# Introduction

Captivating Greece boasts the breathtaking UNESCO floating monasteries of Meteora and "the home of the gods," Mount Olympus, the highest peak in the country. Dominating a UNESCO national park and world biosphere reserve, dramatic Olympus, the Throne of Zeus, serves as the highlight of this fantastic trekking journey, featuring stays in traditional mountain huts and a spectacular trek onto the mountain. Greece's first national park, Olympus, sits on the Macedonian border and is home to a wonderful variety of wildlife, including chamois, wolves, jackals, woodpeckers, birds of prey, and butterflies.

Our journey commences in the Greek village of Krastaki, nestled at the base of the floating Orthodox monasteries of Meteora. This UNESCO World Heritage Site comprises towering sandstone pillars crowned by enchanting monasteries. We'll traverse trails once frequented by 11th-century monks and visit two of the monasteries before continuing to the quaint town of Litochoro. With its stunning mountain backdrop, Litochoro offers an ideal setting to relax before embarking on our trek to the highest point in Greece.

Mount Olympus, the second-highest peak in the Balkans, promises a true mountain adventure, complete with dramatic ridges and breathtaking scenery. If you seek a unique trekking journey boasting panoramic views extending to the coast, then this adventure is the perfect choice.

## Is this holiday for you?

This is an exceptional mountain journey featuring a significant amount of ascent and descent during the days spent in Olympus National Park. While the trails are generally well-maintained, there is a ridge section where scrambling (equivalent to UK scrambling grade 1) will be necessary. Walking durations vary from 4 to 8 hours on days 4, 5, 6, and 7, with occasional exposure during the final ascent to the summit (which is optional).

For three nights, we will lodge in traditional mountain huts, most of which are inaccessible by vehicles. You will need to carry your personal equipment for four days; however, bedding is provided, and with strategic packing, there is no need to burden yourself with a heavy backpack. This holiday is suitable for regular walkers with a good head for heights and some scrambling experience, who seek a remarkable mountain adventure in a cherished part of Europe.

## DAY 1

**Meet at Thessaloniki Airport. A single timed transfer to Kastraki, close to Meteora, will be provided.**

A single timed transfer will be provided from Thessaloniki Airport to the group hotel in Kastraki. The scenic journey takes approximately 2.5hrs and we will have views of the mountains, towns and villages along the way. Kastraki is a small town located in the region of West Macedonia, Greece. Meaning "small castle" this small peaceful town has a laid-back feel to it and is the perfect base for our visit to Meteora. From afar the large village looks like an eagle's nest at the bottom of two gigantic rocks! Protected by the Greek government and under a preservation order, Kastraki is famed for traditional houses with roofs of clay tiles local inhabitants who proudly make sure each garden has an abundance of flowers in residence! During dinner this evening our leader will brief us on the week ahead.

## DAY 2

**Explore UNESCO Meteora and visit two of the floating monasteries.**

Today we visit the amazing area of Meteora and enter two of the spectacular monasteries. We'll walk around western Meteora, following the old paths the monks used to use to wind their way amongst the tall rock-towers. These paths then ascend up these gigantic rocks, taking us up to the cliff top monasteries. We will have enough time to visit two of the most important ones: the Megalo Meteoro, and the Varlaam. A UNESCO world heritage site, Meteora is a mystery of nature as monasteries sit suspended in the air on towering sandstone rocks. Formed approximately 60 million years ago, these amazing structures were shaped by weather and earthquakes over time. Meaning "suspended in the air" or "in the heavens above" the whole area is a magical place containing one of the largest and most important Greek Orthodox Monastery complexes in the whole of Europe. During the 11th century monks originally settled in caves, but legends tell of them climbing higher and higher during the Turkish occupation. The first monasteries were built by bringing materials and people up the enormous rock formations with a series of ladders and baskets. In the past these sacred buildings were closed to the public, however in 1921 Queen Marie of Romania visited Meteora and was the first woman allowed to enter. Today six of them remain religious buildings, 4 for men and 2 for women. We'll visit Megalo Meteoro famed for its library, silverware, wood carvings and beautiful frescoes. Our second visit will be to Varlaam, the second biggest and one of the most beautiful, also with exquisite frescoes. (Please note that modest clothing is required for our visits to the monasteries - no vest tops or short shorts for either men or women. Women are requested to wear skirts, however a sarong is provided at the monasteries).

