impressively eroded cliffs and by way of a second rock arch that forms a part of Jebel Um Frith. At camp, jugs of water will be available for those who want to find a quiet corner and wash off the desert dust.

### DAY 4

#### Traverse Jebel Khasch (1700m) and descend a rocky wadi to a picturesque desert camp.

The day starts with a half-hour transfer southwards to Jebel Khasch. Here, we start out hiking through an interesting rocky valley with some sparse vegetation, before negotiating easy rocky slabs as our route twists and turns to the plateau area beneath the highest rocky piles of this massif. We will choose a prominent summit as our high point (1700m) and enjoy views which extend on all sides across the desert landscape. Descending towards the west through another rocky valley, we will effectively made a

traverse of Jebel Khasch which takes around 4 hours. There are some great rock colours, blues and purples, as we finally reach a sandy wadi and meet up with our vehicles for lunch. After lunch, we descend an impressive wadi, where we may see Sinai or roseate finches (the national bird of Jordan). This walk also takes us through an ancient Bedouin cemetery and into an area of red rocks and red sand. There is a choice of camping places in this area which each afford good sunset views.

## DAY 5

### Trek to summit of Jebel Um Adaami (1832m) and enjoy desert views across to Saudi Arabia.

There are even better views today, as we set off to tackle Jebel Um Adaami, the highest mountain in Jordan, which lies on the border with Saudi Arabia. This is quite a difficult drive for our 4-wheel-drive transport, but an enjoyable one for the passengers. Especially memorable is the wide and lonely Wadi Saabit, close to the mountain. Notice the deep stream bed in the centre of this valley - it shows just how much water used to fall in the Wadi Rum area. Arriving at the start of the day's walk, we can see a Nabatean dam on the left as we head up into a sandy valley. Still in use by the Bedouin, a long line of stones (now set in cement) directs as much water as possible into the shaded reservoir under the cliff. At the end of the valley we climb up a gulley onto the mountain and this is the only difficulty in the ascent. The rest of the path is a stoney one, leading to the cairn marking the summit. Here, we are right on the border and can see far into the Saudi mountains. Make sure you have plenty of film with you! The Bedouin guide might even brew a cup of herb tea on the summit, using materials gathered on the ascent. After this 3-hour round-trip, we will drive back to our camping place of the previous evening for lunch. The afternoon's programme is a 2-hour walk across the desert, through an area where we are likely to see Bedouin camps and grazing goats and camels. On this evening, we may choose to spend the night in a Bedouin tent, close to Um Sabata. Anybody who wishes can sleep outside on the soft sand, otherwise we spread our mattresses inside the tent which is twenty or thirty metres long. One option tonight is to have a traditional Bedouin dish of chicken or lamb, cooked in an underground oven. These ovens are often improvised in the desert, dug out and lined with a metal drum, before a fire is lit inside and the oven heated for a couple of hours. The meat and vegetables are placed on the embers and sand heaped high over the oven. A couple more hours and the dish is ready. The cooks will start this dish before we arrive, but you can see the finished product being brought out.

**DAY 6****Drive to the UNESCO site of Petra for a day of guided exploration. Overnight Wadi Musa.**

This morning we leave Wadi Rum and head to Petra. We make our entrance to the Petra site through the atmospheric chasm of the Siq, which brings us out at the magnificent monument of the Treasury. We have the whole day with a guide, exploring the different sites of this huge city, before we transfer to our hotel in Wadi Musa.

**DAY 7****Trek to the biblical summit of Jebel Haroun (1270m). Walk down to Petra and transfer to hotel.**

Today we start our trek to the top of Jebel Haroun (1270m), also known as Mount Aaron. Our route takes us on zig-zagging paths and between rugged cliffs to reach the small, white-painted mosque and shrine at the summit. It's a hike of approximately 7 kilometres, with 370 metres of ascent and will take us close to 3 hours to reach the top. The views here are legendary and we spend some time, admiring the shrine, reputedly, the burial site of Moses's brother, Aaron - with its Hebraic inscriptions. We retrace our step down Petra and have another chance to do some exploration, before we walk out through the Siq and return to our hotel in Wadi Musa.

# Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

## Guided tour of Jerash

Enjoy a full day exploring and learning about the main sites of the ancient city with a private guide. Jerash is one of the best preserved Roman cities in all of the Middle East and only an hour north of Amman. Within the remaining city walls archaeologists have found ruins of settlements dating back to the Neolithic age, indicating human occupation for more than 6500 years. Jerash is most famous for its Triumphal Arch, the Hippodrome, baths, and the wide street of columns leading to the Temple of Artemis.

## Red and Dead Sea Extension

Aqaba on the Red Sea, with its warm temperatures, is the perfect place for some relaxation after your adventure holiday. It is said that some of the best snorkelling and diving in the world can be found in here. The lack of strong currents, together with the warm sea temperature, creates perfect conditions for coral growth and this has resulted in fabulous underwater life. You can also swim with sea turtles and dolphins amongst schools of multi-coloured fish or take a glass-bottomed boat ride over the reefs. There is also, of course, the option to simply relax in the sun on the sandy beaches.

Depending on your preferred airline, it may be possible to fly from Aqaba. Please ask for further details.

# Holiday Information

## What's Included

- A professional and qualified tour leader
- Airport transfers as described
- All accommodation as described
- Meals as detailed in the Meal Plan
- All land transport involved in the itinerary
- Guided sightseeing tour of Petra including entrance fees
- A full service on trek including food and all equipment (excluding personal equipment)

## What's not Included

- Travel insurance
- Visa
- Tips for local guide and other local staff
- Miscellaneous expenses - drinks and souvenirs etc.

## Joining Arrangements & Transfers

The group will meet at the hotel in Madaba.

A single group transfer from Amman Airport to the hotel will be provided.

At the end of the holiday there will be a single timed transfer from the group hotel in Wadi Musa back to Amman Airport.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

## Meal Plan

All meals are included in the holiday price.

## Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Breakfasts on trek consist of bread, a variety of cheese, honey, jams, fruit, tea and Nescafe. For lunch there will be a variety of salads, spicy humus, breads and other dishes from which we can select. Dinner will usually be barbeque or pan fried meat and vegetables with plenty of bread, yoghurt, and humus followed by fresh fruit and tea or coffee. While camping with the Bedouin in Wadi rum dinner usually consists of grilled meat and vegetables, perhaps chicken with rice and vegetables cooked in the embers of the camp fire. The Bedouin prefer to cook on a fire rather than a gas ring. The main dish will be followed by fruit, or possibly by cake. There will be a different evening meal every day and on one occasion there will be a chance to eat as the Bedouin do, using your fingers to eat from a communal tray. In all cases, provision is made for any vegetarians in the party. Mineral water is provided.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

You will spend 1 night in a comfortable family-run hotel in Madaba and 2 nights in a similar standard of hotel in Wadi Musa (Petra). All rooms are en suite.

There are 4 nights camping at Wadi Rum. When camping in the desert, we provide 2-man tents, but it is quite usual for people to find a secluded spot in the dunes (or by the campfire if preferred) and to sleep out under the blanket of stars. Washing facilities will be limited due to all water arriving by vehicle with our camping equipment. On some nights, a basic shower will set up so we can have the chance to freshen up.

Accommodation is twin share. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday, additional nights are available on request.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. When in Wadi Rum, the group will also be accompanied by a local Bedouin guide and a support crew of one or more drivers who will also do the cooking.

## Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

## Spending Money

Approximately £125-£150 (or the equivalent in US dollars or euros) should be allowed for miscellaneous expenses including visa and tips. You should carry your travel money in the form of cash and should exchange the majority of this on the day of your arrival at the airport in Amman. Sterling and US Dollars are equally acceptable for exchange in Jordan. The unit of currency is the Jordanian Dinar (JD). The cost of the Petra visit is included in the trip price. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Also, if you expect to buy considerable quantities of drinks or other refreshments, you should allow for this.

## Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and porters. They do not form part of their wages. KE always pays local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. As a rough guide we suggest you allow a total of around £70 (in equivalent local currency) for tipping your crew. We recommend that tips be given from the group as a whole rather than from individuals and the amount determined by the group.

