## Introduction

---

There are many ways of exploring Jordan, but our Ultimate Jordan Adventure holiday is surely the definitive adventure experience. This trip is for those who want to trek, cycle, camel-ride, canyon and scramble their way across the incredible desert landscape of Jordan (No experience is needed as full instruction is provided). We start off with visiting the ruined remains of the Roman walled city of Jerash before enjoying the rather surreal experience of bobbing around in the buoyant waters of the Dead Sea. We can escape the heat by dropping into bottom of Wadi Mukheries, a twisting, winding gorge that descends down a set of small waterfalls, hidden caves and fun abseils. We head further south, taking to our bikes and cycling along the Kings Highway; an easy and enjoyable ride before transferring to Wadi Musa. Wandering through the quiet and atmospheric site of Little Petra whets our appetite for the rose-red city of Petra. We follow the Jordan Mountain Trail to enter Petra via the back route, a magical and unforgettable experience as you first glimpse the Monastery. Onwards, we travel to the stunning desert landscape of Wadi Rum. Here we can take a camel ride, scramble on to the iconic Burdah Bridge rock arch and enjoy the very best of Bedouin hospitality whilst camping under the stars.

### Is this holiday for you?

You do not need to have any previous experience to take part in the activities on this holiday. The two walks (Petra and Wadi Rum) will be between 3-4 hrs. In Wadi Rum there is some very straightforward scrambling over some of the rocky ground near the Burdah Bridge. The canyoning is a day of fun travelling down a small river, scrambling over rocks, jumping into pools, swimming and some abseiling. You will need to be able to swim proficiently to take part. Our cycle ride is along hard-surfaced quiet roads. Various bike sizes and helmets are available. Jordan has a lovely hot and dry climate and you should take adequate sun protection for this, but it can also get cold at night in the winter months in the desert. The essence of this holiday is to see Jordan whilst being active and having fun!

## DAY 2

**Tour the Roman city of Jerash. Drive to the Dead Sea for a salty dip. Visit Mt Nebo. Transfer to Madaba.**

After breakfast at the hotel and a briefing from our guide, we will drive north to Jerash. Dating back to the 3rd century BC, this largely Roman city is one of the biggest and best-preserved outside of Italy. Its colonnaded streets, baths, theatres, plazas and arches remain in exceptional condition and we will have plenty of time to look around the site with our guide. After our visit, we will head south through the Jordan Valley to the Dead Sea, which at 400 metres below sea-level, is the lowest spot on earth. Those who wish can take the opportunity to experience the unique floating experience that this very salty, 75 kilometre-long sea offers. From here, we drive up and out of the valley to our next overnight stop at a hotel in Madaba. En route, we stop at Mount Nebo (known as Pisgah in the Bible) which is the place from which the Bible says Moses viewed the Promised Land. There is indeed a fantastic view towards the west, with a vista that includes the Dead Sea, the West Bank, the Jordan River and (on a clear day) Bethlehem and Jerusalem. After checking in at our Madaba hotel, we go out to one of the town's restaurants for dinner.

## DAY 3

## Drive to Wadi Mukheries for day of canyoning. Return to Madaba.

We make an early start and drive down to the top of Wadi Mukheries, which is one of a number of rugged, steep-sided valleys that drop down to the Dead Sea. This one holds water year-round and our route follows a stream throughout. This is classic gorge exploration, involving a series of small waterfalls (3 to 7 meters high), with boulders to negotiate and pools through which we have to wade. The depths of the wadi hide secret pockets of vegetation and there is also a magical cave with stalactites of amazing shapes. The route is 12 kilometres long and will take us 6 to 7 hours to complete, including our stop for a picnic lunch. At the lower end of the gorge is a spectacular 20 metre waterfall, which we will pass by abseiling. A stop beside the plunge pool here gives us the chance for a swim and for a natural full-body massage. Remember to take a second pair of lightweight boots or trainers for this day, as they will get wet and may not dry in time for tomorrow's activities. We finally reach the trail head on the Dead Sea road, where we meet our vehicles and drive back to spend a second night at the hotel in Madaba.

