# Introduction

This lodge-based trek follows the legendary 'Everest Trail' from the airstrip at Lukla. Within little more than 2 weeks, this is your chance to visit Everest Basecamp, hike up to the exceptional viewpoint of Kala Patar at sunset or sunrise and to experience the wonderful mountain scenery of the Khumbu. A memorable flight to the airstrip at Lukla provides access to an alpine world where the air is crystal clear and colourful prayer flags flutter from the rooftops.

Following the famous 'Everest Trail', we trek to the prosperous village of Namche Bazaar where spend a day resting and acclimatising, before continuing our trek alongside the torrential Imja Khola to the high valley below Everest. During the course of this excellent and relatively easy-paced trek, we visit many delightful Sherpa villages, including the stunningly located Thyangboche with its famous monastery and impressive backdrop of Everest and Ama Dablam.

Two nights at Dingboche, with an excellent acclimatisation walk to Chukkung are followed by 2 short days to Dughla and then Lobuche. This gives us the best possible preparation for our final trek from Lobuche to Everest Basecamp and means we only have to spend 1 night at Gorak Shep. Providing outrageous mountain views and a wonderful insight into the way of life of the hardy Sherpas, this is the perfect trip for a first visit to Nepal and the Himalayas.

## Is this holiday for you?

Generally, the trekking conditions on this Nepal holiday are relatively easy, following good paths and yak trails. Additionally, as the Khumbu is Nepal's most popular trekking destination, the area is well supplied with teashops and lodges. It should be noted, however, that trekking above 3000 metres makes greater demands on the body than walking at low elevations and can be challenging even for fit hikers. Our itinerary is well staged to allow the best possible acclimatisation and includes extra days at Namche Bazaar and at Dingboche, followed by 2 short days to Dughla and then to Lobuche. With this arrangement, our groups have the best preparation for the final approach to Everest Base Camp, with a single night at Gorak Shep and the option to hike to the viewpoint of Kala Patar for sunset or sunrise views. To get the most out of this holiday, you should be comfortable walking for around 6 hours each day and for several days continuously, with a couple of longer days. This classic walk-in to the south side basecamp of Everest should be within the capabilities of fit and active hikers.

## Chitwan Jungle Extension

The jungles of southern Nepal are an interesting counterpoint to trekking in the foothills or the high Himalaya. Tiger Tops Tharu Lodge provides a relaxing and comfortable base for a wildlife safari and cultural village experience. During two days of wildlife viewing in the Chitwan National Park 'buffer zone' - the interface area between visitors and the animals that live at Chitwan - you will be accompanied by expert guides on safaris by jeep by boat and on foot.

## Kathmandu Tour - Nagarkot and Bhaktapur

The Kathmandu Valley contains the cities of Patan, Bhaktapur and Kathmandu itself, all of which were once independent kingdoms. An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. This is followed by a tour of the UNESCO World Heritage Site of Bhaktapur, renowned for its temples and traditional buildings.

## Meal Plan

All meals are included from Dinner on Day 1 to breakfast on Day 16.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

### Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Breakfasts on trek will generally be a set meal including porridge, bread with jam and/or honey and a small omelette or hard-boiled egg, together with tea or coffee. Lunch will be a set, single-course meal with tea or coffee. Dinner will be a set 3-course meal; soup, main and a simple dessert with tea or coffee. The lodges will typically provide Nepali dishes such as rice and dal, as well as 'international' dishes like pizza and chips. So that the group can eat dinner together, your trip leader will pre-order the main course, alternating daily between local and international dishes. If you wish to order additional dishes and/or snacks, you should budget accordingly. Boiled drinking water is provided at breakfast, lunch and dinner. All the lodges and tea-houses sell snacks, chocolate bars, soft drinks and beer.

## Accommodation

In Kathmandu we use comfortable 4 and 5 star accommodation including the Hotel Shanker. Located in the heart of the city, this hotel offers a range of first-class facilities including a pleasant tree-shaded garden area complete with swimming pool. Whilst on trek we stay in good local lodges.

Accommodation is generally arranged on a twin sharing basis and if you are travelling by yourself you will usually be paired up with someone of the same sex. Please note that at one or two of the higher lodges we may be forced to use multi-bedded rooms. Nepalese trekking lodges are simple, friendly and atmospheric. They generally have heated dining areas which are often attractively decorated. Bedrooms are, however, basic and unheated with wooden beds and foam mattress. You will need a sleeping bag. The lodges have shared washing and toilet facilities. Some lodges have solar powered showers (charged at \$4 - \$5 per shower) and battery charging facilities (also charged at a rate per hour). Staying at the lodges is a great way to meet fellow hikers and the locals. For the 3 nights in Kathmandu single rooms are available for a supplementary cost. It is not possible to arrange single accommodation in lodges. Additional hotel nights in Kathmandu can also be pre-booked.

