Introduction

On this exciting 2 week trekking holiday we'll discover the south-eastern corner of Kazakhstan, through exploration of four of the region's most wild, remote and diverse national parks. This itinerary is crammed full of distinct landscapes and contrasting cultural experiences, from the icy Tien Shan Mountains to the red stone Charyn Canyon, and from the bustling café culture of old-town Almaty to the yurt dwelling nomads of the Assy plateau. We begin in the Ile-Altau National Park, south of Almaty city. Here, we'll trek across the Kok-Zhailau plateau and hike alongside the magnificent Bogdanovich Glacier, for sweeping views of the northern Tien Shan. Moving east we spend 2 days trekking on shepherd's trails across the wild Assy Plateau; we'll pass scattered yurt camps belonging to nomadic Kazakh shepherds, busy tending their sheep and horses, and may even be invited to try some kumiss (fermented mare's milk). There'll be some great wildlife spotting opportunities as we descend from the plateau through the wild flower filled meadows of the Zhenishke Valley. Next, we spend 2 days in the Kolsay Koldari National Park learning why its collection of alpine mountain lakes are known as the 'Pearls of the Tien Shan'. Crossing into the desert regions we'll explore the spectacular red rock formations of the Charyn Canyon. The grand finale of our Kazakh showcase will be a visit to the multi coloured Aktau Mountains and a chance to experience the mysterious 'singing sand-dune' of the Altyn-Emel National Park. With sightseeing in Almaty, a chance to see the magnificent 'Golden Man' and the opportunity to watch an exciting horseback display also on offer, this holiday will give you a real taste Central Asia.

Is this holiday for you?

This holiday will take you on a circular journey through 4 of Kazakhstan's most wild and wonderful national parks, which we will explore through a mix of full trekking days, shorter walks, sightseeing and cultural experiences. On our trekking days you can expect to be hiking for on average 6-7hrs a day, with around 600-700m of ascent and descent, and we will also have a couple of days with shorter walks of 2-4hrs. This is a holiday crammed with magnificent contrasting landscapes, and as such you will need be prepared for walking on a variety of terrain, from glacial moraine and coniferous forest paths to grassy plateaus and sweeping sand dunes. Accommodation will be a mix of comfortable hotels and more simple mountain lodges and guesthouses. There will also be 3 nights full service camping. Kazakhstan has vast, sweeping, expanses of wild countryside to explore, making it the perfect adventure travel destination. Tourism is very much still in its infancy here, making this a perfect time to visit, but this does mean that the tourist infrastructure is still limited. Unexpected changes are possible and it is important that you bring along your spirit of adventure.

DAY 1

Meet at the group hotel in Almaty. Afternoon city tour.

Meet at the group hotel in Almaty. A single timed transfer is provided from Almaty Airport to the group hotel the drive will take around 30mins. Your holiday begins with breakfast at the hotel. We will visit the National Museum, giving a fantastic overview of Kazakhstan's history, the central mosque and market and then Pantfilov Park, which is dedicated to the WWII heroes, and the Cathedral. We end the tour with a dusk visit to Kok-Tobe or 'Green Hill' for fantastic views down over the evening lit city. Kok-Tobe (1100m) is the highest point of Almaty and is connected to the downtown district via cable car. We will take dinner at a restaurant overlooking the city, before returning to our hotel.

We begin today by driving east for around 3 hours to the Turgen Valley. En route we will stop to visit to reach Kazakh Ethno Aul village where we can watch some traditional Kazakh entertainment, including a demonstration of horseback games such as 'atpen audaryspak' (fight on horses) and 'Kyz Kuu' (pursuit of the girl). We'll also see a traditional Altybakan Swing and watch some national dances. Next, we visit the museum of the 'Golden Man'. Here we can see some of the artefacts excavated in 1969 from a burial mound near the town of Issyk. The person buried in this tomb is believed to have been a young Scythian (4th century BC) prince (or princess) dressed in a warrior's costume fashioned from 4000 pieces of gold.

A further hour's drive will bring us close to Batan Village, where our camp crew awaits us. We'll camp tonight in the pine forest near the crystal clear Turgen River. We will take a late lunch in camp and in late afternoon those keen to stretch their legs can enjoy an optional 2-3hr return hike up into the valley.

