Introduction

This classic route through the north eastern corner of South Africa takes you and your family on a 2-week tour driving through some of the world's finest and wildest game reserves, spectacular landscapes, and activities including indigenous community visits, toboggan rides, and boat trips among canyons and along the coast with two days on the beautiful Natal coast. Starting in Johannesburg we meet our specialist guide and for the first week, we will be spending our time driving the Panorama route through Graskop, the Blyde River Canyon, Moholololo and eventually on to Kruger. This national park offers the opportunity to seek out all creatures great and small in this natural paradise for thousands of animal species including the mighty big 5: elephant, buffalo, lion, leopard and rhino. We'll stay in a variety of lodges along the way, from tourist resorts with plentiful facilities, pools and putt-putt courses, to tiny rest stops close to the entrance gates to these mighty reserves. These family friendly lodges offer chance to relax by the pool after a day exploring, and at the smaller sites we can gather round the boma (campfire) and tell stories of our sights and sounds of the bush.

We then continue to Hlane Reserve in eSwatini where we can experience a walking safari (over 12yrs only) and camp next to a waterhole watching the wildlife come for a drink at sunset. The safari tradition of a 'sundowner' (a G&T or the like as the sun sets) is a practise all the parents can perfect over the two weeks, and at this waterhole is where we should reach perfection as we watch the wildlife emerging to take a drink at dusk. Travelling onwards to the coast we visit the Mantega Village to learn about Swati village life, and at the coast we have a boat tour at the St Lucia Wetland Park, a UNSECO heritage site to see turtles, hippos and crocodiles. Our trip culminates on the lapping shores of the North Natal Dolphin Coast, where we have a couple of days of pure relaxation. The beach stretches for miles here, and there are opportunities to swim and surf, as well as plenty more options if the adrenalin of the last ten days of exploring is still running high. A beautiful end to an incredible 2-week adventure holiday through South Africa with the family.

Is this holiday for you?

Suitable for children from 6yrs old

This fantastic family adventure holiday in South Africa is a busy itinerary, with lots of sightseeing, wildlife viewing and exciting activities. There are a few long drives and game drives in safari vehicles on dirt roads and tracks, although this refined itinerary now contains far less long drives than it used to. Accommodation is in a mix of chalets, lodges and apartments. There are several accommodations with swimming pools (children should be supervised at all times), and most have either a bar and restaurant on site or immediately nearby. This is a participation safari where all members of the group will be called upon to help with preparing dinners, washing up and the like. This is all part of the trip and helps to bond group during our time together. Direct flights from London to Johannesburg make this destination very appealing for families seeking great wildlife experiences and adventure, with direct flights available for the outbound leg, and just a short connection required back through Johannesburg from Durban on the way home.

DAY 1

Meet at Johannesburg Airport in the morning. Drive to Long Tom Pass.

Your holiday starts at Johannesburg Airport at breakfast time where we will meet with our guide. We then take the long drive to Mpumalanga and our first destination at the top of the Long Tom Pass. We will break up the journey with several stops including an own expense lunch at Dullstroom and the Long Tom cannon viewpoint. The pass was named after "The Long Tom", silver cannons used in the Second Boer War and a commemorative cannon sits on top of the pass. The Long Tom Pass was once a treacherous journey of steep hairpin bends and hair-raising drops and was originally the route followed by pioneer wagon drivers transporting goods from Mozambique to Lydenburg. This evening we'll stay in comfortable family lodge accommodation.

Drive time of 5 hours plus stops (350km).

DAY 2

Toboggan ride, Lone Creek and Mac Mac Falls and on to Graskop.

After breakfast at the lodge this morning we head out to the Long Tom toboggan and enjoy a 1.7km long thrill ride on rails down the hillside, a great way to get the day started. After the whoops and screams of the toboggan, we move on to Lone Creek and Mac Mac Falls and take in the beautiful views, with chance for a quick swim on a particularly hot day, before continuing on to the small town of Graskop. We will have lunch on arrival and then check into our accommodation at Mogodi Lodge. This afternoon we'll visit the Graskop Gorge Lift Company and take the glass lift that descends down through the canopy to the indigenous forest floor. We'll take a short walk here under the cool of the trees where endangered Samango monkey roam, and we will also have some time to do some of the many optional activities here too, including a zip line and gorge swing. Accommodation this evening is in family chalets, each with 2 separate rooms, a shared bathroom and open plan lounge. There is a swimming pool here too.

Drive time will be just over an hour, plus stops (100km).

Today we will take a short drive of around an hour to check out God's Window, Bourke's Luck Potholes and the Blyde River, home to spectacular wildlife and birdlife and some of the best views in South Africa. This cavernous view seems to expand around every corner and once we've arrived at our adjacent accommodation we'll have the afternoon free to explore the area. Options include a 4km walk around the upper reaches of the canyon on the Leopard's Trail, surrounded by indigenous fauna with views out to the incredible canyon landscape beyond, relaxing by the swimming pool at the resort, or perhaps a round of mini golf, always a favourite for competitive families to test their mettle.

