Introduction

This overland safari adventure encompasses some of Africa's most unique and diverse game reserves and national parks over more than 2700km. Departing Johannesburg for Botswana our first stop is the Khama Rhino Sanctuary, which provides prime habitat for the dwindling rhino population. We then head to the vast wetlands of the Okavango Delta and leave behind our vehicles to be gently poled along the water ways in a traditional Mokoro (a dug-out canoe). We can get up close and personal with the flora and fauna here before returning to our island wilderness camp for a sundowner. Moving on from the delta we head to the Moremi Game Reserve, with its abundance of wildlife, we'll spend each day here searching for the big five under the expert eye of our guides. Upon leaving Moremi the landscape changes again as we follow Baobab trees, dotted across the glimmering saltpans of the Makgadikgadi. Heading on to Chobe National Park, we will hope to encounter large matriarchal herds of African elephants for which this park is famous. At dusk we may find them snorkelling through the broad shallow waters of the Chobe river, heading back to the river banks after grazing the lush green grasses of the islands within this riverine system. Our final stop takes us across the border into Zimbabwe to marvel at the thundering rush and rainbow clouds of Victoria Falls, completing this great and varied African overland lodge adventure.

Lodge safari not your thing? How about a camping trip instead? Check out our Best of Botswana Camping Safari for an alternative perspective on this sister trip. The majority of both trips cover the same ground, except for the final few days prior to Victoria Falls where our lodge safari visits the vast expanse of the Makgadikgadi Pans whilst the camping itinerary goes to the fantastic Savuti Game Reserve.

If you would like further information on when to go to Southern Africa on safari and which trip suits you the best, please refer to our detailed guide: Which safari is right for you?

Is this holiday for you?

These trips cover thousands of kilometres on bumpy and sometimes unmade roads, in functional vehicles making them a physically demanding but rewarding experience. They start very early, often at or before dawn, and finish late, and require all members of the party to assist in food preparation and

loading vehicles. Helping each other with these straightforward tasks is a great part of the adventure, whilst also helping to break ice and galvanise the group.

There are several walks in this itinerary. These may be on paved surfaces, uneven sandy dunes or rocky terrain and are always accompanied by your experienced guide. Each walk is paced with time for your guide to interpret the environment around you. On walks within game reserves it is vital to keep up with the group line and move together in case of any animal encounters.

DAY 2

Drive north across the border into Botswana and to the Khama Rhino Sanctuary.

We make an early start to our African adventure, meeting our fellow travellers and guides before departing Johannesburg to landlocked Botswana. During the drive we hope to spot our first glimpse of African wildlife as we head to the Khama Rhino Sanctuary. This community wildlife project, was established in 1992 to assist the plight of dwindling rhino populations and restore an area formerly teeming with wildlife to its previous natural state. After our long drive, we check in and head out into the sanctuary on a game drive hoping to spot white or endangered black Rhino. With a number of lush waterholes, Khama supplies the perfect habitat for rhinos to breed. Whilst the focal point of this visit is the rhinos, 230 species of birdlife and towers of giraffe all flourish within this rich environment. Staying in our here provides the perfect introduction to Africa and our safari holiday. Approximate drive time: 7 - 8 hours.

DAY 3

Continue north-west to the Okavango Delta gateway town of Maun.

Having acquainted ourselves with pace of Africa, we now travel further into Botswana, heading to Maun, where we prepare for our Okavango adventure the following day. Maun is the capital of the Batawana

people and the word is derived from 'maung' which is 'place of short reeds'! Our guide will brief us, and we re-pack taking only what we need for the next 2 nights in our daypacks. Our main bags will travel separately to Moremi. Approximate drive time: 6-7 hours.

DAY 4

Transfer by 4WD and mokoro canoe to our private Okavango Delta camp. Afternoon walking safari to look for elephant, hippo and giraffe.

