Introduction

Straddling the border between Poland and Slovakia, the magnificent High Tatras are the highest part of the spectacular Carpathian Mountains and present a genuine wilderness setting for trekking adventures. This secret side of Europe is home to a stunning alpine landscape where excellent trails link together comfortable and scenically-located mountain refuges. In short, the High Tatras are perfect for anyone looking for a classic KE mountain holiday.

We have an introductory hike in the picturesque Strazyska Valley before paying a visit to the Polish mountain town of Zakopane. Next, we hike up to the spectacular lake of Morskie Oko on Rysy's north side and cross a high pass into the beautiful 'Polish Five Lakes Valley'. We then hike to the famously scenic Rusinowa Meadow for yet another jaw-dropping panorama of the Tatras, before transferring around to Strbske Pleso on the Slovakian side of the range. Climbing Rysy (2499m) from this side is no less special than the northern approach and the trails are generally less busy. Additionally, by hiking up from and back to our lake-side accommodation at Paprodske Pleso, we can leave most of our gear in our rooms and enjoy the day unencumbered. Two further days of trekking take us back across the 'White Tatras' via an overnight at the remote Pri Zelenom Hut and we end our incredible journey with a night in the colourful UNESCO-listed city of Krakow. If you are looking for a real hut-to-hut trekking adventure which combines two of Europe's most welcoming countries, remote mountain overnights and superb wilderness landscape all topped off with a laid-back medieval city - then this is the perfect choice.

Is this holiday for you?

This holiday, which is limited to a maximum group size of 12, follows generally good and well-marked walking trails. However, the ascent of Rysy does include some short sections of easy scrambling (protected by chains) and high up it's also possible to encounter patches of old snow. The mountain huts we use are generally inaccessible by vehicle and this means that on some days you will be carrying all of your personal gear. Since neither a sleeping bag nor a camping mattress is needed, we suggest that you can limit the weight of your rucksack to no more than 8 or 9 kilograms. And, on the longest days (Day 3 and Day 5), you can leave most of your gear at the overnight hut. On average, you can expect to be walking for 6 hours each day and to accumulate 1000 metres of ascent or descent. This trekking holiday is suitable for regular hillwalkers, looking for an excellent week's mountain walking in a largely undiscovered part of the world.

Itinerary

Version: HTT High Tatras Trekking - The Carpathian Mountains

DAY 1

Meet at Krakow Airport for an escorted transfer into the city. Time to explore before transferring to Zakopane.

The leader will meet the group on arrival at Krakow Airport. From here, we will take the train (15 minutes) into the city. Here we will have time to explore Krakow before heading south towards the Tatras. Arriving at the mountain resort town of Zakopane, we check in to our simple hotel accommodation. The guide will advise on the choice of restaurant for the evening meal.

DAY 2

An introductory walk in the beautiful Strazyska Valley. Then Zakopane visit and transfer and walk to the Roztoki Hut.

After a short transfer we begin an introductory walk into the forested Strazyska Valley, south of Zakopane. It will take us less than an hour to reach the beautiful Siklawica Waterfall, as we join the 'Bear Trail'. This trail takes us above the tree line to the viewpoint of Sarnia Skala (1377m) Continuing our hike eastwards across the upper reaches of the Bialego Valley we reach the roadhead at Kuznice. Meeting our transport here, we drive to Zakopane and have some time to explore this lively town. Zakopane is a centre for mountain sports, especially for winter sports. The day is rounded off with a 45-minute transfer to the Bialka Valley (on the border between Poland and Slovakia). It is here we enjoy an hour of forested walking to reach the charming Roztoki Hut, our accommodation for the next 2 nights.

DAY 3

Walk up to the lake of Morskie Oko below Rysy, then cross the Swistowka Pass (1800m) into the Valley of the Polish Five Lakes.

