Introduction

There are very few trekking journeys left on this planet that ventures into areas where travellers are a rarity - however this holiday to Morocco is one of them. Rich in Berber history, jaw-dropping scenery and towering peaks, this incredible Moroccan holiday is described as one of the greatest mountain journeys in the world. From the stunningly beautiful and culturally rich Bougmez Valley, we head across the spectacular High Atlas Range all the way to the Toubkal Massif. Mountain trails lead us through captivating villages of the Berbers which lie nestled in uninhabited valleys.

We'll camp on mountain pastures used by nomadic shepherds and immerse ourselves in Berber culture as we make our way through rural hamlets. KE have not only included the three highest peaks in Morocco - Toubkal (4167m), Ouanoukrim (4088m) and Mgoun (4068m), but the added peak of Anghomar (3608m) takes you truly off the beaten track and through an area that's remained unchanged for centuries. This excellent holiday starts and finishes in Marrakech, home to stunning architecture, magical souks and a bustling ancient medina.

Is this holiday for you?

This is a proper trekking holiday. With 18 days continuous walking, and a number of long days (7 to 9 hours) especially on the ascent of the four highest peaks, you need to ensure you are physically prepared. There is a considerable amount of ascent and descent on each trekking day, and on the ascent of peaks and high passes we encounter trails on scree, rocky ridges and some basic scrambling. Between the valleys and villages we follow well-established mule tracks.

Our main summits take us to just over the 4000m altitude mark, with Toubkal (4167m) being the highest, then Ouanoukrim (4088m) and Mgoun (4068m). We also have the added peak of Anghomar (3608m). Our highest camping nights will be around 3000m. Acclimatisation is not usually a problem on this trip.

Summer months in the High Atlas can be hot and this can have an effect on your trekking performance.

This is our longest and most challenging trek that we have in Morocco, and probably the best in regards to scenery and remote mountain trails. You need to be a fit and experienced walker to be able to complete and enjoy this holiday.

DAY 1

Meet at the group hotel in Marrakech. Transfers from Marrakech Airport are provided.

Your holiday starts at the hotel in Marrakech. On arrival at Marrakech Airport you'll be met by a KE representative who'll assist with the short transfer to the group hotel. Depending on your arrival time and after checking in, you may wish to head out and explore. Marrakech is a great city and easy to get around. Most people head for the central square of the Djemaa-el-Fna beneath the beautiful tower of the Koutoubia Mosque. After dusk the main square of Djemaa-el-Fna comes to life as it fills with food stalls which are popular with both locals and tourists. The city has a number of highlights including Jardin Majorelle which was owned by fashion designer Yves Saint Laurent from the 1960s to his death in 2008. Ville Nouvelle is a cobalt-blue exterior which is surrounded by a delightful garden full of rare desert flora plus fuchsia bougainvillea and deep green palms. The result is an explosion of colour nestled in the city. The Bahia Palace is a wonderful palace set in gardens and well worth a visit. Built in the late 19th century, this beautiful building was reputed to be the greatest palace of its time. With a name meaning brilliance, the palace was built by craftsmen from Fez.

*Food for thought: Moroccan meals begin with at least seven fresh or cooked salads and bread. The salads include green peppers, tomatoes, carrot or courgette purée, and a dish of local olives alongside zaalouk. This is a wonderful smoky aubergine dip, seasoned with garlic, paprika, cumin and a little chilli powder - delicious when scooped up with fresh bread.

DAY 2

Transfer to our gite nestled in the beautiful Bougmez Valley.

After breakfast we leave Marrakech and make our way eastwards with the summits of the High Atlas Mountains clearly visible. Our journey takes most of the day but is a great way to relax and watch local life go by. At the small town of Azilal we'll stop for lunch in one of the small local restaurants. After lunch we head south and ascend on a small tarmac road which takes us to the Bougmez Valley. Anyone looking for a destination that is unspoilt nature at its very best, the Bougmez doesn't disappoint. Here you'll find lush orchards and green valleys with views of snow-capped mountains. Small towns and villages house mud brick houses which are scattered throughout the valley and add to its relaxing atmosphere. Called the Happy Valley, here you'll be greeted by welcoming smiles and tonight we stay in a gite in Iskataffen (1800m).

DAY 3

Trek through pretty villages and walnut orchards in an unspoilt corner of Morocco.

The Bougmez Valley was traditionally cut off from the rest of Morocco and even today it does feel very Shangri La. Here pretty villages with mud brick houses are surrounded by pockets of agriculture and small farms all tended by the smiling Berbers. Accompanied by a full trek team we'll set off through the valley before the trail turns south and makes its way towards the gorge of the Arous River. As we reach the village of Ayt Sayd, we'll be surrounded by walnut trees and here we'll be treated to spectacular views of our first peak, Mount Mgoun (4069m). As we reach the final hamlet in the valley, we make our way through the Arous Gorge before arriving at the first camp. This lovely place is just beyond the seasonal grazing area of Azib Ikkis (2350m). Today may seem a long first day on the trail but the route takes us through stunning scenery, and after a transfer day yesterday, it's the perfect way to get out and enjoy our first full day of trekking.