## Internal flights

Access to the high and remote areas of the Himalaya where our treks start is often only possible using internal flights. The changeable nature of mountain weather makes flying conditions complex. In addition, the Civil Aviation Authority of Nepal does not operate to the same standards as those of western nations and all airlines in Nepal appear on the UK Air Safety List (ASL), and are banned from operating commercial air services to, from, and within the United Kingdom. Flying in Nepal is an acknowledged risk, and the UK Foreign and Commonwealth Office travel advice provides further details which you can read on their [website](#). KE is mindful of its duty of care to clients travelling with us in Nepal and we are stakeholders in an annual independent air audit of Nepal airlines undertaken by UK tour operators, most recently carried out in February 2025. KE only uses airlines in Nepal which have been approved by this audit. We continue to cooperate with other tour operators to monitor aviation safety in Nepal and will ensure we remain a stakeholder in any further air safety audits. While we have taken appropriate action to try to minimise the risks of flying in Nepal, you should be aware that flying in mountainous terrain is not without any risk.

Please note that poor weather can cause delays on internal flights. If at the start of your holiday internal flights are cancelled for the day, you will spend an extra night near the airport (this may be at a hotel other than the group hotel). On the majority of trips there is enough flexibility in the trekking itinerary to make up 1 or possibly 2 lost days, but an alternative trek will be provided if delays to internal flights mean the original itinerary (or a shortened version of it) is no longer feasible.

For trips that end with an internal flight out of the mountains with no alternative road access, we have included 2 nights in Kathmandu as a contingency against delay. In the extremely unlikely event that a delay to your internal flight causes you to miss your homeward international flight, KE will re-book international flights for Flight Inclusive clients, but please be aware that clients booking on a Land Only basis will be responsible for re-booking their onward travel and for any associated costs. We advise you to take out suitable travel insurance and to keep your receipts, as you may subsequently be able to make a claim.

## Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

## Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

## Spending Money

Approximately £250 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days. Please be aware that since everything has to be carried up, these items become more expensive as you gain altitude.

## Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £100 (in rupees) to these tips - although the amount you give is entirely up to you. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

## Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

## **Baggage Allowance**

Your main item of luggage should be a sturdy kit bag, duffle bag or similar. This will be carried during the trek by porters or pack animals and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. For all flights to and from STOL airstrips in Nepal the maximum allowance for hold baggage AND hand baggage combined is 15kg and you should make every effort to keep to this total weight. It is usually not a problem to check in a couple of kg more than this, but you may be required to pay a small excess luggage charge. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (see *Health & Vaccinations* below), and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

### Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

If you are travelling via India (Delhi or Calcutta) to your destination you may also require a visa for India. This may apply even if you are not leaving the airport unless your baggage has been checked all the way through to your destination. Generally, if you use the same carrier for both legs of your journey, you will not need an India Visa. Please download the detailed information document: [Visa PDF India](#).

### TREKKING PERMITS - WHAT DO WE NEED FROM YOU ?

For treks in the Everest region - EBL, EVL, EHW, ELL - we need your passport details and we need you to take with you to Nepal 2 passport photographs. You will hand these over to your local leader on Day 1.

For treks in the Annapurna region - ASL, ACL, UAT, ANL and for the Gosainkund and Langtang Trek - GLT - we need your passport details and we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself. Please send this to us once your holiday is guaranteed.

For these Conservation Area treks and other treks requiring Special Permits - KAN, DLG, NAP - we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself and a scan of the information pages of your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

For those trips requiring Climbing Permits - MER, IPC, CTL, YAR - we need to send to Nepal ahead of your departure, a scan of a passport-style photograph of yourself and a scan of the information pages of

your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu, for YAR and for CTL, you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. On holidays to more remote areas you should also have a dentist check up. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

### Malaria

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

### Dengue Fever

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## Currency

The unit of currency in Nepal is the Nepalese Rupee.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Although the trekking on this trip is not difficult or sustained, hiking at altitude is more demanding than similar terrain at lower elevations. We suggest that you adopt a weekly exercise regime leading up to your trip. Regular hiking in hilly country is the best training but any regular exercise such as cycling, running or swimming is also good for developing cardio vascular fitness and stamina. Before coming on the trip we recommend that you make time for some longer walks in hilly country. It is also a good idea to do some reading about the culture of Nepal and of the Sherpa people who live in the Everest region. There are many books on this subject and some are listed here.

## Climate

October through to May is the best time for trekking in Nepal. These months outside of the summer monsoon season offer the best conditions for trekking. Pre-monsoon from March to May is the main climbing season for Everest and at this time there will be many expeditions at basecamp. This is also the time to see the colourful blooms of the rhododendron at lower elevations. The post-monsoon months usually offer the clearest skies and the most settled weather. You will encounter a wide range of daytime temperatures during your holiday. In October/November and April/May this will range from approximately 25C in Kathmandu to approximately 14C at 3000 metres, and approximately 3C at 5000m. From December to early April, temperatures will average around 5C lower than this but at any time of the year the real feel temperature in the middle of the day will be much warmer. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures below freezing once above approximately 4200 metres. (above 3000 metres from mid December to February) and at our highest overnight stops, outside temperatures may drop as low as minus 15C. Extended periods of rain or snow are very unlikely outside of the monsoon period but short-lived storms can and do occur.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
