Introduction

This walking highlights adventure showcases the very best of Ecuador; from its high-altitude volcanoes, unique paramo and cloud forest, vibrant culture and jungle lowlands. During the course of our two week holiday, we explore these highlights with a series of days walks, picturesque transfers and a collection of interesting sightseeing and adventurous experiences along the way.

After visiting the colonial old town of the capital, Quito, we start our journey to the north in the famous market town of Otavalo. As well as exploring its famously colourful textiles market, we complete two stunning day walks to Laguna San Pablo and around the impressive crater rim of Laguna Cuicocha. After this we continue our journey of culture and adventure visiting another renowned market of Saquisilí before hiking to the extremely photogenic caldera lake of Quilotoa.

Continuing South we also visit the high refuges on three of Ecuador's volcanic giants: Cotopaxi, Illiniza and Chimborazo. Cotopaxi (5,897m), recognisable due to its iconic conical shape, is the highest active volcano in the world and the summit of Chimborazo (6,268m), due to the equatorial bulge, has the distinction of being the furthest point from the centre of the Earth!

We end with a unique Amazon experience, heading into the jungle by road and river to learn about the local populations and traditions as well as the abundant flora and fauna of the jungle. We have additional time to relax in the spa town of Banos before heading back to the capital. Here we end the trip with a hidden gem; a day walk through the cloud forest of the Choco Andino Biosphere Reserve - a little known oasis of wildlife and rare flora.

Expect charming accommodation throughout, including incredibly located lodges with outrageous volcanic views, traditional family-run guesthouses and well-located hotels. This is a classic walking holiday and a superb introduction to one of the most awe-inspiring environments on Earth.

Why not combine this trip with a [Galapagos Holiday?](#)

Is this holiday for you?

During this holiday we will enjoy a total of 9 day walks, spanning the diverse landscapes Ecuador has to

offer. We will visit the high mountain refuges on 3 of Ecuador's most impressive volcanoes, Cotopaxi, Illiniza and the mighty Chimborazo, reaching a top altitude of 5000m. We also trek to volcanic caldera lagoons, through cloud forest reserves and unique Andean Paramo, as well as experiencing the jungle environment of the Amazon. The average walking time each day will be between 3 and 5hrs, but we will be walking at high altitudes, which will of course make things a little more challenging. However, the itinerary is designed with your acclimatisation in mind. We will encounter village tracks, forest roads, Andean Paramo, the occasional rugged slope of scree or loose volcanic material.

Between our walks we'll have time to relax, explore, soak up the Andean ambience and visit some of the country's most famous towns, sights and markets. There are several transfers involved in this holiday. However, Ecuador is the smallest of the Andean countries and these transfers are generally short (1 - 3 hours) and very scenic.

Please note that there is an element of driving on this holiday to enable us to experience the diversity of landscape in this wonderful country.

DAY 2

Walking tour of Quito's historic centre. Visit to 'Mitad del Mundo' (Middle of the World)

Situated at nearly 3,000m above sea level, amongst the verdant foothills of the Andes, Quito enjoys a pleasant climate year-round. We take our first day to enjoy the city and acclimatise to this high altitude country. Bustling with activity, Quito is one of the most beautiful cities in South America. Its many churches and colonial palaces testify to its rich past. We head to one of the many belvederes offering a magnificent view of the capital. Before completing a walking tour of the colonial center of Quito, classified as a World Heritage Site by Unesco. We then drive one hour to Mitad del Mundo, literally the 'middle of the world'. Situated approximately 15 miles north of Quito, the Mitad del Mundo is a park dedicated to all things equatorial, which has as its centre-piece a 30-metre high monument topped with a globe. No visit to Ecuador is complete without visiting this monument, where you can stand with one foot on either side of the equator.

DAY 3

Drive to Otavalo. Walk in Zuleta Vally to San Pablo Lake

After breakfast, we drive around 2.5hrs to the village of Zuleta. From here we complete a beautiful walk through a patchwork quilt of cultivated fields and forests of eucalyptus with superb views towards the volcanoes Imbabura and the glacial summit of Cayambe, to reach the lake of San Pablo. There is plenty of opportunity today to see rural life in the various Andean villages we encounter en-route.

DAY 4

Drive to Cuicocha Lake (3486m). Trek around Cuicocha crater

After breakfast, we drive around 40 minutes to the 3km wide Cuicocha crater lake (3486m), a dormant volcano with a water filled caldera. The lake, which is a stunning azure blue, has two islands in the centre, which are lava domes from its last major eruption. We will make a complete circuit of the lake, walking along the caldera rim. This is good acclimatisation at an average altitude of around 3500 metres and will take around 4 - 5 hours to complete at a steady pace. There are good views of the volcano, Cerro Cotacachi (4939m) directly to the north of the lake. Afterwards we return to Otavalo.