Drive time today will be approximately 1 hour plus stopping time (50km).

DAY 4**Panorama Route drive, and game drive in Moholololo.**

Today is a busy day of mind blowing landscapes and our first game drive of the trip. The magnificent Panorama Route drive in Mpumalanga is best-known for its cultural heritage and its dramatic landscapes, and we'll start out on this route immediately after breakfast at the lodge. We'll then journey on via the Abel Erasmus Pass and the JG Strydom tunnels to Moholoholo Mountain View. We arrive with chance to drop our bags before heading back out to visit the Blyde Canyon Dam for a 90 minute boat cruise where we'll take in the majesty of the Kadishi Tufa waterfall, resembling a crying face, the tears forming the waterfall, as well as the impressive three rondavels rock formations from water level. We'll return to the lodge accommodation for lunch before heading back out in the open game drive vehicle in search of some of the many animals on the Moholololo reserve. We have a good chance of seeing buffalo and many of the plains game.

Drive time today will be approximately 2 hours plus stopping time (100km) plus game drive.

DAY 5**Moholoholo Wildlife Rehabilitation Centre. Drive to Kruger National Park.**

After breakfast we'll visit the Moholoholo Wildlife Rehabilitation Centre for a guided tour. The centre, established in 1991 is home to many wounded animals and the aim of the project is to contribute to the conservation of endangered species and the rehabilitation of injured and poisoned wildlife. Animals at the centre vary depending upon condition. The aim is to rehabilitate and release able animals, but residents and regular inhabitants include lion, leopard, serval, lynx, honey badger, eagles, vultures and may also include an array of baby animals too! After our tour we'll drive into the Kruger National Park looking out for big game as we drive to our rest camp chalets close to the Phabeni gate to the NP. The rest camp has a swimming pool and small shop.

Drive time 2 hours (150km) plus game drives in the park.

DAY 6**Two game drives in the mighty Kruger National Park on the lookout for the Big Five.**

Today we'll enjoy morning and late afternoon game drives in the world-famous Kruger National Park. Established in 1898 to protect the wildlife of the South African Lowveld, this national park of almost 20,000 square kilometres is unrivalled in terms of biodiversity and is a world leader in advanced environmental management policies. Kruger is home to an impressive number of species: 336 trees, 49 fish, 34 amphibians, 113 reptiles, 507 birds and 147 mammals, including the "Big Five:" lion, leopard, black rhino, elephant and Cape buffalo. Each of our game drives today will be for around 3 hours, giving us plenty of time to spot many animals great and small in their wild and natural habitats. Early morning and late afternoon are the best times to see the animals, so as the heat starts to rise, and the animals retreat for shade, we'll return to our chalets to rest and perhaps chill out by the pool. After our afternoon drive, we'll again return to the chalet camp for sundowners and dinner before some time around the boma (fire pit) sharing stories about our day in the Kruger wilds. There is a swimming pool available here too.

Drive time is only game drives today, and they are approx. three hours each.

DAY 7

Morning game drive in Kruger. Transfer to Hlane game reserve in eSwatini.

After a final morning game drive (approx. 3 hours) in Kruger, we will leave the park and cross the border into the fascinating country of eSwatini. This is one of the smallest countries in Africa and one of the world's last remaining absolute monarchies. Bordered to the north, south and west by South Africa and to the east by Mozambique, the country is named after the 19th century king, Mswati II and is about the same size as Wales. Despite its small area, the country has a variety of landscape including mountains, savannah and rain forest. We'll drive to the King of eSwatini's traditional hunting reserve, now a game reserve - Hlane. In the afternoon we'll arrive at our accommodation and sit around the waterhole at sunset, looking out for rhino who come down to drink.

Drive time today will be 3 hours (280km) plus a morning game drive and border crossing.

DAY 10

Morning boat tour and visit crocodile centre.

The Greater St Lucia Wetland Park is a UNESCO World Heritage Site consisting of 13 protected areas and is the largest estuarine system in Africa. The marine conditions in the estuary have resulted in a variety of landforms and ecosystems, including wide submarine canyons, sandy beaches, forested dunes and a mosaic of wetlands, grasslands, forests, lakes and savannah. As this is such an extensive area with a wide range of different habitat environments, animals of all sorts may be seen including hippos and crocodiles on the St Lucia estuary. Wildlife in the park also includes nesting turtles on the beaches, migrating whales, dolphins and sharks offshore and huge numbers of birds including pelicans, storks, herons and terns. In the morning we enjoy a boat tour on the St Lucia estuary and will be on the look-out for birdlife and wildlife with a good chance of seeing both. In the afternoon we will visit a local crocodile centre which offers guests the opportunity to learn more about the estuary and one of the world's most fascinating and misunderstood creatures. This evening we will enjoy another own expense dinner in a restaurant in St Lucia.