Transferring into our open 4WD vehicles, we will drive into Okavango Delta. Every year, over 11,000 cubic kilometres of water flows from the Angolan Highlands into the delta, making it the worlds largest inland delta. Okavango's diversity stretches across 10,000 square miles and provides one the finest arena's to experience Botswana's wild side. We meet our local guides with their mokoro's, traditional dug-out canoes, at the water's edge and we complete our journey on the river being poled along with the chance to spot the wildlife of the river, such as hippo and elephant. Around midday we arrive at our wilderness camp and in the late afternoon we continue our exploration on foot. Before the walk our guides will give a safety briefing. We may encounter elephants, giraffe, zebra, red lechwe and even lions, on our walk and it is important to follow the instructions of the guides. After our walk we return to our camp for a traditional African 'sundowner'. We help out with the preparation of dinner and afterwards we settle down for the night in the delta accompanied by the soundtrack of croaking frogs and grunting hippos. It's incredible. Approximate transfer time to the delta: 2 hours.

DAY 5

Mokoro canoe exploration of the UNESCO listed Okavango Delta waterways and pools, hoping to see more wildlife and birds.

The best time of the day in Africa is the early morning and with the sounds of the dawn chorus all around us we set out in the relative cool on a nature walk to explore this wonderful wetland. Returning to our camp for a well-deserved brunch we have time to relax during the heat of the day. We head out again into the delta where we can enjoy another beautiful sunset on the mokoros before returning to camp or we may take another walk. Alongside the elephant and hippo we might also see wildebeest, impala mixed in with the giraffe and zebra munching on the lush vegetation of the delta and maybe some

hyena. If we are extremely lucky we might glimpse a leopard and even rhino have been seen in this area in recent years. We settle down for a second night in this magical place.

DAY 6

Depart the Delta and cross into the Moremi Game Reserve for more fabulous wildlife viewing.

An early departure from the Delta provides us with a magnificent opportunity to catch the early chorus of Okavango's resident game as we drive across to the Eastern Delta in the 4WD, heading for the Moremi Game Reserve. Consisting of pans, floodplains, lagoons, grasslands, forests and savannahs Moremi was the Batswana tribe's richest hunting ground before the tribe declared it a game reserve in 1960's. Spending the next three nights in a comfortable tented lodge close to the park border means we are likely to have viewings of buffalo, elephant and possibly even cheetah or the rare Africa Wild Dog during our stay. Approximate drive time: 4 hours.

DAY 7

Full day of game driving in search of Moremi's big cats and elephants.

Over the next two days we make good use of our open sided 4WD vehicles to feel the essence of African game viewing. Under the guidance of our expert guides, we embark upon several game drives to seek out the Big 5. One of the focal points of Moremi is Chief's Island, the largest land mass within Moremi and famed for herds of impala, Red Lechwe, warthogs and Vervet Monkey. With such game in abundance, big cats are a common sighting and prides of lion, cheetahs are often spotted within the reserve.

DAY 8

Second full day in the wildlife rich Moremi Game Reserve. A Big Five (buffalo, lion, elephant, leopard and rhino) destination.

We have a second day in Moremi to ensure that we have the best opportunity to see the most wildlife that we can here. The combination of the more arid regions of Moremi and the wetlands of the Okavango attracts some of the finest African wildlife. With the recent reintroduction of rhino in the area it is also a Big Five destination. So we should be in for some real treats as we drive through this beautiful reserve full of pools, grasslands with scattered acacia tress and mophane forest. In the dry season the game concentrate at the water as herds of elephant lead their young to water to quench the family thirst, and in the wet season most of the babies are born. Every day wildlife excitement is around the corner and your time here will provide the most memorable of wildlife encounters.

DAY 9

Return to Maun. Optional helicopter flights over the Okavango Delta seeing herds of elephants and zebra with exceptional aerial views.

