Introduction

Travel from Mexico City to Yucatan on this active discovery of Mexico's colourful culture, vibrant cuisine and stunning natural landscapes; from temples to tacos, sacred cenotes and smoking volcanic peaks; this magical Mayan Adventure will satisfy your wanderlust as well as your taste buds!

Mexico's bustling capital is the obvious starting point for our immersion into the cultures and history of this fascinating part of the world. This part of Mesoamerica being a cradle for ancient civilisations from the Olmec, Maya, Aztecs and on to the later Spanish Colonisers.

Here we experience not only stunning ancient sites, such as the colossal ruins of Teotihuacan, but also begin our journey into the world of Mexican Cuisine, a theme strongly (and tastily) woven throughout this itinerary. Heading to the mountains we visit the delightful town of Puebla and hike the Paso de Cortes for impressive views of the nearby volcanos (Iztaccihuatl and Popocatepetl) before sampling the region's specialities in a renowned family-run eatery.

Next up is another UNESCO World Heritage city of Oaxaca, where we marvel at the colourful architecture, before heading back in to the hills to visit the Pueblos Mancomunados - a unique community-led ecotourism project in the Sierra Norte Mountains.

Our journey then takes us, via a splash in the Pacific Ocean at Playa Cangrejo, deep into the Chiapas region and a boat trip down the impressive Sumidero Canyon. Winding up into the highlands we reach the town of San Cristobal, famed for its temperate climate and colonial architecture. We delve further into nature with a day's walk around the Lagunas de Montebello, close to the border with Guatemala, before heading north on to Campeche and Yucatan.

The final leg of our journey has us travelling through one of the most important regions of world history, densely packed with ruins of ancient cities, temples, strategic ports and sacred sites. We dive in to this history exploring the different types of Mayan architecture from 'Puuc Style', advanced astronomical and geometric designs, and intricate carvings and hieroglyphs. We visit Palenque, Edzna, Uxmal and one of the '7 New Wonders of the World' at Chichen Itza. Interweaved with these sites we visit the towns of Campeche and Merida, this time sampling the distinct but equally delicious 'Comida Yucatan' with another hand-picked traditional food experience.

Our journey ends at the beach resort of Cancun, where there is opportunity to extend your holiday for some well-earned relaxation in either Cancun or Playa del Carmen.

Is this holiday for you?

Whilst this holiday is not overly demanding from a hiking or trekking perspective it is a fast-paced and adventure packed itinerary, making the most of our 16 days in Mexico. Inevitably when covering this distance there will be some longer driving days as we move from one region to another, these are undertaken on a comfortable, air-conditioned, Mercedes Sprinter minibus or similar. The accommodation level on this holiday is of a good standard, all in close proximity to the sites we are visiting and many of the hotels also having swimming pools.

There are 3 specific walking days, undertaken at moderate and high altitudes of up to 3900m. The focus of these days are the sights, views and communities we travel through rather than their difficulty. The design of the itinerary allows these walks to be opted out of if required. We also have guided walking tours of the many sites and cities visited on this itinerary, so expect plenty of time on your feet!

Mexico City; City Tour, Chapultepec Park and dinner at Cafe de Tacuba.

Welcome to Mexico City! At 2200m and flanked by mountains on all sides this high altitude capital has been a melting pot of cultures from the early Aztecs, through the colonial Spanish times to the modern day metropolis it now is. With our local guide we undertake a city tour of the historic centre including the presidential palace, a stroll through the huge 'Zocalo' (Main Square) and the impressive Metropolitan Cathedral. We then go on to explore the castle and grounds of Chapultepec Park housing the museum of Natural History. DAY 3

Teotihuacan guided tour.

This morning we set out to explore one of Mexico's most important and impressive archaeological sites, the huge pyramid complex of Teotihuacan. Built between 250 BC and 700 AD, predating the Aztecs by 1000 years, its population in its heyday was over 125,000, making it one of the most populous metropolises in the ancient world and certainly the largest in the Americas. Highlights include the 1km

long 'Avenue to the Dead' and the Pyramids of the Sun and Moon, the 3rd and 4th largest pyramids in the world. We spend the day exploring the site with an expert guide. On our return to Mexico City (approx. 1 hour drive each way) we visit the Basilicas Guadalupe before returning to our hotel for the evening.

