Introduction

North-east of Kathmandu, between Langtang and the Tibetan Border, the Jugal Himal is an accessible and yet surprisingly overlooked group of mountains. Accessed by road through Melamchi, most trekkers and Hindu pilgrims get no further than the group of five picturesque and holy lakes at Panch Pokhari (4055m) from where the principal Jugal peaks, Dorje Lakpa (6966m), Madiya (6257m), Jugal Yangri (6535m) and Phurbi Chhyachu (6637m), can be glimpsed from afar. Leaving the lakes behind, challenging and rarely travelled trails take us down to the Balephi Khola, through the 'Shangri-La' valley of Ne-Pemachhal and onwards to the Jugal Himal base camp at Yang Kharkha (4700m). Alongside the Jugal Glacier and overlooked by the encircling snow-clad giant peaks of the Jugal Himal, this is a dramatic location which up to now has been visited by very few. As yet unspoiled, the heart of this region offers cascading streams, mature forest, sacred caves, hidden shrines and soaring peaks. Suitable only for experienced trekkers, it has many of the elements that we like to include in one of our Pioneer trips.

A KE team completed a reconnaissance of this route in September 2024 and were more than impressed by the experience - the untrekked trails, the pristine landscape and the unsurpassed mountain views.

Is this holiday for you?

Jugal Himal Base Camp has remained off the radar for adventure travellers, in part because the Jugal peaks were not opened for climbing by the Nepal Mountaineering Association until 2023. Trails into this core area are not well-established as a result. There is interest from local people to develop tourism in the region and some trails have been improved, including some quite incongruous sections of well-made steps. But, you will also need to be comfortable negotiating long sections of poor trail, across unconsolidated landslide areas, with steep, slippery and overgrown sections, as well as riverside boulder hopping and unbridged river crossings. The final short stage to the basecamp involves some basic scrambling, protected by fixed ropes and cable in places. This will be a challenging outing, suitable for experienced high mountain trekkers.

DAY 2

Drive to Thulo Bhotang (2000m).

After breakfast, we will set off on the scenic 5 to 6-hour drive to the hill village of Thulo Bhotang, gateway to the Jugal Himal. Initially, we follow a surfaced road for an hour and a half to the hilltop town of Dhulikel where the views extend northwards to the Langtang and Jugal peaks. Descending, we pass through a number of settlements, including Panchkhal, before turning off northwards to the bazaar town of Melamchi. We will have a lunch stop and then continue on a winding dirt road to Thulo Bhotang (2000m) which is home to people of several different ethnic groups including Sherpas and Tamangs. We will set up camp on the outskirts of the village.

DAY 3

Trek up through forest to the Tuppi Danda (2700m).

To allow us to acclimatize adequately we need to take our time and walk short stages as we approach the holy lakes at Panch Pokhari. On this first day we follow a trail that leads across the pretty, terraced farmland of Chhimti Village and then up through a mixed forest of rhododendron and pine to a camping place on the open ridge of the Tuppi Danda at an elevation of a little over 2700 metres.

DAY 4

Trek up to to Nosyampati (3700m).

Today's trek starts out amongst a picturesque forest of rhododendron and fir trees. We pass clearings where cattle graze and a couple of trailside teahouses. We will stop for lunch at one of these basic lodges at the place called Chokeryang and then continue on a well-made stone trail, marked in places by chortens and colourful prayer flags, to Nosyampati (3700m). Trails converge here from several directions and there is a scattering of simple homes and teahouses. We set up camp here for a 2-night stay.

DAY 5

A day at Nosyampati for acclimatisation.

Having gained 1000 metres yesterday we need to spend a second night at this elevation before going higher. Quiet and unspoiled, with far-reaching views across the surrounding Himalayan foothills, Nosyampati is a great place to spend a day. Getting up early to witness the sunrise is highly recommended. We will have the option to hike up to a nearby viewpoint to make the best of the views and can look out for eagles and bearded vultures as they soar along the ridge. The distant lights of Kathmandu can be made out as night falls.

DAY 6

Trek to the sacred lakes at Panch Pokhari (4055m).

No need for too early a breakfast today, as it's just a short morning's walk up to Panch Pokhari. Heading steeply away from Nosyampati, on sections of carefully constructed stone steps, we are soon above the trees and there are views northwards to the snow-peaks of the Jugal Himal. We pass a narrow, rocky cleft at Chhata Ghabha and beyond a high point at the Laurebina La (4074m) continue to the five lakes at Panch Pokhari. We will set up camp, have lunch and then hike up (30 minutes) to the viewpoint above the lakes. Festooned with prayer flags this is one of the best places from which to view the principal Jugal Himal peaks of Dorje Lakpa (6966m), Madiya (6257m) and Phurbi Chhyachu (6637m).

DAY 7

Morning at Panch Pokhari and short trek to Nema-Gchukpa Kharka (3580m).