### DAY 4

## Cycle the Kings Highway to village of Mukawir. Drive onto Petra.

A 10 minute transfer takes us the start of our approximately 42 kilometre cycling route. After being kitted out with our bikes, we ride south on the King's Highway. The King's Highway twists and winds its way through the heart of Jordan, connecting Madaba, Karak, Tafileh, Shobak and Petra. It is the world's oldest continuously used communication route and is mentioned in the Bible. Although it is called a highway, it is just a local road with low traffic and we ride only a few kilometers on it, heading south, before turning off onto even smaller and quieter roads and tracks. Leaving the King's Highway behind, we ride west on a hilly road through the villages of Bani Hamida. We reach the low hill on which stands the remains of King Herod's ancient fortress of Machaerus, where John the Baptist was imprisoned and beheaded. Hiking to the top of the hill, there is a wonderful panorama out across the Dead Sea. We then head to the nearby village of Mukawir, where our lunch is provided by a local family. Another chance for some local interaction and part of our responsible tourism effort to support the local communities at the places we visit. After lunch, we drive to Wadi Musa, the gateway to Petra and check in at a hotel.

### DAY 5

## Trek on the Jordan Mountain Trail to Petra, via Litte Petra.

Today we have an early start, visiting the quiet site of Little Petra. From here, we join the Jordan Mountain Trail, taking in the scenic balcony route, to enter Petra via it's back trail. We arrive first at the Monastery before taking the stone-carved stairway (around 800 steps) down into the heart of Petra. After a lunch break at one of the cafes in Petra, we will continue our exploration of the rest of Petra's most important sites, including the Theatre, the Court and the Treasury. Finally, we will walk out through the kilometre-long cleft of the 'siq' to the Visitor Center in Wadi Musa. We spend a second night in our Wadi Musa hotel.

### DAY 6

## Transfer to Wadi Rum. Camel ride to Al Khazaali Canyon and onto Bedouin Camp.

After an easy morning, a 90-minute drive takes us across the desert and towards the collection of sandstone mountains or 'jebels' that define the marvellous Wadi Rum region. The scenery becomes more majestic as we turn into the 'valley' of Rum Village. Passing the 'Seven Pillars of Wisdom' formation on our left, we arrive at the village, where we meet our Bedouin hosts. As a slow-paced introduction to the desert experience, we will have a camel ride via 'Lawrence's Well' and into the Al Khazaali Canyon. Walking into this magnificent canyon will reveal some ancient rock inscriptions. We then continue by 4WD vehicles to our traditional Bedouin campsite, leaving us plenty of time to settle down, relax and enjoy the sunset. Dinner tonight is a feast known as a 'zarb' - a traditional Bedouin dish of meat and vegetables cooked underneath the desert's sand. We spend the rest of the night around the camp fire, exchanging banter with our Bedouin hosts and learning something about their culture. Overnight at a traditional Bedouin camp, with its central, black goats-wool tent.

### DAY 7

## Desert trek to Burdah Bridge and dunes of Rum. Return to Amman.

After breakfast, we will board our vehicles for the short drive to Jebel Burdah, which leads through Khor Al Ajram, a wide valley with magnificent cliffs and high sand dunes. On the way to Jebel Burdah, we pass a particularly fine and very old rock inscription which shows a camel caravan. This morning's objective is the Burdah Bridge, a well-known landmark which is reached by way of relatively easy scrambling across open rock slabs. Our guide will show us the best route through a maze of blind alleys and dead ends.