Drive to Puebla; Paso de Cortes day hike.

After breakfast we leave Mexico City and head towards the mountains. We drive for around 2 hours to the 'Paso de Cortes'. At an altitude of 3,700m it is the starting point of our walk traversing the slopes of the Iztaccihuatl Volcano ('The Sleeping Women', 5200m). The trail leads to the 'La Joya' viewpoint at 3,960m. We take the ascent slowly enjoying several stops and incredible views of Popocatepetl (5,452m), the 'Smoking Mountain'.

Returning to our vehicle we descend to the picturesque city of Puebla, known for its colonial architecture, ornate churches, and world-famous cuisine, including the iconic dish of Mole Poblano. Tonight we have the chance to sample some of this local fare with a visit to a traditional Mexican Restaurant that specialises in local produce and recipes passed down by the original families of Puebla. A feast for the senses, the walls are adorned with stunning murals that depict Puebla's rich history and traditions. When admired alongside the local 'Mezcal' and 'Tequila' these murals are said to become 'very lively', either way it is sure to make for a memorable culinary experience.

This morning we explore the UNESCO World Heritage city of Puebla, you'll quickly notice the city's striking colonial architecture adorned with vibrant and colourful 'Talavera' tiles. Each tile tells a story of Puebla's cultural heritage. The city's main sites are not far from the lively Zocalo and can be easily explored on foot. After our tour we will drive south east (approx. 5-6 hours) to another World Heritage City, Oaxaca de Juarez.

During a tour of the centre of Oaxaca, you will experience one of the most beautiful colonial towns of Mexico. Situated in the Valle Central, Oaxaca is part of the tropics, but owing to its altitude (1,500 m), the average temperature is a pleasant 21°C. DAY 6

Oaxaca; Pueblos Mancomunados Community Hiking.

Today we visit an intriguing and inspiring sustainable tourism project high in the mountains above Oaxaca, where we are treated to picturesque walking routes, delicious food and an insight into the Zapotec culture, all while directly supporting the local community.

The 'Pueblos Mancomunados' is a commonwealth of eight remote villages, set high in the Sierra Norte of Oaxaca. Historically this collective have pooled land and natural resources, sharing profits from forestry and farming activities. More recently they have set up a uniquely collective ecotourism project offering hiking routes, adventure activities and accommodation to travellers looking for something different. The enterprise employs over 100 local people and income from tourism is shared throughout the communities, making it an excellent example of community-led sustainable tourism.

Over 100km of hiking trails wind their way through pine forests to rocky viewpoints, hidden caves and stunning waterfalls. Set around 3,000m, we walk one of these trails linking the communities of Cuajimoloyas and Latuvi, leading over highland meadows and little brooks across the land of the cooperative. We have opportunity to sample one of the village restaurants before returning to our hotel in Oaxaca for the evening.

Drive to Tehuantepec. Stop off at Monte Alban and mezcal tasting in Santiago Matatlan

Today we have a long drive (approx. 6 hours) to the city of Tehuantepec. On the way we enjoy a stop at Monte Alban; this intriguing and magnificently situated set of ruins were home to the Zapotec and

Mixtec people. The ruins sit atop an artificially flattened hilltop and are surrounded by a circle of terraces, houses, temples and tombs on the slopes of the hill. In Monte Albans heyday (500-800 AD) the centre is said to have in-habited close to 50,000 residents.

We then stop at the small village of Santiago Matatlan and visit a mezcal distillery - this famous Mexican spirit is made from the flesh of agave and always contains more than 40% alcohol - no mescal tasting is complete, of course, without the famous worm (gusano del maguey) - which strictly speaking, is a caterpillar!

DAY 8

Drive to San Cristobal de las Casas; Sumidero Canyon boat trip.

Today is a second transfer day as we make our way east into the Chiapas region. As we travel from Oaxaca to Chiapas, we experience a remarkable change in landscape. Oaxaca's rugged terrain is characterised by mountains, canyons, and valleys, while Chiapas is home to dense rainforests, waterfalls, and lush green hills.