We have a leisurely start to the day, time for more exploration, before setting off on an exciting, and recently established trail that will (tomorrow) take us down to Chhendang at the junction of the Balephi Khola and Ne-Pemachhal streams. We start out by ascending to the 'ridge top' viewpoint at 4229 metres and from here descend in a north-easterly direction, following a basic shepherds' track. The trail descends along a forested ridge to our camping place at the largest of several clearings, Nema-Gchukpa Kharka (3580m).

DAY 8

Decend to the Balephi Khola and cross it to Chhendang (2635m).

After breakfast at camp, we continue to descend on the shepherds' trail through a forest of fir trees and rhododendron to the Balephi Khola river. We cross the river on a makeshift bridge and hike away from the river to our camping site at Chhendang (2635m). There is an old monastery here which is in a state of disrepair following the 2015 earthquake.

DAY 9

Trek to Ne-Pemachhal (3500m).

Steep-sided and well wooded, the beautiful valley of Ne-Pemachhal is the location of a pilgrimage and meditation site which celebrates the belief that the Guru Rinpoche (Padmasambhava) visited the valley in the 8th century. Heading up into the valley, with some sections of narrow and exposed trail, we reach the rock overhang at Tongsyup Gufa, historically a place of meditation for Buddhist monks. Then, crossing a tributary stream, we complete a more level final kilometer of trekking to our camping place at Ne-Pemachhal (3500m).

DAY 10

Acclimatisation walk to Gyap Kharka (4400m). Second night at Ne-Pemachhal.

Before continuing our approach to Jugal Himal Base Camp, we take the opportunity to visit a great viewpoint at the place known as Gyap Kharka (4400m) on the north side of the Ne-Pemachhal Valley. We hike up directly and steeply, in part on a new stepped trail, to the single shelter at Bumpasherpu (4200m) and then traverse the valley slopes to Gyap Kharka (4400m) where the trail ends. From here we can look across to the location of base camp and the ring of peaks that encircle the Jugal Glacier. Phurbi Chhyachu (6637m) is the dominating mountain to the east. We return to spend a second night at Ne-Pemachhal.

Meals: **B L D**

DAY 11

A short and easy trek to Palmothang (3900m).

This morning we cross the Ne-Pemachhal River and trek easily through forest on the south side of the

river. We can see the peaks of the Jugal Himal ahead, including Phurbi Chhyachu, as well as the steepening of the valley through which we must pass tomorrow. We set up our camp in a side-valley at Palmothang, have lunch and spend the afternoon at leisure.

Meals: **B L D**

---	---	--	---	--

DAY 12

To Jugal Himal Base Camp, Yang Kharka (4700m).

Today's short and at times steep and complicated stage takes us beneath the precipitous lower slopes of Phurbi Chhyachu before making its way up on a poor trail that involves some easy scrambling, protected in places by short sections of fixed rope and cable. We pass a small glacial lake below Phurbi Chhyachu and continue, traversing around, to Yang Kharka (4700m), the spectacular basecamp area for the Jugal peaks.

Meals: **B L D**

 Accommodation Camping	 Ascent 1000M	 Descent 200M	 Time 5 - 6 hrs trekking	 Distance 4KM

DAY 13

Trek out from Yang Kharka to Ne-Pemachhal.

We have some time in the morning to enjoy the experience of being in the special place, very much a 'mountain sanctuary' and a place that few have visited. The views of the encircling peaks are sensational. Mid-morning we will begin our walk-out, making a slow and careful descent of the steep riverside trail and then continuing more easily via Palmothang and through the atmospheric forest to Ne-Pemachhal (3500m) where we camp.

Meals: **B L D**

 Accommodation Camping	 Ascent 300M	 Descent 1500M	 Time 6 - 7 hrs trekking	 Distance 9KM

DAY 14

Ne-Pemachhal to Tembathang (2200m).

This long final trekking stage takes back to the Balephi Khola and then southwards on a reasonable trail, through a number of small settlements, including Dippu, the highest permanent settlement in the valley. The trail climbs and descends beyond Dippu through forest and terraced fields and there are a couple of river crossings en route to our final camping place of the trip at Tembathang (2200m). This is a Sherpa Village with about 150 homes, as well as the usual stupas and mani walls. The inhabitants are keen to show off their Sherpa culture. The raising of livestock, including yaks, is the main occupation.

Meals: **B L D**

 Accommodation Camping	 Ascent 600M	 Descent 1900M	 Time 7 - 8 hrs trekking	 Distance 17KM
---	---	---	---	---

DAY 15

Drive from Tembathang to Kathmandu.

