**Introduction**

Straddling the border between Poland and Slovakia, the magnificent High Tatras are the highest part of the spectacular Carpathian Mountains and present a genuine wilderness setting for trekking adventures. This secret side of Europe is home to a stunning alpine landscape where excellent trails link together comfortable and scenically-located mountain refuges. In short, the High Tatras are perfect for anyone looking for a classic KE mountain holiday.

We have an introductory hike in the picturesque Strazyska Valley before paying a visit to the Polish mountain town of Zakopane. Next, we hike up to the spectacular lake of Morskie Oko on Rysy's north side and cross a high pass into the beautiful 'Polish Five Lakes Valley'. We then hike to the famously scenic Rusinowa Meadow for yet another jaw-dropping panorama of the Tatras, before transferring around to Strbske Pleso on the Slovakian side of the range. Climbing Rysy (2499m) from this side is no less special than the northern approach and the trails are generally less busy. Additionally, by hiking up from and back to our lake-side accommodation at Paprodske Pleso, we can leave most of our gear in our rooms and enjoy the day unencumbered. Two further days of trekking take us back across the ‘White Tatras’ via an overnight at the remote Pri Zelenom Hut and we end our incredible journey with a night in the colourful UNESCO-listed city of Krakow. If you are looking for a real hut-to-hut trekking adventure which combines two of Europe's most welcoming countries, remote mountain overnights and superb wilderness landscape all topped off with a laid-back medieval city – then this is the perfect choice.

**Is this holiday for you?**

This holiday, which is limited to a maximum group size of 12, follows generally good and well-marked walking trails. However, the ascent of Rysy does include some short sections of easy scrambling (protected by chains) and high up it’s also possible to encounter patches of old snow. The mountain huts we use are generally inaccessible by vehicle and this means that on some days you will be carrying all of your personal gear. Since neither a sleeping bag nor a camping mattress is needed, we suggest that you can limit the weight of your rucksack to no more than 8 or 9 kilograms. And, on the longest days (Day 3 and Day 5), you can leave most of your gear at the overnight hut. On average, you can expect to be walking for 6 hours each day and to accumulate 1000 metres of ascent or descent. This trekking holiday is suitable for regular hillwalkers, looking for an excellent week's mountain walking in a largely undiscovered part of the world.

**Holiday Itinerary**

**Day 1: Meet at Krakow Airport for an escorted transfer into the city. Time to explore before transferring to Zakopane.**

Rendezvous with our local guide at Krakow Airport in the morning. Once the group is all together, KE Land Only package services begin with an escorted transfer by train (15 minutes) into the city. Here we will have time for a look around the famous central square and to obtain some Polish currency (Polish zloty) before taking some lunch. In the afternoon, we board our transport for the 110 kilometre journey south towards the Tatras. Arriving at the mountain resort town of Zakopane, we check in to our simple hotel accommodation. The guide will advise on the choice of restaurant for the evening meal.
Day 2: An introductory walk in the beautiful Strazyska Valley. Then Zakopane visit and transfer and walk to the Roztoki Hut.

After a short transfer we begin an introductory walk into the richly forested Strazyska Valley which lies immediately to the south of Zakopane. It will take us less than an hour to reach the beautiful Siklawica Waterfall, where there is a small hut, the perfect place for refreshment before we continue on the 'Bear Trail'. Heading eastward now, this trail takes us above the tree line to the viewpoint of Sarnia Skala (1377m) where there are great views of the Western Tatras and across to the sprawling town of Zakopane. Continuing our hike eastwards across the forested upper reaches of the Bialgo Valley we pass the isolated Gorski Hotel and reach the roadhead at Kuznice after around 4 hours of walking. Meeting our transport here, we drive to Zakopane and have some time to look around this lively town which boasts the longest pedestrian shopping street in Poland. Zakopane is a centre for mountain sports, especially for winter sports. There is a strong 'highlander' culture in this area and the town has some interesting traditional wooden buildings. After our visit we have a 45-minute transfer to the roadhead in the Bialka Valley (on the border between Poland and Slovakia) and from there walk for about an hour on a forest trail to reach the absolutely charming Roztoki Hut which is set in a clearing. This will be our accommodation for the next 2 nights.

