Introduction

A comprehensive and immersive journey through Guatemala's most iconic landscapes and cultural highlights. Over 11 days, you will explore the highland lakes, volcanic peaks, colonial cities, dense jungles, and ancient ruins that define this diverse Central American country. Activities include kayaking and hiking at Lake Atitlán, visiting the colourful Chichicastenango Market, climbing Volcán San Pedro, exploring the UNESCO-listed city of Antigua, and cooking a traditional Guatemalan meal. Our journey then takes us on to discover the impressive Mayan ruins of Tikal, spend a full day at the natural pools of Semuc Champey and immerse ourselves in the cloud forest of the Biotopo del Quetzal, spotting the colourful flora and fauna. You may even be lucky enough to spot the rare Quetzal Bird - the National Bird of Guatemala. With comfortable accommodation, expert local guides, and all major activities included, this trip is ideal for travellers seeking a balance of culture, nature, and adventure.

Is this holiday for you?

This trip is ideal for those who enjoy being outdoors, exploring on foot or by kayak, and are curious about local traditions, food, and history. While some of the activities are moderately challenging, no technical experience is required—just a reasonable level of fitness and a spirit of adventure. The kayaking activity is suitable for beginners using sit on top kayaks with life vests provided. The hike to the summit of San Pedro Volcano is a 9km round-trip with a steep 1,200m elevation gain. Trails are well-maintained with switchbacks easing the climb, but the upper sections include stone steps and steep slopes. It typically takes 5-6 hours total and is considered moderately strenuous, but well-marked trails and scenic diversity make it a memorable experience for fit hikers. Compared to other volcanoes in the region (like Atitlán Volcano), San Pedro offers a tough but more accessible option and is often recommended for beginner-to-intermediate hikers.

It is important to note that the itinerary also involves a couple of long overland journeys. While these offer a great opportunity to see more of Guatemala's diverse landscapes, travellers should be prepared for extended travel times and some early starts. A good level of fitness, a flexible attitude, and a sense of adventure will help you get the most out of this experience.

DAY 7

Flight to Tikal & Majestic Mayan Ruins.

Today our journey takes us from the colonial beauty of Antigua to the ancient wonders of the Petén jungle. Our day begins with an early transfer to the airport for the scenic flight to the colourful island town of Flores. Upon arrival, we continue directly to the legendary Mayan city of Tikal, one of the largest and most powerful urban centres of the ancient Maya world.

At Tikal, we will explore the towering pyramids and temples that rise dramatically above the jungle canopy, some over 200 feet tall. As howler monkeys echo through the rainforest, our guide will share the fascinating history of this UNESCO World Heritage Site - its role as a political, religious, and economic

hub, its monumental architecture, and the mysteries still being uncovered by archaeologists today. We'll explore grand plazas, ceremonial platforms, and stelae carved with intricate hieroglyphics that reveal the stories of Maya rulers and dynasties.

In the late afternoon, we transfer to our hotel in Flores, a charming island town with narrow cobblestone streets, brightly painted houses, and a relaxed lakeside atmosphere. With its lively cafés, craft shops, and panoramic views over Lake Petén Itzá, Flores offers the perfect blend of history and tranquility.

DAY 8

Overland journey to Lanquín.

Today, you will embark on a road trip across northern Guatemala, traveling through the Alta Verapaz region. The journey offers a gradual transition in scenery, from open countryside to the densely forested, green hills characteristic of this area. A planned stop near Cobán City allows time to stretch and enjoy lunch before continuing on the route.

As the journey progresses, the roads become less developed, with rougher surfaces and increasing remoteness, leading toward Lanquín. This small mountain town serves as the base for the final stage of your trip.

Accommodations are provided in a glamping site set within the surrounding forest, offering both comfort and immersion in the natural environment. Dinner is available on-site, providing an opportunity to rest and prepare for the following day's activities.

DAY 9

Full-Day Adventure at Semuc Champey.

Today we embark on an unforgettable day trip to Semuc Champey, one of Guatemala's most breathtaking natural wonders. Famous for its cascading turquoise pools, lush jungle surroundings, and dramatic limestone formations, this hidden gem promises a day full of beauty and adventure.

Our day begins with a hearty breakfast and a quick overview of the itinerary, before heading off in our

truck for a scenic drive through the Guatemalan countryside.

