Introduction

We start our amazing Southern African overlanding adventure holiday at one of the world's largest and most majestic of all waterfalls - Victoria Falls on the Zambezi River. From this thunderous beginning we travel west into the wilderness of Namibia's Caprivi Strip, cutting through Angola and Botswana, famous for its migrating elephants and packs of wild painted dog. Our next stop is the vast, wildlife rich pans of Etosha National Park. Where the waterholes bustle with African big game we are sure to get our first glimpse of big cats, dusty elephants as well as antelope and giraffe. Moving deeper into Namibia we visit Swakopmund, and the stunning desert sand dunes at Sossusvlei. There is no light pollution here whatsoever, so there are great opportunities for star gazing in the evenings with inky black skies overhead. Continuing our loop we enter Botswana with a stop in the Kalahari desert with the San Bushmen people, before we venture on to discover the myriad wildlife of the Okavango Delta. Exploring the waterways by traditional mokoro canoe is a truly magical experience, and allows us to silently approach wildlife in a way that just isn't possible in a land vehicle. Botswana's Chobe National Park provides the last stage of our explorations. Rich grasslands sustain a high concentration of wildlife which we see from our boat safaris. Our overlanding adventure of over 4300km is complete with a return to Livingstone, having seen some of the best of these incredibly wondrous and diverse countries in the southern hemisphere.

Is this holiday for you?

Everything in Africa is on a big scale, and to cover the ground necessary, your journey across Southern Africa includes several long drives accompanied by Africa's spectacular scenery. Such drives, including your game drives, can often be on dirt tracks, graded roads and also tar highways. The driving times are indicated on each day. These times do not include stops along the way. We ensure that regular comfort breaks are taken, and stops try to be scheduled to visit interesting towns or sights.

Included in the itinerary are a variety of walks. These walks can be on paved surfaces, uneven sandy dunes or rocky terrain and are always accompanied by your experienced guide. Each walk is paced with time for your guide to interpret the environment around you. On some walks, it is vital to keep within the group in case of an animal encounter. When in the Okavango Delta we travel by mokoro canoe. These are traditional dug-out canoes and we may have to walk in the shallows to board at water level.

The accommodation will range from chalet style lodges through to permanent tented lodges with en-suite facilities. There may be a bar/restaurant available and some lodges may have a swimming pool. When in the Okavango you will have 2 nights wild camping. Most of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation - it's all part of the adventure and when everyone puts in a little effort the trip runs smoothly. This journey is suitable for the adventure traveller looking to experience some of Africa's most special safari experiences.

DAY 1

Meet in Livingstone, Zambia. Airport transfers are provided.

Your holiday starts at the group accommodation in Livingstone. Airport transfers are provided. In the early afternoon we meet our fellow travellers and guide for a briefing. The rest of the afternoon is yours to enjoy the town or relax at the accommodation.

DAY 2

Day to explore Livingstone and Victoria Falls.

Today is yours to spend at leisure around Livingstone and the mighty Victoria Falls. Close to the falls are several handicraft markets which are great for some souvenir shopping. If you are feeling a little more adventurous or wish to see the falls from a different angle, you may wish to consider one of the extra activities that are available to book and payable locally. These include white water rafting or half-day canoeing the Zambezi. Whatever you chose you'll have a fabulous first full day on this incredible journey through Southern Africa.

Depending on season, water levels of the falls will vary (late November to early April is the wet season, with the remainder of the year being dry).

DAY 3

Cross the border into Namibia. Explore the Caprivi Strip famous for migrating elephants.

After breakfast, we leave Zambia for the natural wonderland of Namibia. After the straightforward border formalities at Sesheke we drive onto the Caprivi Strip. Wedged between the borders of

Botswana and Angola, the Caprivi Strip provides a significant habitat for the endangered African Wild Dog and is also a vital corridor for elephants moving between Namibia, Botswana, Angola and Zambia. In the late afternoon we take to the water for a boat safari cruise on the Kwando River in this remote and beautiful region. Approximate drive time: 4 hours.

DAY 4

Game drives in the Caprivi Strip and Kwando River. Herds of elephants, big cats and wild dog might be seen.

