Introduction

Setting out to explore Sri Lanka's great variety, on this family adventure holiday to Sri Lanka we see many of its most colourful attractions - towering waterfalls, spice gardens, Indian Ocean beaches, historic towns and some of the Buddhist world's most remarkable temples. After a village walk and a visit to the amazing rock fortress at Sigiriya, we travel to the 'hill-capital' of Kandy, where we have the chance to make our own souvenir batik. We then have a session of fun whitewater rafting on the Kelani River, before heading up to Newara Eliya, to visit a tea plantation and hike to the dramatic viewpoint at World's End. We also visit the orphaned baby elephants at the Elephant Transit home. Jeep safaris at Udawalawe and Yala take us close to wild elephants and maybe even an elusive leopard, before we round off this great holiday with 2 days at the coast for surf, sand and optional watersports.

Is this holiday for you?

Suitable for children of 6 years and upwards.

Designed with children in mind, this holiday includes fun activities, wildlife viewing/safari's, a couple of short walks and sightseeing visits. The holiday also includes a short whitewater rafting trip, children must be over 11yrs old to take part, and all participants must be able to swim unaided for 25 metres. All safety equipment (buoyancy aids, helmets, etc) and professional guiding is included. The rafting will depend on the river conditions but is usually grade 3-4, it will not be harder. The longest walk will take 3 hours, with lots of stops to rest and enjoy the ever-changing scenery. In order to visit as much of this fantastic country as possible in our two weeks, there is a reasonable amount of driving involved, the transfers are 3 - 5 hours. We also have jeep safari's and a visit to the elephant transit home to see baby orphans. We end with a couple of days at the beach to relax and enjoy the Indian Ocean.

Itinerary

Version: FSL Sri Lanka - Island Explorer, Family Adventure

DAY 1

Meet at the hotel in Sigirya. A single transfer from Colombo Airport is provided.

Our holiday starts at the group hotel in Sigirya. Our Sri Lankan tour leader will meet us at the airport and accompany the group on the single timed transfer (3hrs) to Sigirya, where we stay for the next 3 nights.

Swimming: At the hotel pool.

Meals: **L D**

DAY 2

Cycle ride around Polonnaruwa. Afternoon optional jeep safari to see elephants.

After breakfast at the hotel we leave for the ancient city of Polonnaruwa. Here we explore by bicycle. During the ride we can meet the local village people and learn about their way of life. We stop by one of the many lakes in the region for a delicious Sri Lankan style picnic lunch. In the afternoon there is an optional Jeep Safari of Minneriya National Park which is famous for its migratory herd of over 250 elephants. The largest gathering of elephants in this park takes place between the months of May and September. We return to our hotel in Sigirya.

Swimming: At the hotel pool.

DAY 3

Village walk, afternoon visit to Rock Fortress and an evening walk to see the slender loris.

We leave early for Hiriwaduna (20 minute transfer) for our 3 hour walk through this archetypal Sri Lankan village. The amazing birdlife, butterflies and possible sightings of crocodile only add to the charm of seeing the villagers as they go about their early morning tasks. We will wade through some shallow streams or maybe get a lift from a local fisherman. We might stop to enjoy the farmer's hospitality and enjoy a drink of coconut or other seasonal fruit. We end our walk through dense shrub forests, home to other wildlife including monkeys, bear, python and even elephant.

In the afternoon we visit and climb the Rock Fortress at Sigiriya. This UNESCO World Heritage site is one of the most famous of Sri Lanka. The rock fortress is renowned for its complex of water gardens, ancient frescos and the Mirror Wall.

This evening, we enjoy a night walk at the Sam Popham's Arboretum which is home to several species of birds, butterflies, dragonflies and mammals and the rare, nocturnal slender loris. The endemic slender loris is a cuddly looking primate with big eyes which spends most of its life in the canopy.

Swimming: At the hotel pool.

DAY 4

Drive to Kandy, visit a temple, make a batik, optional cultural show & Temple of the Tooth visit.

Our destination today is Kandy, Sri Lanka's hill capital, stopping en route in Matale to visit the Alu Vihare Temple. In addition to frescoed caves this temple is also home to Monks who we can sometimes see in peaceful reflection around the temple. Kandy is at the heart of Sri Lanka's age old arts and craft industry. In the afternoon we visit a batik manufacture who will guide us through the complicated task of creating our very own hand made batik which we can take home as a souvenir.

We have an optional visit to see the Temple of the Tooth, Sri Lanka's most important Buddhist relic - a tooth of the Buddha.

We spend the night in this atmospheric town encircled by mountains with its tranquil lake at its centre. In the evening we can opt to see the traditional cultural dancing show in town.

Swimming: At the hotel pool.