Day 3: Walk up to the lake of Morskie Oko below Rysy, then cross the Swistowka Pass (1800m) into the Valley of the Polish Five Lakes.

After breakfast at the hut, we walk up the Bialka Valley on a mix of forest trail and on the gravel access road which leads after around 2 hours to the lodge at the northern end of Morskie Oko. This is reckoned to be the most beautiful lake on the Polish side of the Tatra Mountains and there are dramatic views up to the rocky headwall of the valley which includes the summits of Mieguszowiecki (2438m) and Rysy (2499m) itself. We can take a coffee stop here beside the lake before hiking up for an hour through forest and then more open moorland to the Swistowka Pass (1800m) which leads us into the adjacent Valley of the Polish Five Lakes. Looking back from the approach to the pass we can see the upper lake in the Bialka Valley, Czarny Staw Pod Rysami, which nestles beneath the rugged northern side of Rysy. This is wonderfully wild area and at one point the path threads its way through a prominent boulder field as we descend towards the string of 5 lakes that gives the upper part of the Roztoki Valley its alternative name. Arriving at the lowest of the lakes, Przedni Staw (1669m), we can take a break at the hut and take time out to visit a viewpoint for the impressive 70-metre high Siklawa Waterfall. After lunch beside the lake, we walk out beside the cascading stream with sections of steep cobbled steps as we drop down into the lower valley which becomes increasingly thickly forested as we near the Roztoki Hut.

Day 4: Morning walk to Rusinowa Meadow for amazing Tatras views, then transfer and hike to the lodge beside Popradske Pleso on the Slovakian side of Rysy.
Amongst the forested ridges on the north side of the High Tatras there is a prominent clearing and grazing area known as Rusinowa Meadow. With its traditional, steep-roofed shepherds' huts and flocks of sheep, set against a backdrop of the rocky summits of the Tatras, this is one of the most picturesque locations imaginable. It is a pleasant walk of around 2 hours from the Roztoki Hut to reach the meadow and we can spend some time there, taking photographs and trying the local sheep's cheese, before continuing our morning's walk for a further hour amongst trees and via several smaller clearings to Wierch Poroniec. Here, we meet our transport and set off on a drive of a little more than an hour which will take us across the border into Slovakia and then, looping around the highest part of the Tatras, to the small lake-side settlement and winter ski-resort of Strbske Pleso (1320m). We are now due south of Rysy and our walk-in to the mountain today will take us as far as the lodge beside the stunningly-situated mountain lake of Popradske Pleso (1500m). It will take us a little under 2 hours, walking on a great trail, partly in forest, which traverses the west side of the scenic Mengusovska Valley. Tonight's quite imposing accommodation goes by the name of the Horsky Hotel.

Day 5: Hike to the top of Rysy (2503m) via the Rysmi Hut and return via the same route to Popradske Pleso.

Today is a brilliant mountain day and we will aim to make a reasonably early start. Climbing Rysy from the Slovakian side is generally less busy (and thus safer) than from the Polish side and also, since we will be returning to the same accommodation tonight, we can leave most of our gear in our rooms and enjoy the day unencumbered. Our ascent into the upper part of the Mengusovska Valley follows a rocky path through an alpine forest with clear trail marking and signposts. Quite soon, we leave the trees behind and the views get better and better. The path zig-zags upwards and then levels out briefly as it crosses a huge boulderfield beside the twin mountain tarns of Male Zabie Pleso and Velke Zabie Pleso. With Rysy ahead of us now, the trail climbs again and there is some easy scrambling and short ladder-assisted sections which are well protected by cable or chain handrails. After 3 hours we reach the Rysmi Hut (2250m) and we can choose to eat our packed lunch here or to save it until we get to the summit which we reach after a further 45 minutes of steep ascent. If it's clear, the views are spectacular and extend across the Tatras and down into both Poland and Slovakia. Returning via the route of our ascent, we are soon back at the Rysmi Hut where we can grab a coffee before continuing the descent for a further 2 and a half hours to Popradske Pleso where we spend a second night.