Enjoying breakfast with the chorus of African river-life our exploration of Caprivi leads us further into the area. The area sees many rivers and permanent waters, attracting big herds of elephants in the dry season. Lion, leopard and hyena are present, as well as the majestic giraffe munching on tall trees. Hippos, buffalo and zebra are usually seen - a true feast of the eyes and binoculars in the early stages of this marvellous safari holiday. Approximate drive time: 3 hours

DAY 5

Leave the Caprivi Strip alongside the Kavango River for a spectacular sunset at Rundu.

This morning we have time to appreciate the river and we hope to spot many of the resident bird species such as the Lesser Jacana, Racket-Tailor Roller and Coppery Tailed Coucal. Although a rare spot, Pel's fishing owls are also resident in this region. Moving on from the Caprivi Strip, we continue our journey west skirting the border of Angola along the River Kavango and onto our accommodation near the Namibian town of Rundu. Luck being with us we can enjoy a spectacular sunset whilst sipping our sundowner. Approximate drive time: 3 hours

DAY 6**Drive through the wilds of Northern Namibia to Etosha National Park.**

We set off this morning to Etosha National Park. Today's drive will give us a very good impression on the size and vast scale of Namibia as we travel south along straight roads. We pass a few small villages along the way and we have plenty of comfort stops to take in the scenery and enjoy lunch. Etosha is locally known as 'the great white place of dry water'. Our accommodation lies on the boundary of the park and once we have arrived we can cool off in the grounds and enjoy a refreshing sundowner before dinner. Approximate drive time: 8 - 9 hours including a game drive if there are no delays.

DAY 7**A full day of safari game drives in Etosha National Park. Possibly seeing rhino, big cats and dusty elephants.**

This is Big Game country. Four of the Big 5 are found here: lion, elephant, leopard and a healthy population of black rhino. Just the buffalo are missing. The central feature of the Park is the Etosha Pan, a 6000 square kilometre salt-flat, which can manifest itself either as a parched white desert or as a lush green land of plenty according to the season. Many of the rare animal species manage to survive here, such as the black rhino, the roan antelope and black-faced impala, which we may be fortunate to see on our afternoon game drive into the park. Etosha is, without doubt, Africa's most distinct National Park.

DAY 8**Second day of safari game drives in Etosha National Park. Can you spot the giraffe, zebra, antelope watching out for the lions?**

During infrequent flooding, the pan attracts thousands of flamingos and other wading birds, although the water is so mineral-rich that it is undrinkable. The key to life here is the occurrence of underground springs which form waterholes on the edge of the pan. Together with the savannah grassland that they nourish, these springs enable more than 110 species of mammals to exist in an otherwise hostile environment. One of the highlights in dry season will be the chance to view big cats and game such as giraffe, zebra and several antelope species, gathering at one of the many waterholes. The rainy season at Etosha extends from November into March and April. This is a season of plenty, when grazing animals

and their predators are widespread across the park as they seek out better grazing. Regardless of the season, your experienced leader, will endeavour to seek out the best of Etosha's wildlife during your game drives. In the evening we return to our accommodation for the African chorus and a traditional sundowner.

DAY 9

Drive across desert landscapes to the Brandberg Massif, see the White Lady rock art and walk to the incredible Petrified Forest.

Today we cross Namibia's desert landscapes getting a real taste of a prehistorical land in the area which has ruggedly beautiful, untamed, stark plains, petrified forests as well as the peaks of the Brandberg Massif. We have a short walk to see the Petrified Forest. The name Brandberg means 'fire mountain' which refers to the glowing red colour of the rocks, seen at sunset. With a dense concentration of San Bush art, dating back several thousand years, we walk with a local guide see the famous 'White Lady' rock painting. This evening our accommodation is situated at the dry Ugab River, home to the rare desert elephants. Slightly smaller in size, with wider feet to adapt to desert conditions, desert elephants are often seen with broken or worn tusks as they are used to dig through hard dry ground in search of water. Approximate drive time: 7-8 hours

DAY 10

Head to the Atlantic Coastal resort of Swakopmund, via the seal colony at Cape Cross Reserve.