DAY 5**Tuk tuk market visit, cooking lesson. Drive to Kitulgala.**

This morning we have a tuk tuk ride to the food market. The market is a great place to embrace the sounds, sights and smells of the country. We see all the seasonal fruit and vegetables and learn the Sinhala names.

We take our ingredients to our hosts kitchen and she will show us how to prepare some Sri Lankan curries and dishes. We help her making the lunch with maybe scraping a coconut and extracting the milk, grinding the spices for a sambal, or making the fire for the pot.

After lunch we leave for Kitulgala (approximately 2 hrs drive). This was the location for the old classic 'The Bridge On The River Kwai'. This area is great for adventure activities. We overnight at a hotel situated on the Kelani River.

DAY 6**White water rafting, tea plantation visit, transfer to Nuwara Eliya.**

After breakfast we have a 30 mins drive to the 'put in' for our White Water Rafting excursion on the Kelani River. This short but exhilarating excursion is pitched at a level suitable for good swimmers who are over the age 11yrs. If you are not participating in the white water rafting there is a short forest walk whilst we wait for the rafters. We can have a swim in the rock pools before our lunch.

It's then on to Nuwara Eliya (approximately 2 hrs drive), driving past 'Devon' and 'St.Clair's' waterfalls and visiting a Tea Plantation and Factory en route to watch the process of turning the raw green leaf into the familiar final product. It is the home of the famous Ceylon Tea and the rolling mountains are a carpet of velvety green tea plantations, interspersed with gushing streams and tumbling waterfalls. Overnight Nuwara Eliya.

Swimming: In the river and the hotel pool.

DAY 7**Horton Plains walk to Worlds End. Train journey to Bandarawela.**

We drive up onto the plateau of the Horton Plains National Park, 2200m above sea-level, and set off on our walk to 'World's End'. Known locally as 'fen', the landscape is spectacular, with an astounding variety of scenery from mountains to grasslands, from marshes to trout streams. Sri Lanka's best flavoured high-grown teas are found growing in the surrounding area. The dramatic drop-off at the edge of the plateau is particularly well demonstrated at 'World's End,' where there is a 300 metre precipice.

We then proceed to Pattipola Railway station to a scenic 2hr train journey to Bandarawela (railway station which is situated in the highest elevation and 25 minutes from the entrance of the Horton Plains). It is a real opportunity to gain an insight to local lifestyles and culture. Arriving into Bandarawela we check into our accommodation.

Meals: **B L D****Accommodation**

**Time**

1 hr drive, 2-3 hrs walk, 2 hr train

DAY 8**Downhill walk through tea plantations from Lipton's Seat. Cricket match at Bandarawela.**

After breakfast we drive to the Dambatenne tea factory. From here we change vehicles and drive through the lush tea plantations to the viewpoint called 'Lipton's Seat'. This is the lookout that the Scottish tea baron Sir Thomas Lipton used to survey his burgeoning empire. The view are some of the best with rolling hills of plantations and montane forests. We have a picnic lunch and walk down to the vehicle, walking approx 1 hour. From here we transfer back to Bandarawela. The playing field at Bandarawela often has local children playing cricket and if we wish we can join in or play our own match. This is usually a highlight of the holiday for the children. We then return to our hotel in Bandarawela.

DAY 9**Transfer to Udawalawe National Park to see elephants.**

Today, we drive to the Udawalawe National Park (approximately 2 ½ hrs drive), the best place on the island for seeing wild elephants. This impressive reserve area has enjoyed protected status since 1972 and is home to a large herd of elephants, several species of deer, wild boar, wild buffalo, jackal and the elusive leopard. Surrounded by mountain ranges, the terrain of the park is a mixture of grassland (rather like the savannah of Africa) and shrub jungle. Teak plantations, water holes, the large Udawalawe Reservoir and the Walewe River make this place special. Our exploration of the park by jeep should allow us to get close to wild elephants. Overnight Udawalawe.

Swimming: At the hotel pool.

DAY 10**Visit the Elephant Transit Home. Afternoon at Yala National Park.**

The Elephant Transit Home is for baby elephants who are injured or orphaned in the wild and are cared for and rehabilitated in a natural setting. Once the elephants are old enough and strong enough they are radio collared and released in to the National Park in small groups. The first group to be released in to the park successfully reproduced in the wild in 200. We spend some time here watching them being fed.

This afternoon we have a jeep safari at Yala National Park. This National Park is popular for Elephant, Leopard, Bear, Crocodile and Wild Boar. Its open undulating terrain made it famous for elephants for many years, as well as more recently leopard research and conservation. Vegetation here is primarily grassland and shrub jungle with patches of dense growth. There are also several salt and fresh water lagoons which are a haven for a large variety of resident and migrant birds. Overnight Tissamaharama.

