# Introduction

The lush green island of Madeira sits around 500km off the coast of Morocco and is often referred to as 'the Pearl of the Atlantic', a title justly deserved. This spectacular island really is Portugal's colourful garden, bursting with exotic plants, and is steeped in history having been a strategic port for Portuguese explorers during the Age of Discovery. On this fantastic one-week self-guided holiday you will circumnavigate the island to discover the deep roots of Madeira's heritage, witness the colourful flora, taste the delicious Madeiran delicacies, and walk in the footsteps of great explorers.

The island is a walkers' paradise thanks to the fantastic network of levadas, not to mention the miles of beautiful coastal walking and high plateaus above the steep valleys left behind by its volcanic past. Your routes will take you to the tranquil springs of Ribeiro Bonito, to the northern coast with views across to neighbouring Porto Santo, and to the centre of the island high upon the Plateau Paul de Serra. And when you have finished exploring you will retreat to pretty coastal towns to enjoy a relaxing swim or enjoy a glass of wine in our great selection of hotels.

## Is this holiday for you?

If you want to experience Madeira's rich culture on foot then this is the holiday for you. The spectacular steep valleys and coastal paths provide breathtaking vistas for surefooted walkers with a head for heights. Using the island's amazing network of levadas and fantastic coastal paths, you will walk an average of 15km a day, with up to 650m of ascent each day, to lovely villages, vibrant botanical gardens, and wild coasts. You will spend 5 nights in a selection of excellent 4-star hotels, some with spa facilities, and two nights in a lovely family run 2-star hotel in Porto da Cruz. Plus, staying on a bed and breakfast basis means you can experience the island's warm hospitality as well as having the opportunity to sample traditional dishes in the many local restaurants.

## DAY 1

### Arrive at your hotel in Porto da Cruz and visit Madeira's last remaining sugar mill.

Check into your hotel in the charming coastal village of Porto da Cruz or 'Port of the Cross'. Nestled on the north-eastern coast of the island, surrounded by steep volcanic landscape, the village gained its name from the single cross on the beach which indicated to Portuguese explorers their arrival at the correct port. Depending on your time of arrival you may wish to relax on the black sandy beach or take a swim in the village's fantastic swimming complex which was developed in 2004 for the village and its visitors to enjoy, and consists of 2 pools, a sun terrace and restaurant area- perfect for relaxing after your journey. Alternatively, you may wish to delve straight into the culture of the island and pay a visit to the last remaining sugar mill on the island where they have been distilling the sugar since 1927. Sugar cane was one of the main agricultural produces on the island and it is possible to visit the distillery and sample 'Poncha', a popular local drink made from sugar cane liquor, honey and freshly squeezed orange juice.

## DAY 2

### Transfer to Machico and walk along the wild north coast.

Your first day walking begins with a short transfer to Machico, the first landing point on Madeira when the island was discovered back in 1419. Today the first pioneers of the island wouldn't recognise the town, with its man-made sandy beach made from sand shipped from Morocco. Your route will take you away from the town between the hillside and along the impressive north-eastern coast. This sparsely populated coastline makes for some spectacular walking as you follow an ancient supply route, once used for cultivating the vineyards. Along your way you will be accompanied by breath-taking panoramas towards neighbouring island Porto Santo. Your route leads you all the way back to Porto da Cruz where you may have time to enjoy the village swimming complex or relax with a coffee before heading out for dinner.

### DAY 3

#### Discover the traditional houses of Santana and explore the wild northern coast.

Your day begins with a short transfer to the town of Santana, renowned for its brightly painted triangular wooden dwellings with sloping thatched roofs, known as 'casas de colmo'. These lovingly restored farm labourers' houses bear testimony to the local natural resources, and are very photogenic. After soaking up this traditional Madeiran ambiance, you will be taken to cafe Quinta Levada do Rei, where you will begin today's walk. On this relaxing hike along the wonderful Levada do Rei, you will feel immersed in an almost primeval atmosphere as you are surrounded by other-worldly vegetation with its evocative sights and scents. Tap into the relaxing energy of the gently-running water that moves alongside you in the irrigation channel, sometimes even passing through short tunnels, and feel refreshed by the spray as you pass small waterfalls - remember your waterproofs! Meander along until you reach the springs and main waterfall of Ribeiro Bonito, an almost magical place at the head of the river valley. Pause for a while and soak up the moment, before making your way back along the levada to the Quinta where you can enjoy a bite to eat and a drink, surrounded by nature. You will then be collected by your driver and taken to Sao Vicente, your home for tonight.

### DAY 4

#### Walk amongst breath-taking panoramas along the Paul da Serra plateau and enjoy the natural pools of Porto Moniz.

Feeling refreshed, today you will head away from the coast and into the mountains, taking a transfer to the Paul da Serra high plateau. This fantastic plateau is the largest on the island at approx. 24km square and at a lofty average altitude of 1500m making for some great easy walking and even better panoramas over steep valleys. Your route will take you through UNESCO protected shady laurel forest, through colourful blooming broom bushes to Fanal and on to fairy-tale like wood forest and pastures. Here crooked trees, green meadows and grazing highland cattle create a beautiful peaceful experience, and you will pass several viewpoints providing the perfect picnic spot to end your walk. A short transfer will take you down towards the coast once more, still accompanied by beautiful vistas out to the turquoise ocean, to reach your final goal of the day, Porto Moniz, a charming and well known spot for swimming. Here the natural pools were created by the hot powerful rock lava as it meets the cooling blue waters. You will have time to enjoy the natural swimming complex before checking in to your hotel for the evening.