DAY 5

Explore Otavalo's famous textile market. Drive to Lasso.

This morning we will have time to explore the famed local market. Otavalo is particularly well known for its colourful textiles and there are blankets, ponchos, jumpers, tapestries, hats, and hand bags in bewildering profusion and styles. This is also a very good place to buy locally made musical instruments such as charangos and zampona (pan pipes), or to buy ceramics and pottery. You will have time to visit the various local fabric and craft shops where haggling is part of Ecuadorian culture. After Lunch, we drive 3 hrs, back into to the Southern Hemisphere, to the town of Lasso.

DAY 6

Visit the famous Saquisili Market. Quilotoa Lagoon walk (3900m).

Early in the morning, we drive for around 40 minutes to Saquisili to discover its famous Thursday market. High in colour and further off the beaten track than that of Otavalo, the Saquisili market is certainly one of the most interesting in the country. The aim will be to arrive early in the morning so we can see some of the local Ecuadorian's busy morning sales negotiations, visit the fruit and vegetable market and bargain hunt for souvenirs ourselves amongst the local crafts. Afterwards, we make the 2hrs drive to discover the magnificent Western Cordillera: we will see amazing and beautiful Andean landscapes, mountain slopes adorned with small plots of farm land and a semi-desert plain dotted with sheep and furrowed by large canyons. We start with a drive to Quilotoa Lagoon where we walk to the bottom of the crater (3900m), a water filled caldera, which is actually the most western volcano in the Ecuadorian Andes!

DAY 7

Walk to the Illiniza Refuge (4750m). Drive to Cotopaxi.

From Lasso, it is just a short drive to the roadhead at Virgen (4020m) where today's trek begins. From here we ascend to the Illiniza refuge at 4750m. This 4 hour walk rewards us with more splendid views of Ecuador's 'Avenue of the Volcanoes'. The refuge is situated on the former volcanic crater and is the base for both Illiniza summits, the South (5260m) with its impressive glaciers and the rocky North summit (5116m). We will also walk through Polylepis forest, also known as the 'tree of paper' for its feather like leaves and multi-layered papery bark. It is one of the trees that grow at the highest altitudes in the Andes. Returning to our vehicles, we then drive back to Lasso and on to the Cotopaxi National Park (1.5hrs) to our accommodation for the next two nights, a rugged mountain lodge heated by log-burning stoves, located in the park and boasting unbeatable views of Cotopaxi.

DAY 8

Explore the Cotopaxi National Park and walk up to Cotopaxi's Jose Rivas Refuge (4800m).

Full day to enjoy the unique Andean paramo (high altitude vegetation rich in unique flora), at the foot of

Cotopaxi, which is the world's highest active volcano and the second highest peak in Ecuador. The perfect cone of Cotopaxi, which is permanently covered with snow, rising up alone from the paramo makes the perfect picture. We drive up to the car park beneath the Jose Rivas Refuge. This alpine hut is situated just below the level of the glaciated part of the mountain, this is the starting point for climbers wishing to scale its peak. We take a slow walk up to the hut, which at this altitude will take us around 45mins (it takes around 15mins to return!). There are breath-taking views over the surrounding countryside. Returning down we drive the short distance to our accommodation, taking time to visit the water springs and ruins located in the park.

DAY 9

Trekking to Limpiopungo Lagoon, around Ruminahui volcano (4300m). Transfer to Riobamba.

Before leaving the Cotopaxi National Park we will enjoy a nice hike straight from our mountain lodge. Traversing the side of the rocky volcano, Ruminahui (4300m) we make our way on to diverse Andean Paramo finally reaching Limpiopungo Lagoon (4000m), where we will see a variety of wild flowers, birds and magnificent views of its namesake volcano. Returning to our vehicles we then continue on to Riobamba (3hrs).

DAY 10

Visit the refuge on Chimborazo (5000m). Transfer to Baños

At 6263 metres, Chimborazo is the highest mountain in Ecuador and, due to the equatorial bulge; its summit has the distinction of being the furthest point from the center of the Earth. Until the last century it was thought to be the tallest mountain on earth and Edward Whymper made the first recorded ascent under that mistaken belief. Today there is a mountaineers' refuge named after this great alpinist, located high on the mountain at close to 5000m. We drive for 1.5 hours on a switch-back dirt road up to a parking area below the hut from where we make the short hike of around 45 minutes to the Whymper Refuge. If the weather is good it is also possible to make a return hike of around 2 hours to reach the Condor Cocha Lagoon. Returning to our vehicle we descend the mountain and join the Panamerican Highway, travelling north-east for 2 - 3 hours to reach the charming spa town of Baños. We check into our comfortable hotel and enjoy the evening ambiance of this resort town with its mix of pavement

cafes, restaurants, craft and book shops.

