Introduction

Our snowshoeing holiday in the Pyrenees begins with 2 days of introductory snowshoe walking and safety training from our hotel in the beautiful spa town of Luchon. Now fully accustomed to our winter footwear, we drive into the Val d'Aran, Spain, from where we begin our 3-day expedition at the eastern end of the Aigues Tortes National Park, a veritable wonderland of steep cols and frozen lakes, surrounded by jagged white peaks. With the exception of the odd skiing or snowshoeing party, we can expect to have this Pyrenean playground all to ourselves!

We stay both nights at the stunningly located Ventosa Refuge (2220m), with the chance, en route, to make an optional ascent of the 2833m peak, Montardo! This part of the holiday will include a couple of fantastic but long and testing days. We round off our expedition in true Spanish style at a traditional tapas restaurant before returning to Luchon and the comfort and fine food of our rustic French hotel. A free day allows us the opportunity to take it easy or to try another optional winter activity - such as skiing at nearby Superbagneres.

Is this holiday for you?

This snowshoeing holiday begins with an introductory session on relatively easy, snow covered forest trails or ridges above the Luchonnais. During this time we will also receive safety instruction before heading to the high mountains. During the week we will have the option to make an ascent of a 2800m plus peak. No previous snowshoeing experience is required, but a good level of fitness is essential. You should be prepared to be walking for 5-6 hours per day, in winter conditions, for a number of consecutive days. Accommodation for our 5 nights in Luchon will be in twin share rooms and for the 2 nights in the mountain refuge we will stay in dormitory style rooms with bunks. Bedding will be provided at the refuges and you will only be required to carry a sleeping bag liner, or a lightweight sleeping bag if you prefer.

The itinerary will be flexible and during the week the guide will use their expertise and local knowledge to determine the best routes to take advantage of prevailing snow/weather conditions and the abilities of the group. A suggested programme for the week is given in the itinerary section. If snow conditions do not permit snow-shoeing on any of the routes, the group will follow an alternative winter hiking itinerary.

Itinerary

DAY 2

Issued with snowshoes and introductory walk through the Luchonnais.

After we have been issued with our snowshoes and equipment we have an introduction to snowshoe techniques and familiarise ourselves with safety procedures, learning to use our avalanche transceivers and probes. Our walk today takes us through the Luchonnais, before returning to the hotel.

DAY 3

Snowshoe around the Pic d'Aubas and further onto the Pic d'Arres horseshoe.

There is a wonderfully scenic route around the Pic d'Aubas and Pic d'Arres horseshoe. A good chance to practice our skills on this spectacular circuit. At the end of the day we return to the hotel. Tonight we will want to repack our rucksacks with everything we will need for our 3 day/2night expedition.

DAY 4

Drive to Val d'Aran. Snowshoe up the Vall de Boi to Cavallers lake and the Ventosa refuge (2220m).

After breakfast at the hotel we leave France behind and drive into Val d'Aran, Spain (1-2hrs driving). We'll drive as far as the snow conditions will allow us, then donning our snowshoes we walk up the Caldes de Boi valley. After reaching the first lake Estany Cavallers, we climb up towards the high plateaux that leads to the refuge. It is now only a short walk to the Ventosa Refuge (2220m), located in a spectacular location.

The distance and time walked is dependent on the snowlevels and how far we can drive.

DAY 5

A long loop around the Encantats frozen lakes. Return to the Ventosa refuge (2200m). Optional accent of Montardo (2833m).

Today will follow a beautiful loop through the many frozen lakes of this region with views of surrounding peaks such as Besiberri Nord and Sud and Punta Alta. We return to the Ventosa refuge for a second night.

Today there is also the possibility of walking to the summit of Montardo (2833m). This is, as always, dependant on many factors including snow conditions and the weather and the decision will be made by the guide on the day.

Joining Arrangements & Transfers

TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

The group will rendezvous at our hotel base in the town of Luchon. The nearest airport to Luchon is Toulouse approximately 2 hours away. We provide a single timed group transfer from Toulouse airport to the group's accommodation on Day 1 of the holiday itinerary. This transfer is in the late afternoon. Anyone may use this transfer but it is your responsibility to check the timings of this flight prior to departure as schedules can change. The return transfer leaves the accommodation late morning.

