# Introduction

Overlooked by many travellers to Central America, El Salvador is the smallest country in the region and one of the most delightful. Our superb 2 week walking holiday takes us on journey around the country, walking on 8 of its 20 volcanoes as we go. Along our way, we also take time out to experience El Salvador's colourful colonial towns, cloud forest trails, Maya ruins, coffee plantations and stunning beaches. Starting in El Boqueron National Park, we take the short walk to the viewpoint on San Salvador's namesake volcano (1,800m). Heading east to the Los Volcanes National Park, we hike up the perfect cone of Volcan Izalco (1,952m) and scale San Salvador's highest volcano, Llamatepec (Santa Ana) (2,381m). Journeying north to the Honduras border, we reach the country's highest point at El Pital (2,730m), where on a clear day, we'll be rewarded with views over into Honduras and across to the volcanoes of Pacaya and Agua in Guatemala. Next, we spend 2 days in and around the delightful colonial town of Suchitoto on Lake Suchitlan, where we enjoy a well earned relaxation day before hiking on the slopes of the dormant Volcan Guazapa (1,438m). The coffee farming towns of Berlin and Alegria, nestled in the Eastern Highlands, will provide our next base as we climb Tecapa (1,593m) and Chinchontepec (San Vicente) (2,173m). Onwards, we climb the stunning beautiful cone of Volcan Chaparrastique (2,129m). After a day spent exploring the serene islands in the Gulf of Fonseca, we tackle our last volcano, Chonchagua (1225m). We end with a a day relaxing on the beach, a perfect end to our Central America adventure.

## Is this holiday for you?

All the walks are day excursions, and many of them are completed in the morning, so an average of 4-5 hrs walking with some longer days of around 8 hrs (depending on the fitness level of the group). It is possible to opt out of any of the walks if you would prefer a rest day. Generally the walks follow established trails through coffee plantations, forest or jungle. However, some of the ascents of the volcano cones themselves present quite challenging sections due to the climate, steep terrain and much of the underfoot surface consisting of ash. Temperatures can be hot and humid in the lower and coastal region. However the temperature on walks at higher altitudes will be a little cooler. There is a mix of accommodation from comfortable hotels and homely casas, and 1 night camping at a very comfortable fixed glamping site. Please note that whilst walking in National Parks it is obligatory to be accompanied by a guide and a police escort is also provided by the park.

Hotel contact details and an emergency number will be provided with your booking confirmation.

### Meal Plan

All breakfasts, 6 lunches and 1 dinner are included in the holiday price.

## Food & Water

### Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

The cuisine of El Salvador is similar to that of its neighbours, with a strong reliance on indigenous foods like corn, beans, squash and tomatoes. The influence of Mayan culture as well as the kitchens of Spain have created a diverse and tasty cuisine. Probably the most ubiquitous of all El Salvador dishes is the pupusa - thick, corn tortillas filled with anything from meats to cheeses to refried beans to pork rinds. Pupusas can be purchased from pupuseras, as well as streetside vendors.

### Accommodation

In San Salvador, Ataco, La Palma, Suchitoto and La Union you will stay at comfortable hotels with en suite rooms. In Cerro Verde National Park we have 1 night at a fixed camp with shared bathrooms and great view to the crater of Volcano Izalco. We will also have 2 nights at a neo-colonial style guesthouse in rooms with private bathrooms in Berlin on the slopes of Tecapa Volcano.

Our last 2 nights are at a simple beach resort with swimming pool in El Cuco. Please note that it is common for these simple resorts to shut down in the evening with staff going home after dinner has been served; we should be prepared to enjoy some quiet evenings - all part of the laid back coastal life. A pack of cards and a good book are excellent packing ideas!

All accommodation is based on twin sharing. If you are travelling by yourself, you will be paired with another solo traveller of the same sex.

Single rooms are available for an additional cost, with the exception of the two nights at El Cuco (Days 12 and 13). There are only a limited number of single rooms available on Days 9 and 10 so single occupancy on these nights will be dependent on group size and availability. Please contact the KE office for details.

### Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.

### Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

A total of US \$250- \$300 should be sufficient to cover your personal spending including the non-included meals (5-10USD per meal), tips for drivers and trek staff, miscellaneous expenditure on drinks, souvenirs etc, and airport departure tax (if applicable - this is dependent on which airline you fly with as it maybe included in your ticket). It is possible to use credit and debit cards to withdraw money from ATMs in most large towns. If you are bringing your travel money with you we recommend you bring this in cash US dollars. OPTIONAL ACTIVITIES EL CUCO: Please note that prices are subject to change  
 Kayaking: \$40 per person for 2.5hrs Community sea turtle conservation project at Playa El Icacal: £45 per person Surf Lesson: \$40 per person for 1.5hrs, including surf board and instructor

## Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and drivers. They do not form part of their wages. KE always pays local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. We recommend that you give a tip to your guide and driver if you feel that their services have met your satisfaction. The actual amount is up to you but we suggest that you do this as a group rather than on an individual basis.

## Baggage Allowance

There is no restriction on the weight of your trek bag other than that imposed by your airline. However, you will have a more comfortable travel experience if you pack as light as possible. We do ask you to restrict your luggage to one main bag and a small day pack.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella), along with hepatitis A and typhoid. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

### Currency

The unit of currency in El Salvador is the US Dollar.

### Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an walking holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Regular walking in hill country is the best preparation but if this is not possible, then running and swimming are also good for developing better stamina and general cardio-vascular fitness.

## Climate

El Salvador has a tropical climate with pronounced wet and dry seasons. Almost all the annual rainfall occurs during the rainy season which extends from May to October. From November through to April, the northeast trade winds control weather patterns. During these months, air flowing from the Caribbean has had most of the precipitation removed by the mountains of Honduras and by the time this air reaches El Salvador, it is dry, hot, and hazy. This season is known locally as verano, or summer. Temperatures vary little with the season and elevation is the primary determinant of temperature. The Pacific lowlands are the hottest region, with annual averages ranging from 25°C to 29°C. San Salvador is representative of the central plateau, with an annual average temperature of 23°C and absolute high and low readings of 38°C and 7°C, respectively. Mountain areas are the coolest, with annual averages from 12°C to 23°C and minimum temperatures sometimes approaching freezing.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

# Why Choose KE

## Why KE

This walking holiday is unique to KE. Find out for yourself why we rate this tiny pocket of volcanoes, verdant coffee plantations and stunning remote beaches as one of our favourite destinations in Central America. We summit 7 of the 8 volcanoes that we hike on and explore colonial cities and islands and soak up the charm and warmth of this fabulous country. Journalist Martin Symington recently travelled with us to El Salvador for Wanderlust Magazine, read the article [here](#).