Leaving Moremi we drive back to Maun. This afternoon we have some time to relax or enjoy an optional flight over the Okavango Delta. At the accommodation we can relax by the pool or we can explore the town which is the capital of Ngamiland, with a laid back atmosphere and several shops selling local handicrafts. This afternoon down-time in Maun is a great break as we prepare to depart the Delta region of Botswana. Approximate drive time: 4 hours

DAY 10

Drive to Nata and the endless Makgadikgadi Salt Pans.

Today, we have another dramatic change in scenery as we travel and visit the shimmering salt pans of Makgadikgadi (pronounced ma hadee hadee). During the wet season when the pans transform into a valuable refuge of grassland, great herds of wildebeest and flamingos flock here in their thousands. However, in the dry season the expansive landscape transforms into a desolate and empty flat space from horizon to horizon, an eerily gigantic place to explore and appreciate. Although very little flora exists

within the pans, Baobab trees thrive in this environment and have become very useful landmarks when navigating across this barren land. Approximate drive time: 4 hours.

DAY 11

Drive to Kasane, on the edge of Chobe National Park. Optional afternoon game drive or cruise.

Travelling north we drive through the bush passing isolated farms as we head for the Chobe National Park and Forest Reserve. The reserve is an exceptional example of managing wildlife and human habitation. We arrive at our lodge in the town of Kasane after lunch. We can relax at the lodge or we can get straight into the national park on an optional game drive or cruise on the water arranged locally. This evening we have an included dinner catered for by our guides. Approximate drive time: 4 hours.

DAY 12

Game drive and sunset cruise in Chobe surrounded by hippos, elephants and birds.

Heading into Chobe National Park we have our final game drive of this African adventure, exploring the park with excellent opportunities to view the big cats which the area is known for, namely leopard and lions. We are also likely to spot Africa Wild Dog, zebra and the endemic Chobe Puku antelope. During the year the elephant population can vary from 500-50,000 and are most likely to be found on the banks of the Chobe, cooling off. Taking to the water in the afternoon, we embark on a sunset safari cruise to optimise our chances to meet herds of these majestic animals. Finishing the safari with the tradition of a sundowner, we return to our lodge for an own expense meal in the lodge restaurant and enjoy our final evening in Botswana.

DAY 13

Cross the border to the thundering experience of Victoria Falls.

Heading for our third and final country, we cross the border into Zimbabwe and now we listen out for the distinctive thunder of the mighty Victoria Falls. This incredible natural wonder is twice as high as Niagara and spans 2km. Over 1000 cubic metres of water flows over the falls every second*, plunging 108 metres into the gorge below. Exploring the 'Smoke that Thunders' can be an almost deafening experience! Approaching our vantage point on foot we have excellent views of Victoria Falls in her full glory, including the iconic Victoria Falls Bridge, commissioned by Cecil John Rhodes in 1900, which spans the immense gorge. With ample time to explore the falls we stay in a nearby hotel within the town of Victoria Falls in Zimbabwe. Approximate drive time: 1 hour.

*Please note, depending on the season, the water levels of the falls will vary. From late November to early April is the wet season for the upper reaches of the Zambezi and this is when the falls are at their loudest and most impressive. From April the flow gradually reduces, although this mostly affects the Zambia side and there is always a good flow over the rim on the Zimbabwe side of the falls.

DAY 14

Day to explore Victoria Falls and optional activities on the Zambezi River.

We have a free day to enjoy the town and the Falls or to book one of the optional activities available here. The settlement of Victoria Falls began in 1901 and became the principal town from which to explore the falls. You may choose to meander through the handicraft markets for a last minute souvenir, or simply relax within the hotel gardens and pool. If you are feeling a little more adventurous or wish to see the falls from a different angle, you may wish to consider one of the extra activities that are available to book and payable locally. These include white water rafting, half-day canoeing the Zambezi or maybe a scenic flight. Whatever you chose you'll have a fabulous last day on this incredible journey through Southern Africa.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

13 breakfasts, 11 lunches and 6 dinners are included. Non-included meals are in the towns of Johannesburg, Maun, Nata, Kasane and Victoria Falls where we try out local restaurants. We recommend you budget £10 - 15 for each non-included meals.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a Water-To-Go bottle) to treat your water. We do not encourage the purchasing of single use plastic bottles.