Crossing the incredible plains our destination today is the breezy Atlantic town of Swakopmund. We meet the Atlantic coast just south of the famous Skeleton Coast of Namibia where we stop at the Cape Cross Seal Reserve, the world's largest breeding colony of Cape Fur Seals. A short drive from here is our destination. Cool breezes, palm-lined streets and an ambiance reminiscent of a small German village, Swakopmund offers a distinct and refreshing Namibian experience. Here we have a couple of nights away from the canvas and stay in a guesthouse. Approximate drive time: 3-4 hours

DAY 11

Day in Swakopmund. Relax, explore or try out one of the many adventure activities available in this town.

Arguably Namibia's premier holiday resort, the town of Swakopmund was founded in the last decade of the nineteenth century, as the principal deepwater port of German South West Africa. Today it is a rather unusual place, with a quaint and atmospheric feel, sandwiched as it is between the Namib Desert and the cold Atlantic Ocean. It is as if a piece of 1950's Bavaria has somehow been cast ashore on the harsh Skeleton Coast. Amongst the distinctly Germanic architecture, an eclectic community have made Swakopmund their own, from artists to world travellers and big-game fishermen to stately African tribesmen, all contribute to the distinct character. We spend the day at leisure in this wild and whacky port-town. There are lots of activities that can be arranged locally, such as boat trips in search of dolphins, or to visit a nearby seal colony, ocean canoe safari, dune-boarding and even scenic flights over the Namib and along the Skeleton Coast - these are entirely optional and payable directly. Alternatively, you may choose to take it easy, visit the Crystal Galley, do a township tour or stroll along the beach.

DAY 12

Drive to iconic red dunes of Sossusvlei.

Moving through the ever changing landscapes we make our way to the edge of the Namib-Naukluft National Park, the second largest game park in Africa (after the Central Kalahari), with a total area of just under 50000 km². Here we find the iconic sharp-ridged Sossusvlei Dunes of the Namib Desert. Argued to be the highest dunes in the world, their ever-changing colours make for wonderful photographic opportunities from sunrise to sunset! At the accommodation, we discover the true meaning of being 'star-struck' under African desert skies.

Approximate actual drive time: 5hrs. The desert scenery is varied but the road is rough gravel, so with a few stops it's a travel day of approximately 7hrs 30mins.

DAY 13**Explore Dead Vlei, Sossusvlei and Dune 45 in the Namib Desert, visit the Sesriem Canyon.**

We visit Dead Vlei (the place of the iconic Namibia photo) and walk for 3-4km. Time permitting we might be able to ascend the highest sand dune of the area - Big Daddy (325m). For those who do not want to walk, there are optional 4WD vehicles (operated on a shuttle service by the park and payable locally) that can drive you in to the bottom of the dunes. Walking in these dunes is a true experience and provides us with superb views up and down the Sesriem Canyon of the Tsauchab River. If we are lucky, we may spot an ostrich or even a jackal.

We then walk up Dune 45, it is absolutely stunning. Going down is a lot quicker and easier than going up! It also gives us a sense of scale and enormity as these dunes reach almost unbroken, from here to the Atlantic coast. We also visit the Sesriem Canyon, and it is a place of arid beauty. The dreamscape stretches from towering lunar rock formations through to a natural sphinx formation close to the canyon mouth. With ample time to catch the ever-changing colours of a Namib Desert sunset, we return to our accommodation for a second night of desert skies.

DAY 14**Morning drive to the cosmopolitan capital city of Windhoek. Afternoon to explore.**

Located in a basin between the Khomas Highlands and Eros Mountains, Windhoek's charm is its fusion of African and European cultures. With a cosmopolitan atmosphere, we drive from African bush into the heart of a Germanic colonial era. More of a town than a bustling capital city, Windhoek's friendly centre, makes for easy exploration. On arrival we have the opportunity to spend some time seeking out souvenirs, or to simply admire the city's Neo-Baroque cathedral spires and colonial architecture. We have dinner together at a local restaurant. Windhoek is a wonderful city break within this safari adventure. Approximate drive time: 4-5 hours

DAY 15

Cross the border into Botswana to meet the San Bushmen in the Kalahari.

Departing from the dreamland of Namibia we cross into the beauty of Botswana and head for the heart of the Kalahari. A desolate but mesmerising landscape, the territory of the Bushmen spans across most of Southern Africa with significant differences across each of the tribes. Hosted in traditional grass huts, it is possible we learn of Kalahari culture during our visit. Approximate drive time: 7-8 hours

DAY 16

Head to the Okavango gateway town of Maun. Afternoon to explore Maun or relax.

