Introduction

This 14-day cruise to Antarctica aboard the MS Expedition which is uniquely equipped to meet the demands of cruising in polar regions. This itinerary is similar to the 'Antarctica Classic' except if you go 'In Depth' you have an additional two days to explore its majesty. We board the boat in Ushuaia, the southernmost city on Earth, which is situated in the Argentinean part of Tierra del Fuego. Our journey takes us through the Drake Passage to the so-called Antarctic Convergence, where colliding cold and warm waters force nutrients to the surface, attracting seabirds and whales, and giving us our first glimpses of Antarctic wildlife. Further south, we reach the South Shetland Islands and cross the Bransfield Strait to reach the Antarctic Peninsula.

Here we enter a world of immense scale and visual splendour, the last true wilderness on earth. Huge blue icebergs calmly floating in the waters, massive penguin rookeries, seabirds diving and whales breaching. Zodiac excursions are guided by the expert expedition staff and there are opportunities for kayaking and also to camp for a night on the Antarctic Peninsula. Built for the Southern Ocean the MS Expedition is a sturdy ship with a passenger capacity of just over one hundred. With its dining areas, presentation rooms, different cabin sizes, mud room and viewing decks you will have plenty of space and entertainment whilst onboard. Each day there are presentations and informative talks from the staff on the wildlife, history and environment of the area. After 6 days around the peninsula, we return through the Drake Passage with magical memories of an enchanted world.

Is this holiday for you?

This is principally a touring, sightseeing and wildlife viewing holiday, with minimal exertion required - it is graded easy. If you choose to go ashore, you will need to make the transfers from the ship to a Zodiac and onto land. Short walks on the Antarctic Peninsula are optional and weather dependent. You should also consider that some of the classes of accommodation involve the use of bunk-beds. Whilst on deck or during excursions, you need to be prepared for cold temperatures. The itinerary remains flexible, according to the variability of the weather and sea conditions at these southerly latitudes. A suggested itinerary for the holiday is given, but may be subject to change.

On certain departures you can book kayaking, experience is essential for these kayaking excursions. A

night camping on Antarctica is also possible. All equipment is provided for kayaking and camping. Early booking is essential. Cabin upgrades are also available.

Please see our online Polar Guide for the differences between our departures, ships and more Polar information.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Antarctic Camping Excursion

On the day of the camping expedition dinner will be served onboard - eat heartily as there will be no personal snacks allowed onshore as per IAATO regulations. After dinner you will go by Zodiac to the campsite and after setting up camp for the evening, you will have time to explore the area and enjoy the Antarctic evening. The following morning, wake up time will be about an hour before ship's breakfast, allowing time to collect and stow our equipment before journeying back to the ship by zodiac.

Previous camping experience is not necessary, but members of the camping group will be asked to help put up tents under the instruction of the expedition leader. As we are in a ecologically sensitive environment, we ask that members of the group, follow closely the instructions of the expedition leader in order to minimize impacts, and ensure that we at all times, meet and exceed IAATO regulations. Safety is always paramount. Each camping expedition is restricted to a maximum of 20 campers and will be accompanied by a minimum of two experienced Expedition Staff members.

Communication with the ship will be maintained throughout the excursion and we carry emergency rations in the event that our schedule becomes extended as a result of weather conditions. Accommodation on the camping expedition is twin-share. Single travellers will be paired with other single travellers of the same sex.

1 day from
US$505 per person

Sea Kayaking - Antarctica In Depth

Going eye to eye with an inquisitive whale is a rare and special moment that will carve itself into your memory. Kayaking isn't just an outdoor adventure, it's an opportunity to experience these remote regions from another vantage point. You'll venture out to sheltered bays and areas known for calmer waters and take part in group kayaking trips led by our experienced and skilled leaders. No other activity gets you as close to the natural environment!

Kayaking excursions are dependent on weather but kayakers can expect around 4 trips per cruise. Previous kayaking experience is strongly recommended. You do not need to know how to roll a kayak or do a self-rescue. Professional guides will be on board to help you with new skills or to offer coaching to improve your paddling performance.

It is essential to book early for this experience - you can not book this once on board and places are very limited.

Upon completion of the 08:00 disembarkation in Ushuaia, passengers will receive a complimentary transfer to either the airport or a central location where luggage can be stored.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals whilst on board the M/S Expedition are included. Breakfast only is included while staying in the hotel in Ushuaia. All other meals you will pay for directly. In practice this amounts to a total of 2 dinners and 1 lunch while in Ushuaia. We recommend you allow about US$20 per meal in Ushuaia.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as **Water-to-Go**, which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Onboard the ship a diverse range of international dishes is available. Meals are prepared and catered by professional chefs and all meals are included in the trip price. Dining is casual, tables are unassigned and the dining room is capable of seating the entire passenger compliment at one time. There is always a selection of different meals available with plenty of options for vegetarians. Special dietary requirements can be accommodated with advance notice (please advise us at time of booking). Coffee, tea and water are all provided free of charge. All other beverages, alcoholic and non-alcoholic are not included and can be purchased in the dining room, pub or the lounge.

