Introduction

For those with an interest in India and in particular its wildlife, this is an unmissable Indian adventure holiday. After an overnight train ride from Delhi, we take our first game drives at Bandhavgarh, which has the highest density of tigers of any Indian reserve - there is every chance of spotting a tiger here! After 3 days, we move on to nearby Kanha, a well-run park comprising almost 2000 square kilometres of grassland, forest and rocky ridge-lines, whose rich wildlife includes monkeys, deer, wild boar, leopard and tiger. Then, we travel to Agra and spend a full day exploring the magnificent sandstone and white marble Agra Fort, the colourful bazaars and the sublimely beautiful Taj Mahal. Finally, we visit world-famous Ranthambhore, once a hunting reserve of the Jaipur Maharajas and now home to an abundance of wildlife. With its atmospheric forts and temples, hidden deep within the forest, this place was an inspiration for Kipling. It can inspire you, too!

Is this holiday for you?

This is a tour of three of the best national parks in India plus a visit to its most famous building and national icon, the Taj Mahal. Consequently the trip involves a fair amount of travelling. However, by using comfortable air-conditioned sleeper trains and spending a minimum of 3 nights in each hotel base while exploring the parks, the effect of the travelling is kept to a minimum. For the most part our exploration of these reserve areas is by 'canters' which are large, open trucks fitted with rows of seats and offering a good field of view. We may also travel at times by boat or even cycle rickshaw! We will also do some walking on good trails for better vantage of the wildlife, but walks will be short and this is not intended to be a trekking trip. This wildlife tour of North India should appeal to all who love wildlife and wish to encounter the essence of Kipling's India.

DAY 1

Meet at the hotel in Delhi. A single timed transfer from Delhi Airport is provided. Overnight train to Katni.

Meet at the hotel in Delhi. A single timed transfer from Delhi Airport is provided. We have the use of shared 'day rooms' at the hotel and after lunch there is the opportunity to some exploration in the local bazaar streets, where we can witness the teeming life of the Indian capital city at first hand. In the early evening we transfer to the railway station to catch the overnight sleeper train to Katni. It is said that the journey is half the experience and certainly this is true here. Any journey on Indian Railways is a fascinating affair from the crowds and chaos of Delhi station platforms to life aboard. Once in our compartment the guard will issue fresh linen and we can settle down to eat our packed evening meal. Having made our beds and eaten our dinners it will be time to turn in and be rocked to sleep by the motion of the train.

DAY 2

Transfer into the Vindhya Hills to Bandhavgarh National Park. Game drive.

Arriving in Katni in the early morning, we meet our vehicles and begin a 2-hour drive up into the Vindhya Hills of Madhya Pradesh to Bandhavgarh National Park where we check in at our hotel. This afternoon we will have our first exposure to Indian wildlife with a 3-hour game drive into the park in a 4WD vehicle.

DAY 3

An early morning game drive for tiger-spotting. Free time then an evening guided birdwatching tour.

Bandhavgarh is one of the finest national parks in India and is most well known for its population of Bengal tigers. In fact Bandhavgarh has the highest density of Bengal tigers of any park in the world and we have a really good opportunity to spot one of these magnificent animals. Our programme here includes an early morning game drive by 4WD, with an expert guide. Returning to the hotel for lunch, we will have some free time before going out again on a guided birdwatching tour.

DAY 4

Game viewing at Bandhavgarh, with the chance of seeing leopards, deer and antelope as well as tiger.

We have another day in the Bandhavgarh National Park. Besides the tigers, the area abounds with many other species. The park has a large breeding population of leopards, as well as caracal and hyena. These predators are supported by populations of deer and antelope, such as the sambar, cheetal and nilgai, which are a common sight during our safaris. We will have another early morning game drive and then, in the afternoon, we will pay a visit to a nearby village, to check out how the local people live. We spend a third night at our Bandhavgarh hotel.

DAY 5

Transfer to Kanha, another place renowned for its healthy tiger population.

We have a drive of around 6 hours to reach Kanha, another national park well known for its tiger population and another place where we have a very good chance of seeing these amazing creatures in the wild. Arriving at Kanha we check in at our hotel and the rest of the afternoon is free for relaxing.