### DAY 3

#### **Morning walk around Kastraki village and transfer to Litochoro, the gateway to Olympus.**

This morning we'll enjoy a relaxing start to the day. After breakfast we'll explore the village of Kastraki with a short walking tour and morning leg stretcher directly from our accommodation. During the morning there will be time to photograph the traditional houses and colourful gardens that Kastraki is famed for. After lunch we'll transfer (2.5hrs) to the small town of Litochoro. On the way we may have time to stop and swim in the Aegean Sea. Litochoro is situated only a few kilometres from the sea and known as the gateway to Mount Olympus, this picturesque town is built in traditional Macedonian style. The town is a relaxing place to wander with narrow lanes, small town squares and a quaint Maritime and Folk Museum. After checking-in, there will be some free time to relax. Over dinner, the leader will brief us about the exciting trek through the UNESCO national park and walking days ahead.

### DAY 4

#### **Transfer to Olympus National Park and trek to Spilios Agapitos Refuge A (2100m).**

Today, we commence our journey with a brief morning transfer to Prionia (770m), the highest accessible point by car. From here, our trekking adventure unfolds as we set forth towards the Spilios Agapitos Refuge, nestled atop a rocky outcrop known as "The Balcony" at 2100m. Our path meanders through beech woodland, offering a serene ambiance as we embark on a section of the renowned E4 European Mountaineer's Path, spanning all the way from Spain to Crete. This remarkable trail traverses the mountain's lower slopes, amidst a transition from deciduous to pine trees as we ascend in altitude. Well-signposted and frequented, we may even encounter mule trains ferrying supplies to the refuges dotting the mountain. Our lodging for the night, also referred to as Refuge 'A', is a spacious and meticulously maintained mountain retreat, boasting panoramic vistas, two dining areas, and a prime location. Basic restroom facilities and a restaurant adorned with vintage photographs depicting early mountain exploits add to the charm. A mere footnote in history, it wasn't until 1913 that the summit of Mytikas was first conquered by local legend Christos Kakalos alongside two Swiss mountaineers. As evening descends, we relish the scenic terrace views and partake in dinner while our leader outlines the next day's objective: the summit of Mount Olympus. The ascent of Olympus is optional, and should you opt out, our leader will tailor the pace to ensure your comfort until the group's return. Rest assured, foregoing the

summit does not detract from the joy of the journey, as the trekking experience and mountain refuge stay in itself is a gratifying adventure.

## DAY 5

### Exciting and airy trek to the summit of Olympus.

Today, we embark on our journey to Olympus, a majestic mountain boasting three distinct summits - Skala (2866m), Skolio (2912m), and Mytikas (2918m). Initially, our path meanders along a zigzag trail, leading us beneath the towering presence of the mountain's three peaks. It's important to note that various options are available today, and our tour leader will select the most suitable route based on local weather conditions. We may opt to ascend Skala (2866m) before traversing to Skolio (2911m). Alternatively, if weather conditions permit and the mountain remains free of snow, we'll aim for the summit of Mytikas (2917m). Regardless of the chosen route, we are guaranteed to encounter dramatic paths and stunning vistas, particularly as we gaze upon the Cauldron, a breathtaking drop of 500 meters between Mytikas and Skolio. Ascending to the summit involves some scrambling, so a steady head for heights is essential. As the highest peak in Greece, Mount Olympus holds legendary status in Greek mythology as the dwelling place of the gods and the throne of Zeus, offering awe-inspiring views. After capturing ample mountain photographs to cherish, we begin our descent, making our way back to Refuge "A" Please note: A degree of flexibility and patience is required today due to the route being weather, trail, and group dependent. Helmets and harnesses will be provided and carried by each member of the group to ensure additional safety during the scrambling sections.