Today we have a 1hr transfer by 4x4, which will take us up to the Assy Pass (2600m) and down across the green plateau beyond. On the plateau we will encounter many local Kazakh nomads, who will invite you to their yurtas for a cup of tea and (for the brave) fermented horse milk (kumis). We start today's trek from here and today we can home to enjoy sweeping panoramas of the Northern Tien Shan Range to the south-west. We climb from the plateau up and over the Kara Arsha Pass (3200m) in the Sary Tau Range and down into the verdant green valley of the Zhenishke River. Down in the valley there will be several small rivers to cross and we will want to have our water shoes to hand. Our 4x4s will meet us to take us the last distance into camp. Tonight we make camp near to the river (2670m).

The peaceful Zhenishke Valley is a rich bed of flora and fauna and we should enjoy a day of wildlife and flower spotting as we trek out beside the Zhenishke River and in and out of the forest on an undulating track, there will also be several rivers to cross today. Mountain Goats, wild bear, wolves, foxes, hares, wild rams and badgers are all known to dwell here. Our 4x4 will be waiting to meet us at a farmhouse to drive us the last distance to camp. Our last camp is at around 1800m at an idyllic place amongst willow trees.

DAY 8**Walk to Lake Kaindy and discover the mountain lakes of the Kolsay Kolderi National Park.**

This morning we must say goodbye to our camp crew as we transfer out across to the north of the Tien Shan Mountains and the Kolsay Kolderi National Park, which is famous for its mountain lakes. On the way we will stop to visit Kaindy Lake (1818m), which is surrounded by alpine meadow and forests. The lake is reasonably new and there is also a forest submerged beneath its waters; it is recognisable by the distinctive, seemingly dry, spruce tree trunks that rise up atmospherically out of the lake. Our vehicles can only take us part of the way to the lake so we will walk the last 200m. The lake is a popular attraction for local tourists and if we are visiting on a weekend we are likely to be joining Kazakh families enjoying picnics beside the lake. Afterwards we transfer to Saty Village (1880m), next to Kolsay Lake, where we overnight in a guesthouse above lake. There are three Kolsay Lakes, ranging in altitude from 1818m up to 2850m above sea level, and they are known as the 'Pearls of the Northern Tien Shan'. Our vehicle cannot take us directly to the lodge, so we'll have to walk the last steep section to the guesthouse (our bags will be transported separately) so it is worth keeping walking poles on hand. From the guesthouse we will have a fantastic panoramic view.

DAY 9**Discover the Kolsay Mountain Lakes.**

Today we will explore two of the three, trout-filled, Kolsay Lakes. In the early morning we make the short descent from our guesthouse down towards the lowest of the lakes, known as Kolsay I (1818m). From here we will hike up through the pine forest for around 4hrs to reach the second Lake, Munzhylky (2252m). We have lunch at a peaceful spot beside the lake before descending back down the way we came. We spend a second night at our guesthouse accommodation.

DAY 10**Visit the Charyn Canyon and transfer to the Altyn Emel National Park.**

This morning we begin with a 2 hour drive to reach the Charyn River National Park. We will spend some time exploring the canyon of the Charyn river, known as the 'Valley of the Castles' due to its imposing red

pillars and rock formations. Returning to our vehicle, a further 3hrs drive will take us to the Altyn Emel National Park. The drive will take us across the Ili River, the largest in Kazakhstan and we will also stop at a traditional Uygur Mosque in Shonzhy. Our overnight accommodation is at a guesthouse in Basshiy at the gate of the Altyn Emel National Park. Sandwiched between the Ili River and the Aktau Mountains, this 4600 square kilometre rock and desert reserve is home to many hundreds of rare plant and animal species. There is a nearby visitor centre and museum where we can get an insight into this UNESCO-listed park. In the evening we will head out to a local restaurant for dinner.

DAY 11

Climb the famous 'Singing Sand Dune' and explore the multi-coloured Aktau Mountains.