Upon arrival at Semuc Champey, we'll have a brief chat about what to expect on our journey to the pools. From here, the group can choose to hike up to the iconic mirador (viewpoint) or head straight to the pools to relax and swim. For those who want the full experience, we highly recommend the hike. This moderate trek, taking about 1 to 1.5 hours, leads to El Sumidero, where the powerful Cahabón River dramatically disappears beneath a natural limestone bridge. Along the way, we'll witness various natural features including waterfalls, jungle paths, and panoramic views.

After the hike, we make our way to the pools for a well-deserved swim and spend some free time relaxing in this natural paradise. The crystal-clear water, surrounded by lush vegetation, makes for a perfect refreshing break. Afterwards, we hike onto a private picnic area right on the banks of the Cahabón River. Here, we'll enjoy a delicious lunch, surrounded by the sights and sounds of the jungle.

After lunch, we'll take a short hike to visit the Semuc Champey waterfall, offering one final chance to admire the raw power and beauty of the river before we begin our journey back to our overnight accommodation.

DAY 10

Transfer to Biotopo del Quetzal Reserve for hike. Transfer to Guatemala City.

Today we have a long drive of 7.5 to 9 hours back to Guatemala City. We'll break the journey after around 2.5 to 3 hours with a guided hike through the Biotopo del Quetzal, a protected nature reserve located in the lush highlands of Baja Verapaz. This sanctuary was established specifically to preserve the habitat of the resplendent quetzal, Guatemala's national bird and a sacred symbol in ancient Mayan culture. Revered for its vibrant emerald and crimson plumage and long, flowing tail feathers, the quetzal is both elusive and breathtaking - a true treasure of the cloud forest.

As we walk along the mist-shrouded trails, enveloped by towering trees draped in moss and orchids, keep your eyes and ears open not only for the quetzal but also for a wide array of other wildlife, including hummingbirds, toucans, howler monkeys, and countless species of butterflies. The forest itself is alive with dense, tropical vegetation - ferns, bromeliads, and towering hardwoods that thrive in the cool, humid climate created by near-constant cloud cover.

After soaking in the serene atmosphere and natural wonders of the Biotopo, we'll continue our return journey to Guatemala City, enjoying the changing scenery as we descend from the highlands. On arrival we'll settle in for our final evening in the capital, with time to reflect on the unforgettable experiences and diverse landscapes that have made this journey so special.

Hotel contact details and an emergency contact number are provided with your booking confirmation.

Meal Plan

All breakfasts, 7 lunches and 1 dinner (prepared in the cookery class) are included in the trip.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Food in Guatemala

Guatemalan cuisine is a delicious fusion of Mayan traditions and Spanish influences, offering rich flavours, vibrant colours, and hearty ingredients. Don't miss local favourites like *pepian* (a savoury meat stew with roasted spices), *jocón* (chicken in a green tomatillo-cilantro sauce), and *kak'ik* (a traditional turkey soup with Mayan roots). Street food is both affordable and delicious—try *pupusas*, *tamales*, or *shucos* (Guatemalan-style hot dogs). For dessert, indulge in *rellenitos* (fried plantains filled with sweetened black beans). With flavourful dishes and wallet-friendly prices, eating in Guatemala is a highlight not to be missed! We'll also get the opportunity to learn how to cook authentic local dishes and enjoy the flavours of our own creations.

Antigua has a bewildering array of restaurants serving international cuisine and your trip leader will take you to some of the best. In other towns the choice may not be as wide ranging but still there are several good restaurants serving a variety of foods both local and international. We estimate an average of US\$15 to US\$25 per meal at a mid-range restaurant. In less touristy areas, like Lanquin, prices may be lower. If you opt for street food or local markets, costs will be significantly reduced.

Accommodation

We will stay at good standard hotels for the 2 nights in Guatemala, 3 nights at Lake Atitlan, 2 nights in Antigua and 1 hotel night in Flores . We also spend 2 nights at a tented camp resort in Lanquin, providing an authentic and comfortable experience surrounded by nature.

All rooms are en-suite and allocated on a twin sharing basis. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms are available for a supplementary cost.

If you are planning to extend your holiday, additional nights at the group hotel pre and post tour are available on request.

Internal flights

The internal flight from Guatemala City to Flores will be on TAG (Transportes Aéreos Guatemaltecos). The allowed baggage allowance is 22kg plus one daypack.

