# Introduction

Situated at the junction of France, Italy and Switzerland, the glaciated massif of Mont Blanc is circled by one of the world's greatest and most popular long distance walks - the Tour du Mont Blanc. Using our unrivalled experience, we have devised a walking holiday that provides the 'ultimate' version of this historic route, incorporating several exciting variants.

Taking the high-level option wherever possible, we traverse passes like the Col des Fours (2665m) and the stunning Monte de la Saxe Ridge. En route, we stay in incredible mountain huts and hostels including the dramatically located mountain hut - the Cabane d'Orny. We offer baggage support where we can and there are just 4 nights where you do not have access to your main luggage. This superb adventure presents the best of the Mont Blanc region, with a blend of breathtaking views, Alpine meadow trails, picturesque hamlets and an abundance of wildflowers... the Ultimate Tour of Mont Blanc.

## Is this holiday for you?

This is a classic Alpine walking holiday on good trails. The average distance covered each day is around 20 kilometres (13 miles) and there is a fair amount of ascent and descent. Fit hill walkers will find this trek to be within their capabilities. A head for heights is essential on this trip and you should be comfortable with small sections of scrambling. Additionally, we will transfer your baggage to each of our overnight stops that can be accessed by road, which means that you usually need to carry no more than a small daysack. There are 4 nights in refuges which are inaccessible by vehicle and this means that you will need to carry just a few extra overnight items. If you are looking for a version of the Tour Du Mont Blanc, with all the high cols and spectacularly situated refuges, then this is the one for you.

# Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

## Climb Gran Paradiso

Our 4 day adventure holiday begins in the Aosta Valley. From here it is a short transfer to the beginning of our trek up to the Rifugio Chabod, where there is the opportunity to do some crampon skills training after lunch. A true alpine start is a rude but amazing awakening the following morning as we make our way to the top of Italy. From the Rifugio Chabod, we make the classic, easy ascent across the snow face and via an exciting rocky ridge to the summit of Gran Paradiso (4061m). Here the views extend over the Alps to the prominent peaks of Mont Blanc and the Matterhorn.

## TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

## Meal Plan

All meals are included except for lunches and dinner on day 1, 5 and 11.

Lunches can be easily purchased from supermarkets, bakeries or your accommodation along the way.

We do recommend you bring a few additional trail bars and snacks with you (not chocolate as it can melt) - these can of course also be purchased along the way, but it is sometimes nice to have your favourite hill food with you.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

As to be expected, the food available in restaurants and hotels in France, Italy and Switzerland is excellent. In huts, the food is simple and wholesome with usually a limited choice which will include a vegetarian option. Continental breakfasts and evening meals are provided by our accommodation. Lunches can be purchased from the huts, hotels or supermarkets along the way.

When in the towns and villages all tap water is drinkable. In mountain huts there is usually not a sustainable drinking water supply. Water in plastic bottles is brought in to the hut. All huts have a recycling point. If you have to purchase water in plastic bottles please buy the largest bottle you can so as to use less plastic. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water if you can fill from a local stream. Bottled water is not provided. We do not encourage the purchasing of single use plastic bottles. Local authorities are working to find solutions to using plastic water bottles in huts. We monitor the situation carefully for updates.

## Accommodation

During this trip, the group start and finish the trek at a hotel in the Chamonix Valley. Whilst on our circuit of Mont Blanc, we have a mix of accommodation for 9 nights; a mixture of amazing mountain huts (where we can get away from the crowds) and hostels.

Specifically the Cabane d'Orny is a recognised highlight, with the most awesome views of the alps all around, and the Bonatti Refuge or Elena Refuge where a beer (or hot chocolate) on the terrace at sunset is highly recommended - keep your camera handy! Washing facilities at these huts (especially the Caban d'Orny) are very basic.

In the Chamonix Valley the hotels will be on a twin rooms basis. In the mountain huts and hostels accommodation may be in a non-segregated, dormitory. This type of shared accommodation is all part of the Alpine mountain experience.

Single rooms are not available.

Note: The accommodations mentioned in the itinerary are given as examples of the type of accommodation used for this trip. The actual accommodations may vary between departures depending on availability.

## Group Leader & Support Staff

The group will be led by an experienced mountain leader.

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

The package price includes all accommodation, guiding and all meals except lunches and two dinners. You should make an allowance for additional snacks, drinks etc. Note that bottled water bought in huts is quite expensive. Beer, wine and soft drinks are available every night. We estimate that approximately 350 - 400 Euros should adequately cover typical personal spending requirements. Please note that a part of the route is in Switzerland (3 nights) and you should consider taking some of your spending money in Swiss francs. Alternatively it is possible to withdraw Swiss francs from cash machines in La Fouly. Euros are accepted in most places we stay in Switzerland although the exchange rate may not be favourable.

## Baggage Allowance

For this holiday you should take one piece of luggage (maximum weight on arrival at the group hotel is dependent on your international flight restrictions) and a daypack (of around 30 - 40 litres).

Our baggage transfer company who transport your main bag from guesthouse to guesthouse throughout the trek have requested that everyone uses a duffle type bag. They will not take hard suitcases. Please note that there is a strict weight limit of 15kgs maximum for bags to be transferred and no fresh produce should be left in these bags.

You can of course travel to the group hotel with any type of baggage, and store it at our group accommodation with any items you do not need on trek and pick these up when you return.

Your main bag will be transferred between overnight stops and you should have this ready for collection by 8.00 each morning. The bag will normally be delivered to your hotel by 17.30.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

## Passport & Visas

### Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (*see Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

You must also contact your doctor or travel clinic to check if there are specific vaccinations or other preventive measures that you need for the area you are visiting, in good time before you are due to depart.

On holidays to more remote areas you should also have a dental check-up.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.**

Please check the [FCDO](#) and [Travel Health Pro](#). For all of your intended destinations for up-to-date advice.

### Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

## Currency

The currency for part or all of this holiday is the Euro.

The unit of currency in Switzerland is the Swiss Franc.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. We would suggest that you adopt a weekly exercise regime leading up to your trip. Jogging, squash and swimming are good for developing better stamina. Before departure, we suggest that you try to fit in a number of long walks in hilly country.

## Climate

The temperatures that we can expect to encounter during the day will be reasonably warm, ranging from 15°C to 25°C. It can be cool in the evenings at our highest overnight stopping places, falling close to freezing point at night. The weather is usually stable during July and August, but mountainous areas do generate their own weather systems and occasional rain and even stormy weather cannot be ruled out. You should be prepared for all eventualities!

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- Tour of Mont Blanc. Trekking Guide. Kev Reynolds
- Walking Guide to the Tour du Mont Blanc. Andrew Harper Tour du Mont Blanc Topo Guide, Publisher: Fdration Franaise de la Randone

## Maps

### **IGN (Institut Geographique National) 1:50,000 scale.**

The IGN also produce a 1:25,000 series covering the route but these are not very practical as you would require several sheets. The 1:50,000 'Carte de Randonees' series of walking maps provides a detailed topographic map with a useful contour interval of 20m. This is still a good scale for following the route on the ground and means you only need one map: Pays Du Mont-Blanc - Aravis - Chamonix - Courmayeur A1

## Private Groups Information

Make this KE Adventure holiday your own!

- Do our normal group departure dates not fit?
- Would you prefer to travel with just friends and/or family?
