# Introduction

Be seduced by Lanzarote as it charms you with its smooth tarmac and rewards you with breath taking vistas towards the archipelago and tantalises you with deliciously fresh cuisine. Your week on the island will take you on a discovery of its unique fusion of culture, fire and utterly extraordinary geology all perfectly married together by the environmental visionary, Cesar Manrique.

Staying in a welcoming selection of 3\* and 4\* hotels on the coast with inviting swimming pools, and an intimate casa in Haria, we have ensured you can unwind after a day in the saddle whether it's with a dip in the pool or relaxing in the bar. Your routes will take you off the beaten track and away from the coast to discover the magnificent ancient capital of Teguise, through the stunning Valley of 1000 Palms to experience the authentic town of Haria, and transport you to another world as you cycle through the Parc Nacional de Timanfaya. And the best bit is we have specially designed this trip with flexibility in mind so you can choose to cycle hard, or enjoy a shorter route and soak up all Lanzarote has to offer-including its uniquely grown wine!

### Is this holiday for you?

This trip is ideal for anyone who loves to cycle on quiet roads with deliciously smooth tarmac, have plenty of flexibility in their itinerary and fantastic facilities to unwind after a day in the saddle. With a choice of rides most days you can tailor your holiday to suit you, whether you want to relax, soak up the dramatic scenery and enjoy the fantastic produce Lanzarote has to offer, or cycle hard each day. Rides vary from 29-63km with between 300 and 800m ascent so you will have plenty to choose from. Plus, spending 2 nights in both Teguise and Playa Blanca allows you the option to enjoy a rest day by the pool or a spot of sightseeing.

## Itinerary

#### Version: SGLB Self-Guided Cycling on Lanzarote

#### DAY 1

# Arrive in Costa Teguise, explore the town, relax on the beach or wander the popular coastal path.

Depending on the time of your arrival you will have time to get settled in, and explore the lovely coastal resort of Costa Teguise. We recommend taking a stroll along the coastal path and perhaps pause at the beach for a dip.

## Accommodation

#### DAY 2

## Get fitted for your bike and immerse yourself in the works of Cesar Manrique on your ride to Haria.

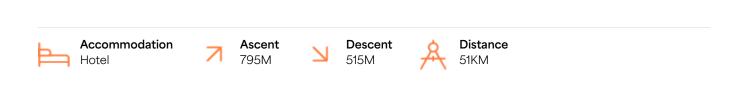

After breakfast a representative will fit you with your bike for the week, then you can head off to explore this intriguing island. Your first ride of the week will take you on a discovery of Cesar Manrique's unique architectural works as you cycle past El Jardin de Cactus, a fascinating creation that houses 4,500 cacti from across 5 continents. Continuing your ride you will pass further works of Cesar Manrique including Los Jameos del Agua, a lovely spot to stop and enjoy lunch, and El Mirador del Rio for breath taking views across Lanzarote to the neighbouring Chinijo Archipelago. The landscape today is a stark contrast to the connotations of volcanic lava fields as you pass through small fishing villages never losing sight of the impressive Monte Corona volcano towering high. Your final contrast of today's ride brings you through the Valley of 1000 palms, to the picturesque village of Haria, surrounded by lush greenery. Legend has it that the palms were planted each time a child was born in the village, over time creating the greenest part of the island.

Along your ride you will have options to shorten your route to 33 km or extend it to 51 km, to ensure you get the most from your day, whether that is enjoying a little longer at the sights or pedalling hard.

