# Introduction

Our Colombian Adventure takes you on a journey through the region's rich history, vibrant culture, and natural wonders. Starting in the Andean Highlands, you'll hike above Bogota to learn about the region's history, including lost civilizations and conquered invaders. Overland, you'll explore the Heritage Towns of Honda, 'City of Bridges', and Mariquita, crossing the Magdalena River. Here, you'll visit the lesser-known Lost City of Falan, a 17th-century citadel built alongside the Royal Gold and Silver Mines of Santa Ana.

Climbing into the Central Andean Region, you'll explore Colombia's lush and verdant Coffee Triangle, witnessing highland coffee farming and the unique flora of the cloud forest. We have time to explore the Heritage Towns of Salento and Filandia, sampling some of the best food in Colombia. Our time in the region culminates with a coffee experience tour, where you learn about the culture and methods of coffee production, as well, of course, as sampling the produce!

Flying to the Caribbean Coast, you'll trek through the jungle-topped mountains of the Sierra Nevada to discover the Lost City of Teyuna. This ancient site, known by local tribes, predates Machu Picchu by 650 years and was only rediscovered in 1972. The journey takes 4 days through the jungle, staying in community-run camps.

Ending in the impressive port city of Cartagena De Incas where you'll explore the old town, rich in colonial history, relax on white sand beaches or explore the nearby Caribbean Island paradise of Rosario Islands.

## Is this holiday for you?

The Lost Cities and Coffee Trails of Colombia During is a moderately challenging walking holiday through the varying landscapes of Colombia. There are some half day walks earlier on the itinerary, with full days later on. The first part of this holiday is focussed on the scenery and multiple nature reserves and sites of interest are visited. Warm and humid conditions are experienced in the lower jungle regions which can sometimes mean that the paths are muddy. Altitudes of 1800-2400m above sea level are reached in the coffee regions which can make some aspects of these walks harder than you may experience for similar distances at home. The latter part of this holiday we will complete 4 days on the Lost City Trek in the north, this section crosses small and easily traversed rivers several times and

culminates in a long stone staircase to the Lost City. Good standard of hotels are used throughout this holiday, with the exception of the Lost City Trek section; where you will spend the night in camps in the local community - these are open huts with no walls and hammocks or single beds to sleep in. A good level of fitness is required for this holiday, with the difficulties being the terrain and humidity rather than altitude and distance.

# Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

## Rosario Islands Tour

Just 60 minutes by sea from Cartagena de Indias, the Hotel San Pedro de Majagua is situated on Rosario Island, one of the 31 islands in the Corales del Rosario National Natural Park. This park is a treasure trove of ecosystems, home to vibrant coral reefs, colourful fish, crustaceans, and various other species.

### Our day tour package includes:

- Shared boat transportation between Cartagena and Hotel San Pedro de Majagua (non-exclusive)
  - Access to the hotel's two sea entrances, dressing areas, and bathrooms
  - Lunch featuring rice with coconut titoté, green salad, patacones, and one non-alcoholic beverage (water, soda, natural juice, or national beer)
  - Towel service so you'll have access to fresh towels for swimming, sunbathing, or other activities on the Island.
- This day tour can be booked and paid for locally in country in cash or with a debit or credit card.

## Galapagos Islands Cruise

**Create the perfect holiday-of-a-lifetime by adding an exploratory cruise of the stunning and unique Galapagos Islands**

Needing little in the way of introduction, the Galapagos Islands are one of the most pristine natural environments left on Earth. Over 600 miles separate them from mainland Ecuador, meaning they have enjoyed splendid isolation and provide a habitat for a bewildering array of birds, reptiles, mammals and sea life you simply won't find anywhere else.

We have a variety of ships and itineraries and you can choose from two levels of service - Standard and Upgraded, many of which are more affordable than you may have thought. Itineraries are typically between 7 and 10 days which is the optimum length for visiting this natural paradise. During your cruise you will visit a number of the islands, each distinct and renowned in their own right. Sometimes these will be 'dry' landings where you step onto a pier and at others you will make 'wet' landings where you reach the island by small inflatable boats and step directly onto the beach. Every boat has a slightly different itinerary but all are focused on seeing as much of the amazing Galapagos wildlife as possible. There is also plenty of time for relaxation and for swimming and snorkelling from the boats. All of our itineraries begin and end in Quito and include the flight out to the islands.

**Please contact us for details on availability, itinerary options and pricing. (Sample itinerary detailed below)**

You might also want to consider our 10 day [Galapagos Islands Adventure](#), for a more active and immersive experience of these diverse islands. This shore based trip stays in cosy small hotels and guesthouses, allowing us to experience the beaches and wildlife in the early mornings and evenings when the main tourists have disappeared on their boats. Alternatively, if you are looking for something a more luxurious why not spoil yourself on one of our [Galapagos Cruises aboard the luxury Monserrat Motor Yacht](#).

Book this trip as a stand alone tour or in addition to any of our Latin America holidays.

