Introduction

This superb, easy-paced trekking holiday has been recently refined and extended and provides the perfect introduction to the foothills of the Nepal Himalaya. We start out with a city sightseeing tour in Kathmandu, before flying on to Nepal's second city, Pokhara. Six days of trekking then take us to some of the prettiest villages in the valley of the Modi Khola, on the south side of the Annapurnas. Staying in comfortable and characterful lodges run by Mountain Lodges of Nepal (MLN), with twin-share rooms and en-suite facilities, we will be able to enjoy some of the most picturesque landscapes in Nepal.

Lush, green farmland, terraced fields, tumbling streams, smiling villagers and the backdrop of some of the world's great peaks, including Annapurna 1 and the stunning 'Fish Tail' peak of Machhapuchhre. Walking through rhododendron forest, with tree orchids, magnificent magnolias and several species of monkey, we will stay each night at a different lodge, each with its own particular charm, great food and outstanding views. Returning to Pokhara, we spend a night at a very comfortable resort hotel, before making the short drive to the Newari village of Bandipur. Famed for the quality of its architecture, which dates back several hundred years, this is a great place to spend a couple of nights, do some exploring, meet the Nepali people and soak up those final views of the Himalayas. The MLN Bandipur Lodge was formerly known as the 'Three Mountain Lodge' for good reason. Three of the world's 8000 metre peaks can be seen from our private balconies - Dhaulagiri, Annapurna and Manaslu. Using first class hotel accommodation in Kathmandu and the very best standard of lodges available on the south side of the Annapurnas, this really is a 'pampered' one week trekking holiday.

Is this holiday for you?

This trekking holiday starts out with 6 days of trekking in the foothills of the Annapurnas. Most days are relatively leisurely, but the second day, from Birethanti to Ghandruk, does involve a long and steady ascent of almost 1000 metres. There follows 3 further days of hiking in the Mahabharat Range on the south side of the Pokhara to Kathmandu highway. The trekking is generally neither difficult nor sustained; most days extend to no more than 4 hours (sometimes spread out over a longer day including stops and visits). Throughout, we will be following well-established and well maintained walking trails and the maximum elevation attained on the trip is around 2000 metres which is very low for a Nepal trekking holiday. We do not anticipate any problems with acclimatisation to the altitude. With upgraded accommodation each night, this is a relaxing trekking holiday eminently suitable for a first time visit to Nepal.

All meals outside of Kathmandu are included. Breakfasts and the first night and last night dinners in Kathmandu are also included.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Throughout this trip there will be the opportunity to sample local cuisine, but there will always be an option for more familiar international dishes. All the lodges on this trek have first class chefs and food is prepared to the highest quality. In Kathmandu and in Pokhara, the cities' restaurants are internationally known and it is possible to find restaurants and food items from almost every cuisine in the world.

Accommodation

Whilst in Kathmandu the group will stay in 5-star luxury at the renowned Yak and Yeti Hotel which offers a range of first-class facilities including a fitness centre, luxury spa and swimming pool. The Yak and Yeti will assure you of a restful start and finish to your time in Nepal. There is also a night at the excellent Barahi Hotel in Pokhara. Each night on trek we will stay in one of the very pleasant lodges run by Mountain Lodges of Nepal (formerly Ker and Downey properties) which offer comfortable twin or double rooms with attached bathroom and hot and cold running water. All accommodation is on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex. Depending on availability, single rooms can be requested at a supplementary cost. Additional hotel nights in Kathmandu can also be arranged.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Spending Money

Approximately £200 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £70 (in rupees) to these tips. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar. This will be carried during the trek by porters or pack animals and must weigh no more than 15kg. You should also take on your holiday a daypack of approximately 30 litres capacity. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

If you are travelling via India (Delhi or Calcutta) to your destination you may also require a visa for India. This may apply even if you are not leaving the airport unless your baggage has been checked all the way through to your destination. Generally, if you use the same carrier for both legs of your journey, you will not need an India Visa. Please download the detailed information document: [Visa PDF India](#).

Your passport will be returned to you by your tour leader at dinner.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. On holidays to more remote areas you should also have a dentist check up. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

Malaria

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

Dengue Fever

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Although the trekking on this trip is not difficult or sustained, hiking at even moderately high altitude is more tiring than at lower elevations. We suggest that you adopt a weekly exercise regime leading up to your trip. Regular hiking in hill country is the best training but any regular exercise such as jogging or swimming is also good for developing cardio vascular fitness and stamina. Before coming on the trip we recommend that you make time for some longer walks in hilly country. It is also a good idea to do some reading about the culture of Nepal. There are many books on this subject and some are listed below.

Climate

Whilst October to November and March to May have traditionally been considered to be the best times to visit Nepal (either side of the monsoon and neither too hot nor too cold), these seasons can comfortably be extended to include the period from December to February for holidays which do not trek to the really high altitudes. Pre-monsoon (February to May) the best of Nepal's colourful flora is in evidence, with plants such as rhododendron and magnolia in full flower. This is also the main climbing season for the 8000 metre peaks. The post-monsoon months (October onwards) usually offer the clearest skies and the most settled weather. Temperatures in Kathmandu and during the trekking will range from around 18 or 19 degrees Celsius in December/February to between 22 and 27 degrees Celsius in April/May and September/October. In Pokhara it will be a couple of degrees warmer than this. Outside of the summer monsoon, this part of Nepal receives very little rainfall but mountains do produce their own localised weather and short-lived storms cannot be ruled out at any time of the year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

Annapurna Adventure Trekking Map - 1:125,000

Nowadays the best maps of Nepal tend to be produced in Nepal. This map is a collaboration between the Nepal publishers 'Nepa' and National Geographic. It covers the whole of the Annapurnas plus Pokhara. This is an excellent map, although the scale at 1:125,000 does not provide quite enough detail.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Notes

You do not need a sleeping bag. Bedding is provided at the lodges.

Before setting off on trek the lodge company - Mountain Lodges of Nepal - will provide some items of gear including a trekking pole, water bottle, rain poncho, hat and scarf. The first 3 of these items you will be required to return at the end of the trip. The hat and scarf you can keep as souvenirs. Additionally, in your room at each of the lodges, you will find other items of gear including down jackets (one size only - large or extra large) which you can use during your stay at that lodge.

The Nepalese can still be traditional and conservative in the way they dress. Therefore, to avoid embarrassment on both sides, we recommend that you respect this and do not wear revealing clothing or sleeveless tops while visiting Nepal. Shorts are acceptable, but they should reach to just above the knee and be modest and for women it is preferable to wear trousers or a long skirt.
