Introduction

With its serene boreal forest, frozen lakes, traditional saunas and cosy, snow-blanketed, cabins the Hossa National Park in Finland is the perfect place for an introductory snowshoe adventure. We begin with 3 nights at our comfortable cabin base, spending a few days getting used to walking with snowshoes, exploring the ice-covered lakes and searching out mysterious prehistoric rock paintings. Having mastered our snowshoeing technique we next head out on a 3 day journey travelling off trail, through an abundance of soft, powdery snow, between remote, candlelit, wilderness cabins. This is a chance to immerse yourself in the tranquillity of the nature in this remote and pristine part of Finland, and to unwind and leave behind the stresses of modern life. Each evening there will be a chance to warm up in a traditional Finnish sauna and, for the brave, there's also the prospect of cooling down the traditional way post sauna - with a bit of ice swimming! With snowshoes and poles included and weekly, guaranteed, departures from January to March this fantastic holiday is a great introduction to snowshoeing and the ideal winter getaway.

Is this holiday for you?

This moderately graded winter holiday is an excellent introduction to snowshoeing. No previous experience is needed, but a reasonable level of fitness required. We will be trekking for around 6 hours a day on average, covering around 5-8km, over undulating terrain. The walking time includes a lunch stop of around 1 - 1.5hrs. It should be noted that snowshoeing is more tiring than walking, especially in deep powder. During our 3-day, circular, cabin to cabin, trek you will only be required to walk with a light day pack as your baggage will be transferred between accommodation for you. Accommodation throughout will be in remote cabins, some without modern facilities, but all with a warm and cosy atmosphere.

If snow conditions do not permit snow-shoeing on any of the routes, the group will follow an alternative winter hiking itinerary.

Itinerary

Version: WSF Finland Wilderness Snowshoe Adventure

DAY 1

Meet at Kuusamo Airport and transfer to our cabin base on the shores of Lake Jatkonjärvi. A single timed transfer is provided.

The group will meet at Kuusamo Airport in the evening where our guide or representative will be waiting for us. Together we will make the 1hr transfer to our cabin base at Jatkonsalmi. We are now in the heart of the Hossa national park. The name 'Hossa' originates from the old Sami word 'Huossa' meaning "a place far away". Throughout the long winter months parts of this area become completely snowbound, accessible only by snowshoe, ski or sled. Our comfortable, isolated cabin, situated on the shore of peaceful Lake Jatkonjärvi, will be our base for the next three nights.

DAY 2

An introductory day snowshoeing to Lounatkoski Rapids.

After taking breakfast it is time to put on our warm clothes and boots and venture out into the snow! Our guide will issue us with our snowshoes and poles and there will be a brief introduction on snowshoeing technique, which is easy to pick up.

Our first day trip takes us out to Lounatkoski Rapids, once the fastest flowing rapids in Hossa. We will enjoy a picnic lunch around an open fire next to the rapids before snowshoeing back to the cabin across Jatkanvaara Hill.

This evening, after our first full day of snowshoeing out in the cold, crisp air, you might want to take the opportunity to relax and warm yourself in the lakeside sauna.

DAY 3

Snowshoe to the prehistoric rock paintings at 'colour rock'.

Today's snowshoe route will take us to see a piece of prehistoric Finnish history. We begin with a short car transfer before strapping on our snowshoes and heading out in search of 'Colour Rock', on which we will find red and ochre coloured rock paintings, depicting scenes of hunting, that date back 4000 years. The rock paintings in the region also quite often depict a mysterious shamanistic human figure wearing antlers on its head. In the afternoon we return once more to our cabin on the shores of Lake Jatkonjarvi.

DAY 4

The first day of our 3 day Snowshoe adventure. Walk through the taiga to our first wilderness cabin on the shores of Lake Iso-Valkeinen.

Today in the first day of our circular 3 day snowshoe expedition, which will take us from cabin to cabin through the centre of the Hossa national park. Today's route follows the top of a ridge between two frozen lakes, through the beautiful snow covered pine, spruce and birch forests known as 'taiga' or boreal forest. It is more likely that we will see more reindeer than people today. In the afternoon we reach the northern shore of Lake Iso-Valkeinen and our cabin for the night. Tonight's cabin has a traditional sauna, heated by wood fire; after a full day out in the snow, this could be the perfect time to fully embrace this Finnish tradition, complete with a invigorating roll in the snow to cool off between sauna sessions!

DAY 5

Snowshoe along the forest ridges and across frozen lakes to our last wilderness cabin.

After breakfast we continue our circular journey following the ridge line through the Taiga, we will also cross more frozen lakes. The taiga is home to many animals and as we snowshoe through this winter wilderness we may be extremely lucky and spot some of the shy animals that call this area home. Elk, wolves, lynx, and hare can all be found here and we should hopefully be able to spot some tracks in the snow. Bears are also found in this region during the summer but will be safely tucked away hibernating at this time of year. Halfway along today's route we will stop to take our picnic lunch around an open fire, at a small shelter next to a river rapid. In the mid-afternoon we will arrive at the last of our wilderness

cabins, named Huosiusjarvi and likoski and situated about 100 metres from each other.

DAY 6

Snowshoe out to the Hossa Visitor Centre. Overnight at our cabin base at Lake Jatkonjarvi.