The majority of the meals are provided. Breakfast will be cereals and yoghurt, with coffee, tea, toast and the occasional cooked breakfast. Lunch will typically be picnic style - cold meats, cheese, salads, bread, rolls and fruit. Dinner will be potjies (traditional stews), braais (barbecue), stir fries, pasta dishes, curries etc. Very often cooking will be on an open fire. Fresh produce will be used wherever possible and fruit squash, tea and coffee will be served with breakfast and dinner. Many of the meals are prepared by the guides and it is good group etiquette to help with preparation and washing up on these days and this is usually done on rotation. Some meals are taken at the accommodation or in local restaurants. Special dietary requirements (vegetarian or allergies) can usually be catered for, but it is essential that this information is received on booking. There is one cool box available for the group to put your own drinks in. Stops at supermarkets are regular to pick up supplies such as alcohol and soft drinks.

Accommodation

This holiday has 12 nights staying at variety of different guesthouses, lodges, chalets, tented lodges, and hotels. Often they have an African style to them with colourful traditional blankets, ornaments and smiling friendly staff. The rooms are twin/double and mainly have en suite facilities. Some of the accommodations have a bar and a swimming pool.

When at a tented lodge you will stay in a classic canvas safari tent with twin beds, en suite facilities. It is built on a permanent base (concrete or wood platform) and might have a thatch roof. There is usually a main lodge area with a bar, and possibly a swimming pool and small shop. There is a shared kitchen and dining area which will be used by the group and the guides during meal times.

We have 2 nights at a wild bush camp in Okavango. The tents are comfortable (2.2 x 2.2 x 1.8 meters) and they are set up with camp beds and linen and en-suite chemical toilets. There is also a bucket shower tent with warm water from the fire.

If you are travelling by yourself, you will be paired up with another single client of the same sex. A limited number of single rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

All accommodation is subject to change without prior warning.

SAFARI TRUCKS
Years of safari experience into the design of the trucks. The trucks are built to comply with the latest South African transport and safety regulations. Your comfort is catered for with individual seats (with safety belts), ample legroom and large vertical sliding windows for unobstructed viewing and photography.

There are roof hatches for excellent "open" views and an integral cab and passenger compartment so contact with the driver is easy. Each truck also has large packing compartments, a built in kitchen, freezer, drinking water tank, interior lights and a gas stove (to minimise use of wood and destruction of forest areas). There is also a pullout set of steps into the passenger compartment, making access for clients easier. There is usually a bank of plug sockets in the vehicles. These plugs are the South African 3 round pin or 2 round pin with a hexagonal base. We also use minibuses for some small group safaris. All of our vehicles are bought new and serviced by Mercedes and Toyota agents, thus ensuring trouble free touring with backup support in practically every town in Southern Africa.

Where road conditions allow, such as South Africa and parts of Botswana we may also use minibuses. On 5% of tours we may use minibuses with 12 seats and air conditioning (with trailer for equipment and baggage). The safaris often have several long days of travel providing for a beautiful journey on the way to exciting and varied destinations.

LAND CRUISERS (Okavango and Moremi)
The 4 wheel drive vehicles are based in Maun. For the national parks of Botswana we use these custom built 4WDs, with individual "bucket" seats, with trailers for the equipment. (We also use supply vehicles for Botswana camping groups of more than 9 clients.). These land cruisers also have a bank of plug sockets or USB ports for charging. Game viewing from an "open" vehicle is the best way to go for Botswana - small groups in Land Rovers and Land Cruisers have the best wildlife sightings!

These custom built game viewing vehicles are the first of their kind in Botswana. Each new vehicle has a

built in "roll cage" that conforms to the latest safety standards of South Africa, and each individual bucket seat has a lap belt. The vehicles are constructed by a registered coach builder and ensure structural integrity of the passenger cabin in the unlikely event of a roll.

