Introduction

This extraordinary overland holiday is a truly epic journey travelling through some of the most spectacular parts of four countries: Zambia, Malawi, Mozambique and South Africa. We include opportunities to see many of the classic African wildlife species on walking safaris and game drives. On the Zambezi River we have an unforgettable two day canoe adventure, wild camping overnight on an island in the heart of the untamed Zambezi river. Our time in Malawi is focused on its beautiful lake and we explore the bays and coves by boat.

We travel for three days through Mozambique, camping in remote parts and ending up on its white-sand beaches on the Indian Ocean coastline at Vilankulos. A local dhow takes us to explore the Bazaruto Islands, where we can swim in the warm sea and walk on the paradise beaches. More snorkelling and a fish braai (BBQ) and we are off to the world famous Kruger National Park in South Africa for a final blast of African wildlife viewing before we finish in Johannesburg. With a mix of lodges and camping in remote locations under the vast African skies this journey really is a dream experience you will treasure forever.

Is this holiday for you?

Everything in Africa is on a big scale, and to cover the ground necessary, your journey includes many long day driving. Such drives, including your game drives, can often be on dirt tracks, graded roads and also tar highways. The driving times are indicated on each day. These times do not include stops along the way. We ensure that regular comfort breaks are taken, and stops try to be scheduled to visit interesting towns or sights.

We have 2 days canoeing on the Lower Zambezi River. You do not need to have canoeing experience, however you should be confident in the water. Buoyancy aids are provided and must be worn at all times when on the river. The majority of nights you will be camping. Designated campsites have showers and some have a bar or swimming pool. We have 1 night wild camping. You will need to put your tent up, and help pack up the truck in the mornings.

Most of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation - it's all part of the adventure and when everyone puts in a little effort the trip runs smoothly.

This journey is suitable for the adventure traveller who likes covering large distances, looking to experience some of Africa's most special safari, river, lake and beach experiences.

DAY 2

Day to explore Livingstone and Victoria Falls.

Today is yours to spend at leisure around Livingstone and the mighty Victoria Falls. Close to the falls are several handicraft markets which are great for some souvenir shopping. If you are feeling a little more adventurous or wish to see the falls from a different angle, you may wish to consider one of the extra activities that are available to book and payable locally. These include white water rafting or a half-day canoeing the Zambezi. Whatever you chose you'll have a fabulous first full day on this incredible journey through Southern Africa. Depending on season, water levels of the falls will vary (late November to early April is the wet season, with the remainder of the year being dry).

Also plains antelopes such as impala, puku and kudu can usually be seen. Big cats such as leopard and lion are also here in abundance. The ancient trees in this area provide a perfect habitat for many bird species as well. We have 2 games drives (open 4WD) or walks today. We enjoy a sundowner at the rivers edge and listen to the African night-time chorus of noisy frogs and cicadas. South Luangwa National Park - game drives and walks.

During the dry season (Jun-Oct) we have game walks in this national park, they are very special and an experience which will last a lifetime. Our guides all have a passion for their country and how special the area is - and love to tell us about everything that we see. South Luangwa is known as one of Africa's best parks, and you will see why when walking through it. The wildlife is incredible and the landscape is breath-taking, reminding us of a bygone era. Joining Arrangements & Transfers

The group will meet at the accommodation in Livingstone (Zambia).

Arrival transfers from Victoria Falls Airport (Zimbabwe) or Livingstone Airport (Zambia) are provided for all clients to the group accommodation. On Day 1 at 1400 at the accommodation in Livingstone, you will meet your guide for an introduction and briefing.

On the last day of the Land Only itinerary, the itinerary ends in the late afternoon at the group hotel near Johannesburg Airport via one stop at the airport. Flights should not depart before 1900.

We can provide private transfers at an additional cost. Taxis are also available and are often cheaper.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

21 breakfasts, 19 lunches and 16 dinners are included.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

The majority of the meals are provided. Breakfast will be cereals and yoghurt, with coffee, tea, toast and the occasional cooked breakfast. Lunch will typically be picnic style - cold meats, cheese, salads, bread, rolls and fruit. Dinner will be potjies (traditional stews), braais (barbecue), stir fries, pasta dishes, curries etc. Very often cooking will be on an open fire. Fresh produce will be used wherever possible and fruit squash, tea and coffee will be served with breakfast and dinner.