After breakfast, we follow forest trails and gravel tracks up the Bialka Valley to the northern shores of Morskie Oko lake. Here, we can enjoy a coffee stop and enjoy the dramatic views of Mieguszowiecki (2438m) and Rysy (2499m) itself. Onwards, we hike up to the Swistowka Pass (1800m) into the Valley of the ~Polish Five Lakes™. This is wonderfully wild area threads its way through a prominent boulder field as we descend towards the string of 5 lakes that gives the upper part of the Roztoki Valley its alternative name. Dropping into the lower valley there are sections of steep cobbled steps as we return the Roztoki Hut.

DAY 4

Morning walk to Rusinowa Meadow for amazing Tatra views, then transfer and hike to the lodge beside Popradske Pleso on the Slovakian side of Rysy.

Amongst the forested ridges on the north side of the High Tatra there is a prominent clearing and grazing area known as Rusinowa Meadow. With its traditional, steep-roofed shepherds' huts and flocks of sheep, set against a backdrop of the rocky summits of the Tatra, this is one of the most picturesque locations imaginable. It is a pleasant walk of around 2 hours from the Roztoki Hut to reach the meadow and we can spend some time there, taking photographs and trying the local sheep's cheese, before continuing our morning's walk for a further hour amongst trees and via several smaller clearings to Wierch Poroniec. Here, we meet our transport and set off on a drive of a little more than an hour which will take us across the border into Slovakia and then, looping around the highest part of the Tatra, to the small lake-side settlement and winter ski-resort of Strbske Pleso (1320m). We are now due south of Rysy and our walk-in to the mountain today will take us as far as the hut beside the stunningly-situated mountain lake of Popradske Pleso (1500m). It will take us a little under 2 hours, walking on a great trail, partly in forest, which traverses the west side of the scenic Mengusovska Valley.

DAY 5

Hike to the top of Rysy (2503m) via the Rysmi Hut and return via the same route to Popradske Pleso.

Today is a brilliant mountain day and we will aim to make a reasonably early start. Climbing Rysy from the Slovakian side is generally less busy (and thus safer) than from the Polish side and also, since we will be returning to the same accommodation tonight, we can leave most of our gear in our rooms and enjoy the day unencumbered. Our ascent into the upper part of the Mengusovska Valley follows a rocky path through an alpine forest with clear trail marking and signposts. Quite soon, we leave the trees behind and the views get better and better. The path zig-zags upwards and then levels out briefly as it crosses a huge boulderfield beside the twin mountain tarns of Male Zabie Pleso and Velke Zabie Pleso. With Rysy ahead of us now, the trail climbs again and there is some easy scrambling and short ladder-assisted sections which are well protected by cable or chain handrails. After 3 hours we reach the Rysmi Hut (2250m) and we can choose to eat our packed lunch here or to save it until we get to the summit which we reach after a further 45 minutes of steep ascent. If it's clear, the views are spectacular and extend across the Tatras and down into both Poland and Slovakia. Returning via the route of our ascent, we are soon back at the Rysmi Hut where we can grab a coffee before continuing the descent for a further 2 and a half hours to Popradske Pleso where we spend a second night.

DAY 6

Walk out to Strbske Pleso, train to Tatranska Lomnica, cable-car and hike to the Pri Zelenom Hut.

After breakfast at the Horsky Hotel, it takes an hour to hike out from the valley on the little-used access road. Close to Strbske Pleso we reach a station on the railway line and board a train which takes us eastwards for an hour beneath the Tatras and via the picture postcard village of Stary Smokovec to Tatranska Lomnica. From this small and pretty town, overlooked by the striking peak of Lomnický štít (2634m), we take the cable car up to the small lake of Skalnaté Pleso (1751m). There is a lodge here and an astronomical observatory and it's also the starting place for today's excellent walk. Setting off northwards, we climb for about an hour to the Svistovkou Pass (2023m) where we cross Lomnický's North-East Ridge. We can take a short detour from the pass to the small summit of Velka Svistovka, where the views of the Bielskie (White) Tatra and the Kezmerska Valley are superb. Dropping down from the pass we reach the Pri Zelenom (Green Lake) Hut, one of the most picturesque hut settings in the entire Tatras. The surrounding limestone landscape of the White Tatra is quite different from the mountains we have walked through thus far. Leaving any gear we don't need at the hut, there is the option to make a lightweight hike up into a tarn-filled valley below Jagniecy Peak (2230m) where we can usually spot chamois. Exactly how far we climb will depend on our time of arrival at the hut and anyone who has had enough walking for the day can just enjoy relaxing in this spectacular location. Overnight at the Pri Zelenom Hut.

