# Introduction

Five hundred kilometres north of the Canary Islands lies the Portuguese island of Madeira. Known as the 'Pearl of the Atlantic' as it rises majestically from the surrounding ocean, it is blessed with a welcoming climate, year-round sunshine, and a plethora of exotic fruits and flowers. Popular with hikers drawn to its rugged landscape and unique 'levada' trails, Madeira is also a stunning destination for cycling. With its generally quiet roads, and whether you're a more confident cyclist seeking a challenge, or you'd prefer to make life easier on an e-bike, you'll be blown away by the scenery on this trip. Witness the island's distinct charm for yourself on this one-week self-guided cycling holiday as you circumnavigate the island on roads that twist and turn, almost always within sight of the Atlantic Ocean. We include some short vehicle transfers to overcome the longest climbs, and there's still plenty of climbing to be done - all at your own pace, of course. Madeira is a revelation with its pretty villages, ancient laurel forest, vivid birdlife, colourful botanical gardens, volcanic geology, and breathtaking coastal scenery. Culturally, too, the island is special. Colonised by the Portuguese in the 15th century and boasting a rich history as a focal point of Atlantic trade routes and as a producer of sugar cane, magnificent manor houses (known as quintas) and monumental fortresses bear witness to the island's colourful past.

You will spend 5 days circumnavigating the island, staying in a selection of fantastic 4-star hotels (and 1 night in a special 2-star hotel beside the sea) on a bed and breakfast basis. We have included two nights in the island's capital, Funchal, with a day off the bikes for you to do some exploring on foot too.

## Is this holiday for you?

If you're a regular cyclist with a good level of fitness and looking for somewhere different for your next holiday on two wheels, this could be for you. We have included 5 days of cycling, covering a total of 190km on quiet roads. Averaging less than 40km per day, the distances are not huge, yet the distinctly undulating nature of the terrain, including some long climbs, makes this probably our most challenging self-guided cycling holiday. Taking each day's ride at your own pace, there will be lots of time to stop and to take in the sights. Plus, with the option to upgrade to an e-bike, you can always opt for a little extra pedal power on the hills. With comfortable generally 4-star accommodation throughout, you will have everything you need to relax after each day's activities.

## DAY 1

**Arrive at your hotel in Canico and take a dip in the sea or stroll to the nearby botanical gardens.**

Check in to your hotel in the charming village of Canico on Madeira's south coast - just a few kilometres from the island's airport to the east, and from Funchal to the west. Like many places on the island, Canico sits within a rugged volcanic landscape and there is plenty to see and do. Depending on the time of your arrival, you may wish to visit one of the nearby black pebbly beaches for a dip in the sea, or visit the Quinta Splendida Botanical Gardens, home to more than 1,000 plant species, many native to Madeira. There's also a pleasant promenade - perfect for an evening stroll beside the sea.

## DAY 2

**Ride a lovely rolling route from Camacha through the lush hills to Porto da Cruz on the east coast.**

Your first cycling day begins with a short transfer inland to Camacha where your bikes will be waiting for you - saving your legs from around 500 metres of elevation gain. Camacha is famous for wicker weaving, with artisans creating all sorts of items such as baskets, furniture, animals, and more. The wicker is also used to make some of Madeira's most iconic items, including the sleds that are famously steered down the 2km-long toboggan run that is the steep, bendy road from Monte to Livramento, as well as the baskets used in harvesting the grapes for Madeira's famous fortified wine. Having collected your bike you'll have great views of the verdant countryside as you ride along a lovely undulating road up in the hills, eventually dropping down to the little fishing village of Porto da Cruz on the island's east coast, your home for tonight. You may wish to spend some time on its black sandy beach, popular with surfers, that makes a perfect spot for relaxing after your ride. Alternatively, you may delve straight into the local culture with a visit to one of the island's last remaining sugar mills, Engenhos do Norte, where sugar has been produced since 1927. Madeira has long been a significant centre for sugar production, and in 1500 was the largest sugar exporter in the world. Here you can see the old 1920s machinery still used in the production process. The sugar cane is used to make brandy and rum too, and you might fancy nipping next door to the Casa do Rum where you can sample them and the popular local drink, 'poncha', which is made from sugar cane liquor, honey, and freshly squeezed orange juice. Well-deserved after your first day on the bike!