After an early breakfast we drive 1.5hr to one of the Altyn-Emel's greatest attractions, the Singing Sand Dune. Otherwise known as the Poyushchiy Barchan, this is a big dune; 3 kilometres long and 120 metres high. Wind blowing across the dune can cause the grains of sand to rub together and vibrate, producing a range of sounds. Arriving at the dune we have plenty of time to hike to the top for panoramic photos. Next we will visit a 700 year old willow tree, where according to the legend the warriors of Genghis Khan once made their camp. We will stop here to enjoy our picnic lunch before making the 1.5hr drive to the Aktau Mountains, a stunning moonlike landscape of multi-coloured hills. As we drive we might catch a distant glimpse of some of the region's wildlife, including the argali (a large and big-horned wild sheep) and the shy Persian gazelle. The Aktau Mountains are formed from bands of clay and sandstone, which create white, red, and orange stripes that run horizontally across the range. We climb up one of the hills where we will be able to take a great panoramic shot of this unique looking setting. Afterwards we return to our guesthouse in Basshiy for a second night.

Meal Plan

All meals are included in the holiday price.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

If you are looking to sample local cuisine during your holiday you can expect to eat a lot of meat (mutton and horse are the most common) and dairy products. Beshbarmak, a dish consisting of boiled horse meat or mutton, is perhaps the most popular Kazakh dish. The meat is boiled and served in a bowl with pasta and a meat broth. Soured milk is a common ingredient and 'Kumis' (fermented mare's milk), also known as 'milk champagne', is a popular beverage amongst the nomads. Do not worry if this is not for you, international drinks and dishes will also be available in local cafes and restaurants where we will dine.

The food served during the camping section will be a mixture of local and international dishes, with ingredients purchased locally and cooked for us by well-trained camp cooks. Please note that vegetarianism is not a concept widely understood in Central Asia and choices for vegetarians will be much more limited. If you are vegetarian please remember to inform us of your dietary requirements before you travel. You may also wish to bring along some snacks from home to use during the course of your walking days.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

We will spend 3 nights at a comfortable, centrally located hotel in Almaty, 2 nights in a hotel in the Ile-Alatau National Park, and in Saty Village and Basshiy we will stay in simple guesthouses. All rooms are en suite.

There will also be a total of 3 nights camping. Whilst camping we use roomy 2-person tents and there is also a dining tent, a toilet tent and a camp shower.

All accommodation is allocated on a twin-sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday additional nights are available on request.

Group Leader & Support Staff

The group will be led by a highly experienced KE leader travelling from the UK. They will be supported by an experienced local guide and an English speaking interpreter. Whilst on trek the group will be supported by a local mountain guide and a trek crew.

Spending Money

Approximately \$150 should be allowed for miscellaneous expenses and you should take this money in the form of US dollars. Credit cards will not be accepted outside of Almaty. You should allow \$80 for trek staff tips. Outside of Almaty, there is little opportunity to spend anything and all meals are included. If you are intending to buy expensive souvenirs, you should budget accordingly.

Guidance on Tipping

Tipping is expected in Kazakhstan, although you should only tip for services which are well done. The total amount that you can expect to pay in tips for your local guide, trek crew and drivers is approximately \$80-100 (in local currency). Your KE leader will help to coordinate these payments and decide on an appropriate level of tipping for each crew member.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft bag such as the KE kit bag, and a day pack. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Effective from 1 January 2022, citizens of the UK, the USA and EU countries do not require a visa to visit Kazakhstan as a tourist for a period of up to 30 days. Other nationalities should check the requirements directly with their own government travel advice, or with the Kazakhstan embassy in their own country.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Kazakhstan is the Kazakhstani Tenge.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 4 to 6 hours for consecutive days, with the occasional longer day. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

Daytime maximum temperatures will generally be between 20°C and 25°C, falling to between 10°C and 15°C at night. In the mountains we can expect to encounter cool and windy conditions and some additional clothing layers are needed. During the time we have chosen to travel you can expect warm days with clear skies and little rain or snow. However, weather in mountainous areas is notoriously difficult to predict and short-lived storms can occur at any time of the year. In short, you need to be prepared for everything!

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](https://www.travelaware.gov.uk)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
