# Introduction

Snowshoeing is growing in popularity as more and more people catch on to this easy to learn, low-impact way to access the beautiful pristine landscapes of a winter-transformed alpine forest or high pasture and even to climb easy peaks. The Traverse of the Chablais is a special journey through the mountains of the Haute Savoie between the French village of Megevette in the valley of the Arve in the west, to the shores of Lake Geneva in the east. The Chablais area is renowned for its marvellous snowshoeing country and many of the high points we cross on this route offer impressive views of the Mont Blanc range.

At the end of each day's snowshoeing, we arrive at our hotel in one of the pretty little alpine villages of the Chablais, where our luggage will be waiting. After a hot shower and change we will be ready to enjoy the evening and taste some superb regional cuisine. Requiring no previous experience of snowshoeing and with snow shoes, ski poles and other items of specialist equipment provided, this is the perfect winter wonderland holiday.

## Is this holiday for you?

As we travel on our snowshoes from village to village through the Chablais, we pass through remote valleys, under towering limestone cliffs and over high plateaux. We aim to cover around 12 - 16 km each day with ascents of 800 - 1000 metres. Snowshoeing is a high energy activity and you should be in good condition to undertake this traverse. However, as our luggage is transferred between each night's hotel we will be carrying only what we need for the day. The techniques of snowshoeing are easily learned and no previous experience of snowshoeing is required.

The itinerary will be flexible and during the week the guide will use their expertise and local knowledge to determine the best routes to take advantage of prevailing snow conditions and the abilities of the group. A suggested itinerary for the week is given, but may be subject to change. If snow conditions do not permit snow-shoeing on any of the routes, the group will follow an alternative winter hiking itinerary.

## Joining Arrangements & Transfers

---

### TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

The group will rendezvous at a pre-arranged meeting point in Geneva Airport. Within the Land Only price of the holiday we have arranged for a single timed transfer from Geneva Airport to the group hotel in the small village of Megevette, north of the town of Saint Jeoire in France (approximately 1 hour drive from Geneva Airport). This transfer will depart Geneva Airport at around 17.30 so you should book flights which allow you to comfortably meet this transfer. It is also possible to join the group in Megevette. The most convenient airport is Geneva and from here it is possible to take a train to Cluses (50 minutes) and a taxi from there to Megevette. The holiday ends in Evian-les-Bains on the shores of Lake Geneva. The easiest way to return to Geneva Airport is to take the morning ferry across the lake and then catch the train from there direct to the airport. A wonderful way to end the holiday! Full joining instructions together with contact and location details of the group hotel and an emergency telephone number, are provided with your booking confirmation.

### Meal Plan

All breakfasts and dinners are included in the holiday price. Packed lunches can be ordered at your overnight accommodation (in preparation for Day One, you may wish to bring some muesli bars, chocolate and snacks with you). We suggest you allow 10 Euros per day for your lunches.

### Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

When in the towns and villages all tap water is drinkable. In mountain huts there is usually not a sustainable drinking water supply. Water in plastic bottles is brought in to the hut. All huts have a recycling point. If you have to purchase water in plastic bottles please buy the largest bottle you can so as to use less plastic. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water if you can fill from a local stream. Bottled water is not provided. We do not encourage the purchasing of single use plastic bottles. Local authorities are working to find solutions to using plastic water bottles in huts. We monitor the situation carefully for updates.

As to be expected, the food available in guest houses and hotels in France is excellent. Continental breakfasts and evening meals are provided by our accommodation.

## Accommodation

During the holiday the group will spend 7 nights in simple (2 star equivalent) hotels and guest houses. All accommodation is based on twin share and if you are travelling alone you will be paired with another independent traveller of the same sex. Single rooms may be available on request and will incur a supplementary cost.

Where possible we use family run establishments with a reputation for hospitality and food. The Traverse of the Chablais is a point-to-point trip, travelling from one tiny village to another, where there are very few, and sometimes no, alternative options for our overnights. We do not use mountain huts where you will be in dormitories, but we do have to use two basic hotels. However, they do have private bedrooms, and you will have private en suite facilities. On occasions when the accommodation is already fully booked we may have to spend two nights in one location, but will still snowshoe the route from point-to-point.

## Group Leader & Support Staff

The group will be led by a qualified, English-speaking International Mountain Leader.

## Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

## Spending Money

We estimate that 200 - 250 Euros should be sufficient to cover all personal expenses including your non included meals, snacks and a reasonable amount of drinks including wine with your meals. There are cash point facilities in Megevette and in most of the places we stop on the route. If you intend to purchase items of equipment, you should budget accordingly (credit cards can be useful in this respect).

## **Baggage Allowance**

For this holiday you should take one piece of luggage and a daypack. For international flights please check your baggage allowance with your airline.

You will only need to carry a daysack on the ski days and your main baggage will be transferred every day between accommodation points. Luggage will be mainly transported in cars and small vans so we would ask that you keep both size and weight of luggage to a respectable limit of around 12 kg (and only one bag per person). It is worth noting that you will be required to carry your own bag up and down from your accommodation every day; luggage with wheels can be useful for this holiday.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

## Currency

The currency for part or all of this holiday is the Euro.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. While regular hiking is the best preparation for this holiday, a weekly exercise plan (running, cycling, swimming etc.) is good for developing cardio-vascular fitness. Before setting off we recommend that you make time to fit in several long walks in hilly country. It is not necessary to have any previous experience of snow shoeing as the techniques required are simple and easy to learn.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