Day 6: Walk out to Strbske Pleso, train to Tatranska Lomnica, cable-car and hike to the Pri Zelenom Hut.

After breakfast at the Horsky Hotel, it takes an hour to hike out from the valley on the little-used access road. Close to Strbske Pleso we reach a station on the railway line and board a train which takes us eastwards for an hour beneath the Tatras and via the picture postcard village of Stary Smokovec to Tatranska Lomnica. From this small and pretty town, overlooked by the striking peak of Lomnicky Stit (2634m), we take the cable car up to the small lake of Skalnate Pleso (1751m). There is a lodge here and an astronomical observatory and it's also the starting place for today's excellent walk. Setting off northwards, we climb for about an hour to the Svistovkou Pass (2023m) where we cross Lomnicky's North-East Ridge. We can take a short detour from the pass to the small summit of
Velka Svistovka, where the views of the Bielskie (White) Tatra and the Kezmerska Valley are superb. Dropping down from the pass we reach the Pri Zelenom (Green Lake) Hut, one of the most picturesque hut settings in the entire Tatras. The surrounding limestone landscape of the White Tatra is quite different from the mountains we have walked through thus far. Leaving any gear we don't need at the hut, there is the option to make a lightweight hike up into a tarn-filled valley below Jagniecy Peak (2230m) where we can usually spot chamois. Exactly how far we climb will depend on our time of arrival at the hut and anyone who has had enough walking for the day can just enjoy relaxing in this spectacular location. Overnight at the Pri Zelenom Hut.

Day 7: Walk through the Javorova Valley to Tatranska Javorina. Transfer to Krakow.

After breakfast, we hike for around 40 or 50 minutes on a gradually ascending trail to Velke Biele Pleso, the ‘Great White Lake’. Here there is a path junction with one trail heading east and down out of the mountains to Tatranska Kotlina and the other, which will be our trail today, heading west and climbing to a pass at 1778 metres with spectacular views. We descend momentarily before climbing to a second pass at 1750 metres which we should reach in less than an hour from the trail junction. From this second pass we begin our descent dropping first to flower-strewn meadows and then into the wooded Javorova Valley. We follow the river which heads west and then swings north to take us out of the mountains. Reaching the road-head above the town of Tatranska Javorina, our transport will be waiting and start to make our way Krakow. Please be aware that the transfer at the end of the trek back to Krakow is a combination of private and public transport. A brief private transfer will take us to Zakopane. Depending on our arrival time in Zakopane there may be time to enjoy some refreshments before we board a public bus (2.20 hrs) back to Krakow. Arriving in Krakow we will check in at our hotel, freshen up and then head out for our final dinner (not included).

Day 8: Departure Day. An escorted group transfer to Krakow Airport is provided.

After breakfast there will be an escorted group transfer on public transport to Krakow Airport where KE Land Only package services end.

Holiday Information

What’s Included

- An experienced English-speaking trek leader
- A second local guide on the ascent of Ryzy for groups of 10 or more
- Single Krakow Airport group transfers on Day 1 and Day 8 of the holiday itinerary
- All other road transport (including public transport) within the holiday itinerary
- All accommodation as described in the holiday dossier
- Meals as detailed in the Meal Plan
What's Not Included

- Travel insurance
- Airport transfers (other than group transfers)
- Tips for local staff
- Some meals as detailed in the Meal Plan
- Miscellaneous expenses - drinks and souvenirs etc.

