# Introduction

Spain's quiet northern coast is reminiscent of Cornwall, with its steep sided river valleys running into sandy bays. It is the perfect place for a family adventure. Our base for the first 3 nights is a hotel with pool in the pretty area of Arenas de Cabrales in the foothills of the Picos de Europa. We start our activities on this Spanish family adventure holiday with a splash as we paddle in kayaks along the River Deva and then canyon down one of the attractive gorges.

An easy walking day takes us to a mountain refuge in the Picos de Europa, where we stay overnight. This is a great introductory hike for the children, and very exciting to sleep here in the family dormitories. The second half of the week we spend at a hotel near the beach in a lovely Spanish town. Here, we have a day cycling and a day to enjoy the sea, with the option of a surf lesson. Northern Spain is quick, easy and cheap to get to from the UK (and a whole world away from the overcrowded southern costas), making it altogether rather appealing for a family adventure holiday.

## Is this holiday for you?

### Suitable for children from 8yrs old

This family adventure holiday in Spain is a mix of multi-activities and relaxation. No previous experience is required for the kayaking or canyoning and can be done by beginners. All specialist and safety equipment is provided along with professional guiding. However all participants must be able to swim unaided for at least 25m. The 2 walks are not difficult and are suitable for children. The cycling is along easy flat trails. All 6 nights hotels have en-suite rooms and the hotel in Arenas de Cabrales has a swimming pool. The mountain refuge is dormitory sleeping arrangements. Overall the holiday is designed to provide a mix of activities suitable for a wide age range and offers an excellent family holiday.

## DAY 4

## First day of our mini trek, taking our time and climbing steadily to the mountain refuge.

We leave the Cabrales area today and drive into the foothills of the Picos de Europa. Tonight we'll be sleeping in a refuge in the mountains, so we'll need to bring an overnight pack, with a change of clothes, water, snacks and a sleeping bag liner. Our guide will lead the way, offering navigation tips as we go. Our guide has a few tricks up their sleeve to keep things interesting as we ascend into this incredible mountain range, including a nature search. This landscape is home to some fascinating, if sometimes elusive flora and fauna. Keep your eyes to the sky for wheeling buzzards and vultures, climbing high on the thermals above the rocky peaks and crags. On the lower grassier slopes you may spot deer or find traces of boar rooting in the undergrowth for insects and worms, and in their wake, orchids of many varieties spring up in the grubbed up turf. As we climb into the higher reaches of this route, you may be lucky enough to spot wallcreeper, and rock thrushes, both making this wild alpine region their home. We eventually arrive at the Vega Urriellu Refuge with time to unpack and settle down before dinner and sunset, the bright oranges of golden hour lighting up the giant cliff walls that surround this refuge.

Otherwise we can visit the dinosaur museum and search for the fossilised dinosaur footprints on the beach. There is also an option for horse-riding along the coastal paths. San Vicente has its quaint town to walk around and have some lunch before walking to a local beach. Any optional activity and transfers today are payable locally. ### TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

The group will meet at the hotel in Arenas de Cabrales.

A single timed transfer from Bilbao Airport to the group hotel is provided on Day 1 of the Land Only itinerary. This transfer is timed to leave the airport in the morning, to meet the arrival of flights from Gatwick with Easy Jet. On the last day of the itinerary, there will be a single transfer back to Bilbao Airport to check in to the morning return flight.

The current flight schedules these transfers also work with the Bristol Easy Jet flights. There is also an option with Vueling Airlines.

Many families also choose to take their car on the ferry from Portsmouth to Santander - this can sometimes be a more cost effective option. And it certainly is a better option for CO2 emissions.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost.

Hotel contact details and an emergency number will be provided with your booking confirmation.

### Meal Plan

All breakfasts, 5 lunches and 5 dinners are included in the holiday price.

### Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Breakfasts are typically continental - a combination of orange juice, tea, coffee, yoghurt, fresh fruit, freshly baked local bread and jam. Lunches will usually be picnic-style, made up from bread, cheese, cold meats, tomatoes, salads and fruit. Some lunches are at cafes. Dinners are taken either in the hotel or in local restaurants which serve a range of dishes including traditional Spanish options, including paella and a locally famous 'farmer's stew'. There will also be a more international range of foods available. Vegetarians can be catered for.

## Accommodation

During this holiday the group will spend 3 nights in a pleasant and comfortable hotel in Arenas de Cabrales, and 3 nights in a similar establishment in San Vicente de la Barquera. The hotel in Arenas de Cabrales has a swimming pool. The hotel in San Vicente de la Barquera is well located in this typical Spanish fishing town within walking distance to the beach.

In the hotels, families of 3 or less will usually share rooms with their grownups in a twin, triple or a double with an extra bed. For families of 4 or more you will be in multiple rooms depending on the number of family members. Interconnecting rooms are not available, and we will do our best to have rooms next to each other. These are small friendly hotels which are great for families.

There will also be 1 night in a mountain refuge which has restaurant facilities and dormitory style sleeping arrangements. Toilet and washing facilities are shared at this refuge, and are outside the main building. Sleeping bags are not required as blankets are supplied. However, we recommend you carry a cotton or silk sheet sleeping bag.

Please talk to us about your requirements and we will do everything to ensure that you are happy with your rooming allocation.

Additional hotel nights are available pre and post the holiday. Hotels are subject to availability and prices may vary.

## Group Leader & Support Staff

The group will be led by an experienced local leader and there will also be appropriate qualified local instructors for the various activities. You will also have a driver on various sections of the holiday.

## Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

## Spending Money

Approximately €150 per family member should easily be sufficient to cover miscellaneous expenses, including non included meals and snacks. This will also allow you to pay reasonable tips to the local guide and driver. We recommend that you carry your travel money in the form of euros cash. If you are intending to buy expensive souvenirs, you should budget accordingly. It is also possible to withdraw money from ATMs using your debit or credit card. Carrying a credit card is a good idea in case of emergencies. OPTIONAL ACTIVITIES (correct at time of writing, but subject to change) Surf lesson: €25 per person

## Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your leader and local team. Tipping is entirely voluntary and should be dependent on good service. We advise you to tip as a group.

## **Baggage Allowance**

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. On the night that you walk to the hut you will be required to carry your overnight belongings. You should keep this as light as possible, and reality should only be your sheet sleeping bag, toothbrush and something to sleep in. For international flights please check your baggage allowance with your airline.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

**It is your responsibility to ensure that you have the correct travel documents and visas for your holiday.** Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

## Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## Climate

This region is known for its changeable weather associated with its mountains and its coastal location. Although most of the region's precipitation occurs between November and February, it can rain at any time of the year. From July to September the weather is generally very good, with clear and sunny days predominating. We can expect daytime temperatures at the coast between 20°C and 27°C in July and September, dropping to around 15°C overnight. Temperatures will be rather cooler than this in the mountains, with daytime temperatures of between 15°C and 20°C above 1500m. At the mountain hut, the temperature could fall as low as 5°C. As with any mountain area there is the risk of some poor weather, with rain and fog.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