Meal Plan

All meals included from lunch on day 1 to breakfast on day 14.

Food & Water

Sri Lanka's rich history includes several periods of colonisation which have influenced the country's cuisine. The staple food of Sri Lanka is rice, which is boiled or steamed and served with a variety of curries ranging from very mild to very fiery. A typical Sri Lankan meal would consist of a main curry of fish, beef, chicken or mutton, accompanied by several other side dishes made with vegetables or lentils, pickles, chutneys and 'sambols' - a spicy condiment made of ground coconut or onions mixed with chilli, dried fish and lime juice. Other Sri Lankan foods include Hoppers - rice pancakes commonly eaten for breakfast and lunch, and lamprais - a dish of Indonesian / Dutch origin comprising of rice cooked in a meat stock and slowly baked in a banana leaf with a variety of meat and vegetable sides. In the majority of tourist hotels including the ones we shall be using for this trip it is also usual to find several Western dishes offered on the menu.

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

During the holiday we will use comfortable hotels and guesthouse accommodation chosen for its suitability for family groups. On 9 nights our hotels have swimming pools.

Children under the age of 12yrs will usually share rooms with their grownups. This might be a twin, triple or quad room, a double with an extra bed, or multiple rooms depending on the number of family members.

If you are travelling with children over the age of 12yrs, you will be in separate rooms or sharing twin/multi-bed rooms.

Please talk to us about your requirements and we will do everything to ensure that you are happy with your rooming allocation.

Additional hotel nights are available pre and post the holiday. Hotels are subject to availability and prices may vary. Please contact the office for further details.

Group Leader & Support Staff

There will be an English-speaking Sri Lankan tour guide, together with one or more support vehicles and drivers. Or a guide/driver for smaller groups. Qualified whitewater rafting guides will look after the group during the trip on the Kelani River.

Altitude

The altitudes on this holiday are not extreme and the maximum altitude attained is no more than the equivalent of a pressurised cabin on an international flight. You may 'feel' the altitude the first time you trek above 2000 metres but all that is required is a slower pace to compensate. You should pay particular attention to your hydration levels while trekking above 2000 metres.

Spending Money

Approximately £600 per family (2 adults and 2 children) should easily cover all personal spending including tips for local staff, optional activities, refreshments, hotel bar bills etc. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Also, if you expect to buy considerable quantities of soft drinks or beer, you should make an allowance for this. It is not necessary to purchase local currency (Sri Lankan rupees) prior to travelling. You can bring at least some of travel money in the form of cash and exchange it into local currency on the day of your arrival in Sri Lanka. You can take money directly out of the ATM's in the larger towns that we travel through. Sterling, US Dollars and Euros are equally easy to exchange in Sri Lanka.

Optional extras:

All prices are subject to change.

- Cultural Dance in Kandy \$5 per person
- Jeep safari in Minneriya National Park \$45 per person
- Extra jeep safari in Yala National Park \$45 per person

Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and crew. They do not form part of their wages. KE always pays local staff the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. For your local staff we recommend that you give a tip if you feel that their services have met your satisfaction. We suggest a tip to your leader the equivalent of US\$20-25 per family member (with perhaps a little more for small groups of five or less).

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](https://www.gov.uk).

UK passport holders require an ETA (Electronic Travel Authorization) to visit Sri Lanka. You can apply online at www.eta.gov.lk

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you specific require any vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella), along with hepatitis A and typhoid. A certificate of yellow fever vaccination is required if travelling from countries with risk of yellow fever transmission and for travellers having transitted for more than 12 hrs through an airport of a country with risk of yellow fever transmission. On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](https://www.travelhealthpro.org.uk).

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

Currency

The unit of currency in Sri Lanka is the Sri Lankan Rupee.

Climate

Sri Lanka has a typically tropical climate with an average annual temperature of 27°C at sea-level. It is, of course, cooler at higher elevations, with annual average temperatures of 20°C in Kandy, dropping to 16°C at Newara Eliya. Year round, the conditions in the hill country are pleasant for hiking, with cool evenings. Bright, sunny, warm days are the rule and are common even during the height of the monsoon - climatically Sri Lanka has no off season. The south-west monsoon brings rain from May to July to the western, southern and central regions, while the north-east monsoon brings rain to the northern and eastern regions in December and January.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

FAQ's about our family holidays

We welcome all family dynamics and we will try to accommodate you in the roomings of your choice. The only stipulation for joining a family group holiday is that 1 party member is 17yrs or under, and they are accompanied by an adult. An average group size is around 10 members in total. Further general information and FAQ's are available here: [KE Family Adventure Holidays general information](#).

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Equipment Information

Equipment List

Please try to keep the weight of your baggage to a minimum. See the 'baggage allowance' section for further details.