We generally arrive back in the city late morning which leaves the rest of the day free for you to either relax or explore. After checking-in at the group hotel and freshening up, the rest of the afternoon will be at leisure. Why not relax and look back on your superb trekking journey by taking a seat at one of the cafes that look over the main square and enjoy a refreshing drink. Tonight is free for everyone to decide if they wish to meet up for dinner or to enjoy a free evening.

*Food for thought: Morocco is the home of the tajine, a glazed pot which slowly cooks a thick stew which is traditionally made with meat, poultry or fish together with colourful vegetables and fruit. Spices and nuts are also used and cooked with ginger, cumin, turmeric, cinnamon and saffron. Paprika and chili are used in vegetable tajines but the food is not supposed to be spicy but more warming. A popular street food in Morocco and especially on the main square at night is snails. These are served in a stew in small bowls and eaten using a wooden toothpick.

Joining Arrangements & Transfers

TRAVEL TO YOUR DESTINATION

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will offset the carbon of your flight.

The group will meet at the hotel in Marrakech.

Airport transfers are provided for all clients on Day 1 and Day 21.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals which are included in the holiday price are 20 breakfasts, 18 lunches and 18 dinners. In Marrakech it is B&B.

Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

All food whilst on trek is purchased locally and cooked for us by our excellent trek cooks. KE groups are always surprised at what the cook team conjure up!

Breakfasts are continental style, with tea and coffee, muesli, bread, jam, honey and soft cheese. A morning snack is also provided and this usually consists of a type of Moroccan 'trail mix' with dried figs and dates, peanuts, sugar coated peanuts and other nuts.

Lunch usually starts with the Berber speciality of mint tea, followed by a buffet of rice, pasta or couscous, with a freshly prepared salad - onion, tomatoes, green peppers, grated carrot, green-beans, with tinned sweetcorn or peas added. Hard and soft cheeses, tinned fish, olives, biscuits and bread are also on the lunchtime menu.

Dinner starts off with soup and bread. The main course is usually rice, pasta, couscous, spaghetti or chips, with a vegetable stew (or tagine) consisting of some of the following - onion, potato, carrot, green pepper, zucchini, turnip, parsnip, green beans, and peas. There will be some meat (usually chicken, lamb or beef), however meat is not prominent in the menu. All dishes come with traditional sauces which are rarely (spicy) hot. To round off dinner, there is the usual range of hot drinks.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

During this trip we have 2 nights at a simple tourist hotel in Marrakech with rooms on an en-suite basis. While there are a range of high-end hotels in Marrakech, we try to strike the right balance of a comfortable and conveniently located base while maintaining a good value holiday.

When in the mountains we have 4 nights in village gites. Here the accommodation is in small dormitory rooms (mattresses on the floor), usually shared by 4-6 people. At the end of the trek, we have one night in a gite in Ait Souka.

We have 13 nights camping. This camping is fully supported with all baggage being carried by mules, as well as tents, a mess tent and a toilet tent. You will have a team of staff to look after you including a cook. A mattresses is provided, although some people like to bring their own thermarest as well. You will need a sleeping bag. Sleeping bags are available to hire, please contact the KE office to arrange this.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. Singles are not possible at the refuges and the gites, 6 nights total. If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. The leader will speak English and French. The group will also have the support of a full trek crew including cook, baggage animals and their handlers.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £200 per person (or equivalent in US dollars or Euros) should be allowed for tips, soft drinks, snacks and miscellaneous expenses. Alcoholic drinks, souvenirs and optional activities are additional so you may wish to budget for these.

You cannot usually purchase Moroccan Dirhams outside the country. You can withdraw money in local currency from ATM's on arrival at the airport in arrivals or in Marrakech. You can choose to take your money in pounds sterling, dollars or euros, and you will be able to exchange it at the airport. Credit cards are useful and it is a good idea to carry one in case of emergency.

Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and porters. They do not form part of their wages and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given.

This is your 'thank-you' to the crew and the final amount should be decided by the group. We estimate that approximately £90 per group member should provide an appropriate level of tips. However, for the leader, we leave the tipping amount totally at your own discretion.

Additional Information

Please keep your passport in your day pack - occasionally there are check points when this will be needed.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft and sturdy duffel bag and a daypack. Your main baggage whilst trekking will be carried by pack animals and the packed weight of it should be no more than 15kg. It is possible to leave clothes or other items not required on trek at the hotel in Marrakech. You may wish to take a foldaway bag for this purpose.

For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

UK and USA passport holders do not require a visa for short stays.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Morocco is the Moroccan Dirham.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 3 to 8 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

In Morocco in the summer months we can expect temperatures in Marrakech to reach the high thirties Celsius, dropping to around 25°C in the evenings. Once we are on trek and we start to gain height, we can expect the temperatures to be rather lower, with daytime temperatures being around 20 to 25°C. At night, the temperatures at our highest stops can fall below freezing, particularly on earlier and later departures. The weather is usually good at the time of all our departures. However it's good to remember that mountainous weather difficult to predict. Occasional rain or even short-lived storms are not uncommon, so best to be prepared for all.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](https://www.travelaware.gov.uk)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

Please note it is not possible to get a trekking map which covers the whole route due to the remoteness of some areas. Below are examples that cover the main two areas of Toubkal and Mgoun.
