Introduction

An iconic Alpine walking adventure from Chamonix in France to Zermatt in Switzerland. Considered to be the 'Walker's' Haute Route, this superb Alpine trekking holiday is completed in the summer, as opposed to the classic winter ski tour. It takes a parallel, linear route across the spine of the European Alps and links together the famous small mountaineering towns of Chamonix, Arolla and Zermatt. As it is also generally much lower than the Classic Haute Route, this journey is a fantastic challenge for travellers who wish to explore the Alps and enjoy incredibly beautiful mountain scenery, without any technical experience required. Trekking from France into the beautiful Swiss canton of Valais, passing spectacularly beneath 10 of the 12 highest peaks in the Alps, we are treated to amazing views of Mont Blanc itself. Traversing several high and challenging passes we enjoy mountain walking in the Alps at its most delightful.

Lower down, the walking leads through verdant Alpine valleys with cascading streams, pretty hamlets and flower-strewn meadows. For the last day of trekking we have a wonderful valley-side walking trail which provides stunning views of the Matterhorn. Overnight accommodation on this great trekking holiday adventure in the Alps is provided in a variety of small hotels, atmospheric gites and spectacularly located alpine mountain refuges. Led by English speaking IML qualified guides and fully supported with access to luggage on all but two nights, our holiday offers the best chance of completing this challenging walking traverse.

Is this holiday for you?

This is a classic Alpine walking route on good trails. The average distance covered each day is around 16 kilometres (10 miles) and there is a considerable amount of ascent and descent, with several passes close to 3000 metres. Regular hillwalkers will find this trek to be well within their capabilities but it is not really for first time trekkers. This holiday is fully supported and clients will not be required to carry sleeping bags or significant amounts of personal gear other than what is required for the day's hike. There are a total of two nights spent in mountain huts where there is no access to trek bags. Otherwise group members will have access to their main luggage on each evening.

Joining Arrangements & Transfers

TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

The group will rendezvous at the hotel in the Chamonix Valley on the evening of day 1 of the trip itinerary. For clients arriving by air, the easiest way to get to Chamonix is to fly to Geneva Airport and make use of an airport transfer service. We recommend [mountaindropoffs.com](#). KE clients can get transfers from around €40 each way by entering the promo code KEADCHX. Please note that transfers are subject to availability and your flight details are required a minimum of 72 hours before your arrival in Geneva.

Returning from Zermatt

This trek ends in Zermatt. KE services end after breakfast on Day 12 of the trip. The most convenient way of returning from Zermatt to Geneva is by train. To make a booking with Swiss Federal Railways, go to their website at [www.sbb.ch](#). If you intend to book your ticket in advance, note that the Swiss Rail website defaults to the concessionary fare which is half the normal fare. You must untick the 'Reduced fare' tick box before making your purchase. There is a station in Geneva Airport and there are several connections throughout the day. The journey takes approximately 3.5 hours from Zermatt and costs approximately CHF 95.

Meal Plan

All meals are included except for lunches. Lunches can be easily purchased from supermarkets, bakeries or your accommodation along the way.

We do recommend you bring a few additional trail bars and snacks with you (not chocolate as it can melt) - these can of course also be purchased along the way, but it is sometimes nice to have your favourite hill food with you.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

When in the towns and villages all tap water is drinkable. In mountain huts there is usually not a sustainable drinking water supply. Water in plastic bottles is brought in to the hut. All huts have a recycling point. If you have to purchase water in plastic bottles please buy the largest bottle you can so as to use less plastic. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water if you can fill from a local stream. Bottled water is not provided. We do not encourage the purchasing of single use plastic bottles. Local authorities are working to find solutions to using plastic water bottles in huts. We monitor the situation carefully for updates.

As to be expected, the food available in restaurants and hotels in France and Switzerland is excellent. Continental breakfasts and evening meals are provided by our accommodation.

Accommodation

During this trip the group will spend 9 nights in comfortable hotels or gites and 2 nights in mountain huts with bedding provided. Where we can, we will book couples in twin rooms. Other travellers will be accommodated in same sex twin or triple rooms, which may be with shared bathrooms. Single rooms are not available.

In the mountain huts the accommodation will be in non-segregated, dormitories. In most mountain huts, washing facilities are very limited - there are sometimes showers available for an additional cost. This type of shared accommodation is all part of the Alpine mountain experience.

Group Leader & Support Staff

The group will be led by an IML qualified leader.

Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

The package price includes all accommodation, guiding and all cable cars. You should make an allowance for lunches, additional snacks, drinks etc. Note: bottled water, if bought in the huts, is very expensive. Beer, wine and soft drinks are available every night. Please note that almost all of the route is in Switzerland and you should take most of your money in Swiss francs. Approximately CHF300 plus around 100 Euros should adequately cover typical personal spending requirements. There are ATM's in Geneva airport where you can withdraw cash in swiss francs only. There are also cash point facilities in Argentiere and in Zermatt.

Baggage Allowance

For this holiday you should take one piece of luggage (maximum weight 15kg) and a daypack (of around 30 - 40 litres). Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline. Your main bag will be transferred between overnight stops and you should have this ready for collection by 8.30 each morning. The bag will normally be delivered to your hotel by 4.00pm. There are two nights when you will not have access to your main bag. It is not possible to ride with the baggage transfer vehicle.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Currency

The currency for part or all of this holiday is the Euro.

The unit of currency in Switzerland is the Swiss Franc.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. We would suggest that you adopt a weekly exercise regime leading up to your trip. The best exercise for a trip like this is regular hiking but jogging, squash and swimming are also good for developing better stamina. Before departure, we suggest that you try to fit in a number of long walks in hilly country.

Climate

The temperatures that we can expect to encounter during the day will be reasonably warm, ranging from 10°C / 50°F to 25°C/ 77°F. It can be cool in the evenings at our highest overnight stopping places, falling close to freezing point at night. The weather is usually stable during July and August, but mountainous areas do generate their own weather systems and occasional rain and even stormy weather cannot be ruled out. You should be prepared for all eventualities!

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