Many of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation. Some meals are taken at the accommodation or in local restaurants. Vegetarians and special dietary requirements (allergies) can usually be catered for, but it is essential that this information is received on booking.

There is one cool box available for the group to put your own drinks in. Stops at supermarkets are regular to pick up fresh food and supplies such as alcohol and soft drinks.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

For 14 nights we stay at designated campsites, in or bordering national parks and towns. Campsite facilities are generally very good but in places can be basic. There are mainly hot showers available, but on a couple of occasions only cold showers available. Restaurants, a bar are available at most of the campsites. A few of the campsites have swimming pools as well. Some camps in Zambia have simple reed enclosures for showers but do not have flush toilets.

For 1 night while canoeing on the Zambezi River we camp wild on an island in the middle of the river. Wild camps have no facilities; we will need to take our own water and all equipment. Wild camping can be very enjoyable but please remember that we leave no trace of our stay and take all rubbish away with us. Toilets will be of the "dig and bury" variety.

We supply all the camping equipment with the exception of your sleeping bag and pillow. The dome tents we use are 2.2 x 2.2 x 1.8 meters and putting them up or down takes only 5 minutes. Tents have built-in insect nets. We supply mattresses, which are about 5 cm thick, warm and comfortable. The camp chairs have a backrest. You will need to put your tent up, and help pack up the truck in the mornings.

There are 7 nights staying at variety of different guesthouses, lodges and tented lodges. Often they have an African style to them with colourful traditional blankets, ornaments and smiling friendly staff. The rooms are twin/double with en suite facilities. Some of the accommodations have a bar and a swimming pool.

At some overnight stops Wi-Fi is not available.

Most of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation - it's all part of the adventure and when everyone puts in a little effort the trip runs smoothly.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single tents and rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group accommodation are available on request.

Group Leader & Support Staff

Group leaders are the key to any successful safari. On this adventure safari, you will travel with two, qualified and experienced, registered field guides (FGASA). Two guides as crew, not a guide and a driver, adds up to an informative and interesting small group holiday. Our guides have a passion for Africa, her people and wildlife, and they love nothing more than sharing their knowledge with you.

Spending Money

We estimate that a total of around £400-500 per person (or equivalent in euros/dollars) should be allowed for personal spending. This amount should be sufficient to cover non-included meals (£10-15 per meal) and miscellaneous expenses, including tips to local staff. If you are intending to buy expensive souvenirs, considerable quantities of soft drinks / beer or undertake additional activities or excursions, you should budget accordingly (credit cards can be useful in this respect).

In the countries you are travelling through on this trip, both local currencies and USD\$ are both widely accepted. There will be the opportunity to change money into local currency on arrival at the airport (which we advise you to do) and your local leader will advise further places to change money, or extract money from ATMs en-route and at borders. Worldwide credit cards are useful in this case, most countries accept Mastercard and Visa, except for Mozambique where only Visa is accepted. American Express cards are not widely accepted.

Many small traders will accept USD\$, or local currencies. Your notes should be clean and undamaged. And please avoid USD\$100 and old issue 'small head' USD\$ notes as they might not be accepted.

Guidance on Tipping

Your tour leader also works extremely hard to ensure that your holiday runs smoothly and that you are happy. We suggest that a tip of £2-5 per client per day for your tour leader is reasonable. As in all cases with tipping, the final decision of the amount tipped is up to the individual. It is up to you to decide if you thought the service was poor, or exceptional, and the amount tipped should reflect that. The amounts quoted above are guidelines for you to get an idea of what to tip.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Your baggage will travel in the gear compartment of the truck with the group, and there is a finite amount of space. Please keep the weight of your main luggage to 12kg. You should bring a soft bag as these are more suitable to pack in the vehicle. For the 1 nights wild camping on the Zambezi River you will take only what you need for the overnight. These items will be packed in waterproof barrels.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

Group Members

We sell this holiday in conjunction with our local operator in Southern Africa. This enables us to gather together sufficient numbers of like-minded adventurers to get the holiday up and running quickly. For this holiday the minimum age is 12 yrs, however it is unusual to have people under 16yrs.