Accommodation

During this trip the group will spend 2 nights at an hotel in Ushuaia at the start of the trip. For these two nights in Ushuaia, for solo bookings the first night will be a single room and the second night on a twin share basis. The following 11 nights are spent on board the fantastic Expedition Polar Cruise Ship.

The Expedition has multiple large public areas to enjoy during sea crossings and in between land excursions. Amenities include:

All cabins with private en suite and outside view,
Library,
Medical clinic with licensed doctor,
Lounge area,
Dining Room - serving international cuisine and large enough to accommodate all passengers in one sitting,
BBQ area,
Forward deck viewing platforms,
Gym,
Gift shop,
Laundry service (for a small additional charge),
Wi-Fi - not guaranteed (for an additional charge),

Accommodation on board is based on a triple cabin with porthole. If you are travelling by yourself you will be paired up with other single clients of the same sex. Cabin upgrades to twins and cabins with larger windows are possible (depending on availability) on the Expedition. Single cabins are also available for an additional cost. Additional hotel nights (before or arrive) in Longyearbyen are available for a supplementary cost.

Group Leader & Support Staff

A carefully chosen team will lead your voyage. The MS Expedition ships boast an international team of professional naturalists and lecturers. Their goal is to provide an informed and balanced interpretation of the destination, accomplished through stimulating lectures, day-to-day briefings, and informal discussions. Your lecturers and Expedition Leader will cover all aspects of the voyage including ornithology, marine biology, geography, geology, history and the environment, as well as practical things like photography. The expedition staff work conscientiously with you on deck and in the field, improving your observational skills to allow you to experience all that the destination has to offer. Their strong sense of ethics and ecological knowledge make for stimulating and mindful conversation whether onshore or at the dinner table. The Expedition Staff will pilot the Zodiac landing craft used for shore landings and Zodiac cruises; they are experienced drivers who operate the Zodiacs in a responsible manner.

Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

Spending Money

It is not practical to set a recommended amount for personal spending money on a holiday like this. All meals while on board and the daily Zodiac excursions are included in the price. The main extra spend on board will be on drinks and this will vary greatly from person to person. As a guide, we recommend you allow $10-15 per day for tips to your crew and expedition staff. You will also require approximately $15 - $20 per meal while you are staying in Ushuaia. It is possible to withdraw cash US dollars from ATM's in Ushuaia. On board ship, bar bills can be put on a tab and paid at the end of the cruise by credit or debit card. We recommend that you bring a minimum of US$200 in cash for emergency situations where you are unable to withdraw money from ATMs. On board all prices are in $ USD.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to the staff who have assisted you on your expedition. Tips do not form any part of the wages of the staff but they are very much appreciated. It is important to remember that tipping is voluntary and should be dependent on good service. Normally tips are collected by the Hotel Manager at the end of the voyage and distributed amongst the crew and Expedition Staff. The Officers in charge of the ship choose not to participate in the tipping pool. As a guide, we recommend that each group member contributes around $120 - 180 to these tips.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline (the baggage limit on the domestic flight between Buenos Aries and Ushuaia is 20kg). Please note that you should be able to carry your own luggage.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the ‘Dates and Prices’ table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

Group Members

As this holiday is run with G Adventures, the minimum age is 10 yrs (anyone under 18 must be travelling with a parent or guardian).

The holiday will be conducted in English. Generally on these trips there will be a mix of nationalities but it is not possible to guarantee this.

Citizens of the UK, New Zealand, Australia, Canada and passport holders from several EU countries can apply for an ESTA under certain conditions*. You will need to have a biometric passport to apply for an ESTA. The fee is currently US$40 *(as of 30/09/25).* Travellers who have not registered before their trip are likely be refused boarding.

You should consult the US State Department website to determine which you will need.

When completing the ESTA application form you will be asked to enter your 'Point of Contact' information. This is not required if you are only transiting through the USA.

IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH CANADA

To enter the country, each traveller must present the following documents:

- Valid medical insurance that provides coverage for the entire duration of the stay.

Health & Vaccinations

Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

On holidays to more remote areas you should also have a dental check-up.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.

Please check the FCDO and Travel Health Pro. For all of your intended destinations for up-to-date advice.

Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

Currency

When on the ship everything is priced is US$. If you are paying in cash you will need US$, if you are paying by card your bank will use their exchange rate.

The unit of currency in Argentina is the Peso.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Although this is principally a cruise holiday you will have the opportunity for walks on the peninsula and a basic level of fitness is required to get in and out of the Zodiacs.

Climate

Along the Antarctic Peninsula, temperatures as high as 15°C have been recorded, though during the Antarctic summer temperatures are typically between 0 and 2°C . The wind will be a significant moderating factor and you must come prepared for 'real feel' temperatures as low as -20°C. The Antarctic is technically classed as a desert averaging 166 mm of precipitation per year. Although you are unlikely to experience any precipitation storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's **'Travel Aware'** campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. All other nationalities should check their government websites for relevant information.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