We experience this new environment first-hand with a spectacular boat ride down the magnificent Sumidero Canyon. Set in a gorge with steep 1000m cliffs, the canyon only became navigable when the Rio Grijalva was damned in 1981. The now protected deep and serene waters are home to a plethora of wildlife including spider monkeys, toucans, pelicans and even an occasional crocodile basking on the rocky shores.

After our visit to the canyon we continue on to San Cristobal; set in the mountains at 2100m it offers another pleasant climate after our time in the heat at sea level. We check in to our hotel where we will spend the next two nights. Total driving time approx. 6 hours.

DAY 11

Palenque Tour and Roberto Barrios Waterfalls.

Today we delve deeper into Mayan history with a visit to one of Mexico's most impressive UNESCO World Heritage Sites. Palenque is an ancient Mayan city, which was inhabited from about 100 BC until its decline around 800 AD. The site features pyramids, temples, and palaces that are intricately decorated with carvings and reliefs, said to be some of the finest examples the Mayans produced.

The most famous structure in Palenque is the Temple of the Inscriptions, which is known for its elaborate hieroglyphic texts. With our expert guide we also visit the Grand Palace, Temple of the Sun and North Temple. We then take a short walk into the 'Jungle of Palenque' to discover the 'Templo Olvidado' (Lost/ Forgotten Temple). As we explore the ruins, we'll also come across hidden waterfalls, exotic birds, and other varied wildlife.

After fully exploring Palenque we drive (1 hour) to the sweeping waterfalls of 'Roberto Barrios'. Hidden in the subtropical jungle of Chiapas we find various terraces of charming water cascades along several hundred metres of beautiful flora. The turquoise-blue water and untouched nature invite you to bathe in the small rock pools. We return to our hotel in Palenque for the evening.

DAY 12**Ruins of Edzna; on to Campeche**

Heading north (approx. 6 hour drive) we travel to the state of Campeche where we discover another important Mayan site, Edzna. The most notable structure at Edzna is the five-tiered Great Acropolis, which stands at an impressive 40 metres. Steep stone stairs lead to the top of the Great Acropolis with panoramic views of the surrounding jungle and other ruins. Other notable structures at the site include the Temple of the Masks, which features intricate carvings and decorative stucco masks, and the Plaza of the Columns, a large open area that was once used for important ceremonies and events. After our visit, we continue on to the city of Campeche, another UNESCO World Heritage Site, awarded its status for its historic fortified old town. A fine example of a harbour town from the Spanish colonial period and a pleasant place to spend an evening and sample its plentiful culinary choices.

Meals: **B****Accommodation**Hotel with swimming pool

DAY 13**Campeche to Uxmal; Uxmal Sound and Lights Show**

Today we drive for around 3 hours in total to the archaeological site of Uxmal, with some stops along the way: Kabah, one of the most spectacular sites of 'Puuc Style' Mayan architecture, and Santa Elena, a small Mayan village where it is possible to get an insight into everyday life of the Maya. In the evening, we experience the impressive Sound & Light Show in the ruins of Uxmal. Before the tremendous background of the Pyramid of the Magician, you set out on a virtual journey back into the Mayan world. Accompanied by sound and light effects, the history of a fascinating civilization is told. We spend the night at a hotel around 2km from Uxmal.

DAY 14

Chocantes Caves; on to Merida, Yucatan.

Today we head for the colonial capital of Yucatan, Merida (Total drive time 2 hours). On the way we stop at the Chocantes Caves, a fabulous karst landscape in Tekax. We will explore the caves with an experienced guide, admiring impressive stalactite and stalagmite formations. Continuing on to Merida we have a chance to experience this delightful city on a walking tour taking in the cathedral, Palacio Municipal and the Casa de Montejo. e. In the evening we include a meal in the historic centre of Merida, serving the best quality Yucatan Cuisine. Observe the cooks while they are preparing the colourful culinarian delicacies and don't miss the fresh tortillas - they are simply delicious. The spinach-like Chaya leaves, which the Mayas appreciated many centuries ago, are a special ingredient in some of the dishes and drinks.