DAY 6**Game viewing at Kanha, a park reminiscent of Kipling's Jungle Book.**

Kanha National Park is one of the largest and oldest national parks in India, and is engaged in much conservation work. In terms of concentration of wildlife Kanha has been compared to the Ngorongoro crater in Tanzania. However, the landscape here is very different and the lush sal and bamboo forests, hanging vines, slow flowing rivers, and grassy meadow plateaux are straight out of Kipling's 'Jungle Book'. It is a very beautiful landscape, particularly at dawn. We make an early start for a game drive by 4WD vehicle (walking is not allowed in the park) and again we have a reasonably good chance to see tigers. The park also has significant populations of leopard, sloth bear, hyena, and Indian wild dog, as well as a huge population of spotted deer or chital which are the main prey of the big cats here. Other species we may encounter include sambar, gaur, rhesus macaque, golden jackal, Bengal fox, otter, badger, mongoose, and the once near extinct barasingha or swamp deer. We will return to our hotel for lunch and have a second, shorter safari by jeep in the afternoon.

DAY 7**A second day at Kanha exploring the sal forest of the Maikal Hills looking out for exotic bird species.**

A second day in the Kanha National Park. As well as the varied mammal populations Kanha, with its great sal forests stretching across the Maikal hills of the Satpura range, is a perfect habitat for some 350 species of birds including mynas, bush chats, kingfishers, treepies, orioles, lapwings, falcons, kites, owls and vultures. The whole area is a paradise for the keen bird watcher and there is the chance to spot completely new species. We will have a game drive in the morning and a birdwatching tour in the afternoon. We spend a third night at our Kanha hotel.

DAY 9

A day to explore Agra, visiting the incomparable Taj Mahal.

Arriving in Agra, we check in at our hotel, take breakfast and have the remainder of the morning to rest. In the afternoon, we head out on a guided tour of some of India's most iconic monuments including the majestic and sprawling Agra Fort and, of course, the incomparable Taj Mahal. Unquestionably the finest examples of Mughal architecture in the subcontinent, the Taj was built by the Emperor Shah Jahan as a mausoleum for his wife Mumtaz. It took thousands of artisans and craftsmen 16 years to build the white marble Taj Mahal and another five years to complete the surrounding buildings and gardens. The monument was made a UNESCO World Heritage Site in 1983. One of the most identifiable buildings in the world, you will still be amazed by the scale of the Taj and the skill and craftsmanship that went into the exquisite carvings and inlaying of semi precious stones in the marble. We overnight at a hotel in Agra.

DAY 10

Drive via Fatehpur Sikri to Bharatpur. Take the train to Ranthambore National Park.

Leaving Agra, we drive for 2 hours via Fatehpur Sikri to the railway station at Bharatpur. Here we catch the late afternoon train to Sawai Madhopur. Arriving in the early evening, it is a short transfer to Ranthambore National Park. Ranthambore takes its name from the majestic fort which commands a strategic location on a cliff in the park, 200 metres above its surrounds. We check in at our hotel, just outside the park boundary.

DAY 11

Game viewing at Ranthambore, a participant in India's 'Project Tiger' conservation scheme.

Set in an arid Rajasthani landscape of dry grassland, Ranthambore is an oasis of green due to its permanent lakes fed by several perennial rivers. The lakes, which are inhabited by crocodiles, provide a haven for a wide variety of wildlife. It is usual in this park to use 'canters', which are converted trucks, for the game drives and we will have both an early morning excursion and an afternoon excursion, to make the most of the wildlife viewing opportunities. Like the previous two parks on this tour, Ranthambore participates in India's 'Project Tiger' conservation scheme and we should have another excellent chance to see these magnificent beasts. Other animals to be found in the park include leopard, nilgai, dhole, wild boar, sambar, hyena, sloth bear and chital. The lakes also attract a huge amount of birdlife.

DAY 12

Visit to Ranthambore Fort, one of the oldest in India built in 994AD.

Today we will visit the Ranthambore Fort which is superbly located on a rock outcrop overlooking the park. After a short drive, we will make the 20 to 30-minute climb up to the high point of the monument. The fort complex is quite large, covering an area approximately 12 square kilometres and inside there are three Hindu temples dedicated to Ganesh, Shiva and Ramlalaji which were constructed in 12th and 13th centuries from red Karauli stone. There is also a Jain temple. The fort itself is one of the oldest in the country, being built around 944AD by the Chauhan Rajputs. The fort and temples are themselves fascinating and worthy of considerable exploration but possibly the best thing about the fort is its superb vantage for views across the entire park. Be sure to bring your binoculars up here.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Delhi Sightseeing Tour - Full day

Old Delhi is centred on the Red Fort and is a labyrinth of narrow, bustling streets including Chandni Chowk bazaar. Must-sees here include the Red Fort, built by Emperor Shah Jahan; Hummayan's Tomb, constructed in similar style to the Taj Mahal and the towering Qutab Minar minaret. New Delhi was the creation of the British Raj who wanted to show their ascendancy over the former Mogul rulers with many grand buildings designed by the greatest ever British architect, Sir Edwin Lutyens. Exploring this area by vehicle will give a glimpse of this interesting aspect of India.