If your flight schedules do not permit you to take advantage of these transfers you will need to make your own transfer arrangements, trains run regularly from Toulouse to Luchon, however you may need to overnight in Toulouse depending on your flight schedule. Please note that we cannot book trains or additional nights in Toulouse for you.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All nights in Luchon are on half-board basis, except free day when it is breakfast only. Dinners are provided at the refuges but these meals do not include drinks. 1 lunch is not included - this is on your free day to allow you some flexibility. Your final dinner on the last night in Luchon is also not included. There are many cafes, patisseries and restaurants in Luchon.

Food & Water

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

Continental breakfasts, packed lunches and a full 3-course evening meal including red wine are provided while staying in Luchon, with the exception of the free day. A variety of wholesome home cooked dinners and picnic lunches will be prepared by the hotel staff. On the free day, when you will be responsible for your own lunch, you will find a variety of good cafes and restaurants in Luchon or nearby Superbagnères. During the 2 nights spent at the mountain refuges, good wholesome meals will be provided by the hut. The hotel can provide good vegetarian meals, however vegetarian meals at the refuge will be limited in variety.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

During this holiday you will spend 5 nights in the elegant spa town Bagnères de Luchon. You will also spend 2 nights in a mountain refuge.

Accommodation in the mountain refuge is quite basic with mixed dormitories. Hot showers are sometimes available and meals are in a communal dining room. Blankets are provided, but you should bring a sheet sleeping bag liner or a light weight sleeping bag (bear in mind you will have to carry this for the 3 day expedition), hut shoes and slippers are provided in the mountain refuges. However the location more than makes up for the lack of facilities.

If you are travelling by yourself, you will be paired up with another single client of the same sex whilst staying in Luchon.

Group Leader & Support Staff

Fully qualified professional local English speaking guide

Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

We estimate that €200 should be sufficient to cover all personal expenses including the above-mentioned meals. Cash can be withdrawn from ATMs in Toulouse Airport and Luchon, and credit cards can also be used to pay for most goods and services.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your leader. Tipping is entirely voluntary and should be dependent on good service. We advise you to tip as a group.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Note that your daypack will need to be big enough to carry everything you require (including your mountain equipment) for the 2 nights at the Ventosa refuge (sleeping bags are not required). For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Currency

The currency for part or all of this holiday is the Euro.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. While regular hiking is the best preparation for this holiday, a weekly exercise plan (running, cycling, swimming etc.) is good for developing cardio-vascular fitness. Before setting off we recommend that you make time to fit in several long walks in hilly country.

Climate

During the winter months the daytime temperature typically ranges from 2°C to 8°C. At 2000m the daytime temperature range will be from -5°C to 2°C. The Pyrenees receives most of its precipitation in the winter, normally falling as snow. However we can expect mostly clear and sunny days with the odd day of cloud or snowfall. It should be noted that mountainous areas do generate their own weather systems and stormy weather cannot be ruled out at any time of the year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's [‘Travel Aware’](#) campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

IGN 25K TOP 25/Serie Bleue. Topographic Survey Maps

Sheets: 18480T Bagneres-de-Luchon Finely detailed cartography giving an almost 3-D representation of the terrain, with 10 metre contour interval and relief-shading. Local footpaths and GR routes are highlighted.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

[-> Find out more](#)

Land Only Information

We sell this holiday on a Land Only basis and recommend that you book your flights to Toulouse Airport. Please refer to the 'Joining Arrangements and Transfers' for further details.

Flights SHOULD NOT be booked until you have received your booking confirmation and the departure is showing 'Guaranteed to Run' or 'Limited'.

If flying from the UK Easyjet will be the best low cost airline offering flights to Toulouse. Easyjet have flights from Gatwick & Bristol. Other airports may be available.

If you would prefer to book a 'flight inclusive package' using scheduled airlines from the UK please contact our flights department for a quote. Whilst flight prices are likely to be more expensive you will benefit from full financial protection.

Why Choose KE

Why KE

Many gentle snowshoeing holidays exist, but this one offers a bit more of a challenge with 3 day / 2 night expedition, staying in mountain refuges, and including the optional ascent of a 2833m Pyrenean Peak.

Please Note This document was downloaded on 29/04/2024 and the trip is subject to change