Before leaving the bushland we take a cool morning walk with the San Bushmen and learn more of their ancient and fascinating way of life. Bidding farewell to our San hosts, we drive onwards to the Okavango gateway town of Maun, where there is the opportunity to have experience free time in Maun. You may prefer to relax and take a dip in the pool or explore this capital town of Ngamiland. Alternatively there is the option to take a light aircraft flight over the Okavango Delta (payable locally). Maun has a wonderful laid back atmosphere and also provides a chance to participate in a spot of shopping for local handicrafts, as we prepare to depart the delta region of Botswana. Approximate drive time: 4-5 hours.

DAY 17

Travel into the Okavango for mokoro canoe trips and walking safaris.

Transferring into our open 4WD vehicles, we will drive for approximately 2 hours into the Okavango Delta. Every year, over 11,000 cubic kilometres of water flows from the Angolan Highlands into the Delta, making it the world's largest inland Delta. During our two days in the Delta we explore this wonderful wetland by way of a traditional dug-out canoe, the mokoro. Whilst the Delta is a wondrous-wetland, there are countless islands that are home to a vast number of wildlife species. Being gently poled along in our mokoro, provides the perfect opportunity to move within a safe distance of the wildlife without disturbing them as they go about their daily business. Such idyllic isolation of the Okavango makes for the most unusual encounters with the larger, iconic residents. Hippos, elephants, crocodiles and further down the food chain, antelope can be seen as we glide across Africa's most famous of waterways. Conditions today will dictate the timings of our Delta exploration. We make our way to our wild camp here in the bush. After the traditional African 'sundowner' we help out with the preparation of dinner and afterwards we can settle down for the night in the Delta accompanied by the soundtrack of croaking

frogs. Transfer time to the Delta: 2 hours

DAY 18

Full day exploring the UNESCO wonder wetland of the Okavango Delta.

The best time of the day in Africa is the early morning and with the sounds of the dawn chorus all around us we set out in the relative cool on a nature walk to explore this wonderful wetland. Before the walk our guides will give a safety briefing. We may encounter elephants or even lions on the walk and it is important to listen to the briefing and to follow the instructions of the guides. Returning to our camp for a well deserved brunch we have time to relax during the heat of the day and perhaps take a swim in the clear waters. We head out again into the Delta where we can enjoy another beautiful sunset before returning to camp or we may take another walk. Back at camp there will be an opportunity to take a bucket shower before dinner and spending our second night surrounded by the nocturnal murmurs of the Okavango.

DAY 19

Wildlife of the Makgadikgadi Salt Pans.

Driving out of the Delta we may be lucky enough to encounter some wildlife en-route before preparing for another dramatic change of scenery. The shimmering salt pans of Makgadikgadi (pronounced ma hadee hadee), provides a glorious illusion of an endless plain. During the wet season (when the pans transform into a valuable refuge of grassland), herds of wildebeest and flamingos flock here, which we may be lucky enough to encounter! Although very little flora exists within the pans, Baobab trees thrive in this environment and have become very useful landmarks, when navigating across this barren land. One of the trees has even been named after the 19th century explorer James Chapman, whereby explorers would leave unofficial messages for each other. Approximate drive time: 4 hours.

In the last couple of years the Zimbabwe catchment area for the pans has had above average rainfall which has not subsided during the dry season meaning that the classic salt pans of this area maybe wetter than usual.

DAY 20

Drive to the elephant rich Chobe National Park for an afternoon game cruise on the water.

The Chobe River is a stunning feature of our time in Chobe and is a crucial lifeline to one of the greatest concentrations of wildlife in Africa. Chobe is famed for herds of elephant which reside in the National Park. During the year the elephant population can vary from 500-50,000 and are most likely to be found on the banks of the Chobe, cooling off. Owing to its year-round supply of water, Chobe provides a permanent source of water for the elephant population of the Kalahari, known for their short brittle tusks due to calcium deficiency in the soil. Taking to the water in the afternoon, we embark on a sunset safari cruise to optimise our chances of meeting these majestic animals. Finishing the safari with the tradition of a sundowner, we return to our accommodation for our final evening. Approximate drive time: 4-5 hours

DAY 21

Departure day.

