## Introduction

---

Miles of empty beaches, hidden wadi pools, nesting turtles, endless desert, dramatic mountain ranges, welcoming people and year-round sunshine are some of the highlights on this super holiday in Oman. Our week starts in Muscat, visiting the stunning Grand Mosque before taking to the Arabian Sea on a dolphin and whale spotting boat cruise. Heading south, we have a short walk to explore the beautiful Wadi Shab and swim in its idyllic natural pools. We continue to visit an interesting traditional dhow (boat) building yard before driving to the renowned turtle reserve at Ras al Hadd. Although the main nesting season is during the summer months, the beaches are visited by turtles year round. With luck, we'll see the females digging holes and laying their eggs, or perhaps spot new hatchlings breaking through the sand by the light of the moon. We walk in the famous Wadi Bani Kahlid and then travel to the dreamlike landscape of dunes at Wahiba Sands. Wild camping in the dunes is a great experience and we can choose to sleep out under the desert night sky; looking out for shooting stars and roving satellites. The next stop on our loop is the ancient oasis town of Nizwa, where the atmospheric souks are great for haggling for unique souvenirs. Our final day takes us into Jebel Shams and we walk along the dramatic 'Balcony Walk' through the Grand Canyon of Oman. This is a great one-week holiday with enjoyable walks, high sunshine probability and lots of culture and adventure!

### Is this holiday for you?

During this one-week holiday in Oman we have 3 short walks of between 2-4 hours. The walking terrain is a mix of well maintained trails, scree and bare rock, sand dunes and sections of stepped pathway passing ancient and abandoned villages. There is a little exposure on the Balcony Walk and there will be some boulders to clamber over in the wadi's. These are walks which are not technical or difficult and are to be enjoyed in a relaxed manner. We are likely to find day-time temperatures of between 25°C and 32°C or even a little higher and sun protection and adequate hydration are important considerations. The accommodation is a mix of hotels or lodges, a family guesthouse and three nights of wild camping. The camping is participatory in style, meaning you will pitch your own tents and help out with camp chores, which many find enjoyable and a highlight of their camping experience. The experience of camping in these wild places is magical and most people choose to sleep outside and not in the tent. All camping equipment, including sleeping bags are provided. The boat trip to see the dolphins and whales lasts around 2-3 hours. Lifejackets/buoyancy aids are provided as well as expert guides.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

Oman's geographical position between Asia, Europe and Africa has resulted in food that is has been influenced by each region over the centuries of trading. India brings spices and herbs while the Levant has resulted in humus and moutabel being common dishes. Oman's former colonies in Africa - particularly Zanzibar, the spice island - show through in the mundazis and samosas. Fish is freshly caught all along Oman's extensive coast and dates and kahwa serve as the perfect desert.

## Accommodation

During this holiday the group will spend 1 night in Muscat at a comfortable 3 star hotel, and our 1 night in Nizwa we will be in a hotel of similar standard. At Wadi Ban Khalid we stay in a simple hotel. At Misfah Al Abryeen, we will stay 1 night in a traditional Omani guesthouse. We have 3 nights wild camping. All camping equipment including sleeping bags is provided. The crew will help you put your tents up, and it is polite to offer to help with preparing dinner, or collecting firewood and generally helping out with camp life. A mess tent is used when the weather is cool but not during warm clear days. Mattresses are provided to sit on during meal times in a Bedouin style. Camping in these places is an incredible experience and is often the highlight of the holiday.

All accommodation is allocated on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex. Single supplements are available for an additional cost, Additional pre or post holiday hotel nights are also available on request.

## Group Leader & Support Staff

An experienced, professional, English-speaking local guide will lead the trip. There will be also be one or more 4-wheel-drive support vehicles and drivers throughout. When camping there will be a crew in charge.

## Spending Money

Approximately £150 to £200 should be allowed for miscellaneous expenses and non-included meals, including reasonable tips for local staff. Money is easily changed at the airport and there are ATM machines in Muscat and Nizwa. Credit cards can be used virtually everywhere.

## Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and porters. They do not form part of their wages. KE always pays local guides and crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. As a rough guide we suggest you allow £35 / £45 for tipping your crew and guide.

## Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

## Baggage Allowance

During this holiday your baggage will be transferred with the group in the vehicle. The only baggage limit is that which is imposed by the airline.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.
