Introduction

The town of Kiruna, located 300 kilometres north of the Arctic Circle, is our base for this exciting family adventure holiday, which includes most of the classic winter activities such as snowshoeing, snowmobiling and husky dog-sledding. Close to the border between Sweden and Norway, this is the area historically known as Lapland and is home to the Sami people who still pursue a traditional way of life, grazing their herds of reindeer amongst the birch forest and open tundra. We fly in to Kiruna, the only town in this part of Sweden and transfer to the nearby wilderness centre of Camp Ripan, which provides comfortable accommodation in cosy cabins that work well for families. Camp Ripan has an excellent set-up, with a great restaurant, a northern lights lounge and a welcoming spa with heated outdoor pool. Situated within a spectacular landscape of 'taiga' forest, this is the perfect place for a winter family break and provides us with easy access to most of the classic winter activities.

We start out with a snowmobile tour which takes us on forest trails and across frozen lakes where we may be able to take part in some ice fishing. Over the next couple of days, you and your family will also travel by husky dog-sled, take a snowshoe hike and have a go at cross-country skiing on prepared trails. And, whenever the weather is clear, this is one of the best places on Earth to see the amazing northern lights. We also take an excursion to the nearby and world-famous Icehotel, where many of the rooms have been designed and sculpted by artists from around the world - an unmissable attraction. With all meals and activities included, this is an unforgettable family holiday in a veritable winter wonderland.

Is this holiday for you?

Suitable for children from 6 years old.

Providing cosy and comfortable accommodation and great food, our resort base at Camp Ripan allows us the flexibility to make this unique family adventure holiday work for most families. All the activities are in the reach of active children. When snowmobiling, children under 12 years of age will be towed in a covered sledge trailed behind the snowmobiles. Under 16yr olds are not allowed to drive the snowmobiles. Please note that the order of the itinerary (ie you may visit the icehotel on Monday rather than Sunday) is subject to change without notice. Additional warm and appropriate clothing is provided for the snowmobiling and husky sled ride. You do however need to provide your own warm clothing for the other activities, for evenings and for spontaneous playing in the snow! This is an ideal family holiday for Christmas, February half term and Easter. The KE Team loves this holiday!

Itinerary

Version: FSW Winter Wonderland - Sweden Family Adventure

DAY 1

Meet at the group hotel. A transfer from Kiruna Airport is included.

Our holiday starts at the accommodation in Kiruna. We arrive at the compact airport at Kiruna, and are met and transferred the short 15 minutes to Camp Ripan, which lies on the outskirts of the town, close to the downhill ski slopes on the hill of Luossavaara. During the winter season, the town of Kiruna sits within a snow-bound landscape of undulating countryside covered in birch and pine forest and punctuated by frozen lakes. There are views across to the peaks of the Kebnekaise range of mountains. Pretty rows of red-painted cabins and reindeer grazing in their corrals (at some times of the season) makes this an unusual type of resort.

You will quickly settle in to your cosy cabin, which has a twin/double bed, a room with a bunk bed, en-suite facilities, comfortable sitting area, tea and coffee making facilities, satellite TV and a clothes drying facility. The cabins work well for families. Larger families are accommodated over 2 cabins.

Please note that for any of the activities during this holiday, you may be part of a larger group with people who have not necessarily booked through KE. This will not affect your enjoyment of this wonderful holiday. There are a number of local activity providers that Camp Ripan work with and sometimes the order in which the itinerary follows can change.

On arrival, you will be given a programme with the timings of all the activities included in your KE holiday. Dinner is taken in the main building, where there is an excellent restaurant.

DAY 2

Snowmobiling through forests and across frozen lakes, maybe partaking in some ice-fishing. Afternoon free for snowshoeing or playing in the snow.

After our buffet-style breakfast, you will meet your snowmobiling guide in reception. First is the gear and clothing check to ensure you have enough warm clothing for the day's adventure. A padded suit, snowboots, hat and gloves are amongst the items that will be provided if they are needed.

