Hotel contact details and an emergency number will be provided with your booking confirmation.

## Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Slovakia's cuisine is hearty and flavoursome, drawing influence from neighbouring Central European nations and utilising seasonal produce and regional staples. Expect plenty of meat, cheese and potatoes, in various wonderful forms! While in Slovakia, you must try the national dish of bryndzove halusky, a classic meal of potato dumplings and cheese, topped with crispy bacon... Comfort food on a plate! You can also expect to have plenty of goulash - evidence of the Hungarian influence - or fill up with rustic soups such as kapustnica, rich with meat and vegetables. For a delicious, sweet treat, trdelnik (chimney cake) is a sweet dough rolled around a large stick and topped with sugar, cinnamon or chopped nuts, and baked over an open fire for a crispy finish.

Outside of larger cities, vegetarians and vegans may find options more limited as the cuisine traditionally uses a lot of meat and dairy. It is possible to have meat-free options on most classic Slovak dishes, however a strict vegan diet will be more difficult.

## Accommodation

During this holiday the group will spend 4 nights in a comfortable hotel in Propad Town and 3 nights in a hotel in Stary Smokovec. Accommodation is based on twin sharing rooms with en-suite bathrooms.

If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotels are available on request.

## Group Leader & Support Staff

The holiday will be accompanied a locally based, professional, English-speaking tour leader and an experienced English-speaking qualified guide.

## Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

## Spending Money

The currency in Slovakia is the Euro. Approximately 250 - 300 Euros will cover your personal spending including non-included meals, local drinks and tips for the leader. Cash can be withdrawn from ATM's using a credit card or a debit card and there are cashpoint facilities at the airports and in Propad town.

## Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your local staff. Tipping is entirely voluntary and should be dependent on good service. We recommend that you give any tips from the group as a whole rather than individually. As a rough guide, a contribution of €15 - €25 should provide a suitable pot for tips.

## Baggage Allowance

There is no weight limit as such for this holiday other than imposed by your international carrier. However, we ask you to restrict your luggage to one main bag and a small day pack. Remember that your journey will be more pleasant the lighter you pack.

## Meal plan

7 breakfasts, 2 lunches and 2 dinners are included in the holiday price. Where there is a wide variety of dining options we have not included the evening meals (5 nights) in the trip price preferring to leave the choice of where to eat and the budget for these meals to you. In addition 4 lunches at the mountain huts have not been included so you are free to choose food and budget. We recommend that you allow from £7 to £15 for these lunches and £15 to £25 for evening meals in local restaurants.

The currency for part or all of this holiday is the Euro.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a walking holiday getting some additional exercise. Although this is not a sustained trekking trip, you will be walking for 5 or more hours on each day and the fitter you are, the more enjoyable you will find the experience. We would suggest that you adopt a weekly exercise regime leading up to your holiday. Running, cycling and swimming are good for developing better stamina. Before departure, we suggest that you try to fit in several long walks in hilly country.

## Climate

Slovakia has a temperate, continental climate with four distinct seasons, typical of Europe. There is snow cover in the Tatra Mountains over the winter months from November to April. Summers are warm, with average daytime temperatures reaching around 22 degrees centigrade in Bratislava, while in the mountainous northern part of the country the average temperature will be cooler by a few degrees. July is the hottest month, while August is the rainy season, with afternoon thunderstorms occurring more frequently over the summer. Precipitation can be expected at any time of year so you should be prepared for all eventualities. This holiday is available to book between May and October, with the optimum time for cycling between May-June and September-October.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.
