Introduction

Feel captivated as you cycle Lanzarote's smooth tarmac, fully immersed in landscapes bursting with colourful and textural contrasts, with one breathtaking vista after another. Nature and art merge into something very special on this volcanic island that emanates from beneath the Atlantic Ocean, and at the end of each day's adventures you'll be tantalised by deliciously fresh cuisine. During your week on the island you will discover its unique fusion of culture, fire, and extraordinary geology - including how these were brought together creatively by the world-renowned local environmental visionary and artist, Cesar Manrique.

Staying in a selection of welcoming 3-star and 4-star hotels on the coast with inviting swimming pools, and an intimate casa in Haria, you can unwind after a day in the saddle with a dip in the pool, or by relaxing in the bar - maybe you'll find time to do both! Your routes will take you off the beaten track and away from the coast to discover the impressive ancient capital of Teguise, through the alluring Valley of a Thousand Palms to experience the authentic town of Haria, and will transport you to another world as you cycle through Timanfaya National Park. We have designed this trip with plenty of flexibility in mind so you can choose to cycle hard, or to enjoy a shorter route, as you soak up all Lanzarote has to offer - including its uniquely grown wine! Remember we also offer E-bike upgrades on all our cycling trips and this might be just what you need to explore the routes on this trip at your own effort and pace - please contact our Sales Team for more information.

Is this holiday for you?

This trip is ideal for anyone who loves to cycle on quiet roads with beautifully smooth tarmac, to have plenty of flexibility in their itinerary, and to enjoy fantastic facilities for unwinding after a day in the saddle. With a choice of rides on most days, you can tailor your holiday to suit you - whether you want to relax, soak up the dramatic scenery, and enjoy the fantastic produce Lanzarote has to offer, or focus on cycling further and harder each day. Ride options vary between around 30 and 70km in length and with between 500m and 900m of ascent, so you have plenty to choose from. Plus, spending 2 nights in both Teguise and Playa Blanca allows you the option to enjoy a rest day by the pool or doing a spot of

sightseeing on foot if you'd prefer. And remember, if you'd like to do all the longest rides and those with the biggest climbs yet would like to ease the effort, then we'd recommend upgrading to an E-bike - just ask our Sales Team for more information.

Itinerary

DAY 1

Arrive in Costa Teguise and explore the town, relax on the beach, or wander the popular coastal path.

Depending on the time of your arrival, you will have time to get settled in and explore the lovely coastal resort of Costa Teguise. We recommend taking a stroll along the coastal path and perhaps pause at the beach for a dip.

DAY 2

Get fitted for your bike and immerse yourself in the works of Cesar Manrique as you ride to Haria.

After breakfast a representative will fit you with your bike for the week, then it is time to head off to explore this intriguing island. On today's ride you will discover Cesar Manrique's unique architectural projects as you cycle past El Jardin de Cactus - a fascinating creation with around 4,500 cacti from across five continents. Pedalling on, you will come across more of Manrique's works, including Los Jameos del Agua - lava caves housing a natural lake, restaurant, and an auditorium - spectacular to visit and a lovely spot to stop and enjoy lunch. Be sure to pause at his El Mirador del Rio viewpoint for breath-taking vistas across Lanzarote and to the neighbouring Chinijo Archipelago too. There are still more moments of wonder to come today. Passing through small fishing villages, the landscape today may contradict what you may have had in mind about a volcanic island. However the towering Monte Corona volcano is always in sight, as a reminder of Lanzarote's geological origins. Another surprise greets you when you reach The Valley of a Thousand Palms - legend has it that palms planted as children were born in the village, over time creating the greenest part of the island. After this colourful interlude you finally arrive at the picturesque village of Haria, your home for tonight. You have the option to shorten today's route to 33 km or extend it to 51 km, to ensure you get the most from your day, your way. SHORTER ROUTE: 33km / 510m ascent / 230m descent MEDIUM ROUTE: 48km / 695m ascent / 415m descent LONGER ROUTE: 51km / 795m ascent / 515m descent

DAY 3**Cycle with magnificent views to the coast and discover Tegui, former capital of Lanzarote.**

Enjoy breakfast and perhaps spend some time soaking up the authentic atmosphere of Haria. If you are here on a Saturday, you may wish to explore the Artisanal Market. Hopping on your bike, you can enjoy spectacular views down to the coast as you make your way towards Tegui, the capital of the island until 1852. Oozing with traditional architecture and charm, Tegui is centred on an inviting square complete with a lovely fountain - a good spot to stop for refreshments at a welcoming café and perhaps even enjoy some tapas. Wander through its cobbled streets and discover the town's iconic buildings, including Nuestra Señora de Guadalupe church whose tower can be seen as you cycle towards Tegui. When you have finished exploring the town, you will continue pedalling towards San Bartolome and the fascinating wine producing area of La Geria, before heading to the hotel that will be your home for the next two nights and where you can relax after your daily adventures. DAY 4**Relax in Tegui, visit a winery, or cycle to Famara beach to watch the surfers show off their skills.**