## **Baggage Allowance**

During the holiday your baggage will be carried by bus and by 4WD vehicles. The only baggage limit is that which is imposed by the airline. We recommend that the weight of your packed trek bag does not exceed 15 kgs as this will make transiting airports a much more pleasant experience for you.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

**It is your responsibility to ensure that you have the correct travel documents and visas for your holiday.** Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

### Visa Jordan

If you are a UK, Canada, USA or Australia passport holder, travelling on a KE organised itinerary (inc pre or post tour extensions), you may now be eligible to receive a free visa upon entering Jordan. Please look for a representative with a KE sign between the arrival gate and before the immigration desks and they will accompany you to arrange the free visa and passport stamp. The free visa is reliant on us receiving your passport and flight details prior to travel and to you meeting with the KE representative before heading to immigration to join the single timed transfer. If you have not given us these details or if you do not meet with the representative for the single timed transfer you will have to purchase an individual visa for 40JD. Please ask for further details.

If you are arranging your own pre or post trip accommodation/excursions or transfers we will be unable to arrange a free visa for you and you will need to purchase an individual visa on arrival for 40JD

Other nationalities are included in the free visa scheme, please check with your individual embassy.

## Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

## Currency

The unit of currency in Jordan is the Jordanian Dinar.

## Preparing for your Holiday

It makes a lot of sense to spend some time getting some additional exercise before going on an active holiday. The fitter you are, the more enjoyable you will find the experience. For this holiday you need to be aerobically fit and also capable for walking up to 4 or 5 hours each day over a period of 5 days. Regular walking in hill or back country is the best preparation but if this is not possible, regular exercise with your preferred sport or pastime such as running, cycling and swimming, will develop better fitness and stamina. Before departure, we suggest that you try to fit in a number of long walks in hilly country.

## Climate

The best period for trekking in Jordan is in the late autumn through to early spring season, from October through to mid April. Outside of this period it can be very hot, with temperatures, rising to 40°C in July and August. In October and in April, the maximum daytime temperature is likely to be in the high twenties or low thirties °C, falling as low as 10°C at night. Heading into November the temperatures begin to cool and by December/January, typical daytime maximum temperatures are around 12 - 15 °C falling as low as 5°C at night. In December and January it can even snow in Amman.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- Treks and Climbs in Wadi Rum. Tony Howard. Cicerone Press.
- Jordan - Walks, Treks, Caves, Climbs and Canyons. Taylor and Howard. Cicerone Press.
- Walks and Scrambles in Wadi Rum. Jordan Publishers

## Maps

### Reise Know-How Verlag 1:400,000

Double-sided and detailed map, dividing the country horizontally just underneath al-Karak. Combines clear road and tourist detail with general relief indicated by contours, altitude tinting, mountain passes and peak heights.

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

# Equipment Information

## Equipment List

Please try to keep the weight of your baggage to a minimum. See the 'baggage allowance' section for further details.

**You SHOULD bring the following items:**

- Sleeping bag (comfort rated -5°C)\*
- Hiking boots/Approach shoes
- Water bottles - 1 litre x 2 (we encourage re-filling water bottles rather than single use plastic)
- Water purification tablets

- Training shoes or sandals for sightseeing and camp use
- Socks
- Trekking trousers
- Lightweight waterproof overtrousers
- Underwear
- Travel pants
- At least 1 long sleeve shirt with collar (for sun protection)

\*For the November - February trips when night-time temperatures can fall below freezing in the desert, we recommend a sleeping bag - comfort rated -10°C, a warmer jacket such as a down-filled jacket, and thermal baselayers.

\*\*As Jordan is an Islamic country, modest dress is preferable in the towns and cities. Shoulders should be kept covered, and full-length trousers/skirts are recommended. Shorts are OK once on trek.

**Cotswold Outdoor**

Many of the Equipment items listed above are available from [Cotswold Outdoor](#) - our '**Official Recommended Outdoor Retailer**'. When you book a holiday with KE you will receive 12.5% discount voucher from Cotswold Outdoor and other retailers. [>> Find out more](#)

## Land Only Information

The LAND ONLY dates and prices are for joining in Amman. Single timed transfers to/from Amman airport are included at the start/end of the holiday.

## Flight Inclusive Information

The FLIGHT INCLUSIVE dates and prices are based on UK flights from London to Amman International Airport. Outbound flights will depart from the UK in the afternoon, arriving late evening. Return flights will depart from Amman late morning on the last day of the itinerary, arriving in the UK in the afternoon.

# Why Choose KE

## Why KE

"Vast, echoing and God-like". Come and experience the true wonder of the desert and discover what brought Lawrence of Arabia to write this famous description of Wadi Rum. More recently the film location of Ridley Scott's The Martian, featuring Matt Damon, camping under the stars in this other-worldly landscape is an experience that will truly stay with you forever.
