## Introduction

Based from the idyllic town of Dobbiaco in the South Tyrol, this one week holiday is the perfect way to advance your cross country skiing skills. This area - The Italian Dolomites, are a dream for cross country skiers! Imagine some of the world's most stunning and inspirational mountain scenery, with over 1000 km (625 miles) of expertly groomed cross country tracks. We have six full days of journeying through this incredible environment, accompanied by an expert instructor who will always be happy to help improve those skills, whilst also allowing everyone the freedom to ski at their own pace. One of the many highlights of the week is having the opportunity to ski part of the 'Tour de Ski' race route, all the way through to Cortina - a journey of approximately 27km, passing rocky gorges and through forests under the spires of the world famous Tre Cime, the Three Peaks. At the end of each day we return to our beautiful hotel, where you can visit the spa and sauna, or just relax with a drink in the cosy lounge before dinner (the food in this area is a wonderful fusion of Austrian and Italian).

### Is this holiday for you?

On this holiday you should expect to ski on a mixture of both flat and rolling terrain on prepared cross country ski trails with parallel grooves. You should already be at a level where you are confident about controlling your speed and direction, and have a good 'snowplough'. You should be able to cope with skiing under control on a variety of terrain both uphill, downhill including some steeper terrain and narrow tracks and be confident about tackling corners while skiing downhill.

Instruction is included, but for these trips you need to have a good 'kick and glide' to be able to travel competently and at a steady pace. You should have a good level of fitness to ensure that you are comfortable with longer days in winter weather, which may include snowfall and cold winds. You should be happy to ski on a variety of snow including perfect fresh tracks, AND tracks less than perfect which may be 'firm and icy'. We do not always use skis with metal edges so it is important that you have good control on descents and while turning.

Ski hire is available locally and will cost approximately 56 Euros for the 6 days, you can upgrade to the top of the range for 65 Euros per week. We will be using 'classic' fish-scale track skis for this trip. If you have your own skis then either fish-scale or skintec skis are appropriate. We do not advise using waxing skis as the temperatures can fluctuated substantially during the course of the day. If you require to hire skis please note this on your booking form (or contact the KE office directly). Your ski pass will cost approximately 40-45 Euros for the week. This covers 900km of tracks in the Dolomites.

## Joining Arrangements & Transfers

Airport transfers are not included on this holiday.

### Travelling By Train:

It is possible to make the entire journey by train from the UK.

For planning train travel we recommend using Rail Europe and Trainline to book your tickets and plan routes.

For travelling by coach, large operators like Eurolines, Flixbus and Ouibus are reliable and inexpensive options.

### By Air:

You can fly into Innsbruck, in Austria, and Venice or Verona, in Italy. Note that Austrian Airways will normally carry ski bags free of charge. We do, however, ask that you verify this yourself.

Innsbruck: take a free shuttle bus from the airport to Innsbruck central train station, a 15 minute journey leaving every 10 minutes. Take a train to Dobbiaco, also called Toblach, via Brennero/Brenner and Fortezza/Franzensfeste. Be aware that in the Dolomites/Sud Tirol all the towns and village have an Italian name and a German name. The train departs hourly for Brennero/Brenner, change here for Fortezza/Franzensfeste, then on to Dobbiaco/Toblach. The journey takes approximately 3h00, and the changes are every 30 minutes at Fortezza and Brennero. If your departure flight is too early for the first local train between Dobbiaco and Fortezza, then you can book a taxi at the hotel to take you directly to Fortezza.

Venice: (either Marco Polo or Treviso airports) Take either the Cortina Express or Flix bus to Cortina, and then change for the local bus to Dobbiaco. Our guests have reported that either route works well, and the journey is enjoyable.

Check out Rome2Rio for other options, including trains from Venice to Dobbiaco or even for the entire journey from the UK. Check [www.sad.it](http://www.sad.it) for local trains to Dobbiaco.

## Meal Plan

7 Breakfasts and 7 Dinners are included.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## **Food & Water**

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

## **Accommodation**

We spend 7 nights at the family run 'Hotel Toblacherhof' in Dobbiaco. The hotel is right beside the cross country ski tracks, and a short walk from our ski hire shop. It is equal distance between the old heart of Dobbiaco and the newer town which is around the beautiful old railway station.

The hotel is a short walk from the train station.

## **Group Leader & Support Staff**

Your ski instructor will be a BASI qualified, or equivalent, Nordic Ski Instructor.

## **Spending Money**

For this holiday, approximately 250 - 300 euros should cover all items which are not included in the holiday price.

## **Baggage Allowance**

As this holiday is centre based, there are no restrictions on the type or weight of luggage you can bring. If you are flying please do check with your international flight's luggage weight limit.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.