DAY 15

Merida to Chichen Itza; Stops at Izamal and Cenote Yokdzonot

Today we head East on the final leg of our journey across the Yucatan Peninsula and arrive at perhaps one of the most spectacular archaeological sites in the world, ready for a day's visit tomorrow (total journey time 3.5 hours). On our way we stop at Izamal, the 'City of Hills', one of the oldest towns in Yucatan. We then continue on to 'Cenote Yokdzonot', a water-filled sinkhole characterised by 18m vertical walls that in many places are almost hidden by what seems to be curtains of thick mangrove roots. The site is run by a community cooperative who also run a small restaurant where you can enjoy a traditional lunch. We continue the short distance to our hotel in close proximity to the ruins of Chichen Itza.

DAY 16

Visit to Chichen Itza Archaeological Site; Transfer to Cancun Airport; Depart

Designated one of the 'New 7 Wonders of the World' we have saved the most iconic and perhaps most impressive Mayan site until last. Staying just 5 minute's walk from the rear entrance to the site, we have opportunity to explore the grounds before the majority of visitors arrive to make the most of this special experience. To date, only around 30 of the many buildings buried and overgrown by the jungle have been uncovered and restored. 'El Castillo' (The Castle) is the largest and most famous of these, dominating the centre of the site. Intricate sculptures of plumed serpents run down the sides of the

temple, aligning on the autumn and spring equinoxes to create an illusion of a feathered serpent 'crawling' down the temple - a nod to the Mayan Deity Kukuclan who the temple is devoted to. We explore the grounds fully with our expert guide, making for a fitting end to our journey through these Mayan lands.

After lunch, we drive (3 hours) to Cancun airport where the holiday ends. Additional nights in Cancun are available on request.

Mexican food is a cuisine that is beloved worldwide for its bold and complex flavours, vibrant colours, and diverse range of dishes. Some of the most popular Mexican dishes include tacos, burritos, enchiladas, and tamales, which are all made with a variety of fresh and spicy ingredients such as chilies, tomatoes, coriander, and cumin. Mexican food also heavily features staples like rice, beans, and tortillas, which are often used as a base for many of the dishes. Whether you're looking for something savoury, spicy, or sweet, Mexican Cuisine has something to offer for every palate.

Such an important part of Mexican Culture, our itinerary explores the history and tastes of Mexican food with included meals in hand-picked traditional restaurants in Mexico City, Puebla and Merida. As well as this, there are numerous other opportunities to immerse yourself in the cuisine as we travel through regions famed for local delicacies and fresh, local produce.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

All nights on this holiday are in good quality hotels, 7 of which have swimming pools. The hotels have been selected for their central locations when in cities - usually situated in the historic centres. When visiting the archeological sites such as Palenque, Uxmal and Chichen Itza we stay in selected hotels in close proximity to the sites, often allowing early access to the sites before most visitors arrive from the larger cities and touristic areas.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be accompanied by a professional and qualified tour leader.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

In addition to your budget allowance for non-included meals, we estimate that US\$150-300 will be sufficient to cover your requirements including incidental expenses such as tips for drivers, local guides and helpers. There is no need to purchase local currency (Pesos) prior to travelling. It is possible to withdraw your money in local currency from ATMs in Mexico City and all major towns and most restaurants in Mexico City will accept credit cards. If you are bringing your travel money with you we recommend you bring it in the form of US dollars in cash as this provides for the easiest exchange.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your tour leader and local team. Tipping is entirely voluntary and should be dependent on good service. We advise you to tip as a group. For full groups we advise around \$40-50 per person total and have a available some smaller denomination pesos to tip for meals and other services.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

There is no restriction on the weight of your luggage other than that imposed by your airline. A soft bag with wheels or a trek bag is ideal for this holiday, in addition to a small day pack for the walks where you will need to carry personal items such as clothing, food and water.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an adventure holiday by getting some additional exercise. The fitter you are, the more enjoyable you will find the experience. Regular hiking in hill country is the best preparation but running, cycling and swimming are also good.

Climate

The climate in southern Mexico and the Yucatan Peninsula is predominantly tropical, with high temperatures and humidity year-round. Mexico City, Puebla, and Oaxaca experience a subtropical highland climate, which means they have mild temperatures with dry and sunny winters, and rainy summers. Chiapas, on the other hand, has a tropical climate with high humidity and frequent rain, particularly from May to October. The Yucatan Peninsula has a hot and humid tropical climate, with high temperatures all year round and a distinct rainy season from June to October.

We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