We cross the border from Botswana into Zambia and drive to Livingstone. Our holiday ends at Livingstone Airport, Zambia.

If your flight departs from Victoria Falls Airport you will transfer from Botswana into Zimbabwe, and therefore not entering Zambia.

Approximate actual drive time: 1hr. Its not a long way, but the border crossing can be busy and slow, so a travel day of approximately 3hrs.

- All accommodation as described
- Meals as described in the Meal Plan
- National Park entrance fees
- All activities/excursions mentioned except where specified as 'optional'

What's not Included

- Travel Insurance
- Visas (if applicable)
- Some meals as detailed in the Meal Plan
- Any additional activities/excursions indicated as optional
- Tips for local staff
- Miscellaneous personal expenses - drinks and souvenirs etc

Joining Arrangements & Transfers

The group will meet at the accommodation in Livingstone (Zambia).

Arrival transfers from Victoria Falls Airport (Zimbabwe) or Livingstone Airport (Zambia) are provided for all clients to the group accommodation. On Day 1 at 1400 at the accommodation in Livingstone, you will meet your guide for an introduction and briefing.

On the last day of the Land Only itinerary, single timed airport transfers are provided to Victoria Falls Airport or Livingstone Airport. Flights on this day should not be booked to depart before 1300.

We can provide private transfers at an additional cost. Taxis are also available and are often cheaper.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

20 breakfasts, 17 lunches and 11 dinners are included. Non-included meals are in the towns of Livingston, Rundu, Swakopmund, Windhoek, Maun, Makdagdikgadi and Kasane where we try out local restaurants. We recommend you budget £10 - 15 for each non-included meals.

Food & Water

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

The majority of the meals are provided. Breakfast will be cereals and yoghurt, with coffee, tea, toast and the occasional cooked breakfast. Lunch will typically be picnic style - cold meats, cheese, salads, bread, rolls and fruit. Dinner will be potjies (traditional stews), braais (barbecue), stir fries, pasta dishes, curries etc. Very often cooking will be on an open fire. Fresh produce will be used wherever possible and fruit squash, tea and coffee will be served with breakfast and dinner. Many of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation. Some meals are taken at the accommodation or in local restaurants. Special dietary requirements (vegetarian or allergies) can usually be catered for, but it is essential that this information is received on booking. There is one cool box available for the group to put your own drinks in. Stops at supermarkets are regular to pick up supplies such as alcohol and soft drinks.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

This holiday has 18 nights staying at variety of different guesthouses, lodges, tented lodges and hotels. Often they have an African style to them with colourful traditional blankets, ornaments and smiling friendly staff. The rooms are twin/double with mainly en suite facilities. Some of the accommodations have a bar and a swimming pool.

When at a tented lodge you will stay in a classic canvas safari tent with twin beds, en suite facilities. It is built on a permanent base (concrete or wood platform) and might have a thatch roof. There is usually a main lodge area with a bar, and possibly a swimming pool and small shop.

When at some of the accommodations there is a shared kitchen and dining area which will be used by the group and the guides during meal times. Most of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation - it's all part of the adventure and when everyone puts in a little effort the trip runs smoothly.

We have 2 nights at a wild bush camp in Okavango. The tents are comfortable (2.2 x 2.2 x 1.8 meters) and are which are set up with camp beds and linen and en-suite chemical toilets. There is also a bucket shower tent with warm water from the fire. There are no lodges in this part of the Okavango Delta, and this is one of the best accommodations on offer which is in total submersion in the Delta wildlife and safari experience.

If you are travelling by yourself, you will be paired up with another single client of the same sex. A limited number of single rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

All accommodation is subject to change without prior warning.

SAFARI TRUCKS

Years of safari experience into the design of the trucks. The trucks are built to comply with the latest South African transport and safety regulations. Your comfort is catered for with individual seats (with safety belts), ample legroom and large vertical sliding windows for unobstructed viewing and photography.