Joining Arrangements & Transfers

On Day 1 there will be a group escorted transfer on public transport from Krakow Airport into the centre before the transfer later in the day to Zakopane. The transfer from the airport into Krakow centre will depart late-morning. Depending on flight arrival time you'll have some free time to relax in Krakow centre before meeting at 4pm for the transfer to Zakopane.

Anyone arriving in Krakow later than mid-day should make independent arrangements to meet the group at 4pm for the transfer to Zakopane. There is a very efficient shuttle service by train into Krakow. The train station is inside the airport (200 metres from Terminal 1) and trains depart every half hour. The journey time into central Krakow is 18 minutes and tickets cost 12 Polish Zloties (approximately 3 Euro). If you wish to be met at the airport by a representative of KE this can also be arranged for an additional cost. Taxis are also available from the airport - Krakow Airport Taxi is available on arrival and a journey into the centre costs between 17 and 22 Euro depending on the arrival time.

On Day 8, there will be a group escorted transfer from the hotel in Krakow back to Krakow Airport in the early morning. It is also very easy for the hotel to organise a taxi to the airport for you. Full joining instructions together with hotel contact details and an emergency number will be provided with your booking confirmation. Please provide the KE office with full details of your flights.

Meal Plan

7 breakfasts, 5 lunches and 5 dinners are included in the holiday price. Where there is a wide variety of dining options we have not included these meals in the price preferring to leave the choice of where to eat and the budget for these meals to you. We recommend that you allow from £7 to £20 for each of these meals for a total of 2 lunches and 2 dinners.

Food & Water

In the hotels in Zakopane and Krakow, breakfasts are normally buffet style with cereal, fruit, eggs toast and a selection of cheeses and meats with bread. Both Zakopane and Krakow have a very wide range of restaurants with international cuisine plus inexpensive cafes and local fast-food outlets. In the huts, breakfasts are usually bread with a selection of meats and cheeses and sometimes cooked eggs and ham. Dinners normally consist of filling, home-made soups, pasta, goulash etc. Packed lunches of sandwiches and fruit are also provided at each of the huts. Additional snack food items, such as chocolate bars, can be purchased at the huts along with beers and soft drinks. Beer has been brewed in Krakow for the last thousand years and is excellent. The city has an abundance of pavement cafes and local bars to sit and watch the world go by.

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a Water-To-Go bottle) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.
Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot provide special diets. Due to the nature of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

During this trip the group will spend 1 night in a hotel in Zakopane and 1 night in a hotel in Krakow. Accommodation in these places is twin sharing with either en-suite or shared facilities. There are also 5 nights staying in huts which are mostly maintained by the Mountaineering Association of Slovakia. These are wooden or concrete structures usually with 4-6 bedded rooms or dormitory style with communal facilities which usually include restaurant area, toilets and showers. Hot water at these huts is usually provided by solar heating and in some huts may be available only for a limited period each evening. In the more inaccessible mountain huts, facilities will be more rudimentary. Sleeping bags are not required at the huts, as bed sheets and blankets are supplied. However, you may wish to carry a cotton or silk sheet sleeping bag.

Group Leader & Support Staff

This trip will be led by a locally based, professional, english-speaking guide

Altitude

The altitudes attained on this holiday are not extreme and the maximum altitude attained is no more than the equivalent of a pressurised cabin on an international flight. You may ‘feel’ the altitude the first time you trek above 2000 metres but all that is required is a slower pace to compensate. You should pay particular attention to your hydration levels while trekking above 2000 metres.