We have a short walk to the roadhead at Nesam Khola, where we meet our transport for the 6 to 7 hour drive back to Kathmandu. We will stop off for lunch at a roadside restaurant and reach the city in the late afternoon. After checking in at the group hotel, we have some to relax and freshen-up before heading out to one of the Thamel restaurants for a celebratory dinner.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Our camping holidays in Nepal are accompanied by an experienced and well trained trek cook and his team of assistants. Breakfasts will include porridge or cereals and sometimes eggs, with tea, coffee and hot chocolate. Lunches are generally prepared on the trail and can include cooked or tinned vegetables, rice, chips, freshly made Tibetan bread, as well as tinned tuna, meats or cheese. On occasion this can be augmented by noodle soup. Dinners always start off with soup, followed by a locally inspired main course such as rice, dal and spicy vegetables, or a more international dish like pasta with a tomato sauce or pizza and chips. Dessert can be tinned fruit with custard or rice pudding or cake with custard. The emphasis is on providing a high-carbohydrate and largely vegetarian diet, which we have found to be easily digestible at high altitude. During this trek there will be very few opportunities to purchase snacks and drinks from simple shops and tea houses. All meals while on trek and also while staying at your Kathmandu hotel are included in the trip price.

Accommodation

We have 2 nights in Kathmandu at the new and very comfortable 4 star Aloft Hotel. Located in the heart of the city, this hotel offers a range of first-class facilities including fast and free WiFi and a spa and fitness centre. We have a single night at a lodge in Thulo Bhotang and 12 nights full-service camping. This is camping in style, where we provide spacious 2 person tents (foam mattresses are also provided), a dining tent complete with table and chairs where you will eat your meals and relax, a kitchen tent in which the cook crew produce your meals and one (or more usually two) toilet tents. Your local crew will set up the camp each evening and take it down again in the morning. You will be served with a cup of bed tea each morning and provided with a bowl of water with which to wash. Water for hand washing is also provided at each meal. On arrival into camp each afternoon hot drinks and snacks will be provided in the dining tent. All accommodation is arranged on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex. It is possible to hire a single tent while on trek for an additional cost. Please note single tent hire does not include single rooms in hotels. For the 2 nights in Kathmandu single room occupancy can be arranged at supplementary cost. Additional hotel nights in Kathmandu can also be pre-booked.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team. As well as the regular trekking crew of Sherpas, porters and the cook team, we have included an additional, experienced climbing Sherpa to provide assistance and reassurance on any challenging sections of trail.

Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

Approximately £300 (or equivalent in US dollars, Euros etc.) changed into local currency, should be allowed for miscellaneous expenses including porter and trek crew tips, drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek there are few opportunities to purchase anything.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £120 (in rupees) to these tips - although the amount you give is entirely up to you. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar which will be carried during the trek by porters and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (see *Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

Please Note - FNMIS App Requirement

Travellers to Nepal are now required to download an app to their phone to comply with the Foreign Nationals Management Information System (FNMIS). The app will be scanned wherever passport details are normally shared (such as hotels, airline arrival and check-in and trekking checkpoints). The aim of the system is to streamline service delivery and to enhance the safety of foreign nationals travelling in Nepal. FNMIS does not collect any personal data beyond what is already obtained through existing procedures.

Health & Vaccinations

Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

You must also contact your doctor or travel clinic to check if there are specific vaccinations or other preventive measures that you need for the area you are visiting, in good time before you are due to depart.

On holidays to more remote areas you should also have a dental check-up.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.

Please check the [FCDO](#) and [Travel Health Pro](#). For all of your intended destinations for up-to-date advice.

Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. For this trip you need to be aerobically fit and also comfortable with walking for around 5 to 6 hours each day. We would suggest that you adopt a weekly exercise regime. Regular walking in hill country is the best preparation for a trip of this nature, but running, cycling and swimming are also good for developing better stamina. Whatever your chosen method of training, before departure, we suggest that you try to fit in a number of long walks in hilly country.

Climate

October-December and March-May are the best times to visit Nepal. These months either side of the monsoon are neither too hot nor too cold, offering the best conditions for trekking. At either of these periods you will encounter a wide range of daytime temperatures during your trip, from approximately 25°C in Kathmandu to around 10 to 15°C at 3000 metres and around 5 to 8°C at 4000 metres. The 'real feel' temperature in the middle of the day will be much warmer than this in the sun. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures at 3000 metres of around freezing and at 4000 metres of minus 7 or 8°C. Extended periods of rain or snow are very unlikely outside of the monsoon period but short lived storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. Trekking Poles and Footwear Traction. For this trip you must bring a pair of trekking poles and appropriate footwear traction such as the excellent Kahtoolah Microspikes. These will provide valuable assistance and help to prevent accidents on any slippery, icy or snow-covered sections of trail.

**Foam mattresses are provided. Taking an additional Thermarest or similar mattress is optional.

Respect Nepalese Custom. The Nepalese are still traditional and conservative in the way they dress. To avoid embarrassment on both sides, we recommend that you respect this, by not wearing revealing clothing or sleeveless tops while visiting Nepal. Shorts are acceptable, but they should reach to just above the knee and be modest and for women it is preferable to wear trousers or a long skirt.
