Introduction

The Mount Everest National Park has been a popular destination for trekkers and climbers alike, since the very first expeditions to the Nepalese side of Everest in the 1950's. Up until now trekking in this stunningly beautiful region involved either camping or staying at basic tea houses. Now it is possible to trek in the Khumbu staying at comfortable lodges with many of the conveniences of a hotel. The Mountain Lodges of Nepal (MLN) accommodation that we use offers spacious and comfortable twin-bedded rooms, en-suite bathrooms, pleasant dining areas and good food.

Best of all, each of these lodges has been carefully sited to present a magnificent panorama of the Himalayas from the lodge itself. Staying at the MLN lodges at Lukla, Phakding, Namche Bazaar and Kongde, this holiday promises the best standard of accommodation in the Khumbu and a whole new way to experience the Everest region. During our 10 days in the homeland of the Sherpas, we trek to Namche and have a day to explore this thriving settlement, before heading up-valley to Thamo. Here, we spend another day for acclimatisation, with a hike above the village to several Buddhist monasteries including Chharok (3970m). Our return to Lukla then follows an exciting trail which traverses rhododendron-covered slopes on the west side of the valley to Kongde, a veritable 'eagles nest' with a unique panorama of Everest Lhotse and Ama Dablam. This is a sensational view which people on the standard 'Everest Trail' do not get to see. A day-hike to the excellent viewpoint of Farak Ri for an even more expansive outlook on the Khumbu Valley is an option from Kongde. Comfortable accommodation can now be a part of your trekking holiday to Everest.

Is this holiday for you?

Generally, the trekking conditions on this comfort trek in the Everest region are relatively easy, following good paths and yak trails throughout. Trekking from Thamo to Kongde and from Kongde to Phakding, however, we will encounter trails which are less often trekked and which have one or two more challenging sections. The maximum altitude reached on the holiday is under 5000 metres and the maximum altitude at which we sleep is 4250 metres. By Himalayan standards this is not so high and the altitude issues attendant on a trek to Everest Basecamp, for example, should not be of concern to us on this holiday. It should be noted however, that trekking at altitudes above 3000 metres makes greater demands on the body than walking at low elevations and can be challenging even for fit hikers. The holiday is well staged for an introductory walk in the Khumbu using (mostly) the comfortable Mountain Lodges of Nepal lodges along the way. No camping is involved You will need to ensure you are physically prepared for the trek and you should be comfortable walking for 4 to 6 hours each day and for several days continuously. This Everest trekking holiday should be well within the capabilities of all fit and active

hikers.

Extensions

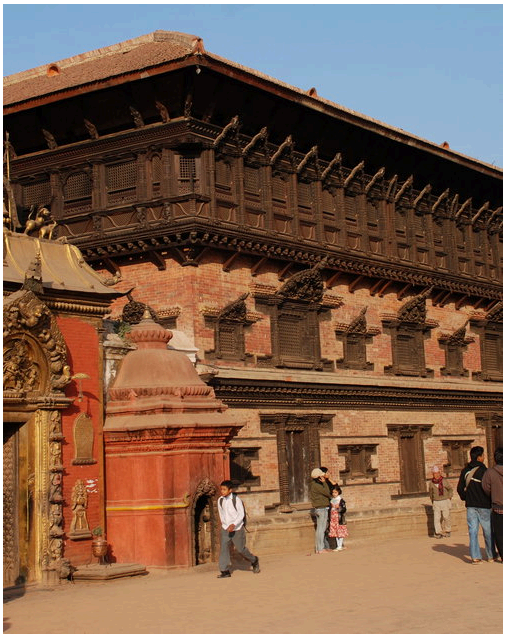

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Chitwan Jungle Extension

The jungles of southern Nepal are an interesting counterpoint to trekking in the foothills or the high Himalaya. Tiger Tops Tharu Lodge provides a relaxing and comfortable base for a wildlife safari and cultural village experience. During two days of wildlife viewing in the Chitwan National Park 'buffer zone' - the interface area between visitors and the animals that live at Chitwan - you will be accompanied by expert guides on safaris by jeep by boat and on foot.

Kathmandu Tour - Nagarkot and Bhaktapur

The Kathmandu Valley contains the cities of Patan, Bhaktapur and Kathmandu itself, all of which were once independent kingdoms. An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. This is followed by a tour of the UNESCO World Heritage Site of Bhaktapur, renowned for its temples and traditional buildings.

Joining Arrangements & Transfers

The group will meet at the hotel in Kathmandu.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals outside of Kathmandu are included. Breakfasts and the first night and last night dinners in Kathmandu are also included.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a Water-To-Go bottle) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

The restaurants at Yeti mountain Home lodges offer a wide range of dishes prepared by trained chefs. There will be the opportunity to sample local cuisine but there will always be an option for more familiar international dishes. Breakfast will usually be porridge, eggs, bread and a hot drink, lunch will be a simple meal with a hot drink, and dinner will be 3 courses consisting of soup, main meal and a simple desert. If you wish to order additional dishes and/or snacks, you should budget accordingly. In Kathmandu we normally choose one of the excellent restaurants in the city for dinner.

Accommodation

Whilst in Kathmandu the group will stay in 5-star luxury at the renowned Yak and Yeti Hotel which offers a range of first-class facilities including a fitness centre, luxury spa and swimming pool. The Yak and Yeti will assure you of a restful start and finish to your time in Nepal. While on trek we will have a total of 7 nights in lodges run by Mountain Lodges of Nepal (formerly Yeti Mountain Home properties) where we stay in comfortable twin or double rooms with attached bathroom and hot and cold running water. While the lodges we use in the Khumbu are vastly superior to standard lodges (which generally do not have running hot water and use shared washing rooms and toilets) they occupy remote locations and all furnishings fittings and equipment have to be brought in by porters. You should therefore not expect the standards that can be achieved in a city hotel. For the 2 nights in Thamo we use the best available lodge accommodation in a Sherpa guesthouse with real beds, en-suite facilities and a comfortable dining area. All accommodation is allocated on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex. Depending on availability, single rooms can be requested at a supplementary cost. Additional hotel nights in Kathmandu can also be arranged.