Spending Money

The local currency in Poland is the Polish Zloty and in Slovakia it's the Euro. We estimate that the equivalent of £150 should be sufficient to cover your incidental expenditure including tips for local staff, drinks and souvenirs, it is possible to purchase beer, wine and soft drinks at all the huts in Poland and Slovakia. An approximate split is £100 changed into Polish zloty and 60 euros for your time spent in Slovakia. Please be aware you will need your Polish Zloty and Euros before you start trekking. Euros, dollars and sterling can be changed into Polish Zloty at the airport or in Krakow centre. Cash in Polish Zloty can be withdrawn from ATMs on arrival at the airport, in Krakow centre and in Zakopane. Please do not bring travellers cheques as these can be time-consuming to exchange.

Guidance On Tipping

Tipping is the accepted way of saying ‘thank you’ for good service. It is important to remember that tipping is voluntary and should be dependent on good service. On this trip we recommend that you give a tip to your guides on the trek and also on the city tour of Krakow. We estimate that €20 – 25 per person will be sufficient for these tips.
Baggage Allowance

Since you will be carrying all the personal equipment you need for this trip you should make every effort to keep this to a minimum and we recommend that you have a trial walk with your packed rucksack. With careful planning and considering that you will not have to carry a sleeping bag, it should be possible to keep the weight of your sack down to 8 or 9 kgs / 20 lbs. It is possible to leave any items not required on the trek at the group's hotel in Zakopane. Please note we have a walk of around ¼ mile between the bus station and the group's hotel in Zakopane and we therefore recommend that you travel with only your rucksack and an additional small fold-away bag to store travel clothes etc which you wish to leave at the hotel.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

Recommended Outdoor Retailers

Many of the Equipment items listed above are available from Cotswold Outdoor - our ‘Official Recommended Outdoor Retailer’. When you book a holiday with KE you will receive 15% discount voucher from Cotswold Outdoor and other retailers.

>> Find out more

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our Travel Insurance page for further information and to get a quote.

General Information

Passport & Visas

A passport with 6 months remaining validity at the end of your stay is generally required for visits to countries outside the EU. The information that we provide is for UK passport holders. Please check the relevant embassy or consulate for other nationalities. It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Visa requirements and charges are subject to change without notice. If you are travelling outside the EU you should have at least 2 blank pages in your passport for each country that you visit.

Visa information is changing all the time. Please ensure that you check for the latest advice before travel.
Visa Europe

Travel to the European Union, Switzerland, Norway, Iceland or Liechtenstein will change from 1 January 2021. Before you travel, you should check the latest government advice at: [https://www.gov.uk/visit-europe-1-january-2021](https://www.gov.uk/visit-europe-1-january-2021)

From 1 January 2021 your passport must be less than 10 years old and have at least 6 months validity beyond the date of travel.

Health & Vaccinations

Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

EHIC / Medical Cover

UK residents should obtain a free European Health Insurance Card (EHIC). This entitles you to state provided medical treatment, but is not a substitute for medical travel insurance which is still vital when travelling overseas.

Currency

The unit of currency in Poland is the Polish Zloty.
The currency for part or all of this holiday is the Euro.

Electricity Supply & Plug

We recommend you check if you require an adaptor for your electrical items at:

Preparing For Your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. The best preparation is regular hill-walking with mountain walks every couple of weeks or so where you are out for 7 or 8 hours with several hundred metres of ascent. Failing this, we would suggest that you adopt a weekly exercise regime leading up to your trip. Running, squash and swimming are good for developing better stamina. Whatever your exercise programme, we recommend that before departure, you try to fit in a number of long walks in hilly country.

Climate

The main season for mountain trekking in this part of Poland / Slovakia is from July to September and the weather is generally very good. We can expect daytime, valley temperatures of between 20°C and 25°C, dropping to 12°C or lower at night dependent on the altitude we stay. As with any mountain area, there is always the risk of some poor
weather, with rain and wind and the occasional storm. However, this area usually enjoys a very pleasant and stable climate at this time of year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign & Commonwealth Offices' 'Travel Aware' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use. We have pledged to AITO's Project Protect that 70% of our agents stop using single use plastic bottles.