Up in northern Sweden, the snowmobile is the most common form of transport out in the beautiful

winter landscape. It is recommended that children under 12 years of age are towed in a covered trailer sledge behind the snowmobiles. We'll start at Camp Ripan and drive out into the low mountain areas close by, over frozen lakes into the wild forest land. If we are lucky we may come across moose and reindeer on our adventure. We have a break out on the ice and try our luck at some icefishing (sometimes this is not possible if it is too cold, around Christmas and New Year). We drill a hole in the ice whilst enjoying some traditional hot drinks and snacks. And if we are lucky we might catch some fish. After the break we head back out again on the snowmobiles and return to Camp Ripan for lunch. You even have the opportunity to drive your own snowmobile at an extra fee.

In the afternoon, we can go snowshoeing or cross-country skiing, sledging or simply play in the snow. Simple plastic sledges can be borrowed from the gear shop, and rental of snowshoes and skis are included in the holiday cost. Further exciting additional activities can be booked, see the end of this itinerary and in the spending money section for details.

For April departures we travel further into the mountains (1.5hrs drive) for our snowmobiling trip and make a full day of it. We enjoy a cooked lunch and some icefishing.

DAY 3

Visit the famous Icehotel and Jukkasjarvi for an insight into Sami life. Afternoon Aurora Spa visit.

After breakfast, we will meet our Sami guide and make the short (20 minute) journey to Jukkasjarvi and the world-famous Icehotel. This is the world's largest ice structure, which includes an ice bar, an art gallery and even an ice church which is consecrated for weddings and christenings. We take time to explore this unusual building which is reconstructed every year. The highlights are the many 'deluxe' rooms, each of which have been given the designer treatment by artists from around the world. Beautifully carved out of ice over a period of several weeks and with a wide variety of themes, these can be quite breathtaking.

We then visit the towns' log timbered Sami Church dating from 1607. This small church has many special features and stories to discover. We end our tour at Cafe Sapmi, a large lavvu, traditional Sami teepee, with an open fire place in the centre surrounded by rustic benches. Here they serve classic sami dishes and we have a hot drink and one of their delicious berry pastries. We return to Camp Ripan for lunch.

In the afternoon we have included a 2 hour visit to the Aurora Spa at Camp Ripan. This has an outdoor hot tub, an indoor pool with panoramic windows to the snowy landscape and a sauna. The whole atmosphere is very relaxing, combining the clean modern whites of the Swedish style and earthy stone and wood. The adults will get a sauna bucket 'Stavan' which includes a birch leaf scrub, foot salts with juniper berries lemon and sea salt, coffee scrub and a body oil made with regionally-grown rapeseed oil.

A number of optional activities are available. Please see 'holiday information/spending money' for details. We enjoy our dinner in the Camp Ripan restaurant.

DAY 4

Morning husky sledge safari. Break at Sami teepee with open fire. Snowshoeing in the forest this afternoon.

We gear up (we are provided with additional warm clothing) and transfer to the kennels to meet our mushers (sledge drivers) and their dogs. Depending on the number in the party, a decision will be made on the number of dogs required for each sledge, which will be driven by one of the mushers. The dogs are Alaskan huskies and there could be as many as 12 pulling a sledge with 4 passengers and the musher. Anyone who wants to can usually assist with the process of putting the dogs in their traces.

We then get comfortable on the sledge, snuggling down into our winter gear on reindeer skins, as the dogs get more and more excited, yelping in their eagerness to be off. Off we go, our musher expertly guiding the dogs and sledge, and suddenly everything is quiet. The only thing you can hear is the sledge running on the snow and the panting of the dogs. The area is excellent dog-sledding terrain - undulating and forested and offering a real taste of Arctic travel by dog sled. We will take a break at a Sami-style teepee (Lavvo) and by the light of the open fire we will have a snack and a glass of lingonberry juice or a cup of coffee. There is a chance that we will see moose or reindeer along the trail or their tracks in the snow. We return to our accommodation at Camp Ripan in time for lunch in the restaurant.

