# Introduction

Dating back to the First World War, when they were used to access mountain-top military positions, the via ferrata or 'iron ways' of the Dolomites cross some of the region's steepest and most impressive limestone cliffs and towers. Re-equipped and upgraded with staples, chains, ladders, cables and bridges, they provide exciting safe passage through precipitous terrain and spectacular airy views normally reserved only for mountaineers and rock climbers. This professionally-guided via ferrata holiday using high mountain refuges includes 6 days of exploration on classic routes, many of which lead to airy summits with exceptional views.

No climbing experience is required to take part in this holiday but a head for heights is essential. During the week we stay in comfortable mountain refuges and tackle some of the famous easier via ferrata routes among the most iconic peaks of the Italian Dolomites. Excitement guaranteed on this high level trekking holiday!

## Is this holiday for you?

This refuge-based mountain holiday provides 6 days of hiking and scrambling amongst the impressive rock towers of the eastern Dolomites. The objective of the holiday is to reach a number of summits by way of via ferratas. All of the technical equipment needed for via ferrata climbing is provided and training will be given. Confident scramblers with a good head for heights and reasonable upper body strength should have no difficulty with the chosen routes. This will be a demanding trip, with a succession of 6 to 7 hour days during which group members will be required to climb ladders and cables and to scramble on rock. It is not practicable to provide vehicle support for this holiday, as nights are spent in inaccessible mountain refuges. So, this is an unsupported trip. You will have to carry all of your own equipment from the start of the trip to the finish.

## Via Ferrata Climbing

A few basic items of equipment are needed for safe 'via ferrata' climbing. A climbing harness and climbing helmet, together with a 'via ferrata lanyard' which is used to connect the harness to the steel rope or cable (which is the usual form of protection on a via ferrata). This lanyard has 2 separate nylon straps, each of which has a large diameter, auto-locking carabiner on the end. Importantly, a via ferrata lanyard must also incorporate a dynamic system to protect against shock loads becoming excessive, in

the case of a fall. When climbing, both carabiners are locked onto the protection cable and allowed to slide freely, until the next fixed protection point is reached. To pass a fixed protection point, the carabiners are unclipped one at a time and reclipped beyond the protection point. In this way, there is always at least one attachment to the cable. Providing this procedure is carefully adhered to, via ferrata climbing is simple and safe. All the required items of safety equipment are provided and full instruction in their use is given before starting off and supervision is provided throughout the holiday. The group will be led by an English-speaking IFMGA Guide and the guide to client ratio is 1:6

**Ascent**  
1000M

**Descent**  
450M

**Time**  
3 hours walking

**Distance**  
6KM

## DAY 3

### Climb the Via Merlone for views of Tre Cime. Walk on the Bonacossa track to the Lavaredo Hut (2344m).

From the Fonda Savio hut we head south into a stone filled basin and climb to the base of the Cima del Cadin de NE where we gear up for the Via Merlone. After some easy scrambling along ledges we follow a series of wires and ladders and more ledges for around 300 metres with the view opening up behind us. On reaching the summit marked by a simple stone cairn, we have a spectacular panorama which includes Monte Piana and Monte Piano as well as the iconic towers of the Tre Cime di Laverado. After

photos and some lunch we make our descent and then continue on the Bonacossa track to the Lavaredo hut (2344m). No access to main luggage.

Meals: **B D**

	<b>Accommodation</b> Mountain Hut / Refuge		<b>Ascent</b> 1000M		<b>Descent</b> 1100M		<b>Time</b> 6 - 7 hours walking/climbing
	<b>Distance</b> 9KM						

#### DAY 4

### Climb the Via Delle Forcelle on Monte Paterno (2746m) and descend to the Locatelli Hut (2438m).

Monte Paterno (2746m) is another superb peak from which to view the impressive faces of the Tre Cime di Lavaredo. Our route today starts out near our overnight accommodation and climbs the Delle Forcelle via ferrata crossing a number of ledges and using ladders and bridges to reach the cross at the top and those great views. We then descend cables to the Forcella di Comosci (2650m) and then more ladders and cables to reach the start of a section of WW1 tunnels where we will need our headtorches. Emerging from the tunnels we make our way to our overnight accommodation (2438m). After settling in here we can relax on the terrace with a beer and watch the sunset on the towers of the Tre Cime. No access to main luggage.

Meals: **B D**

	<b>Accommodation</b> Mountain Hut / Refuge		<b>Ascent</b> 530M		<b>Descent</b> 450M		<b>Time</b> 6 - 7 hours walking/climbing
	<b>Distance</b> 5KM						

#### DAY 5

### Climb the Via Sentiero delle Scalette on Torre di Toblin (2617m). Overnight at the Dibona Hut.

The twin-towered Torre di Toblin provides a superb objective for our next via ferrata. It rises dramatically above a wide amphitheatre and provides views of the fantastic north walls of the Tre Cime di Lavaredo. During the First World War, Austrian troops constructed a route to the top of this prime viewpoint and the modern-day Sentiero delle Scalette runs alongside the original Austrian route, with remnants of the old wooden ladders still visible in places. A short way beyond the Refuge Locatelli, we reach the base of the via ferrata on the north side of the Torre di Toblin. The route follows a stepped corner and passes a terrace to reach steep chimneys and a series of ladders leading up to the col between the 2 summits. A

traverse and final airy ladder leads to the summit, where the views of the Tre Cime are brilliant. We descend to Auronzo, possibly spotting some rock climbers along the way. We then have a transfer and two short bus rides to reach the small town of Pocol, from here we walk up through the forests for about 1 hour 30 minutes where we will find our accommodation for the night, the Dibona Hut. No access to main luggage.