Internal flights

Access to the high and remote areas of the Himalaya where our treks start is often only possible using internal flights. The changeable nature of mountain weather makes flying conditions complex. In addition, the Civil Aviation Authority of Nepal does not operate to the same standards as those of western nations and all airlines in Nepal appear on the UK Air Safety List (ASL), and are banned from operating commercial air services to, from, and within the United Kingdom. Flying in Nepal is an acknowledged risk, and the UK Foreign and Commonwealth Office travel advice provides further details which you can read on their website. KE is mindful of its duty of care to clients travelling with us in Nepal and we are stakeholders in an annual independent air audit of Nepal airlines undertaken by UK tour operators. KE only uses airlines in Nepal which have been approved by this audit. We continue to cooperate with other tour operators to monitor aviation safety in Nepal and will ensure we remain a stakeholder in any further air safety audits. While we have taken appropriate action to try to minimise the risks of flying in Nepal, you should be aware that flying in mountainous terrain is not without any risk.

Please note that poor weather can cause delays on internal flights. If at the start of your holiday internal flights are cancelled for the day, you will spend an extra night near the airport (this may be at a hotel other than the group hotel). On the majority of trips there is enough flexibility in the trekking itinerary to make up 1 or possibly 2 lost days, but an alternative trek will be provided if delays to internal flights mean the original itinerary (or a shortened version of it) is no longer feasible.

For trips that end with an internal flight out of the mountains with no alternative road access, we have included 2 nights in Kathmandu as a contingency against delay. In the extremely unlikely event that a delay to your internal flight causes you to miss your homeward international flight, KE will re-book international flights for Flight Inclusive clients, but please be aware that clients booking on a Land Only basis will be responsible for re-booking their onward travel and for any associated costs. We advise you to take out suitable travel insurance and to keep your receipts, as you may subsequently be able to make a claim.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on trekking at high altitude. Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

Approximately £250 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days. Please be aware that since everything has to be carried up, these items become more expensive as you gain altitude.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £90 (in rupees) to these tips - although the amount you give is entirely up to you. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar which will be carried during the trek by porters and must weigh no more than 15kg. You should also take on your holiday a daypack of approximately 30 litres capacity. For all flights to and from STOL airstrips in Nepal the maximum allowance for hold baggage AND hand baggage combined is 15kg and you should make every effort to keep to this total weight. It is usually not a problem to check in a couple of kg more than this, but you may be required to pay a small excess luggage charge. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the ‘Dates and Prices’ table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required**,** and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates *(see Health & Vaccinations below),* **and visas for your holiday.** Please ensure that you check the FCDO for the latest advice for **each country visited** before travel.

If you are travelling via India (Delhi or Calcutta) to your destination you may also require a visa for India. This may apply even if you are not leaving the airport unless your baggage has been checked all the way through to your destination. Generally, if you use the same carrier for both legs of your journey, you will not need an India Visa. Please download the detailed information document: Visa PDF India.

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is $30 for 15 days, $50 for 30 days, $125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at this link. This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

NEW REQUIREMENT - FNMIS - Foreign Nationals Management Information System

The Nepalese Department of Immigration has introduced this system which aims to assist in the tracking of foreign nationals when in Nepal. It is intended to streamline service delivery and to ensure the safety of travellers. It does not collect any additional personal data beyond that which is already obtained through existing immigration procedures.

You are required to download app before travelling. Use the app download links below:

• iOS: https://apps.apple.com/us/app/department-of-immigration/id6749536250

• Android: https://play.google.com/store/apps/details?id=com.govnp.doi

Please Note: The system is not yet operating smoothly and if you have problems accessing the app or making it work, you can travel without it. You will be assisted to register on arrival in Nepal and your details can still be entered manually if necessary at hotel check-in, airport etc..

TREKKING PERMITS - WHAT DO WE NEED FROM YOU ?

Please send this to us once your holiday is guaranteed.

For these Conservation Area treks and other treks requiring Special Permits - KAN, DLG, NAP - we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself and a scan of the information pages of your passport. Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Although the trekking on this trip is not particularly difficult or sustained, hiking at altitude is more demanding than similar terrain at lower elevations. We suggest that you adopt a weekly exercise regime leading up to your trip. Regular hiking in hill country is the best training but any regular exercise such as jogging and swimming is also good for developing cardio vascular fitness and stamina. Before coming on the trip we recommend that you make time for some longer walks in hilly country. It is also a good idea to do some reading about the culture of Nepal and of the Sherpa people who live in the Everest region. There are many books on this subject and some are listed below.

Climate

The months of March to May and October to December either side of the summer monsoon season offer the best conditions for trekking. The post-monsoon months usually offer the clearest skies and the most settled weather while spring brings the blooms of the rhododendron at lower elevatuions. In both seasons you should expect pleasant daytime walking conditions, even getting a little hot around mid-day. Above 3000 metres once the sun goes down (around 5.30 pm) the outside temperature plummets dropping close to or below freezing. The norm in these periods is for clear and settled weather but mountains do produce their own micro-climate and short-lived storms including rain or snow cannot be ruled out.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's **'Travel Aware'** campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. All other nationalities should check their government websites for relevant information.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

Everest Base Camp. 1: 50,000 Nepa / National Geographic Maps