There are roof hatches for excellent "open" views and an integral cab and passenger compartment so contact with the driver is easy. Each truck also has large packing compartments, a built in kitchen, freezer, drinking water tank, interior lights and a gas stove (to minimise use of wood and destruction of forest areas). There is also a pullout set of steps into the passenger compartment, making access for clients easier. There is usually a bank of plug sockets in the vehicles. These plugs are the South African 3 round pin or 2 round pin with a hexagonal base. We also use minibuses for some small group safaris. All of our vehicles are bought new and serviced by Mercedes and Toyota agents, thus ensuring trouble free touring with backup support in practically every town in Southern Africa.

Where road conditions allow, such as South Africa, Namibia and parts of Botswana we may also use minibuses. On 5% of tours we may use minibuses with 12 seats and air conditioning (with trailer for equipment and baggage). The safaris often have several long days of travel providing for a beautiful journey on the way to exciting and varied destinations.

For the transfers into the Okavango Delta we use open 4WD vehicles with local guides.

Group Leader & Support Staff

Group leaders are the key to any successful safari. On this adventure safari, you will travel with two qualified and experienced, registered field guides (FGASA). Two guides as crew, not a guide and a driver, adds up to an informative and interesting small group holiday. Our guides have a passion for Africa, her people and wildlife, and they love nothing more than sharing their knowledge with you.

Spending Money

We estimate that a total of around £400-500 per person (or equivalent in euros/dollars) should be allowed for personal spending. This amount should be sufficient to cover non-included meals and miscellaneous expenses, including tips to local staff. If you are intending to buy expensive souvenirs, considerable quantities of soft drinks / beer or undertake additional activities or excursions, you should budget accordingly (credit cards can be useful in this respect). You can choose to take your money in pounds sterling, dollars or euros. There will be the opportunity to change money into local currency on arrival at the airport (which we advise you to do) and your local leader will advise further places to change money en-route and at borders. Additionally, you will be able to get currency from bank ATMs in many of the towns that we will visit.

Many small traders will accept US\$, Euro or GBP. Your notes should be clean and undamaged. And please avoid USD\$100 and old issue 'small head' US\$ notes as they might not be accepted.

Guidance on Tipping

Your tour leader also works extremely hard to ensure that your holiday runs smoothly and that you are happy. We suggest that a tip of £2-5 per client per day for your tour leader is reasonable. When it comes to tipping the guides that we sometimes use for various activities (e.g. game walks, polers in the Okavango Delta etc) we suggest that a tip of £1-3 per client per ½ day activity, or the local currency equivalent, is acceptable. As in all cases with tipping, the final decision of the amount tipped is up to the individual. It is up to you to decide if you thought the service was poor, or exceptional, and the amount tipped should reflect that. The amounts quoted above are guidelines for you to get an idea of what to tip.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Your baggage will travel in the gear compartment of the truck with the group, and there is a finite amount of space. Please keep the weight of your main luggage to 12kg. You should bring a soft bag as these are more suitable to pack in the vehicle. For the 2 nights wild camping in the Okavango Delta you will take only what you need for these 2 nights and your main bag with remain in Maun.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

Group Members

We sell this holiday in conjunction with our local operator in Southern Africa. This enables us to gather together sufficient numbers of like-minded adventurers to get the holiday up and running quickly. For this holiday the minimum age is 12 yrs, however it is unusual to have people under 16yrs.

South Africa Indemnity Form

As a member of the South African Tourism Service Association, our ground agent in South Africa may require you to complete an indemnity form at the start of your holiday, which you will need your insurance details for. As a client of KE Adventure Travel, your rights under the Package Travel and Linked Travel Arrangement Regulations (2018) are unaffected and KE Adventure Travel will remain liable for the actions of our suppliers.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday.

Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Zambia

British passport holders do not need a visa in advance and can obtain a visa on arrival. The Government of Zambia recently announced the removal of all visa fees for British passport holders. However implementation of the policy has not yet been confirmed and British nationals may still be charged \$25 on arrival.

Other nationals should check details online to see if they need an e-visa.

Important Note for Victoria Falls: Please check your itinerary and your arrival/departure flights. If your accommodation and flights are from a different side of the falls you may need both a Zambian and a Zimbabwe visa. The town of Victoria Falls is in Zimbabwe, and the town of Livingstone is in Zambia.

Additionally If you visit the falls (on the border) and wish to cross the bridge to the other side you will require a visa for both countries.