## DAY 6

### Descend from Refuge C on the Plateau of Muses to Refuge A.

This morning we'll enjoy a later start and relaxed breakfast before hiking from Refuge A to Refuge C. The trail we take is called "Kofto", and you may find it slightly rockier underfoot than the previous trails we've walked. After reaching the plateau, we'll explore the surrounding smaller peaks and there may also be the opportunity to walk to a nearby chapel situated on the top of a peak, Profitis Ilias (Prophet Elias). With an elevation of 2803 meters, The chapel is the highest ecclesiastical building of the Orthodox Church.

Tonight, we'll call the quaint and charming Refuge "C" our home. Upon our arrival, we'll have the chance to unwind and bask in the serene ambiance of the refuge's terrace, accompanied by a well-deserved celebratory beer.

## DAY 7

### Walk out of Olympus National Park and relax in Litochoro.

This morning we'll leave the mountains and head down to the valley floor. There are numerous trails and if we're lucky we may spot the birds of prey that live and soar in the national park. Here vultures, eagles and falcons are all residents alongside storks, doves and hoopoe. The park is famed for its abundance of butterflies and reptiles plus chamois, wolf, wild boar, fox, jackel, wild cat and squirrels. One thing is for sure we'll enjoy a walk out of the park before our transfer to Litochoro. After checking-in there will be time to for a stroll before we meet up to enjoy a final group dinner. Tonight there will be plenty of opportunities to enjoy a glass or two of the local ouzo, metaxa or retsina.

# Holiday Information

---

## What's Included

- A professional and qualified tour leader/mountain guide
- Single timed airport transfers on arrival and departure
- All accommodation as described
- Meals as described in the Meal Plan All land transport required by the itinerary
- All activities/excursions/entrance fees mentioned unless specified as 'optional'

## What's not Included

- Travel insurance
- Airport transfers other than group transfers
- Tips
- Some meals as described in the Meal Plan
- Any additional activities/excursions indicated as optional
- Miscellaneous personal expenditure - drinks and souvenirs etc

## Joining Arrangements & Transfers

The group will meet at Thessaloniki Airport.

A single timed transfer from the airport to the group hotel in Kastraki will be provided. This transfer will depart in the mid afternoon.

On the last day of the holiday there will be a single timed group transfer back to Thessaloniki Airport from Litochoro departing mid-morning.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost.

Hotel contact details and an emergency number will be provided with your booking confirmation.

## Meal Plan

All breakfasts, 3 lunches and 3 dinners are included in the holiday price.

## Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Greek food is absolutely excellent with its colourful Mediterranean diet of tasty dishes alongside a fantastic range of fresh vegetables and salads. Local menus include fava beans, olives, aubergines, fresh cheeses, filled filo pastries, lamb and poultry plus don't forget excellent breads to dip in taramasalata and tzatziki. Breakfasts are continental in style with tea, coffee, cereals, bread, jam, yoghurt, honey and occasionally cheese. Lunches will be picnic style and the group will make them up during breakfast to carry during the day (bread, cheese, tomatoes, cucumber, ham or dried meat, fruit and biscuits). In Litorio and Krastaki we'll eat in small local restaurants with something to suit all tastes and budgets. In the refuges dinner will be simpler but filling with thick soups, pastas, stews etc. As one of the oldest wine-producing regions in the world, the country has an excellent selection of local wines available by the glass. The light beer of Mythos, the aniseed aperitif of Ouzo, Metaxa the local brandy, Retsina (wine with an acquired taste) and the fiery Tsipouro are all popular local tipples and well worth a try.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

You will spend 4 nights in simple guesthouses / hotels in Kastraki and Litorio in en-suite rooms. If you are travelling by yourself, you will be paired with another single client of the same sex.