There are some steeper sections and you will need to use your hands at times. A jumble of rocks leads to a small plateau, through a valley and then over a steep slab. From here, we turn a corner into a hidden gully that provides us with a wonderful view of the bridge above. Obligatory photo stop. We then climb a short, steeper wall and here the guide will use a climbing rope to safeguard our passage. Above, we will cross the dramatic Burdah Bridge - another fantastic photo opportunity. There are magnificent views from here, extending over the whole area of Wadi Rum. Back on the desert floor after a 3-hour round-trip, we meet our vehicles and have lunch in the shade. Fruit juice and tea/coffee will be waiting for us. Lunch is usually a lighter meal than supper, very often heavier on vegetables than meat. After a siesta, we will drive across to the biggest sand dune in the area, for an opportunity to take-off our shoes and run up and down its soft sand. Sounds childish, but lots of fun! Returning to Rum village, we say goodbye to our Bedouin hosts and set off on the 3-hour drive north to Amman, where we check in at our hotel.

## DAY 8

**Departure day. A single timed transfer to Amman Airport is provided.**

The holiday ends after breakfast. A single timed transfer to Amman Airport will be provided. For those on an evening flight out of Amman, there is time for a leisurely breakfast and to do some sightseeing. High above the city, the Citadel (site of ancient Rabbath-Ammon) is a good place to start, whilst the Roman Theatre, dating from the 2nd century AD and built to accommodate 5000 spectators, is also pretty impressive. At the heart of downtown Amman, the colourful souk is also worth a visit.

## Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Breakfasts can vary a little with the accommodation, but typically consist of labaneh (thick sour creamy yoghurt), hummus, cheese, beans, eggs, olives, za'atar (thyme, sesame seeds, sumac and salt), tea and coffee. Lunch on some days may be in the form of a picnic (sandwiches, fresh vegetables, fruit and juice and tea) or a simple hot meal such as fresh tomato cooked with garlic, onion and olive oil. Dinner will again vary with the location, but we will aim to sample a variety of traditional Jordanian meals. Salad, rice, chicken, vegetables and yoghurt are usual dinner ingredients. In Wadi Rum, we'll get to try the Bedouin 'zarb', a meal of meat and vegetables cooked under hot sand. Complimentary water, biscuits, cakes and fruits will be offered on most days.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

We will spend 2 nights in a comfortable family-run hotel in Madaba, 2 nights in Amman and 2 nights in Petra in a similar standard of hotel. All rooms are en suite.

We will also spend one night at a comfortable fixed camp, sleeping in spacious Bedouin tents with proper beds and shared bathrooms with hot showers. At the Bedouin camp there is also a cosy communal tent and open air seating areas we can gather round an open fire.

Accommodation is twin share. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday, additional nights are available on request.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.. There will be additional specialist canyoning guides and cycle guides as required.

## Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

## Spending Money

Approximately £250 should be allowed for miscellaneous expenses and the 7 or 8 meals that you will pay for directly. You should carry your travel money in the form of currency rather than travellers cheques, since you will exchange the majority of this on the day of your arrival at the airport in Amman. Sterling and US Dollars are equally acceptable in Jordan. The unit of currency is the Jordanian Dinar (JD). You should also allow a total of approximately £60 for driver, guide and trek crew tips. On this trip, you will pay directly for your lunches on Days 2, 5 and 8 and for your dinners on Days 1 (if you arrive early enough), 2, 3, 4, 5 and 7. The cost of the Petra visit is included in the trip price. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Also, if you expect to buy considerable quantities of drinks or other refreshments, you should allow for this.

## Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides, drivers and other crew. They do not form part of their wages. KE pays its local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. We advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. You can expect to pay a total of around £60 in tips.

## Baggage Allowance

During the trip your baggage will be carried by bus and by 4WD vehicles. The only baggage limit is that which is imposed by the airline. However, Jordan is a hot country and you will not require any heavy clothing, nor are you required to bring a camping mattress. We recommend that the weight of your packed trek bag does not exceed 15 kgs / 33 lbs as this will make transiting airports a much more pleasant experience for you.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.