### DAY 3

## Discover the charming villages of Madeira's north coast on a ride from Santana to Sao Vicente.

Madeira's north coast is home to some of the island's most spectacular scenery, with rugged mountains, lush Laurisilva forests, steep cliffs, and expansive seas strikingly juxtaposed. A short transfer is provided to avoid starting with a long, steep ascent on the bike. With happy legs, you'll be dropped off in Santana, famous for its brightly painted triangular wooden dwellings with sloping thatched roofs, known as 'casas de colmo'. These lovingly restored farm labourers' houses bear testimony to the local natural resources, and are very photogenic. From Santana you will ride west, along a beautiful road with pretty villages and spectacular coastal panoramas along the way. The route twists and turns through the landscape and there's a fair bit of up and down - an e-bike might be your best friend so you can put more effort into simply enjoying the ride and the views, and less into the pedalling! Here you're immersed in fertile agricultural vistas where the villagers grow sugar cane, vegetables, and sweet-smelling fruits including grapes used in the production of wine. At the viewpoint just before you reach Arco de Sao Jorge you'll often find farmers selling tropical fruit - a refreshing snack before you continue on your way. If you love flowers you might like to stop off at the rose garden - Roseiral da Quinta do Arco, open April through November - one of the largest in the world with over 1,500 species of roses, and another delight for the senses. Soon you'll arrive back at the coast, at Ponta Delgada - 'a slender tip of land, vanishing into the sea', as described in the 16th century by historian and priest Gaspar Frutuoso. Leaving Ponta Delgada you'll skirt the edge of the sea on your way to your home for the night in pretty Sao Vicente. This little seaside town is nestled between high cliffs, facing out towards a lively sea that is a magnet surfers and body boarders. If you prefer something less extreme, we recommend taking an atmospheric stroll along the lovely long coastal promenade or relaxing at the beach and, if people are out riding the waves, allowing yourself to be captivated by them. There are several good restaurants here serving fresh authentic dishes, some with great views of the steep verdant hillsides nearby.

### DAY 4

## Ride the island's high-level heartland and enjoy a fabulous descent to Porto Moniz on the west coast.

You will be picked up after breakfast again today and transferred to the centre of the island, where you will begin your ride at around 1,000 metres above sea level. If it is clear, you will have expansive views to

both the north and south coasts - be sure to take a moment to enjoy this stunning panorama before setting off on your bike! You'll head off in a westerly direction with cows and sheep grazing alongside your route as you ride through deep green countryside. Climbing steadily for around 10km on the high plateau of Paul da Serra, you'll pedal through some of Madeira's renowned UNESCO-protected Laurisilva forest. It is then a steady descent to the coast on an amazing ridge-top road with fantastic views on all sides as you cruise down to your home for tonight, Porto Moniz, on the island's northwest tip. The village is known for its saltwater bathing pools, formed by lava flows millennia ago, and today filled with crystal-clear waters from the natural ingress of the sea. This is a popular place to swim for both locals and visitors, and makes a great place to relax the limbs after a day on the bike.

## DAY 5

### A superb day of cycling around Madeira's west coast, from Porto Moniz to Calheta.

Cycling straight from the hotel today, the road climbs steadily for the first 12km with increasingly impressive views of the west coast. You'll cycle through fragrant forests and small villages and no doubt be stopping often, as around every bend there's another spectacular view over the sea below and another great photo opportunity. Madeira's westernmost point is at Ponta do Pargo, with its prominent red and white lighthouse, and here you'll turn south, following minor roads that twist and turn above a steep coastal escarpment. There are several places, such as at Lombada dos Marinheiros, where the coastal views are really spectacular. You'll spend the night at the lively village of Calheta, which has a colourful yacht harbour and a beach filled with sand imported from Morocco. This former centre of sugar cane production has become a popular place for locals to meet.

## DAY 6

### Take in the sights on your final day of cycling along the south coast to Funchal.

Hopping on your bike, you once again follow minor roads that meander above the coastline, neither straight nor level for long, as you head towards the island's capital, Funchal. After 16km, you'll be back beside the sea as you approach Ribeira Brava, once the intersection of trading routes between the north coast and Funchal, today an important agricultural area where many typical Madeiran products are grown. After this you will head steadily uphill and away from the coast for around 12km to reach the clifftop at Cabo Girao, one of Madeira's most dramatic viewpoints. Here, a transparent platform 580

metres above the sea allows you to look down to a thin strip of farmed land at the water's edge - an intriguing stop for those with a head for heights. A long descent will bring you back to the sea and onwards to your accommodation in the centre of Funchal, the island's colourful and vibrant capital city.