Group Leader & Support Staff

A certified and experienced guide will accompany the group for the entire duration of the tour. To enhance the experience and provide specialised knowledge, local support guides will join the group at each location (e.g., Tikal, Lanquín, etc.). All guides are certified, have long-term experience and are trained in first aid.

Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

A total of US\$300 - \$400 should be sufficient to cover meals, personal spending, tips for drivers and trek staff, miscellaneous expenditure on drinks, souvenirs etc. It is possible to use credit and debit cards to withdraw money from ATMs or pay for goods in Guatemala City and Antigua but cash will be the only option in rural areas. We recommend bringing US dollars in cash and exchanging a percentage of this to the local currency (Quetzals) on the day after your arrival in Guatemala. US dollars are widely accepted as payment in most restaurants and shops in Antigua but not necessarily outside this city.

Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and porters and do not form part of their wages. KE always pays local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given.

For your guides and support staff we recommend that you give a tip if you feel that their services have met your satisfaction. We recommend that tips be given from the group as a whole and as a rough guide we suggest that a contribution from each group member of around \$60 - \$80, should provide a sufficient 'pool' for tips.

Baggage Allowance

There is no restriction on the weight of your luggage other than that imposed by the airlines. Please note the allowance on the internal flight is a 22kg. A soft bag with wheels or a trek bag is ideal for this holiday, in addition to a small day pack for the walks where you will need to carry personal items such as waterproofs, snacks and water.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (see *Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH THE USA

If your flights pass through the USA, even if only in transit, you will require either a visa or an ESTA (Electronic System for Travel Authorisation). Citizens of the UK, New Zealand, Australia, Canada and passport holders from several EU countries can apply for an ESTA under certain conditions*. This must be done online via <https://esta.cbp.dhs.gov>, no later than 72 hours prior to travel and applies whether entering the country by sea or by air. You will need to have a biometric passport to apply for an ESTA. The fee is currently US\$40 (as of 30/09/25). Travellers who have not registered before their trip are likely to be refused boarding.

*If you have visited Iran, Iraq, Libya, North Korea, Somalia, Sudan, Syria and Yemen since 2011 or have dual nationality with any of these countries, you cannot travel with an ESTA. You will need to apply for a visa from the nearest US Embassy or Consulate instead. Additionally, if you have travelled to or have been in Cuba since the 12th of January 2021, you will not be eligible for an ESTA visa waiver and will need to apply for a US visa. You should consult the US State Department website to determine which you will need.

When completing the ESTA application form you will be asked to enter your 'Point of Contact' information. This is not required if you are only transiting through the USA.

IMPORTANT INFORMATION FOR THOSE TRANSITING THROUGH CANADA

UK citizens will require an ETA (Electronic Travel Authorisation), and you must get this before boarding any Canada-bound aircraft or ship, or entering on a land border. The fee is CAD\$7 and you should apply for it at <http://www.cic.gc.ca/english/visit/eta-start.asp>. Other nationalities should consult their local embassy or consular office.

Entry requirements can change regularly so please ensure you have the most up to date information before travelling by checking visa entry requirements at the relevant embassy in your country of residence: (US Embassy in London: <http://london.usembassy.gov/niv/apply.html>)

Visa Guatemala

UK and USA passport holders do not require a visa for short stays.

Health & Vaccinations

Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

You must also contact your doctor or travel clinic to check if there are specific vaccinations or other preventive measures that you need for the area you are visiting, in good time before you are due to depart.

On holidays to more remote areas you should also have a dental check-up.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.

Please check the [FCDO](#) and [Travel Health Pro](#). For all of your intended destinations for up-to-date advice.

Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

Currency

The unit of currency in Guatemala is the Quetzal (named after the national bird).

Preparing for your Holiday

The better conditioned you are the more you will enjoy your trip. We suggest that you adopt a sensible weekly exercise regime and fit in a number of long walks in hilly country to ensure you are in good shape.

Climate

The climate you will experience is quite varied and will depend on the time of year and the different locations. October to March is the best time as it is the dry season on the Pacific side of Guatemala. Daytime temperatures in Antigua and Lake Atitlan are very pleasant, ranging from 17 to 25 °C. At night, in these areas, they are unlikely to fall below 15 °C. In the highlands, where the volcano ascents take place, temperatures can drop significantly. April to September is rainy season. Mornings are often sunny, but it's common to have heavy downpours in the afternoon, especially in the highland areas. In tropical areas like Lanquin and Semuc Champey, rain is more frequent and humidity is high.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