In the afternoon, we have a guided, snowshoeing hike in the forest surrounding Camp Ripan. Equipped with snowshoes we'll explore the wintery landscape, following the tracks of the hare or mountain ptarmigan over the blanket of snow. At the end of our hike, we will stop for a hot drink. We'll then head back to our cabins before dinner in the restaurant later.

DAY 5

Free morning to go cross-country skiing, snow-shoeing or take part in an optional activity. Afternoon Aurora Spa visit and free time for sledging.

This morning you have a choice of optional activities. Cross-country skis (and footwear) are included, so

you can venture out to the local trails to enjoy this. You are required to buy a pass locally (approx. SEK 50 pp). There is a sports field close by (so you can easily walk there) with a circuit of prepared cross-country tracks and several pisted trails lead off from this field. If you are feeling confident there is the option to complete a fun and undulating circuit through mixed forest terrain which takes us out towards the hill of Luossavaara. There are also shorter and easier ski tour options, depending on your standard. Again, given good weather, we will have views across to the peaks of the Kebnekaise Range. Returning to base we go for lunch in the restaurant.

Alternatively you can go on the snowshoes or take part in an additional activity.

A second visit to the Aurora Spa (2hrs, usually starting at 1400) is including for this afternoon, and otherwise the time is yours to enjoy another optional activity or go make use of the included sledges, snowshoes or cross-country ski's near the property. We have our last dinner at the accommodation.

DAY 6

Departure day. A single transfer to Kiruna Airport is provided.

Our holiday ends after breakfast. A single transfer is provided to Kiruna Airport. Depending on your flight time, there may be time to visit some of the sights in Kiruna or have some more fun in the snow. Kiruna Church is worth a visit. Extraordinarily beautiful and built along the lines of a Lappish cottage, the Church was recently voted the finest building in Sweden.

Additional activities (at extra cost) that you might be able to fit in a free morning, afternoon or evening include; a northern lights tour on horseback / a reindeer encounter meeting a Sami reindeer herder who takes us for a short sledge ride, we can pet and handle the reindeer / evening Northern Lights by snowmobile or dogsled / an evening kennel visit and packwalk / ice climbing at the indoor wall in Kiruna / further dogsled tour interaction for younger children / evening Northern lights photo tour. All these activities need to be booked in advance. Further information can be found in the 'spending money' section.

CHRISTMAS DEPARTURES

Christmas is special in this part of Sweden and Camp Ripan take extra care to ensure that it is as magical as could ever be. Departures which fall over the Christmas days have a slightly different format, and the itinerary will be in a different order to accommodate the celebrations.

Swedish Christmas Dinner - the Smorgasbord

In the evening of the 24th December the Swedish have their 'Christmas Dinner'. This smorgasbord feast is a buffet selection of the finest herring, salmon, hams, smoked reindeer, lamb, deer, meatballs and much much more. There are plenty of options for the vegetarians!

Meet Father Christmas

Now it's time for one of today's highlights. Meet Father Christmas in the Sami tent, he offers mulled wine and gingerbread, he tells his tale of the eventful journey over the mountains through the snow storm. All children will receive a small Christmas gift.

Christmas Day torchlight procession

For those who can get up early on Christmas morning, there is the option to take part in a torchlight procession through the snow to the Kiruna Church. The early Christmas service, Julotta, is an old Swedish Christmas tradition. Even although many Swedes do not attend regular church services, they do take part on Christmas Day. The Kiruna Church, which beautiful and based on a large Sami hut, was honoured with the accolade of 'Sweden's Most Beautiful Building' in the year 2000. There is a small additional charge if you wish to take part, and you should book this on arrival.