Meals: **B D**

	<b>Accommodation</b> Mountain Hut / Refuge		<b>Ascent</b> 800M		<b>Descent</b> 400M		<b>Time</b> 5 - 6 hours walking/climbing
	<b>Distance</b> 2KM						

## DAY 6

### Climb Via 'Lipella' to the summit of Tre Dita on Tofana di Rozes (2694m). Descend to the Guisani Hut (2580m).

Today we start out by walking to the foot of the south face of impressive Tofana di Rozes, this is another famous area for rock climbing and so we are very likely to see a few pairs on the rockface. After a short ledge we take a tunnel to cross through the rock and come out on the western face of the mountain. From here we carry on up on the Via Ferrata Giovanni Lipella, this section is not technically difficult but is quite sustained and continues to give fantastic views sweeping out across the valley. It will take us somewhere between 5 and 6 hours to reach Tre Dita (2694m), our aim of the day. It is a short trek down to get to the wonderfully located, Giusani Hut - there might even be time for a drink on the terrace before dinner. No access to main luggage.

Meals: **B D**

	<b>Accommodation</b> Mountain Hut / Refuge		<b>Ascent</b> 700M		<b>Descent</b> 150M		<b>Time</b> 6.5 hours walking/climbing
	<b>Distance</b> 4KM						

## DAY 7

### Climb to the summit of Tofana di Rozes (3225 m). Walk to the Dibona Hut and transfer to Pocol.

After a night in this perfect location, we head back up to Tre Dita and from here we complete the last section of the Via Lipella to reach the summit of Tofana di Rozes (3225m). An easier day than yesterday, but offering the most stunning views as you reach the top of Tofana di Rozes (3225 m), most certainly an opportunity for some fantastic photos - maybe even a selfie or two! It is quite rocky underfoot all the way

---

down to the Giusani Hut, from here however the walking is much easier going. We walk back to the Dibona hut and transfer back to Pocol. Access to main luggage.

### TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

There is no group transfer for this trip, the group will meet at the group hotel in Pocol (near Cortina). The most convenient airport is Venice's Marco Polo Airport.

Firstly, you need to get to Cortina...

There is an express bus service which departs Marco Polo Airport for Cortina and the journey takes approximately 2 hours. There are usually three buses daily. Inbound, the buses usually arrive at Marco Polo Airport at 10.30 and 13.30. It is usually necessary to book the shuttle bus in advance. This can be done online at [www.cortinaexpress.it](http://www.cortinaexpress.it) or telephone 39.0436.867350. Please note that it is quite normal for the exact times not to be confirmed until only a couple of months before.

Another company which provides a similar bus service is ATVO. They also usually have two buses daily. It is usually necessary to book the shuttle bus in advance. This can be done online at [www.atvo.it](http://www.atvo.it).

... from Cortina you take a local bus to Pocol...

To get to the Villa Argentina you need to take a local bus (Linea Urbana 3A) from Cortina Autostazione to Pocol. The hotel is just off the main road and there is a bus stop nearby, please just notify the driver you need to get off there.

There are also several buses and train/bus combinations daily from the main bus station and railway stations in Venice. For further information please see [www.trenitalia.com](http://www.trenitalia.com).

You should check the timing of these services before making your flight booking. Please meet the guide at the hotel for 19.30 on day 1.

### Meal Plan

All breakfasts and dinners from dinner on day 1 to breakfast on day 7 are included in the holiday price. If required, packed lunches can be purchased from the huts at approximately 15 Euros.

## Food & Water

When in the towns and villages all tap water is drinkable. In mountain huts there is usually not a sustainable drinking water supply. Water in plastic bottles is brought in to the hut. All huts have a recycling point. If you have to purchase water in plastic bottles please buy the largest bottle you can so as to use less plastic. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water if you can fill from a local stream. Bottled water is not provided. We do not encourage the purchasing of single use plastic bottles. Local authorities are working to find solutions to using plastic water bottles in huts. We monitor the situation carefully for updates.

Continental breakfasts are provided - tea and coffee, bread and a variety of spreads including jam and honey, for example. At each of the refuges, a full 3-course dinner will be served, usually a soup dish, followed by some wholesome local speciality and a simple desert. Lunches if needed, can be purchased every day from the huts. This may be at your overnight accommodation or at a hut passed en route.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

During this trip, the group will spend 2 nights in a hotel in Pocol and 5 nights at a number of Italian mountain refuges. Accommodation in the hotel will be on twin share basis and in the mountain refuges will be in non-segregated dormitory style rooms with bunk beds and shared facilities.