South Africa Indemnity Form

As a member of the South African Tourism Service Association, our ground agent in South Africa may require you to complete an indemnity form at the start of your holiday, which you will need your insurance details for. As a client of KE Adventure Travel, your rights under the Package Travel and Linked Travel Arrangement Regulations (2018) are unaffected and KE Adventure Travel will remain liable for the actions of our suppliers.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Visa Zambia

British passport holders do not need a visa in advance and can obtain a visa on arrival. The Government of Zambia recently announced the removal of all visa fees for British passport holders. However implementation of the policy has not yet been confirmed and British nationals may still be charged \$25 on arrival.

Other nationals should check details online to see if they need an e-visa.

Important Note for Victoria Falls: Please check your itinerary and your arrival/departure flights. If your accommodation and flights are from a different side of the falls you may need both a Zambian and a Zimbabwe visa. The town of Victoria Falls is in Zimbabwe, and the town of Livingstone is in Zambia.

Additionally If you visit the falls (on the border) and wish to cross the bridge to the other side you will require a visa for both countries.

A KAZA UNIVISA for Zimbabwe and Zambia is cheaper than purchasing the two visas for Zambia and Zimbabwe separately. The visa is valid for 30 days as long as you remain within Zimbabwe and Zambia. It is also valid for day trips to Botswana crossing over the Kazungula borders. It will not be valid if you overnight in Botswana.

It's available at the international airports in Lusaka and Livingstone and at the land borders at Livingstone (Zimbabwe border) and Kazungula (Botswana border). You can also apply online. It costs US\$50 for single entry, or US\$75 for double entry. Both are valid for 30 days from date of purchase.

Please note: The Government of Zambia recently announced the removal of all visa fees for British passport holders. However implementation of the policy has not yet been confirmed and British nationals may still be charged \$25 on arrival. This may affect your decision to purchase a Kaza Univisa.

Visa South Africa

UK and USA passport holders do not require a visa for short stays. You must have 2 blank pages in your passport.

Rules on **travelling with children under 18 years** have been relaxed. Visa exempt children entering South Africa only need passports, and not birth certificates as previously required. This applies if the child is travelling with both parents, one parent or an adult who is not a biological parent, and school groups. There are some different requirements for unaccompanied children, and children who do not have UK passports or visa exempt passports. For full details please see the FCDO website.

Visa Zimbabwe

A visa is required. This is obtained on arrival and is \$55 single entry and \$70 for double. Payment must be in cash and you should take small denomination notes for this.

Important Note: Please check your itinerary and your arrival/departure flights. If your accommodation and flights are from a different side of the falls you may need both a Zambian and a Zimbabwe visa. The town of Victoria Falls is in Zimbabwe, and the town of Livingstone is in Zambia.

Additionally If you visit the falls (on the border) and wish to cross the bridge to the other side you will require a visa for both countries.

Visa Mozambique

Visitors to Mozambique intending to stay less than 30 days do not require a visa to enter the country. Therefore for this trip, all passengers are visa exempt.

Visa Malawi

Most nationals require a visa. An Electronic Visa can be obtained online via the Malawi Government e-visa Portal. The visa fee is \$65 for single entry and \$145 for double entry. You can also obtain a single-entry tourist visa on arrival. Payment for visa on arrival must be in cash and you need to have the correct amount of in USD. To save time you can fill in the visa form prior to arrival (not essential).

Health & Vaccinations

VACCINATIONS

You should contact your doctor or travel clinic to check whether you specific require any vaccinations or other preventive measures. On holidays to more remote areas you should also have a dentist check up. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella), along with hepatitis A and typhoid. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

Malaria

There is a risk of Malaria in this country. Malarial prophylaxis are required.

Yellow Fever

A certificate of yellow fever vaccination is required if travelling from countries with risk of yellow fever transmission and for travellers having transited for more than 12 hrs through an airport of a country with risk of yellow fever transmission.

Bilharzia, or Schistosomiasis, is present in Lake Malawi. We do not recommend swimming in the lake. If you do decide to swim in the lake then you do so at your own risk. If anyone does take the risk then a diagnostic test at your Travel/Health clinic can be done on your return home and tablet treatment has a good success rate if caught within good time.

Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Climate

This central region of Southern Africa is subtropical and generally warm and mild / humid. October and November are hot, day and night. November to April is the hottest time of the year with chances of showers to heavy rains later in the season. May to September is cool and dry.

The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