	Distance 12KM						

DAY 7

Walk through the Javorova Valley to Tatranska Javorina. Transfer to Krakow.

After breakfast, we hike for around 40 or 50 minutes on a gradually ascending trail to Velke Biele Pleso, the 'Great White Lake'. Here there is a path junction with one trail heading east and down out of the mountains to Tatranska Kotlina and the other, which will be our trail today, heading west and climbing to a pass at 1778 metres with spectacular views. We descend momentarily before climbing to a second pass at 1750 metres which we should reach in less than an hour from the trail junction. From this second pass we begin our descent dropping first to flower-strewn meadows and then into the wooded Javorova Valley. We follow the river which heads west and then swings north to take us out of the mountains. Reaching the road-head above the town of Tatranska Javorina, our transport will be waiting and start to make our way Krakow. Please be aware that the transfer at the end of the trek back to Krakow is a combination of private and public transport. A brief private transfer will take us to Zakopane. Depending on our arrival time in Zakopane there may be time to enjoy some refreshments before we board a public bus (2.20 hrs) back to Krakow. Arriving in Krakow we will check in at our hotel, freshen up and then head out for our final dinner.

Joining Arrangements & Transfers

TRAVEL TO YOUR DESTINATION

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will offset the carbon of your flight.

The group will meet at Krakow Railway Station in the afternoon of Day 1.

On Day 1 there will be a group, escorted transfer on public transport from Krakow Airport into the centre of Krakow.

On Day 8, there will be a group escorted transfer from the hotel in Krakow back to Krakow Airport in the early morning.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

7 breakfasts, 5 lunches and 5 dinners are included in the holiday price. Where there is a wide variety of dining options we have not included these meals in the price preferring to leave the choice of where to eat and the budget for these meals to you. We recommend that you allow from £7 to £20 for each of these meals for a total of 2 lunches and 2 dinners.

Food & Water

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

In the hotels in Zakopane and Krakow, breakfasts are normally buffet style with cereal, fruit, eggs toast and a selection of cheeses and meats with bread. Both Zakopane and Krakow have a very wide range of restaurants with international cuisine plus inexpensive cafes and local fast-food outlets. In the huts, breakfasts are usually bread with a selection of meats and cheeses and sometimes cooked eggs and ham. Dinners normally consist of filling, home-made soups, pasta, goulash etc. Packed lunches of sandwiches and fruit are also provided at each of the huts. Additional snack food items, such as chocolate bars, can be purchased at the huts alongwith beers and soft drinks. Beer has been brewed in Krakow for the last thousand years and is excellent. The city has an abundance of pavement cafes and local bars to sit and watch the world go by.

Accommodation

During this holiday the group will spend 1 night in a hotel in Zakopane and 1 night in a hotel in Krakow. Accommodation in these places is twin sharing with either en-suite or shared facilities.

There are 5 nights staying in huts, which are mostly maintained by the Mountaineering Association of Slovakia. These are wooden or concrete structures usually with 4-6 bedded rooms or dormitory style with communal facilities, which usually include restaurant area, toilets and showers. Hot water at these huts is normally provided by solar heating and in some huts may be available only for a limited period each evening. In the more inaccessible mountain huts, facilities will be more rudimentary - each hut does have mains electricity and some have basic, although sometimes unreliable, wifi.. Sleeping bags are not required at the huts, as bed sheets and blankets are supplied. However, you may wish to carry a cotton or silk sheet sleeping bag.