## DAY 7

### Enjoy a day in and around Funchal. Return cable car ticket to Monte included.

We have included a bike-free day to allow you to experience some of Funchal's other attractions, along with a return ticket for the cable car that links the city with the charming hillside suburb of Monte, some 500 metres above. Monte is a great place to do some exploring - wonderful for a simple stroll, and you can visit the church of Nossa Senhora do Monte or lose yourself in a plethora of colours and textures at the Monte Palace tropical gardens. Another attraction is the famous Monte Toboggan Run, where the adventurous can get whisked back to the city in a large wicker sled, steered by two 'carreiros' wearing traditional white uniforms and straw hats. Another breath-taking yet rather more serene option is to take a walk alongside one of the 'levadas', Madeira's famous irrigation channels. You'll learn that Madeira is a lot of fun without a bike, too!

## Your Self-Guided Pack & Route Notes

Each self-guided holiday comes with comprehensive route notes and a map or pocket guidebook of the area you are exploring. The route notes contain information about the places you will visit and the local transport you might need, along with the detailed route notes for your daily walks or cycle rides. We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

## GPS Travel App

This holiday includes a GPS navigation app, which contains the routes for you to follow each day, as well as attractions, coffee stops and points of interest along the way. The app does not need to have Wi-Fi connection to work, you simply follow the instructions we provide you to download the app to your personal smartphone device before you leave home and you are ready to go.

While the travel app is running, your phone battery charge can be consumed faster than normal, so we strongly recommend that you pack a power bank with you just in case you require it.

## Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

## Joining Arrangements & Transfers

This trip starts in Canico and ends in Funchal. All of our self-guided holidays are sold on a Land Only basis, allowing you the flexibility to choose the travel method that best suits you. The nearest airport for this trip is Cristiano Ronaldo International Airport (Funchal), which is served by many departures from UK regional airports.

If you are flying to Funchal Airport you can travel via public transport (bus) to Canico - the journey takes around 20 minutes on the 'Line 113' bus and tickets cost around €5 per person.

Alternatively you may wish to take a taxi for approximately €15.

We can also arrange additional nights' accommodation before or after your self-guided trip, or you may even wish to make this trip part of a bigger trip of your own, or pair it with one of our other holidays - just ask our Sales Team for details.

## Meal Plan

This trip is on a bed and breakfast basis to allow you the opportunity to enjoy dining in local restaurants.

## Food & Water

Madeira's fertile volcanic soil and clever irrigation using the famous network of 'levadas' allow an array of mouth-watering fresh fruit and vegetables to be grown on the island. On top of that there's an exquisite selection of seafood brought to port each day by the local fisherman. This holiday is on a bed and breakfast basis allowing you to experience the great tastes the island is famous for.

Madeira has many fantastic seafood restaurants serving delicacies such as limpets fresh from the grill served with garlic butter, lemon, and local bolo do caco (a typical circular Madeiran flatbread). For meat eaters we recommend sharing a picado with your travelling companions. Made with fried chunks of beef, garlic, and red peppers, this traditional Madeira dish is served on a large rectangular platter surrounded by French fries and is designed for everyone to grab a fork and dig in.

Food is varied and plentiful on Madeira and it's not just savoury dishes the Madeirans excel at. Across the island you will find bakeries filled with delicious treats to satisfy any sweet tooth, including the traditional Portuguese tarts pastel del nata, and bolo de mel - a honey cake traditionally eaten at Christmas. Let's not forget the drink for which the island is famed - Madeira Wine. This fortified wine comes in many forms, from a dry aperitif to a sweet dessert wine, making it the perfect addition to an evening meal, or a souvenir from a wonderful holiday on the island.

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single use plastic bottles.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

We have hand-picked a great selection of 4-star hotels for you on this trip, and you will also spend a night in a lovely 2-star hotel in Porto da Cruz as well as a night in a 5-star hotel in Calheta. Each hotel has been specially chosen for its great location and warm hospitality, and each offers something different such as a wellness centre, pool, or a cosy bar - perfect for relaxing after a day out cycling on the island.

Each hotel offers a great breakfast buffet to fuel you for the day ahead, and is in close proximity to many bars and restaurants where you can enjoy a traditional Madeiran meal.

It is also possible to arrange additional nights' accommodation if you would like to extend your time on the island. Please speak to our Sales Team for more information.