Books

- The Rough Guide to Poland
- Lonely Planet Poland
- Cicerone: High Tatras
- A Country in the Moon: Travels in Search of the Heart of Poland - Michael Moran

Maps

EKO-GRAF Polish And Slovak Tatra Mountains

This map covers the three main groups of the Tatra Mountains: the High Tatras, Western Tatras and the eastern Beliansk Tatry. Coverage extends from Zakopane in the north to the southern boundary of the Tatra National Park in Slovakia. West/east the map extends from the Sivy Vrch peak and Liptowsk Mikul to Tatransk Lomnica. Contours are at 20-m intervals and shading and graphic relief give a very detailed picture of the areas topography. Numerous peaks, passes, valleys, etc. are name, and waymarked trails are indicated. Also marked are cable cars and huts. Also included is a street plan of Zakopane showing main streets and an overview road map at 1:600,000 of the area between Krakw and the Tatra Mountains. The map legend includes English.
Flight Information

Flight Inclusive Or Land Only?

On our website we display a UK Flight Inclusive package price and Land Only package price for the majority of our holidays.

Land Only Notes

We sell this holiday on a Land Only basis and recommend that you book your flights to Krakow. Please refer to the 'Joining arrangements and transfers' for further details.

Flights SHOULD NOT be booked until you have received your booking confirmation and the departure is showing 'Guaranteed to Run' or 'Limited'.

If flying from the UK there are low cost airlines offering flights to Krakow. These include Easyjet from London Gatwick, Liverpool, Bristol, Edinburgh & Belfast. Ryanair from Stansted & Edinburgh. Jet2 from Birmingham. Other low cost airlines are available from other airports but some of these may require extra nights in Krakow at the start or end of the holiday.

If you would prefer to book a 'flight inclusive package' using scheduled airlines from the UK please contact our flights department for a quote. Whilst flight prices are likely to be more expensive you will benefit from full financial protection.

Why Choose KE Adventure Travel?

Why Choose KE Adventure Travel?

Operating since 1984, KE Adventure Travel has some of the most experienced staff in the business, with the proven ability to set up and operate a worldwide programme of adventures. Everyone has adventure travel at heart and joins at least one trip a year. It is this depth of experience that makes KE stand out from other adventure travel operators. When you contact KE, by phone or e-mail, or visit our office, you will find the help and advice you need, from someone who has actually done the trip and can give you the benefit of their first-hand experience.

KE can guarantee the very best in trip support, excellent food, a good standard of hotel and other accommodation, plus the back up of one of the most respected companies in the business. Client satisfaction is at the top of our agenda and almost 50% of our bookings each year come from repeat business. If you are looking for adventure then look no further than KE.

Group Tour Leaders

All of our holidays are accompanied by an experienced leader, some of whom have worked with KE groups for many years. Many are professional guides and instructors with an unrivalled knowledge of the areas in which they work. In many parts of the world, we recruit local guides with appropriate training and experience. In addition to having the technical skills to ensure your safety, KE expects its leaders to be active members of the group. A leader should be fun to travel with and ready to share with you their enthusiasm for adventure travel and their knowledge of the area. Alongside the group leader, there will be a local support crew, which could be just a driver, or a complete team of guides, drivers, porters, mule-herders and cooks. The hard work of our support crews, along with the fascinating insight they can offer into their local culture, is integral to providing you with the very best adventure travel experience.
Sustainable Tourism

Since we ran our first trip in 1984, we have been committed to keeping the world's most beautiful places pristine by minimising our environmental impact. Recognising the fragility of the world's wilderness environments, we keep our groups small and operate according to a 'Mountain Code', which is provided to all groups, trek leaders, agents and staff. We make sure that our local staff are well treated and well paid, we respect indigenous cultures, take care to protect the environment of the places we visit and take every opportunity to make a positive contribution wherever we travel. Our philosophy of 'leaving nothing but footprints' has been integral to KE's approach right from the start over 30 years ago. In recognition of our efforts we are proud to have achieved the highest award of 5 Stars for Sustainable Tourism by AITO.