Group Leader & Support Staff

Group leaders are the key to any successful safari. On this adventure safari, you will travel with two qualified and experienced, registered field guides (FGASA). Two guides as crew, not a guide and a driver, adds up to an informative and interesting small group holiday. Our guides have a passion for Africa, her people and wildlife, and they love nothing more than sharing their knowledge with you.

Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

Spending Money

We estimate that a total of around £300-375 per person (or equivalent in euros/dollars) should be allowed for personal spending. This amount should be sufficient to cover non-included meals and miscellaneous expenses, including tips to local staff. If you are intending to buy expensive souvenirs, considerable quantities of soft drinks / beer or undertake additional activities or excursions, you should budget accordingly (credit cards can be useful in this respect). You can choose to take your money in pounds sterling, dollars or euros. There will be the opportunity to change money into local currency on arrival at the airport (which we advise you to do) and your local leader will advise further places to change money en-route and at borders. Additionally, you will be able to get currency from bank ATMs in many of the towns that we will visit.

Many small traders will accept US$, Euro or GBP. Your notes should be clean and undamaged. And please avoid USD$100 and old issue ‘small head’ US$ notes as they might not be accepted.

There are many optional activities which you can take part in on this holiday. Some of these are: Half-day rafting $170 or half-day canoeing the Zambezi $115. All optional activities should be booked on arrival with your leader and paid for locally. All prices are approximate in USD$ and are subject to change without notice. All optional activities taken outside the KE holiday are at your own risk.

On day 1 ,on arrival at the hotel in Johannesburg you can book a half-day SOWETO tour for $75 per person, or an afternoon tour to Maropeng Cradle of Humankind and Sterkfontien Caves is also bookable for $100 per person (min 2 people). Please check that Sterkfontien Caves are open, as they can close due to high water levels. Both of these tours should be booked on arrival (before 12midday) with our local agent and are payable locally in cash.

Guidance on Tipping

Your tour leader also works extremely hard to ensure that your holiday runs smoothly and that you are happy. We suggest that a tip of £2-5 per client per day for your tour leader is reasonable. When it comes to tipping the guides that we sometimes use for various activities (e.g. game walks, polers in the Okavango Delta etc) we suggest that a tip of £1-3 per client per ½ day activity, or the local currency equivalent, is acceptable. As in all cases with tipping, the final decision of the amount tipped is up to the individual. It is up to you to decide if you thought the service was poor, or exceptional, and the amount tipped should reflect that. The amounts quoted above are guidelines for you to get an idea of what to tip.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Your baggage will travel in the gear compartment of the truck with the group, and there is a finite amount of space. Please keep the weight of your main luggage to 12kg. You should bring a soft bag as these are more suitable to pack in the vehicle. For the 2 nights wild camping in the Okavango Delta you will take only what you need and the remainder of your luggage will be transferred separately to Moremi.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the ‘Dates and Prices’ table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

Group Members

We sell this holiday in conjunction with our local operator in Southern Africa. This enables us to gather together sufficient numbers of like-minded adventurers to get the holiday up and running quickly. For this holiday the minimum age is 12 yrs, however it is unusual to have people under 16yrs.

South Africa Indemnity Form

As a member of the South African Tourism Service Association, our ground agent in South Africa may require you to complete an indemnity form at the start of your holiday, which you will need your insurance details for. As a client of KE Adventure Travel, your rights under the Package Travel and Linked Travel Arrangement Regulations (2018) are unaffected and KE Adventure Travel will remain liable for the actions of our suppliers.

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our Travel Insurance page for further information and to get a quote.

Bright bold colours and white are not suitable for game viewing or bush wear as they attract insects and the attention of animals. Please do not bring camouflage or military style clothes as they can cause problems with local authorities

Please dress appropriately for border crossings, village and market visits - ie: no bare feet, no bare chests, no bikinis and no hats. A few restaurants are also not keen on T-shirts and jeans either.