## Bike Hire

Standard hybrid bikes come with 21 or 24 gears, and all bikes come equipped with a pannier and handlebar bag for your daily essentials, plus a milometer, bike lock, pump, repair kit, and spare inner tube.

The bikes provided for this trip come in two different frame types - unisex bike frame or male bike frame. Bikes with unisex bike frames are 21/24-speed and are available for riders who are 148cm-190cm tall; bikes with male bike frames are 21-speed and are available for riders who are 165-205cm tall. If you would prefer a specific bike frame, e.g. a male bike frame, please request this when making your reservation with our Sales Team.

You also have the option of upgrading to "Bike Plus" hire on this trip for a supplement of £70. The Bike Plus option provides a slightly sportier sitting posture and comes with upgraded items such as 27 gears, hydraulic brakes, and a front suspension fork. This is a great option for those looking for a slightly comfier ride without upgrading to an e-bike. Bike Plus bikes are 20/27-speed, have male bike frames, and are available for riders who are 155-205cm tall.

We strongly recommend that you bring your own helmet with you for the best comfort, however you can order a helmet in advance to collect in Madeira before you begin cycling for an additional €40. Please contact our Sales Team to reserve this in advance of travel.

We also recommend packing a gel seat for extra comfort or a pair of padded cycling shorts as, whilst the cycling is leisurely and there are plenty of opportunities to stop and explore, it is always nice to have some padding for a more comfortable ride.

We are also able to arrange tandem bikes, children's bikes, trailers, and child seats. Please ask our Sales Team for details.

## Upgrade to an E-bike

If you are looking for a bit of extra support whilst in the saddle, you can upgrade to an e-bike to make your ride even more leisurely.

Equipped with a battery and motor, these electric bikes give you a helping hand whilst you are pedalling, making it easier to climb hills, and travel further with less effort and more comfort.

E-bikes are available on this holiday at an additional supplement of £255. Please request this upgrade option from our Sales Team at the time of booking.

## Baggage Allowance

Your main luggage will be transferred between each of your hotels while you are out on your ride. We ask that you please ensure that each piece of your luggage is under 20KG and that your luggage is ready for collection each morning. You will also need a daypack to carry your daily essentials with you whilst you are riding.

# General Information

---

## Passport & Visas

### Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

### GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

### Currency

The currency for part or all of this holiday is the Euro.

## Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. This trip is designed for regular cyclists as some of the included day-rides are decidedly hilly. You should be comfortable with cycling 40-50 kms a day on quiet rural roads and short connecting sections on busier roads. It is a good idea to get some additional exercise before going on an active holiday and you should make sure you head out on a few rides before your trip. After all, the fitter you are the more enjoyable your cycling will be.

## Climate

Madeira has a mild sub-tropical climate, with the Gulf Stream helping to ensure pleasant temperatures all year round. The warmest months are July and August with maximum temperatures of around 26 - 27 degrees centigrade, and in February and November it is a little cooler at 18 - 20 degrees centigrade, so this makes the shoulder seasons of spring and autumn absolutely ideal for being active on the island. Madeira generally has sunshine all year round, with May through September being the driest months and seeing very little rain. October through March can be wetter, but with still just an average of 6 days of rain per month. Of course, there would be no beautiful greenery on Madeira without a little rain!

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- Madeira Landmark Guide - Richard Sale
- Madeira & Porto Santo - Cadogan Guides
- Madeira - Insight Guide

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

We can arrange additional nights' accommodation before or after your self-guided trip - please ask our Sales Team to find out more about this.

Our Sales Team will be happy to provide you with a quote for scheduled flights, or alternatively you may wish to book your own flights with a low cost carrier from your nearest regional airport.

Please DO NOT book your flights before you have received your booking confirmation and your deposit has been taken.

We offer some transfers to your accommodation from the nearest airports - please refer to the 'Joining Arrangements & Transfers' section for further details for this trip.

## Why Choose KE

### Why KE

Madeira is popular with KE clients. Our walking groups have been visiting this enchanted Atlantic island for over a decade and it was only logical to introduce a self-guided cycling holiday on the island. The terrain is relatively hilly so we think this is the perfect trip to reap the benefits of riding an e-bike if you (and your legs!) would prefer it. We have included standard bike hire in the cost of your trip so you can relax knowing that this is all taken care of for you. E-bike upgrades are available.

**Please Note** This document was downloaded on 02/07/2025 and the trip is subject to change