Today is full of options. Maybe you will choose to relax in Tegui and further explore all this historic town has to offer? Perhaps you'd like to visit one of the wineries you cycled past yesterday? Or take a circular ride to the delightful beach of Famara? With its long golden sandy beach and spectacular volcanic cliffs, Famara is considered one of Lanzarote's jewels and is popular with families and other holiday makers wishing to relax and have fun. With perfect winds, it is also popular with keen surfers and windsurfers who make fun viewing for the rest of us! We recommend taking your swimsuit with you if you head to Famara so you too can enjoy this beach. Leaving Famara behind, pedal along the coast before heading through a dramatic lunar landscape as you return to Tegui. If you are in Tegui on a Sunday you might like to visit the market, 'mercadillo', that attracts people from all over the island - the market's hustle and bustle perhaps being a complete contrast to being out on the bike! It is entirely up to you - after all, this is your holiday. OPTIONAL ROUTE: 46km / 445m ascent / 445m descent

DAY 5

Discover the magnificent volcanic landscape of Timanfaya National Park as you cycle to the coast at Playa Blanca.

After a great breakfast you will explore Lanzarote's best known attraction - Timanfaya National Park. Cycling into the park past the iconic El Diablo statue, this magnificent volcanic landscape will leave you feeling like you are riding on another planet. More than one hundred volcanos erupted over 6 years in the 18th century, burying a quarter of the island and giving rise to the impressive lava formations you see today. If you wish to make detour to the visitor centre you can enjoy the power of this landscape on a guided tour of the park. Leaving Timanfaya behind, continue pedalling to the south of the island, joining the coast at El Golfo for a welcome coffee stop and more intrigue at the volcanic seaside crater. Following the coastline, make your way to your hotel in Playa Blanca, where you can relax before sampling one of the town's many welcoming restaurants. SHORTER ROUTE: 47km / 295m ascent / 560m descent LONGER ROUTE: 55km / 372m ascent / 635m descent

DAY 6

Relax in Playa Blanca, enjoy a ride to El Golfo, or take the boat to Fuerteventura to cycle on a different Canary Island today.

Today is another day of choices. Perhaps you will stay and relax in Playa Blanca and visit the nearby coves and beaches if Papagayo? Maybe you will opt for a shorter, circular ride, to discover more of El Golfo? Or will you decided to take a boat across to the neighbouring island of Fuerteventura for a longer ride? Located just 13km across the La Bocayna strait, Fuerteventura is an island of golden beaches waiting to be explored by bike. By taking the short ferry journey to Corralejo you can enjoy cycling Fuerteventura's quiet roads and discovering its many beaches, perhaps taking a dip in the cooling waters before taking the ferry back to Lanzarote for a second evening in Playa Blanca. SHORTER ROUTE EL GOLFO: 36km / 260m ascent / 260m descent LONGER ROUTE FUERTEVENTURA: 63km / 530m ascent / 530m descent

DAY 7

Cycle through the unique wine region of La Geria, discover the fishing village of El Varadero and, on reaching Arrecife, toast to a great week of cycling in Lanzarote.

On your final ride of the week you will be immersed in the wine region of La Geria that you visited briefly earlier. Wine production here is very distinct and may be like nothing you've ever seen before. Thanks to the incredibly porous lava grains within, the soil sucks moisture out of the incoming sea breeze overnight and releases it to the vines by day. This plays a crucial role in cultivation in such a dry climate, and this ingenious adaptation to the volcanic landscape has created yet another otherworldly scene. 10,000 individual vines are planted in their own cone-shaped hollow excavated several metres deep into the volcanic soil and known as a 'geria', with the vine protected from the wind by a half-moon shaped wall. The result is an intriguing landscape and some excellent wines waiting to be sampled in one of the local bodegas - it comes as no surprise that this is a protected area. Leaving La Geria, you descend to the coast and the popular coastal town of Puerto del Carmen. Following the promenade from Puerto del Carmen, you then make your way to Arrecife with its charming inland harbour of El Charco, where you can relax and toast to a fascinating week of cycling.

- Personal equipment
- Any additional activities/excursions indicated as optional

Your Self-Guided Pack & Route Notes

Each self-guided holiday comes with comprehensive route notes and a map or pocket guidebook of the area you are exploring. The route notes contain information about the places you will visit and the local transport you might need, along with the detailed route notes for your daily walks or cycle rides. We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

Joining Arrangements & Transfers

Your trip starts at your hotel in Costa Tegui and ends at your hotel in Arrecife. All of our self-guided holidays are sold on a Land Only basis, allowing you the flexibility to choose the travel method that best suits you. The nearest airport is Lanzarote Arrecife Airport, served by many departures from UK regional airports.

If you are arriving into Lanzarote Arrecife Airport, you will be collected by your transfer driver and taken to your hotel in Costa Tegui. As you exit Arrivals, look out for your driver, who will be holding up a sign with orange writing that reads 'First Minute Transfer'.

It is also possible to arrive into Arrecife on the ferry from Cadiz, mainland Spain. From here, the public bus to Costa Tegui takes round 10 minutes. Please see <https://www.rome2rio.com> for details.