The last day of snowshoeing takes us back to our start point. We walk out through the forest until we reach the Hossa Visitor Centre where we will have lunch. It is also possible to visit the souvenir shop. We head back to our cabin base at Lake Jatkonjarvi where we have some free time to relax and pack our bags. We should have time for a final sauna, maybe with ice-swimming and then enjoy our last night together over a farewell dinner.

Joining Arrangements & Transfers

The group will transfer together from Kuusamo Airport to our cabin accommodation on the evening of Day 1 of the Land Only itinerary.

The transfer is timed to coincide with the arrival of the Finnair flight from London Heathrow Airport.

On the last day of the Land Only itinerary, there will be a single transfer back to Kuusamo Airport timed for the check in of the early afternoon return Finnair flight to London.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included in the holiday price.

Food & Water

Water is drinkable from the taps on this holiday. Please fill your personal bottles for your day in the morning. We do not encourage the purchasing of single use plastic bottles.

Breakfast is usually served around 8am and will be taken at the cabins and will consist of bread, cheese, ham, porridge, muesli, yoghurt, coffee and tea. Lunch will be served around midday and will be taken seated around a fireplace on the route and will consist of warm soup, bread, ham, cheese, sausages, coffee, tea and chocolate / biscuits. Dinner is the main meal of the day and will again be served at the cabin by our guide around 7/8pm. There is usually meat or fish, vegetables, fresh salad, bread and dessert. We will usually enjoy a hot drink and snack on returning to the cabin each day, but during the snowshoeing days there is no other food served except the lunch, so it's recommended to bring some of your own favourite snacks (chocolate, muesli bars etc.) from home. You will be able to make your own hot drinks at the cabins. Beer (2€ per can) and wine (10€ per bottle) is available to purchase.

Special meals are available on request. Please inform any your dietary requirements at the time of booking. Meals are carefully planned ahead of time and it is possible to cater for most dietary requirements if informed in advance.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

We will spend 4 nights at a comfortable, spacious, lakeside cabin base, with multiple bedrooms and a separate dining room and kitchen. The cabin base is centrally heated. Accommodation here will be in bunked rooms, either twin share or in segregated rooms of up to 3. At the base cabin we will have shared shower/bathroom/toilet facilities.

During our 2 night expedition we will stay in smaller, cosy, wilderness cabins, with no electricity and heated by wood stoves. At the wilderness cabins we will sleep in non-segregated bunked rooms of up to 4 people. The toilets are in a separate building. Though showers are not available at the wilderness cabins (all water must be fetched from the well!), it will be possible to wash in the sauna. Though the bathroom facilities can appear basic, overnighing in the heart of the wilderness and staying in a traditional forest cabin, more than makes up for the lack of hotel facilities.

FINNISH SAUNA

Saunas are a way of life in Finland. The sauna is considered to be a holy place where both body and soul are washed. We will have the opportunity to enjoy a sauna every evening during the tour, except on arrival night.

At the cabin base we will have use of a separate electric sauna, shared with another nearby cabin. At the wilderness cabins there will be either a small wood-fired sauna attached to the cabin or in a separate building nearby. The guide will arrange 'sauna shifts', with separate times for each cabin, and separate times for male/female. Depending on demand it may be possible to arrange shorter private sauna sessions / washing time.

Finnish people traditionally don't sauna in mixed groups or wearing towels/swimming suits. As we will have exclusive use of the sauna during our designated shifts, if you would prefer not to fully embrace this tradition, it will be acceptable to wear swimwear or a towel.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.

Spending Money

Approximately €100 per person should be allowed for tips, soft drinks, and miscellaneous expenses. There is no currency exchange or ATM as Kuusamo airport and there will be no possibility to withdraw/exchange money on leaving Kuusamo. You should the opportunity to exchange money if transitting through Helsinki Airport. There is little opportunity for spending money on this tour and all meals are included. There are small souvenir shops at the Hossa Visitor Centre and at the Reindeer Farm which both accept credit cards, cash will only be needed for tips and for soft drinks/alcohol etc... beer (2€ per can) and wine (10€ per bottle) is available to purchase at the cabins.

Guidance on Tipping

Tipping is the accepted way of saying 'thank you' to your leader. Tipping is entirely voluntary and should be dependent on good service. We recommend that you decide levels of tipping and give any tips as a group rather than from individual group members.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Whilst on our 3-day hut to hut trek we will be given smaller bags in which to pack the luggage we need for our overnight stays, these bags will then be transported between huts for us so we only have to carry a daypack each day. Any additional luggage can be left at our cabin base. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

Group Members

We sell this holiday in conjunction with our local operator in Finland. This enables us to gather together sufficient numbers of like-minded adventurers to get the holiday up and running quickly. For this holiday the minimum age is 14 yrs, however it is unusual to have people under 16yrs.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The currency for part or all of this holiday is the Euro.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 3 to 6 hours for consecutive days. Hill walking, running, cycling and swimming are good for developing cardiovascular fitness and stamina.

Climate

In January, February and March day time temperatures vary between -5°C to -20°C. Cloudy skies, sunshine, cold winds and snowfall are all possible, so you should be prepared for all eventualities.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