NEW YEAR CELEBRATIONS

On New Year's Eve there will be a welcome drink and canapés in the lobby, and then a three course dinners in the restaurant.

At midnight there will be a celebration outside with a glass of bubbles. For families with children there will be a smaller celebration at 9pm.

Joining Arrangements & Transfers

The group will meet at the accommodation in Kiruna.

Airport transfers are provided for all clients.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included from dinner on day 1 to breakfast on day 6.

Food & Water

Breakfast is an all you can eat buffet, with most breakfast items available. Cereals, bread, toast, yoghurt, spreads, omelette, scrambled egg, bacon, sausage, fruit juices, tea, coffee and hot chocolate. Most lunches are also taken at Camp Ripan and this is a single course meal, meat or fish with vegetables. Water and bread is also provided. Dinner is a 2-course meal served in the excellent restaurant. Much of the produce is harvested locally from the region and the chefs prioritise traditional Sami dishes, such as moose meatballs, reindeer, beef, salmon, Arctic char and lingon berry dessert. Dinner can be either a starter and a main course or main course and dessert. Every dish has its own story and the waiters will take pains to explain to you what you are eating. There is not usually a choice with the main dish. Simple dishes for children are also available. On some days, we may eat a snack lunch during our activity.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Group Leader & Support Staff

The group will be accompanied during each of the activities by English-speaking Swedish guides. The guides are specialist instructors in each field (i.e. husky sledding, snowmobiling or snowshoeing) and will vary with the days' activity and the itinerary.

Spending Money

Approximately £200 for the average family should be sufficient to cover miscellaneous expenses, drinks and souvenir purchases. We recommend you take debit/credit cards to use whilst in Sweden, as it is almost a cashless economy. A beer in the restaurant at Camp Ripan costs around £8. Additional activities should be pre-booked and paid for on arrival.

OPTIONAL ACTIVITY COSTS

Activities are usually taken with other guests at Camp Ripan and are at set times and days. Depending on the dates of your travel only certain activities will be available. Note that all days except for one, you already have an activity included in the holiday price, these options are just if you are keen to do more! All additional activities should be pre-booked to avoid disappointment. You can book and pay for these through KE. Please contact us for the full list and further details. All activities and prices are subject to change without prior notice.

Guidance on Tipping

You are under no pressure to tip the guides during this holiday. Tipping is the accepted way of saying thank you to your activity provider and is entirely voluntary.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Currency

The unit of currency in Sweden is the Swedish Krona.

Climate

We are running this Arctic Sweden adventure at Christmas and also in February and the Easter holidays. There will be a noticeable difference in the climatic conditions that we can expect to encounter during these three periods. During the Christmas departures, the dominating influence will be the fact that the sun does not come above the horizon at all and there is only about 4 hours or so of good daylight. This is the season when the Northern Lights are most active. At this time of year, the temperature can be as cold as minus 25°C, but is more likely to be minus 10 to minus 15°C. However, because the air is so dry here, it does not seem so cold. The sun first puts in an appearance in early January and by mid February, there is lots of daylight (the sun rises at 0800 and sets at 1600 approx) and the temperatures start to improve. The ambient temperatures are still low, several degrees below freezing during the day and -10°C or colder at night. Thanks to the influence of the Gulf Stream it is actually warmer here than its Arctic Circle location would suggest. The early spring season is a great time to visit the Swedish Arctic. During the day the sun warms the snow, causing a little softening and then at night it re-freezes to form a crust which is perfect for snowmobiles, dog-sledges or for skiing. In February and even more so at Easter, long, sunny days are quite usual.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

FAQ's about our family holidays

We welcome all family dynamics and we will try to accommodate you in the roomings of your choice. The only stipulation for joining a family group holiday is that 1 party member is 17yrs or under, and they are accompanied by an adult. An average group size is around 10 members in total. Further general information and FAQ's are available here: [KE Family Adventure Holidays general information](#).

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