If you are departing from Lanzarote Arrecife Airport on the last day of your itinerary with KE, you will be collected from your hotel in Arrecife by your transfer driver and taken to the airport.

Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday.

Food & Water

Cuisine in the Canaries is centred on fresh local produce and recipes handed down through the generations, resulting in a mix of delicious flavours that blend their Spanish roots with African and South American influences. Meat and fish are served with the staple of tasty Papas Arrugadas (small locally grown potatoes boiled in extremely salty water, giving their skins a somewhat wrinkly appearance) - and a traditional Mojo sauce. Meat is served with Mojo Rojo - red - made with chillies, oil, garlic, vinegar, and salt; fish is served with Mojo Verde - green - where coriander replaces the chilli. Every restaurant claims to have its own secret Mojo recipe! As you would expect on an island, seafood features heavily in the Canarian diet. You might enjoy Puntillas de Calamar (fried baby squid), Pescado a la Plancha (fish of the day grilled simply, that is incredibly tasty), or exquisite fresh Lapas (limpets, often served in the pan they have been cooked in, with butter and garlic sauce and freshly chopped coriander). In addition and perhaps surprisingly, the island has some fantastic mild slightly salty goat cheeses, some of which have won international awards, plus a selection of lovely local wines.

Tap water from the mains is safe to drink, however it tastes quite different to what many people may be used to because it is produced from desalinated sea water. You might prefer to take a reusable bottle with a filter such as [Water-to-Go](#), which can also be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

We have designed this trip with comfort in mind so you can enjoy feeling pampered whilst you relax after a day in the saddle. You will be staying in a selection of great 3-star, 4-star, and 5-star hotels and resorts, and a welcoming traditional Canarian *casa* country inn in Haria where you can take pleasure in the warm hospitality of Lola and Juan. All accommodations offer comfortable en-suite bedrooms, lovely communal areas, and great breakfast buffets to fuel your adventures each day. Some of your accommodations also have swimming pools - perfect for cooling off and soothing your limbs after a busy day exploring.

It is possible to arrange additional nights' accommodation in Costa Tegui or Arrecife before or after your trip if you would like to explore this fabulous island a little more. Please contact our Sales Team for more information.

Bike Hire

Standard touring bikes come with 30 gears, and come equipped with a rear luggage rack and pannier for your daily essentials, plus a milometer, bike lock, pump, repair kit, and spare inner tube.

Please note that it is a legal requirement to wear a helmet in Spain. We include a helmet with your bike on this trip however we strongly recommend you bring your own helmet for the best comfort.

We also recommend packing a gel seat for extra comfort or a pair of padded cycling shorts as, whilst there are plenty of opportunities to stop and explore, it is always nice to have some padding for a more comfortable ride.

For those wishing for a sportier positioning on the bike it is possible to upgrade to a carbon road bike with 22 gears on this trip for a supplement of £40 (please note that road bikes do not come with a rear luggage rack or pannier).

Upgrade to an E-bike

If you are looking for a bit of extra support whilst in the saddle, you can upgrade to an e-bike to make your ride even more leisurely.

Equipped with a battery and motor, these electric bikes give you a helping hand whilst you are pedalling, making it easier to climb hills, and travel further with less effort and more comfort.

E-bikes are available on this holiday at an additional supplement of £180. Please request this upgrade option from our Sales Team at the time of booking.

Baggage Allowance

Your main luggage will be transferred between each of your hotels while you are out on your ride. We ask that you please ensure that each piece of your luggage is under 20kg and that your luggage is ready for collection in the morning on the day of each hotel change. You will also need a daypack to carry your daily essentials with you whilst you are riding.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and Support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. Having said this it is always sensible to get some additional exercise before going on an active holiday. After all, the fitter you are the more enjoyable your cycling will be. We have designed this trip with flexibility in mind with a choice of shorter or longer rides on most day. However, you should at least be comfortable cycling 35 to 50km and up to 600m of ascent a day on quiet roads. We advise you to dust off your bike and head out on a few rides before your holiday to help make your holiday more enjoyable. We also offer e-bike upgrades for those seeking to make the journey more leisurely.

Climate

The Canary Islands are perfect for holidays all year round, thanks to what are often described as 'eternal spring conditions' where temperatures range between 16 degrees centigrade in the winter to 25 degrees centigrade in the summer. It tends never to be too hot or too cold, which makes it perfect to explore on foot or by bike.

Lanzarote has its own micro-climate with the north being slightly windier and cloudier, the south being drier and warmer with approximately 2,500 hours of annual sunshine, and the centre having a moderate and stable climate. It is this wonderful balanced, gentle climate that has helped make Lanzarote such a popular holiday destination, as much for those seeking sun, sea, and sand, as for those wanting to walk, cycle, and sightsee. On top of this, thanks to the vast amount of sunshine, the island is home to over 600 plant species, many of which are endemic and have a significant botanical value.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Books

- Lanzarote Marco Polo Pocket Guide
- The Wind Off the Small Isles - Mary Stewart
- Sandwiches in the Sun: The Extraordinary Truth about Life on a Spanish Island - Chris Herman
- Lanzarote & Fuerteventura Pocket Guide - Berlitz Pocket Guides

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