A KAZA UNIVISA for Zimbabwe and Zambia is cheaper than purchasing the two visas for Zambia and Zimbabwe separately. The visa is valid for 30 days as long as you remain within Zimbabwe and Zambia. It is also valid for day trips to Botswana crossing over the Kazungula borders. It will not be valid if you overnight in Botswana.

It's available at the international airports in Lusaka and Livingstone and at the land borders at Livingstone (Zimbabwe border) and Kazungula (Botswana border). You can also apply online. It costs US\$50 and it is valid for 30 days.

Please note: The Government of Zambia recently announced the removal of all visa fees for British passport holders. However implementation of the policy has not yet been confirmed and British nationals may still be charged \$25 on arrival. This may affect your decision to purchase a Kaza Univisa.

UK nationals do not normally need a visa to enter Botswana for stays of up to 90 days.

Travelling with children under 18yrs - Botswana

Parents travelling with children under 18 years will be asked to show the child's full unabridged birth certificate. If the child is travelling with one parent, with another adult or unaccompanied, the parent or parents who aren't present will need to provide an affidavit giving their consent for the child to travel. Please note that they are very strict and they do not accept photocopies of birth certificates or short versions. This is also applicable if you are transiting through Botswana. For further details please see FCO website <https://www.gov.uk/foreign-travel-advice/botswana/entry-requirements>

Visa Zimbabwe

A visa is required. This is obtained on arrival and is \$55 single entry and \$70 for double. Payment must be in cash and you should take small denomination notes for this.

Important Note: Please check your itinerary and your arrival/departure flights. If your accommodation and flights are from a different side of the falls you may need both a Zambian and a Zimbabwe visa. The town of Victoria Falls is in Zimbabwe, and the town of Livingstone is in Zambia.

Additionally If you visit the falls (on the border) and wish to cross the bridge to the other side you will require a visa for both countries.

Visa Namibia

UK and USA passport holders do not require a visa for short stays. You should carry a photocopy of your passport with you at all times when in Namibia for identification.

Travelling with children under 18yrs - Namibia

If the child is travelling with one parent, with another adult or unaccompanied, the parent or parents who aren't present will need to provide an affidavit giving their consent for the child to travel. Please note that they are very strict and they do not accept photocopies of birth certificates or short versions. This is also applicable if you are transiting through Namibia. For further details please see FCDO website.

Transit via South Africa

Rules on **travelling with children under 18 years** have been relaxed. Visa exempt children entering South Africa only need passports, and not birth certificates as previously required. This applies if the child is travelling with both parents, one parent or an adult who is not a biological parent, and school groups. There are some different requirements for unaccompanied children, and children who do not have UK passports or visa exempt passports. For full details please see the FCDO website.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you specific require any vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella), along with hepatitis A and typhoid. Malarial prophylaxis are required. A certificate of yellow fever vaccination is required if travelling from countries with risk of yellow fever transmission and for travellers having transited for more than 12 hrs through an airport of a country with risk of yellow fever transmission. On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

If your holiday starts in Livingstone, Zambia and you are travelling into Namibia and Botswana you do not require a yellow fever certificate. This rule also applies to South Africa, for example, if you are transiting via South Africa. This is applicable to trip codes: NAB, NAC, NBC and NCC.

Currency

The unit of currency in Botswana is the Pula.

The unit of currency in Zambia is the Zambian Kwacha.

The unit of currency in Zimbabwe is the Zimbabwean Dollar. There is currently a shortage of available cash at the banks and ATM's in Zimbabwe. So we advise you to bring a credit card for any payments in Zimbabwe.

The unit of currency in Namibia is the Namibian Dollar. The Namibian and the the Southern African Rand have the same value, and the Rand is accepted everywhere in Namibia.

Climate

Botswana & Zambia This Central region of Southern Africa is subtropical and generally warm and mild / humid. October and November are hot, day and night. November to April is the hottest time of the year with chances of showers to heavy rains later in the seas on. May to September is cool and dry.

Namibia is largely a desert environment with hot clear days from September to April. May to August can be very cold at night but pleasant and sunny during the day. Rains are infrequent but most likely in January to March. The coast is subject to heavy morning fogs throughout the year and cooler weather in the winter months.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