Joining Arrangements & Transfers

The group will meet at Johannesburg Airport.

You should aim to arrive in Johannesburg on Day 1 of the Land Only itinerary between 7am-8am in order to make the long drive to the first night's accommodation. A money saving tip might be to arrive the day before and overnight near the airport.

On the last day of the Land Only itinerary, a single transfer will depart from the apartments on the Dolphin Coast in the early afternoon arriving at Durban King Shaka Airport in time for a late afternoon check-in.

Private transfers are expensive due to the distances. Pre and post tour additional nights are available at an airport hotel.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All breakfasts, 9 lunches and 7 dinners are included in the holiday price. The group will take the included meals together in camp or lodges, and the meals will be prepared by the guides. While staying on the North Natal Coast only breakfast is included so families can take advantage of the free days. There are many restaurants to choose from, and you should allow approximately £10 per person for lunches and £20 per person for dinners.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Food throughout the trip will mostly be prepared by the guides within the lodge kitchens, although as this is a participation safari, everyone will be expected to lend a hand! This is usually a fun and sociable time. Breakfast will consist of cereals and yoghurt, with coffee, tea, toast and the occasional cooked breakfast. Lunch will typically be picnic style - cold meats, cheese, salads, bread, rolls and fruit. Dinner is sometimes at own expense where there are a decent amount of local restaurants to choose from, but when cooked by guides will include potjies (traditional stews), braais (barbecue), stir fries and pasta. Fresh produce will be used wherever possible and fruit squash, tea and coffee will be served with breakfast and dinner.

Accommodation

During this holiday we stay in a mix of accommodations. Many of the accommodations have access to a swimming pool. The accommodations are selected for their small and family friendly atmospheres, and are often local family businesses. Please note that all accommodation is subject to change, but where possible a similar standard and facilities will be selected.

Our first three nights are in family chalets on small resorts each comprising 2 bedrooms with a shared bathroom and an open plan lounge/kitchen area. The first two of these nights there are pools for swimming in our downtime, and all three locations have bar/restarant communal areas. On day 4 we spend the night in a family sized reed hut chalet. At Kruger (2 nights) and Hlane (1 night) we stay at rest camps inside the National Parks in twin chalets with en-suites. Larger than two person families will have two adjacent chalets booked to accommodate them. Hlane is a particularly stripped back experience with no electricity available on site. Our evening meal and rooms are lit only by candlelight making for an incredibly wild and intimate wildlife experience. At Mlilwane we stay in twin room traditional bee hive huts with en-suite facilities. Again two adjacent huts will be booked for larger families. Both Mlilwane and Kruger have swimming pools, and all three have restaurant/bar communal areas. At St Lucia and the Dolphin Coast we will be in modern and functional apartments. St Lucia has two room apartments with shared bathroom facilities, and the Dolphin Coast are twin rooms with en suites, so again larger families will have two adjacent rooms booked to accommodate. Dolphin Coast has a dip pool and both have breakfast room restaurants.

Group Leader & Support Staff

The group will be accompanied by a local English-speaking professional guide from arrival on day 1 to departure on day 13. During the tour the group will travel by minivan driven by a professional driver.

Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

Spending Money

We estimate that a total of around £200 per person (or equivalent in euros/dollars) should be allowed for tips, soft drinks, snacks, non-included meals and miscellaneous expenses. Alcoholic drinks, souvenirs and optional activities are additional so you may wish to budget for these.

You can choose to take your money in pounds sterling, dollars, euros or in South African Rand. There will be the opportunity to change money into local currency on arrival at Johannesburg Airport, but you may be able to obtain a better exchange rate if you exchange in advance of your trip. Additionally, you will be able to get currency from bank ATMs in many of the towns that we will visit. Credit cards are particularly useful as many businesses post covid are becoming cashless, this won't be everywhere in SA, particularly in more rural locations, but it is increasingly common, so it is a good idea to carry one with plenty of credit available. There are many interest free cards that work well when travelling abroad. Check with your supplier for the best way to use your card whilst travelling.

Guidance on Tipping

In South Africa it is usual to tip staff including your local guide and driver if you are happy with the services provided. We suggest you co-ordinate these tips as a group and as a rough guide we recommend each group member contributes around £30 per family member. The exact amount should be determined by the group and the guide will give advice on the appropriate levels.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Your baggage will travel in the vehicle with the group, and you should try to keep the weight to approximately 12kg. You should bring a soft bag as these are more suitable to pack in the vehicle. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

South Africa Indemnity Form

As a member of the South African Tourism Service Association, our ground agent in South Africa may require you to complete an indemnity form at the start of your holiday, which you will need your insurance details for. As a client of KE Adventure Travel, your rights under the Package Travel and Linked Travel Arrangement Regulations (2018) are unaffected and KE Adventure Travel will remain liable for the actions of our suppliers.

Daytime temperatures range from around 10 - 20°C between April and September, to 20 - 30°C between October and March.