## Meal Plan

13 breakfasts, 9 lunches and 5 dinners are included in the holiday price. Breakfasts are included each morning at the hotel, with lunches also included on the days we have activities and interesting places to eat. On the Lost City Trek all meals are provided. When in towns and cities dinners have not been included, so you may make your own choice from the variety of options- with the exception of a welcome and farewell meal at the start and end of the holiday.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

### Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

The cuisine of Colombia is a little less spicy than some of its neighbours, meals are often simple with a strong reliance on indigenous foods like corn, beans, squash, lot of grilled meat and tropical fruits. Towards the coast you can expect more Caribbean fare, fresh fish, rice and beans and delicious fried plantain. The Colombians love to mix sweet and savoury and those looking to try something a little different should look out for Queso con Arequipa (a dessert of local cheese served with a caramel sauce) and if you order a vegetable soup, you might be surprised to find it served with a banana rather than bread! If you are thirsty you can expect a wide range of freshly squeezed fruit juices and, of course, coffee. If it is an alcoholic tipple you are after, then there will be no shortage of rum on the Caribbean coast or aguardiente (an aniseed flavoured liqueur derived from sugar cane) in the Andean regions.

## Accommodation

The group will spend 1 night in a well located hotel in central Bogota, 2 nights in a boutique hotel in Mariquita, 3 nights in a converted ranch style hotel in Salento, 2 nights in a comfortable hotel in the historic centre of Santa Marta, and 2 nights in a well-appointed hotel in Cartagena's Old Town. During the trek to the lost city we spend 3 nights staying at the fixed camps along the trail. Each camp has a covered area for dining, a mixture of hammock and beds arranged in open-air huts with bunks under mosquito nets, toilets and showers. All necessary bedding is supplied. These basic camps employ local people to maintain the camps and prepare food for the trekkers passing through, but can be quite simple and at times busy. As well as the local guide we are also accompanied by our tour leader who will help ensure the smooth running of camp for our groups.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. During the Lost City Trek the group will also be joined by a tour guide from one of the local communities.

## Altitude

The altitudes on this holiday are not extreme and the maximum altitude attained is no more than the equivalent of a pressurised cabin on an international flight. You may 'feel' the altitude the first time you trek above 2000 metres but all that is required is a slower pace to compensate. You should pay particular attention to your hydration levels while trekking above 2000 metres.

## Spending Money

Approximately £150-£200 per person (or equivalent in US dollars or Euros) should be allowed for tips, soft drinks, snacks and miscellaneous expenses. Alcoholic drinks, souvenirs are additional so you may wish to budget for these. It is possible to use credit and bank cards to withdraw local currency from ATMs in Bogota, Santa Marta, Cartagena and other major towns.

## Additional Information

### Rosario Islands Option from Cartagena

If you wish to take the optional day-trip by boat to the Rosario Islands on Day 13 please let us know as soon as your holiday is confirmed.

You can pay directly to the agent in Colombia for this day trip at a cost of \$117 with cash, credit or debit card.

## Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. The baggage allowance for the internal flight on this holiday is 23kg with one carry-on item of 10kg. For international flights please check your baggage allowance with your airline.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

## Passport & Visas

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (see *Health & Vaccinations* below), and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

### IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH THE USA

If your flights pass through the USA, even if only in transit, you will require either a visa or an ESTA (Electronic System for Travel Authorisation). Citizens of the UK, New Zealand, Australia, Canada and passport holders from several EU countries can apply for an ESTA under certain conditions\*. This must be done online via <https://esta.cbp.dhs.gov>, no later than 72 hours prior to travel and applies whether entering the country by sea or by air. You will need to have a biometric passport to apply for an ESTA. The fee is currently US\$40 (as of 30/09/25). Travellers who have not registered before their trip are likely to be refused boarding.

\*If you have visited Iran, Iraq, Libya, North Korea, Somalia, Sudan, Syria and Yemen since 2011 or have dual nationality with any of these countries, you cannot travel with an ESTA. You will need to apply for a visa from the nearest US Embassy or Consulate instead. Additionally, if you have travelled to or have been in Cuba since the 12th of January 2021, you will not be eligible for an ESTA visa waiver and will need to apply for a US visa. You should consult the US State Department website to determine which you will need.

When completing the ESTA application form you will be asked to enter your 'Point of Contact' information. This is not required if you are only transiting through the USA.

### IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH CANADA

UK citizens will require an ETA (Electronic Travel Authorisation), and you must get this before boarding any Canada-bound aircraft or ship, or entering on a land border. The fee is CAD\$7 and you should apply for it at <http://www.cic.gc.ca/english/visit/eta-start.asp>. Other nationalities should consult their local embassy or consular office

Entry requirements can change regularly so please ensure you have the most up to date information before travelling by checking visa entry requirements at the relevant embassy in your country of residence: (US Embassy in London: <http://london.usembassy.gov/niv/apply.html>)

### Visa Colombia

UK passport holders do not require a visa for short stays.

## Health & Vaccinations

### VACCINATIONS

You should contact your doctor or travel clinic to check whether you specific require any vaccinations or other preventive measures. On holidays to more remote areas you should also have a dentist check up. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella), along with hepatitis A and typhoid. Malarial prophylaxis are required. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

### Yellow Fever

There is risk of yellow fever and you must carry a current vaccination certificate.

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

### Currency

The unit of currency in Colombia is the Colombian peso.

### Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience. You should be aerobically fit and comfortable with walking 4 to 6 hours on consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

### Climate

Colombia's position close to the Equator means that its climate is very stable and there is not really any high or low season to speak of. December to March can be considered 'rainy season', but it can and does rain at all times of year. In Bogota and the Coffee Highlands you can expect reasonable clement temperatures and evenings can be cool. This will be in contrast to the north and the Caribbean coast where we can expect temperatures of up to 30 degrees centigrade and high humidity.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