We continue to travel responsibly, and more information on our policy, practice, and specific projects can be found at www.keadventure.com, and on the website of our partner charity the Juniper Trust: www.junipertrust.co.uk. KE's Mountain Code is issued to our staff, trek leaders and overseas agents, and we recommend it to our clients, too!

Booking Your Holiday

The easiest way to make your booking is online. You will need to pay a deposit at the time of booking. This is normally £200 but for some holidays with special permit fees or internal flights, this may be more. The amount of deposit required for an individual holiday is given on the dates and prices page of the holiday. Late bookings will require full payment. We cannot confirm any booking until we receive your fully completed booking form.

Adventure Travel Insurance

It is a condition of joining any of our trips that you are insured against medical and personal accident risks (to include repatriation costs, air ambulance and helicopter rescue services). We also strongly recommend that you take out holiday cancellation insurance, as all deposits paid are non-refundable. Please ensure that your insurer is aware of your KE Adventure itinerary and can agree to cover the activities being undertaken. You will then need to advise us of your policy details and complete an Insurance Declaration Form.

CAMPBELL IRVINE DIRECT travel insurance is available to EU residents and will cover the majority of KE Adventure holidays. It has been designed to provide cover for activities normally excluded by other insurers such as trekking, mountain biking and climbing. Please note that certain activities may attract a higher premium. In addition 'Campbell Irvine Direct' cannot provide cover for KE climbing trips above 6000m. Cover for these can be obtained through either the British Mountaineering Council (BMC) or Snowcard.

TRAVELEX is a USA based insurer offering travel insurance, which can be used by US citizens and US residents only. KE recommends the "Travelex Select" package for our holidays. If your holiday involves using mountaineering equipment (ropes, harness or crampons), for climbing or glacial travel, you should consider the "Adventure Plus Pak" optional upgrade on the Travelex Select Plan. Please refer to the 'Description of Coverage' for a summary of the terms, conditions, exclusions and limitations of the applicable Protection Plan. This policy will also cover KE climbing trips above 6000m.
Equipment List

The following checklist should help you with your packing. As a general rule, you should always try to keep the weight of your equipment to a minimum.

You Should Bring The Following Items:

• Walking boots
• Trainers or sandals (for hut use)
• Socks
• Spare laces
• Trekking trousers
• Lightweight waterproof overtrousers
• Underwear
• Shorts
• Baselayer shirts (at least one long sleeve)
• Shirt or mid-layer
• Warm fleece jacket or jumper
• Lightweight waterproof jacket
• Sun hat
• Warm hat
• Sunglasses
• Lightweight thermal gloves
• Daypack 35 to 40 litres
• Headtorch and spare batteries
• Sun protection (including total bloc for lips, nose etc.)
• Water bottles 1 litre (x2) (we encourage re-filling water bottles rather than single use plastic)
• Water purification tablets
• Minimal toiletries
• Antibacterial hand wash
• Small travel towel
• Basic First Aid Kit including: Antiseptic cream, throat lozenges, diarrhoea treatment (Imodium) painkillers, plasters and blister treatment, Insect repellent (DEET), and re-hydration salts (Dioralite).
The Following Items Are Optional:

- Wet wipes
- Trekking poles
- Camera
- Pen-knife
- Travel clothes
- Small padlock (to lock trek bag)
- Earplugs (Especially if you are not the one snoring)
- Reusable cloth bag for shopping (to avoid plastic bags)

You will need to carry all of your personal gear for the 5 or 6 days that are spent in the Tatras. On account of this, we advise that you take a rucksack of around 40 litres capacity.

Note that bedding including sheets is provided in the refuges and, therefore, a sleeping bag is not needed. The refuges all have hot showers but towels are not provided.

Please note: This document was downloaded on 23 May 2020, and the trip is subject to change.