**DAY 5****Explore the quaint streets of Prazeres and walk through fragrant eucalyptus forests scattered with colourful lilies and Amarrylis.**

Today's walk will explore the south west coast of the island where you will discover the island's colourful wild growing flora. This part of the island, where the lush green hills fall steeply into the sea, is full of traditional charm. Your route begins in the small village of Prazeres, known as one of the loveliest villages on the island. Here there is time to stroll the quaint streets and perhaps enjoy a morning coffee before continuing on your way through fragrant eucalyptus forests. Depending on the time of your visit you may also find the colourful Calla Lillies, Amarryllis and Agapanthus which grow here in the fertile soils. You will enjoy a lovely levada walk before your route finally takes you back down towards the coast, towards your home for the night in the lively coastal village of Calheta. This popular holiday village is home to an elegant marina which makes for a lovely evening stroll before dinner, and there are some great restaurants to sample the island's delicacies.

**DAY 6****Experience the oldest levada on Madeira, Levada do Norte, and spectacular panoramas at Cabo Girao.**

Your day begins with a short transfer along the coast to the start of your walk on Levada do Norte above Ribeira Brava. From the start you will be greeted by amazing views down the Ribeira Brava valley cut deep into the mountainside. Levada do Norte is the longest and oldest levada on the island and has played an important role in the irrigation of the precious farmlands in the area. You will need to be surefooted today as you follow the levada towards the small villages of Campanario and Quinta Grande. Along the way you will witness the importance of the levada engineering as you walk through the farmed terraces and discover the vast varieties of fruits which it waters. You will soon arrive at Cabo Girao, the highest cliff in Europe, which whilst you may need a head for heights the views this lofty spot provide are spectacular. Here you will have time to enjoy the vistas over the terraced fields and along the coastline before hopping on the bus to Funchal. An alternative walk on this day begins above the spectacular cliffs of Cabo Girao from where you will make your way along the coast with wonderful vistas over the sea, through Camara de Lobos to Funchal.

**DAY 7****Take the cable car to Monte, explore the botanical gardens and Funchal's old town.**

Your final walk of the week begins with a transfer with a difference, taking the cable car to the pilgrimage site of Monte, with its impressive panoramic view over the city of Funchal. The cable car station is located in Funchal's old town, characterised by its narrow cobbled streets; the perfect spot for a morning coffee before ascending on the cable car to Monte. Arriving at Monte we recommend you pay a visit to the church of Nossa Senhora do Monte (Our Lady of Monte). The church not only contains spectacular chandeliers but the tomb of Charles I of Habsburg, the last emperor of Austria, who was exiled to Madeira in 1921. We also recommend a visit to the colourful Botanical Gardens, home to over 100,000 exotic plants and the location of the Nossa Senhora do Monte festival. After exploring Monte, the church and the beautiful gardens you have a choice of undertaking a final walk through subtropical landscapes to the coast, or taking an exhilarating ride on one of the traditional wicker basket cars back to Funchal. These iconic cars date back to the 19th century as a mode of transport for Monte's wealthy and today is a popular experience for visitors looking for an adrenaline rush. NOSSA SENHORA DO MONTE FESTIVAL: Each year on the 14th August thousands gather in Monte to celebrate the patron saint of Funchal. The festival is a celebration of tradition with food stall selling traditional bolo do caco while people dance in the streets to traditional music.

## Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

It is not just fantastic walking this Pearl of the Atlantic has to offer. The island's fertile volcanic soils and incredible network of levadas make for a plethora of fresh and tasty produce, not to mention the fantastic seafood the local fisherman catch daily from the surrounding North Atlantic Ocean. This holiday is on a bed and breakfast basis allowing you to sample all the great tastes the island has to offer.

The island has many fantastic seafood restaurants serving delicacies such as grilled limpets fresh from the grill served with garlic butter, lemon and local bolo do caco (a typically Madeiran flat round bread). For meat eaters we recommend sharing picado with your travelling companion; made with fried chunks of beef, garlic and red peppers served in a large dish surrounded by French fries designed for everyone to grab a fork and dig in.

Food is varied and plentiful on Madeira and it's not just savoury dishes the Madeirans excel at. Across the island you will find bakeries filled with delicious treats to satisfy any sweet tooth including the traditional Portuguese tarts pastel del nata and bolo de mel, a honey cake traditionally eaten at Christmas time. And let's not forget the aperitif for which the island is famed- Madeira Wine. The fortified wine comes in many forms from a sweet dessert wine to a dry aperitif making the perfect end to an evening meal or a souvenir to remember a great holiday on the island.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

It is also possible to arrange additional nights' accommodation if you would like to extend your time on the island. Please speak to our Sales Team for more information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

### GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

## Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace however getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable your walks will be. You should be comfortable with walking 3 to 5 hours for consecutive days. We suggest that you try to fit in a number of daily walks in hilly countryside before your trip and its always a good idea to spend some time walking in the footwear you are going to use on this holiday.

## Climate

Madeira has a mild sub-tropical climate, with the Gulf Stream helping to ensure pleasant temperatures all year round. The warmest months are July and August with maximum temperatures of around 26 - 27 degrees centigrade, and in February and November it is a little cooler at 18 - 20 degrees centigrade, so this makes the shoulder seasons of spring and autumn absolutely ideal for being active on the island. Madeira generally has sunshine all year round, with May through September being the driest months and seeing very little rain. October through March can be wetter, but with still just an average of 6 days of rain per month. Of course, there would be no beautiful greenery on Madeira without a little rain!

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.
