DAY 1

Arrive in Dijon, the ancient capital of Burgundy.

Arrive in the fantastic city of Dijon and depending on your time of arrival you may wish to explore the many sights. The city is full of historic charm from its medieval core where the streets are lined with beautiful timber framed houses and glazed tile roofs, to the elegant Palace of the Dukes. When you have finished exploring the city itself, the Cours du Parc, which dates back to 1671, makes for the perfect spot to relax and watch the world go by. To help ensure you don't miss any of the sights there is even a local trail known as 'The Owl's Trail' to help in showing you around, which is great if you are travelling with children or simply enjoy a bit of fun. THE OWL TRAIL: The trail has been set up by the local tourist office and is a fun trail lasting approx. 1-2 hours to showcase the history of the city and its buildings. Simply purchase the map from the tourist information (from €4, payable locally) and follow the route marked by 22 owls, each located on a point of interest around the city.

DAY 2

Cycle your way through vineyards to Beaune and uncover the history of Chateau Clos de Vougeot.

Your route today will take you through the celebrated red wine vineyards of Burgundy as you cycle through the Cote de Nuits scattered with quaint villages and chateaux. Following a cycle path you will pass through the wine producing villages of Gevery- Chambertin and Vosne- Romanee, before reaching the spectacular Chateau Clos de Vougeot. Standing amongst the backdrop of vineyards Chateau Clos de Vougeot once used by the monks of the nearby Abbey of Citeaux to produce wine in the 12th Century. Today the chateau no longer produces wine but welcomes visitors to delve into the history of this fantastic place and discover the history of the wine production. We have included a visit to this fantastic chateau to explore yourself before pedalling on through Nuits Saint George to arrive at your final goal of the day Beaune, one of France's prettiest walled towns and steeped in history. Protected by the city walls and old ramparts Beaune is literally built on the wine trade, with a labyrinth of wine cellars running beneath the city's streets. The town is at the heart of wine trading in Burgundy and the beautiful Hospices de Beaune is a sight not to be missed; crowned in delicately arranged glazed roof tiles it is known throughout the world for its famous wine auction held each year. You will have time to explore before enjoying a spot of dinner in one of the city's many delicious restaurants.

Your route will take you along quiet country roads uphill through the vineyards to chateau de La Rochepot. This distinct 12th century chateau has become a symbol of Burgundy thanks to its longstanding history. After being reduced to ruins like many chateaus in the region after the French Revolution, La Rochepot was restored in the late 19th century to its former glory. It is the unique and elegant facade of the castle sat amongst the trees and glorious history which has given the chateau such prominence in the region. Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

French cuisine is ingrained in French culture and is one of the country's greatest contributions to the world. It is filled with passion; a celebration of the rich natural flavours of basic ingredients, to be enjoyed with one of the country's fine wines. Meal times are leisurely, a time to be enjoyed with good company and are an experience to be savoured.

Cuisine in Burgundy is perhaps some of the richest in France thanks largely to the fantastic wines which form the base of many sauces, and the Charolais cattle, one of the world's finest beef cattle which are farmed in the region. With this in mind you are likely to see dishes such as boeuf bourguignon served in almost every restaurant along with other popular dishes such as Snails in white wine and shallots, or jambon persille.

Along your route you will find many appealing cafes for lunch, or you may be swayed by the delicious scents of the local boulangerie to enjoy a picnic of fresh bread and delicious local goat's cheeses- they are superb in this part of France. Needless to say cycling in the Burgundy is not just a journey but a treat for your taste buds!

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

This trip has been designed with tradition in mind. You will stay in a selection of 3* & 4* hotels each chosen for their warm hospitality, fantastic locations and clever mix of modern amenities and French style, enhancing the features of the traditional buildings, rich in the history of the area. All hotels offer complimentary wifi.

All of the hotels offer a typically French continental breakfast of delicious fresh breads and pastries served with your morning coffee. Some hotels also offer additional hot items.

It is possible to arrange additional nights accommodation if you would like to extend your time in Dijon or Chalon-sur-Saone. Please speak to one of our sales team for further information.

We also recommend packing a gel seat for extra comfort or a pair of padded cycling shorts, whilst the cycling is leisurely and there are plenty of opportunities to stop and explore it is always nice to have some padding for a comfortable ride.

We can also arrange children's follow-me tandems, trailers and child seats if you wish to travel with a younger family.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and Support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. This trip is designed for leisure cyclists and does not require you to be in peak fitness. Having said this it is always sensible to get some additional exercise before going on an active holiday. You should be comfortable with cycling 45-55 km a day on easy cycle paths or quiet roads and we advise you to dust off your bike and head out on a few rides before your holiday.

Climate

Burgundy has an oceanic climate with semi-continental tendencies which not only makes for fantastic conditions for growing the all-important vines in the region but cold winter months, often with snow; and hot summers with temperatures reaching above 25 degrees. The hot summers can also bring the occasional welcomed thunderstorm to help cool off the summer heat.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