DAY 11

Amazon Forest Experience

We have a full day to explore the secondary jungle of the Ecuadorian Amazon. We drive 2 hrs to the community of Puyopungo, where we will be given an insight into the way of life of the indigenous people of this area. After this we enjoy a walk to a jungle swimming hole by the impressive Hola Vida waterfall, before travelling down the river by canoe. In the afternoon, we attend a traditional chocolate making (and tasting!) workshop and spend time with our local guide learning about the flora and fauna of the rainforest. On our way back to Baños we visit the impressive "Devil's Flag" waterfall.

DAY 12

Free day in Banos. Return to Quito.

We have the morning to explore the amenities of this picturesque and laid-back town. Situated in the shadow of the live volcano, Tungurahua, the town is famous for its thermal pools and is also known as 'the Gateway to the Amazon' due to its position on the edge of the Andean plateau. Banos is a very relaxing place just to stroll around or you might want to head out to explore the surrounding area. With our guide we have options of short walks in the surrounding hills before discovering the city center, the cathedral and the balsa and tagua (vegetable ivory) workshops. After lunch, we drive around 3.5 hrs back to Quito.

DAY 13

Quito's Hidden Cloud Forest Trek - Choco Andino Biosphere Reserve (3500m)

After breakfast, we drive 1.5 hrs to the western flanks of the Pichincha volcano. This surprising trek in the Yanacocha reserve was initially created in 2001 with the aim of protecting an endangered hummingbird species (244 species in total), the Jocotoco foundation realised the importance of this particular ecosystem and currently has 1080 hectares of mountain Cloud Forest protected. Situated at an altitude of 3500m, this hike allows us to discover the flora and fauna of this little corner of paradise. The Choco Andino reserve was declared by the UN as the 7th Biosphere Reserve in the country in 2018. After our hike we transfer back to our hotel for a final celebratory evening meal in Ecuador to mark the end of our holiday.

DAY 14

Departure day. A single timed transfer to Quito Airport is provided.

Depending on flight times, we have some free time for further independent sight-seeing or last-minute shopping this morning. Your holiday ends after breakfast at the hotel. A single timed transfer to the airport is provided. Should you wish to extend your stay additional hotel nights in Quito are available, or you may want to include a visit to the Amazon Rainforest. Please contact the KE office for further information.

Meals: **B**

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Galapagos Islands Cruise

Situated over 600 miles from the mainland of South America, the remote archipelago of the Galapagos Islands needs little introduction. The Galapagos Islands are considered to be the crown jewels of the natural world, achieving near mythological status following visits by Charles Darwin. It was on his second visit aboard HMS Beagle in 1835 that Darwin's scientific studies introduced the world to the theory of evolution. The islands teem with life, much of which seem totally unphased and perhaps curious of visitors. Of the thirteen major islands, five have any form of human habitation. The environmental footprint is kept to an absolute minimum, allowing you, the visitor, a chance to explore the incredible biodiversity of these famous islands untouched by human development. Expect close encounters with blue-footed boobies, frigate birds, albatross, giant tortoises, seals, turtles and dinosaur-like lizards amongst many, many other examples.

Holiday Information

What's Included

- A professional and qualified tour leader
- Single timed airport transfers on arrival & departure
- All accommodation as described
- Meals as per Meal Plan All land transport required by the itinerary
- All activities/excursions mentioned

What's not Included

- Travel insurance
- Tips for local staff
- Some meals as per Meal Plan
- Miscellaneous personal expenditure - drinks and souvenirs etc

Joining Arrangements & Transfers

The group will meet at the hotel in Quito.

A single transfer from Quito Airport to the group hotel is provided on Day 1 of the Land Only itinerary.

On the last day of the Land Only itinerary, there will be a single transfer to Quito Airport.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All breakfasts, 11 lunches and 7 dinners are included in the holiday price. In Quito and the main towns there is a wide range of dining options, to suit all budgets and we find that most people prefer to have a choice on where they eat. We suggest you budget between \$7 and \$20 for each of these non-included meals.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Ecuadorian cuisine varies across its different regions and includes excellent seafood (particularly cerviche style), toasted corn, and empanadas (pastries) stuffed with spiced meats. If you want to fully immerse yourself in the local culture, you can try roasted cuy (guinea pig), but this is strictly optional! You can also expect plenty of exotic fruits and these will be served with most meals. Breakfasts generally consist of fruit, yoghurt, a choice of eggs and toast. Depending on the day's itinerary lunches may be taken in a restaurant or café, or they may be provided as a packed lunch of sandwiches, fruit and snack.

Accommodation

The group will spend 2 nights in a well located hotel in central Quito, 3 nights in a small family run hotel in Otavalo and 2 nights in a comfortable hotel in Banos. In Machachi we will stay in a characterful local Hostal (guest house). For our night in the Cotopaxi National Park we will stay in a lodge right in the middle of the park, with absolutely stunning views of Cotopaxi. At Chaupi our comfortable lodge is right on the edge of the Illiniza Ecological park and again offers amazing views of the surrounding volcanic peaks. At Quilotoa Lagoon our lodge accommodation will be right on the edge of the lagoon. Our charming hostel in Guamote is run by the Inti Sisa community project, its communal areas are beautifully decorated with pictures of locals, handicraft inspired by and or made by the local community. All accommodation will be on a twin share basis with private facilities. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £150-£200 per person (or equivalent in US dollars or Euros) should be allowed for tips, soft drinks, snacks and miscellaneous expenses. Alcoholic drinks, souvenirs are additional so you may wish to budget for these. It is possible to use credit and bank cards to withdraw local currency from ATMs in Quito, Banos and other major towns.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your leader and local team. Tipping is entirely voluntary and should be dependent on good service. We recommend that you decide levels of tipping and give any tips as a group rather than from individual group members. As a rough guide we suggest that each group member contributing the equivalent £60 to a tipping 'pool' will provide for an adequate level of tips.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Either a soft duffel bag or luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH THE USA

You will require an ESTA (Electronic System for Travel Authorisation), and you must get this before boarding any US-bound aircraft or ship, or entering on a land border. The fee is USD\$21 and you should apply for it at <https://esta.cbp.dhs.gov/esta/>. With the ESTA complete, the majority of British Citizen passport holders can enter the US under the Visa Waiver Programme, VWP. You will be required to have a passport with an integrated chip. Note that if you have travelled to Cuba, Iran, Syria or North Korea since March 2011* you will have to apply for a visa rather than the Visa Waiver Programme (* a full and up to date list of countries can be found on the US government website [here](#).)

IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH CANADA

All citizens (except for USA citizens) will require an eTA (Electronic Travel Authorisation), and you must get this before boarding any Canada-bound aircraft or ship, or entering on a land border. The fee is CAD\$7 and you should apply for it at <http://www.cic.gc.ca/english/visit/eta-start.asp>

Visa Ecuador

UK and USA passport holders do not require a visa for short stays.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

Zika virus has been confirmed as active in this country. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you take the usual precautions to avoid mosquito bites. The mosquitoes that transmit ZIKV are unlikely to be found above 2,000m altitude. For more information, visit the website of the National Travel Network and Centre (NaTHNaC) at <https://travelhealthpro.org.uk>

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid.

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Ecuador is US Dollars.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience. You should be aerobically fit and comfortable with walking 4 to 6 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardio vascular fitness and stamina. There is little you can do to prepare for the altitude but if you have an excellent level of fitness this can help.

Climate

With the Pacific Ocean to the west and the great basin of the Amazon to the east, Ecuador has a complex pattern of weather. In general the eastern highland region receives the most precipitation. In the Central Highlands it is drier though cloud and rain can and do occur at any time during the year. In general the days are warm with temperatures between 12 and 22°C. Evenings can be chilly in the higher towns with the possibility of night-time temperatures dipping below freezing point once above 3500 metres.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Books

Ecuador. Lonely Planet guidebook
Ecuador. Rough Guides

Maps

Ecuador. ITMB 1 ; 700,000

Double-sided map dividing the country north/south with a generous overlap. Relief is depicted by altitude tinting and spot heights for peaks and volcanoes. Glaciers, swamp areas, national parks and reserves are marked. Intermediate driving distances are indicated and further symbols depict places of interest, archaeological sites, thermal baths, beaches, etc. Latitude and longitude lines are drawn at 1° intervals. There is an index of place names and the legend is in English and Spanish.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Why Choose KE

Why KE

Our great value Ecuador Walking Highlights holiday offers a perfect blend of walking amongst towering volcanoes, stunning lakes and a rich variety of wildlife. We use a variety of accommodation, from comfortable hotels to mountain lodges with panoramic vistas, to give you a true flavour of Ecuadorian hospitality. To help us see another side of this impressive country we have included an Amazon experience and a stay in Banos.