Note: The accommodations mentioned in the itinerary are given as examples of the type of accommodation used for this trip. The actual accommodations may vary between departures depending on availability.

## Group Leader & Support Staff

The group will be led by an English-speaking IFMGA Guide. The guide to client ratio is 1:6

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on trekking at altitude on our website which can be viewed via the link below. You can also talk to one of our trekking experts if you have any concerns about altitude. [www.keadventure.com/page/altitude.html](http://www.keadventure.com/page/altitude.html)

## Spending Money

You will need to allow approximately €20 per day for your snacks and refreshments. Note that bottled water, if bought at refuges, is very expensive. Beer, wine and soft drinks are available every night. Soft drinks especially are expensive compared to home. You should also allow €20 - 30 for the final night's evening meal. You can withdraw cash (euros only) from ATM's at the airport in Venice.

## Baggage Allowance

For this holiday you should take one piece of luggage (maximum weight 15kg) and a daypack (of around 40 litres). Since group members will carry all personal equipment during the trek, it is important to keep the overall weight of this equipment to a minimum. Neither a sleeping bag nor a camping mattress is needed and it should be possible to keep the weight of your pack to around 8 kg.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

### Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (see *Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

### GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## Currency

The currency for part or all of this holiday is the Euro.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on an active holiday getting some additional exercise. Jogging, squash and swimming are good for developing better cardiovascular fitness. Before departure, we suggest that you try to fit in a number of long walks in hilly country. For this trip, a few visits to your local climbing wall will also be useful.

## Climate

Generally, the temperatures that we can expect to encounter during the day will be reasonably warm, in the range 18 to 25°C / 64 to 77°F. At night at our overnight accommodation, we can expect the temperature to drop to between 5 and 10°C / 41 to 50°F. The weather is usually stable at this time of year, but mountainous areas do generate their own weather systems and occasional rain and even stormy weather cannot be ruled out.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- Via Ferratas of the Dolomites Vol 1 Smith and Fletcher. Cicerone Press

## Maps

### Casa Editrice Tabacco

## Private Groups Information

### Make this KE Adventure holiday your own!

- Do our normal group departure dates not fit?
- Would you prefer to travel with just friends and/or family?
- Are you looking to organise a trip for your local walking, biking or mountaineering club?

It's really easy to make a trip your own. Simply select from our full range of adventure holidays and choose the dates that work for you and your group.

We are experts in creating holidays for groups of friends, families, charities and clubs. Our personal service means you'll be fully involved as we make the arrangements for your perfect adventure holiday.

## Independence with Security

Travelling as a KE Private Group allows you more flexibility and choice, but still with the peace of mind that everything is pre-planned and arranged for your group by a reputable adventure travel company.

To take your first step to an amazing adventure with your friends and family complete the private group enquiry form, or call our **Sales Experts on: 017687 73966**

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

# Equipment Information

## Equipment List

The following checklist should help you with your packing. As a general rule, you should always try to keep the weight of your daypack to a minimum. Please remember you will be carrying all your equipment between the huts. In practice since bedding is provided this will amount to a sheet sleeping bag and a minimal amount of toiletries

**You must bring the following items:**

- Hiking boots
- Socks
- Underwear
- Trekking trousers - (not too tight!)
- Waterproof jacket
- Waterproof over trousers
- Thermal Base Layer(s)
- Trekking shirt(s)
- Fleece jacket or warm jumper
- Gloves for protection on cables (fingerless biking gloves are ideal)
- Sunhat
- Warm hat
- Sunglasses
- Water bottle/bladder (1 - 2 litres) (we encourage re-filling water bottles rather than single use plastic)
- Water purification tablets
- Daypack 30 - 40 litres (NO external frames)
- Head torch and spare battery

- Sun Protection (high factor)
- Lip salve - with sunscreen
- Wash bag (toiletries)

◆ **The following items are optional:**

- Trekking pole(s)\*
- Travel towel
- Shorts
- Earplugs (particularly if you are not the one snoring)
- Camera
- Travel clothes (can be left in hotel)
- Reusable cloth bag for shopping (to avoid plastic bags)

**The following safety equipment is provided free of charge:**

- Climbing Harness
- Climbing Helmet

- Via Ferrata Lanyard, together with auto-locking karabiners

**Notes:**

\*Trekking poles are useful especially for descents. However your poles must be fully retractable and you must have a system in/on your rucksack for stowing the poles securely

**Land Only Information**

Please refer to the 'Joining Arrangements & Transfers' within Holiday Information for further details.

Flights and other transport to your destination should not be booked until you have received your booking confirmation and the departure is showing 'Guaranteed to Run' or 'Limited'.

**Land Only Information**

We sell this holiday on a Land Only basis allowing you the flexibility to choose the travel method which best suits you. The holiday starts at the hotel Cortina. Venice Marco Polo Airport has the nearest airport.