For the 3 nights in Olympus National Park, the group will stay in two mountain refuges with dormitory accommodation, known as Refuge A and Refuge C. Blankets are provided, however we recommend taking a sheet sleeping bag liner for these 3 nights. Each refuge has a restaurant, plus drinks and snacks can be purchased. Toilet and washing facilities will be simple, refuge A does offer refreshing cold showers! Though basic, the atmospheric location of these huts more than makes up for the lack of facilities. It also allows the chance to stay in the UNESCO national park.

Single rooms are available for a supplementary cost (not available at the mountain refuges). If you are planning to extend your holiday, additional nights at the group hotels are available on request.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

The local currency in Greece is the Euro and approximately 250 - 300 Euro should cover extra expenses - drinks with evening meals, snacks, non-included meals and drinks in the refuges. We recommend taking your money in local currency or carrying a debit/credit card to use at a local ATM. There is an ATM at Thessaloniki Airport and in Litochoro where you can withdraw Euros.

## Guidance on Tipping

Most people will want to tip their local guide if they have had a good experience. This is a purely personal decision and it is important to remember that tips are a way of saying 'thank you' and are not part of the wages of local staff. We recommend that any tips be given from the group as a whole rather than from individuals and that the group decides together on a level of tipping that everyone is comfortable with.

## Baggage Allowance

There is no weight restriction other than that imposed by your international carrier but we do ask you to limit your luggage to one piece plus your day pack. Baggage will be transported between overnight stops (except on Days 4, 5 and 6) by vehicle. A 35-40 litre rucksack should be adequate for the two day trek into Olympus National Park. Any items not required on the two day trek can be left at the hotel in Litochoro.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

### Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

### GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## Currency

The currency for part or all of this holiday is the Euro.

## Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 6 to 8 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

## Climate

The best time of year for trekking in the Olympus National Park and a summit attempt is in September and October - when we have planned our trips. We can expect daytime temperatures to range between 20 and 25 degrees centigrade, dropping at night to 10-15 degrees centigrade in the towns and villages and 5 - 10 degrees centigrade in the mountains. During early summer the trails of Mount Olympus can be covered in snow, whilst it is too hot and busy to complete this itinerary comfortably during July and August. Although the whole coastline is blessed with sunshine from spring to autumn, we can expect a wide variety of weather as with all mountain regions.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- The Gods of Olympus - Barbara Graziosi

## Private Groups Information

### Make this KE Adventure holiday your own!

- Do our normal group departure dates not fit?
- Would you prefer to travel with just friends and/or family?
- Are you looking to organise a trip for your local walking, biking or mountaineering club?

It's really easy to make a trip your own. Simply select from our full range of adventure holidays and choose the dates that work for you and your group.

We are experts in creating holidays for groups of friends, families, charities and clubs. Our personal service means you'll be fully involved as we make the arrangements for your perfect adventure holiday.

## Independence with Security

Travelling as a KE Private Group allows you more flexibility and choice, but still with the peace of mind that everything is pre-planned and arranged for your group by a reputable adventure travel company.

To take your first step to an amazing adventure with your friends and family complete the private group enquiry form, or call our **Sales Experts on: 017687 73966**

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

# Equipment Information

Return flights will depart in the early afternoon of the last day of the itinerary, arriving in the UK later that same evening.

# Why Choose KE

---

## Why KE

"They say you should never meet your heroes, as they may disappoint you. But Olympus has been my hero for many years, and now that I've finally met it, and crossed its broad shoulders with fellow adventurers under the KE banner, I can report that it is far from a disappointment." Nick Hallissey, Deputy Editor of Country Walking magazine, recently returned from trekking Mount Olympus with one of our KE groups. Read more about his experience [here](#).