If you are travelling by yourself, you will be paired up with another single client of the same sex for the 2 nights in the hotels. Single rooms for these 2 nights are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. For larger groups on Rysy a second leader will accompany the group.

Altitude

The altitudes attained on this holiday are not extreme and the maximum altitude attained is no more than the equivalent of a pressurised cabin on an international flight. You may 'feel' the altitude the first time you trek above 2000 metres but all that is required is a slower pace to compensate. You should pay particular attention to your hydration levels while trekking above 2000 metres.

Spending Money

The local currency in Poland is the Polish Zloty and in Slovakia it's the Euro. We estimate that the equivalent of £150 should be sufficient to cover your incidental expenditure including tips for local staff, drinks and souvenirs, it is possible to purchase beer, wine and soft drinks at all the huts in Poland and Slovakia. An approximate split is £100 changed into Polish zloty and 60 euros for your time spent in Slovakia. Please be aware you will need your Polish Zloty and Euros before you start trekking. Euros, dollars and sterling can be changed into Polish Zloty at the airport or in Krakow centre. Cash in Polish Zloty can be withdrawn from ATMs on arrival at the airport, in Krakow centre and in Zakopane. Please do not bring travellers cheques as these can be time-consuming to exchange.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' for good service. It is important to remember that tipping is voluntary and should be dependent on good service. On this trip we recommend that you give a tip to your guides on the trek and also on the city tour of Krakow. We estimate that €20 - 25 per person will be sufficient for these tips.

Baggage Allowance

Since you will be carrying all the personal equipment you need for this trip you should make every effort to keep this to a minimum and we recommend that you have a trial walk with your packed rucksack. With careful planning and considering that you will not have to carry a sleeping bag, it should be possible to keep the weight of your sack down to 8 or 9 kgs / 20 lbs. It is possible to leave any items not required on the trek at the group's hotel in Zakopane. Please note we have a walk of around ¼ mile between the bus station and the group's hotel in Zakopane and we therefore recommend that you travel with only your rucksack and an additional small fold-away bag to store travel clothes etc which you wish to leave at the hotel.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Currency

The currency for part or all of this holiday is the Euro.

The unit of currency in Poland is the Polish Zloty.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. The best preparation is regular hill-walking with mountain walks every couple of weeks or so where you are out for 7 or 8 hours with several hundred metres of ascent. Failing this, we would suggest that you adopt a weekly exercise regime leading up to your trip. Running, squash and swimming are good for developing better stamina. Whatever your exercise programme, we recommend that before departure, you try to fit in a number of long walks in hilly country.

Climate

The main season for mountain trekking in this part of Poland / Slovakia is from July to September and the weather is generally very good. We can expect daytime, valley temperatures of between 20°C and 25°C, dropping to 12°C or lower at night dependent on the altitude we stay. As with any mountain area, there is always the risk of some poor weather, with rain and wind and the occasional storm. However, this area usually enjoys a very pleasant and stable climate at this time of year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

EKO-GRAF Polish and Slovak Tatra Mountains

This map covers the three main groups of the Tatra Mountains: the High Tatras, Western Tatras and the eastern Beliansk Tatra. Coverage extends from Zakopane in the north to the southern boundary of the Tatra National Park in Slovakia. West/east the map extends from the Sivy Vrch peak and Liptovsk Mikul to Tatransk Lomnica. Contours are at 20-m intervals and shading and graphic relief give a very detailed picture of the areas topography. Numerous peaks, passes, valleys, etc. are name, and waymarked trails are indicated. Also marked are cable cars and huts. Also included is a street plan of Zakopane showing main streets and an overview road map at 1:600,000 of the area between Krakw and the Tatra Mountains. The map legend includes English.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Please note that a paper copy of your travel insurance is required if you are travelling to Huaraz and the Huayhuash region.

Equipment Information

Equipment List

The following checklist should help you with your packing. As a general rule, you should always try to keep the weight of your equipment to a minimum.

You should bring the following items:
