Introduction

Forming a natural boundary between the states of Alberta and British Columbia and rising to over 3500 metres, the snow-capped Canadian Rockies include some of the world's finest mountain scenery. To make the most of this dramatic region, we have devised a walking holiday that explores a variety of trails and areas that showcase the natural wonders on offer. Traversing forested valleys to flower-filled alpine meadows and pretty glacial lakes, each of our day-walks will take us into the middle mountains allowing access to some of the most coveted and iconic views and experiences.

Starting in the lesser-frequented Kananaskis Country we spend two days exploring these quieter trails, before heading onto Lake Louise where we spend 3 nights to take in the incredible trails and sights. We will leave the crowds behind in the valley as we hike up to the spectacular Plain of the Six Glaciers, with optional stop for cake and coffee at the quaint mountain teahouse on the trail! We'll drive along the stunning Icefields Parkway to hike the Wilcox Pass trail and an optional Athabasca Ice Walk. Our Rocky Mountain adventure then takes us to Revelstoke to discover the best the national park has to offer, including the Eva Lake Trail and Balu Pass Trail in the Glacier National Park. Finally, we head to the quintessential mountain village of Banff where we will undertake spectacular hikes surrounded by high mountain peaks at Cory Pass and the Cascade Amphitheatre to round off this incredible journey!

Is this holiday for you?

This holiday is a series of moderate day hikes in the Canadian Rocky Mountains, reaching spectacular viewpoints, mountain lakes, forests and passes to get a stunning overview of these epic mountains ranges. The selected walks are designed to be achievable for a weekend walker, ranging from 4 to 6 hours daily with moderate elevation gain. There are a couple of longer days as well as easier days, and it would be possible to opt out of certain walks if in need of a rest. The routes are on good well-trodden trail, with a few optional extensions that use steeper trails to reach passes or viewpoints. The Cory Pass trail is the toughest day at 1100m elevation and 8 hours hiking, partly on easy forest trail and partly on rocky scree path. The walks have been selected to balance the key highlights of visiting the Canadian Rockies with exploring some quieter trails to experience the peace and nature of the mountains. During this holiday we will be using the national park campgrounds, staying in tents (with the exception of our time in Lake Louise, where we stay in the Alpine Centre Hostel in shared dormitories). The camping is on a participatory basis so you will be expected to put up your tent and assist with daily camp chores such as food preparation and washing up.

Meal Plan

All meals are provided except for 6 dinners and one lunch. These are when we are in the main towns where there is a choice of restaurants and food. Our guide will recommend good establishments and we can eat together as a group. Whilst camping the group will need to assist with camp chores such as food preparation and washing up.

Food & Water

Food in local restaurants in Western Canada is quite typical to the UK. A variety of choices and prices to cater to all walks. As you venture into the smaller areas, the choices become more limited. For example, Lake Louise is quite limited, but still has an excellent cafe restaurant at the hostel. There is a local pub in the village centre, and other hotels/resorts to choose from. Your typical restaurant dinner menu is burgers/hand held sandwiches, pizzas, pastas, salads, and main dishes.

Camp dinner is typically hearty, easy to prepare, warm meals, that people can choose exactly what ingredients they want, for example, Tacos. Other meals could include pastas, curries, BBQ's (hotdogs/ burgers), and hot salads. We leave it up to the guides to create their own menus as this allows them to add their own flavour to the trips they lead. Your guide will be aware of any individual dietary requirements and cater to appease everyone.

Picnic lunches are typically sandwiches, wraps and salads, accompanied by fruit/veggies/nuts/granola/ bars. For the most part, during camp breakfast, the guide will set up a lunch station and guests can prepare what they want from the choices provided.

Camp breakfasts are typically quick, cold meals to help get the day going. For example, fruit and cereal/ oatmeal, with coffee/tea. However, when time allows, sometimes guides will do a bigger morning camp cook up: bacon, eggs, potatoes, etc.

As far as catering to special diets, we don't currently cater to vegans or celiacs, as we can't guarantee sourcing 100% vegan products and/or no cross contamination when cooking. We do however cater to vegetarians, at no added cost, and gluten free guests at a supplement of \$10/day/person to offset the cost of gluten free products.

Accommodation

The group will have one night at the start of the holiday in a hotel in Calgary where we stay in comfortable twin-bedded rooms with private bathroom, 8 nights camping at National Park campgrounds, and 3 nights at the Lake Louise Alpine Centre Hostel in shared dormitories.

Comfortable 3 person tents are used on a 2 person basis while camping. As a participatory camping trip you will be expected to put up your own tents. Sleeping mats are provided, but you must bring your own sleeping bag, travel pillow, towel etc.

During our stay in the Lake Louise Alpine Centre Hostel, the dormitories are shared between 4 to 8 people with shared bathroom and shower facilities. Some of the dormitories are mixed male and female. There is a large kitchen area and a communal lounge area.

If you are travelling by yourself, you will be paired up with another single client of the same sex for the 1 hotel night. Single rooms are available for a supplementary cost for these nights. You will also be paired up to share a tent with another single client of the same sex, Single tents are also available at a supplementary cost for the nights camping.

If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be led by a professional mountain guide. For groups of 6 and over there will also be an assistant guide. The guides also drive the minibus and cook meals whilst camping.

Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

The altitudes on this holiday are not extreme and the maximum altitude attained is no more than the equivalent of a pressurised cabin on an international flight. You may 'feel' the altitude the first time you trek above 2,000 metres but all that is required is a slower pace to compensate. You should pay particular attention to your hydration levels while trekking above 2,000 metres.

Spending Money

We recommend you allow £300-350 for your personal expenses, tips and non included dinners, bar bills etc. Your money can be carried in the form of cash (Canadian Dollars) or it is possible to withdraw your money from ATMs using your debit and credit card. There are ATMs in all towns.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' for good service. It is important to remember that tipping is voluntary and should be dependent on good service. In North America it is the norm to tip for most services and we recommend that you may wish to set aside around CAD\$10-\$15 per day per guide and have a few dollars to tip for meals and other services.

Baggage Allowance

There is no strict weight limit on this holiday other than that imposed by your airline. We do ask you to restrict your luggage to one main bag and a rucksack/backpack. Your main bag will be transported in the support vehicle or attached trailer.

You will need to apply for a visa from the nearest US Embassy or Consulate instead. Additionally, if you have travelled to or have been in Cuba since the 12th of January 2021, you will not be eligible for an ESTA visa waiver and will need to apply for a US visa. Climate

The weather in the Canadian Mountains is ever-changing and always unpredictable. Summer days are long, but the summer season is short. July is the warmest month with a mean daily maximum temperature of 22°C. We can expect to encounter temperatures during the day ranging from 18°C to 27°C. Naturally, at the higher elevations on our trip, the daytime temperatures will be lower than this. At night, the temperatures will typically drop to around 10°C. Although the weather is relatively stable at this time of year, we can expect some rainfall as mountains produce their own weather.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