SHORTER ROUTE: 33km / 510m ascent / 230m descent

MEDIUM ROUTE: 48km / 695m ascent / 415m descent

#### DAY 3

# Discover the once capital of Lanzarote, Teguise, and cycle through the wine producing region of La Geria.

Enjoy breakfast and perhaps spend some time soaking in the authentic atmosphere of Haria, if you are here on a Saturday you may wish to wander the village market too. Hopping on your bike your route today provides spectacular views down over the coast as you make your way towards Teguise, the once capital of the island until 1847. Oozing with traditional architecture and charm, Teguise is centred on an inviting square complete with a lovely fountain, a good spot to stop and cool off in a welcoming café and perhaps enjoy some tapas too. Wander through its cobbled streets and discover the town's iconic buildings including the church Nuestra Senora de Guadalupe whose tower you can see as you cycle toward Teguise. When you have finished exploring the town your ride continues towards San Bartolome and the protected wine producing area of La Geria to your hotel for the next two nights where you can unwind after a busy day.

#### SHORTER ROUTE: 29km / 515m ascent / 515m descent

#### DAY 4

# Relax in Teguise, visit a winery or cycle to Farama beach to watch the surfers show off their skill.

Today, you can opt to relax in Teguise and further explore all this historic town has to offer, perhaps visit one of the wineries you cycled past yesterday, or delight in a circular ride to the beautiful beach of Farama. Considered one of Lanzarote's jewels, Farama, with its long golden sandy beach and perfect winds it is popular beach with keen surfers and windsurfers as well as families and holidays makers. We recommend taking your swimsuit with you today so you can enjoy the fun too. Leaving the beach behind your ride continues along the coast before heading through the extensive lava fields for a dramatic lunar landscape back to Teguise.

#### DAY 5

# Discover the magnificent volcanic landscape of Parque Nacional de Timanfaya as you cycle to the coast at Playa Blanca.

Fuelled by breakfast your ride today will take you to Lanzarote's best known attraction: the Parque Nacional de Timanfaya. Cycling into the park past the iconic El Diablo statue this magnificent volcanic, lunar landscape will leave you feeling like you are riding on another world. The eruptions lasting 6 years from over 100 volcanos buried a quarter of the island giving rise to the impressive lava formations you see today. If you wish to detour to the visitors centre you can look forward to demonstrations of the power of this landscape on a guided tour of the park.

Leaving Timanfaya behind, your ride continues to the south of the island meeting the coast at El Golfo for a welcomed coffee stop and more intrigue at the volcanic seaside crater. Following the coastline you make your way to your final goal of the day, your hotel in Playa Blanca where you can relax before sampling one of the towns many welcoming restaurants in the evening.

SHORTER ROUTE: 47km / 295m ascent / 560m descent

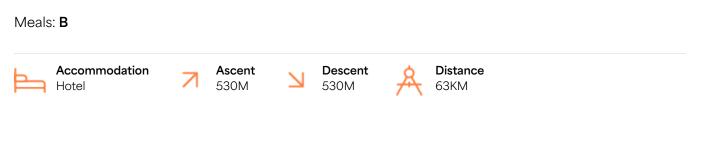

DAY 6

## Relax in Playa Blanca, Enjoy a ride to El Golfo or journey to Fuerteventura to cycle on your second Canary Island of the week.

Today you have a choice whether to stay and relax in Playa Blanca, perhaps with a visit to the nearby coves and beaches of Papagayo; take a shorter circular ride to El Golfo; or to take a boat ride across to the neighbouring island of Fuerteventura for a longer ride on the island. Located just 13km across the La Bocayna, Fuerteventura is the island of golden beaches waiting to be enjoyed. Taking the short ferry journey to Corralejo you can enjoy cycling the quiet roads of the island and explore its many beaches, perhaps taking a dip in the cooling waters, before taking the ferry back to Lanzarote for a second evening in Playa Blanca.

SHORTER ROUTE: 36km / 260m ascent / 260m descent

# Cycle through the unique wine region of La Geria, discover El Verdero harbour and toast to a great weeks cycling in Costa Teguise.

Your final ride of the week takes you through the wine region of La Geria you briefly visited earlier in the week. Like most things on Lanzarote the wine production here is unique, so much so the vineyards are a protected area. Ingenious adaptation to the volcanic landscape have provided another worldly landscape with 10,000 individual vines planted each in their own funnel shaped bed of volcanic soil, sheltered by a low semi-circular walls to protect them from the wind. The result- an intriguing landscape and some lovely wines waiting to be sampled in one of the local bodegas.

Leaving La Geria your route descends bringing you back to the coast and the popular coastal town of Puerto del Carmen. Following the promenade you make your way first to Arrecife and on to Costa Teguise, where you can relax and have a toast to a fantastic week on the island.

#### Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday.

### Food & Water

Water is drinkable from the taps on this holiday. Please fill your personal bottles for your day in the morning. We do not encourage the purchasing of single use plastic bottles.

Cuisine in the Canaries is filled with tradition and fresh local produce, with recipes being handed down through generations. It is these traditions which have formed the delicious mix of cuisine which blends its Spanish roots with African and South American influences. A staple on any menu is the tasty Papas Arrugadas; small locally grown potatoes which are boiled in extremely salty water giving the skins a somewhat wrinkly appearance served with the traditional Mojo sauce (and every restaurant claims to have its own secret recipe). As you would expect from an island, seafood features heavily in the Canarian diet, from Puntillas de Calamar (fried baby squid) to Pescado a la Plancha (fish of the day simply grilled and incredibly tasty). More surprisingly however, is the island's fantastic goat's cheeses, some of which have won international awards, and the island's selection of great wines to accompany your meal.

### **Special Diets**

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

We have designed this trip with comfort in mind, after all, we all want some comfort and relaxation after a day in the saddle. You will be staying in a great selection of 4\* hotels and resorts, plus a welcoming traditional Canarian casa in Haria where you can enjoy the warm hospitality of Lola and Juan. All accommodations offer comfortable ensuite bedrooms, great communal areas and offer a great breakfast buffet to fuel your rides each day. Some of your accommodations will also include swimming pools, perfect for cooling off after a busy day exploring.

It is possible to arrange additional nights accommodation in Costa Teguise before or after your trip if you would prefer to explore this fabulous island a little more. Please refer to the dates and prices tab for further details or speak to one of our sales team.

#### **Bike Hire**

Bikes on this trip are touring bikes with 30 speeds and all come equipped with a pannier and rear luggage rack for your daily essentials. We include a helmet with your bike on this trip but we strongly recommend you bring your own helmet for the best comfort.

We also recommend packing a gel seat for extra comfort, or a pair of padded cycling shorts, whilst there are plenty of opportunities to stop and explore it is always nice to have some padding for a comfortable ride.

For those wishing for a sportier positioning on the bike it is possible to upgrade to a road bike on this trip for an additional supplement of  $\pounds$ 40. E-bikes are also available at an additional supplement of  $\pounds$ 175. Please ask our sales team for details.

### **Baggage Allowance**

Your main luggage will be transferred between each of your hotels while you are out on your ride. We ask that you please ensure your luggage is under 20kg and that your luggage is ready for collection in the morning. You will also need a daypack to carry your daily essentials with you.

We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

### Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. Having said this it is always sensible to get some additional exercise before going on an active holiday. After all, the fitter you are the more enjoyable your cycling will be. We have designed this trip with flexibility in mind with a choice of shorter or longer rides on most day. However, you should at least be comfortable cycling 35 to 50km and up to 600m of ascent a day on quiet roads. We advise you to dust off your bike and head out on a few rides before your holiday to help make your holiday more enjoyable. We also offer e-bike upgrades for those seeking to make the journey more leisurely.

### Climate

The islands of the Canaries are a year-round holiday destination with what is often described as eternal spring conditions with temperatures ranging between 16 C in the winter to 25 C in the summer.

Lanzarote has its own micro-climate with the north being slightly windier and cloudier whilst the south is drier and warmer with approximately 2,500 hours of annual sunshine, while central Lanzarote has a moderate and stable climate. It is this fantastic environment which has made Lanzarote such a popular holiday destination, not just for those looking for sun, sea and sand, but for walking and cycling too. Not only that, but due to the vast amount of sun the island is home to over 600 plant species.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.