- Tips for local staff
- Miscellaneous expenses - drinks and souvenirs etc.

Joining Arrangements & Transfers

The group will meet at the hotel in Delhi.

A group transfer from Delhi Airport is provided on the morning of Day 1 of the Land Only itinerary and a group transfer back to the same airport is provided on the final day of the itinerary.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included, from lunch on Day 1 of the Land Only itinerary to breakfast on Day 14.

Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

All meals are provided. Part of the experience of a visit to India is sampling the excellent local food. Indian cuisine offers a wide choice of dishes, much more variety than the 'curries' we are used to in Indian restaurants at home and the nan breads are like nothing you'll have experienced. Whether the food is presented as a dinner buffet or as a set menu, there will always be vegetarian options. In some place, there will also be familiar international dishes. Breakfasts include cereals, bread, possibly in the form of local 'rotis', eggs, hard-boiled or omelette, often one or two delicious, spicy Indian breakfast options, fruit, juice, hot water for tea or coffee. Lunches will usually be at a restaurant where you can choose what you want - the guide will help with this.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

The group will have the use of communal 'day-rooms' in the group hotel in Delhi at the beginning of the trip and an overnight stay at the end of the trip. We will have a total of 11 nights in good standard hotels in Bandhavgarh, Kanha, Agra and Ranthambore and 2 night's air-con berth on sleeper trains. All accommodation except the sleeper train is allocated on a twin-sharing basis. If you are travelling by yourself, you will be paired up with another single client of the same sex. Depending upon availability it may be possible to arrange single rooms for the hotel nights. For hotel prices and single supplement costs please refer to the dates and prices page of the trip on our website.

Group Leader & Support Staff

The group will be accompanied by an experienced professional leader throughout and there will also be various wildlife guides during the game viewing, as well as cultural guides when sightseeing in Delhi and Agra.

Spending Money

Approximately £150 (or the equivalent in US dollars or euros) should be allowed for miscellaneous expenses, including tips for your guides (allow approximately £50) and soft drinks, etc. (allow approximately £40). There are several opportunities to buy souvenirs on this trip. It is not necessary to purchase local currency (Indian Rupees) before you travel. Sterling, US dollars and euros are readily exchanged in Delhi. Since you will be changing the majority of your spending money into local currency on the day of arrival, we recommend taking this in cash. Credit cards can be used to purchase many goods in Delhi and Agra and are particularly useful for more expensive souvenirs. It is possible to withdraw cash (rupees only) from cash machines in certain banks in Delhi and Agra using credit and debit cards.

Guidance on Tipping

Tipping is an accepted and expected part of Indian culture, although you should only tip for services which are well done. We recommend that tips to your guides and driver be made from the group as a whole and that the group decides together on an appropriate amount. Your guide will help with sundry tipping; bell boys, other hotel staff, toilet attendants, lunchtime restaurant staff, Ranthambore staff and railway porters. This means you don't need to concern yourself with who to tip and who not to tip. Your guide will set up a tip 'kitty' for this and you will probably be asked to contribute 4000 rupees (£40) each for this. Separately from this, you will need to tip the driver who is with you for the whole trip. And you will need to tip your guide. As a rough guide we suggest that £80 (depending on group size) will allow you to pay reasonable tips.

Additional Information

The Archaeological Survey of India (ASI) are responsible for the conservation of many monuments in India (including the Taj Mahal). This organisation will occasionally undertake work to restore the various monuments, but often without notice, so it is difficult to forewarn our customers of this work. It is possible that, at any time, monuments on this holiday could be having work done on them.

Baggage Allowance

There is no restriction on the weight of your equipment, other than that imposed by the airline. However, you should restrict your luggage to one main item of baggage plus a small daypack in which you will carry your camera, binoculars, water etc.. We recognise that for some of our holidays and for some of our travellers, the KE Trek Bag (see below) may not provide the best solution when packing for your trip. A bag with fitted wheels or a holdall with more than one compartment and more than one access zip can, in some circumstances, be more appropriate. Although it can be useful for our tour leaders when all members of the group have similar, identifying baggage, we have no problem if you choose to use an alternative bag.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa India

Most nationalities, including travellers from the UK, the USA and many European countries can apply for their Indian Visa online through the **E-Visa Application** process. You must make your application at least four days prior to departure. Please download the detailed information document for details of how to apply for your visa: [Visa India PDF](#)

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

Zika virus has been confirmed as active in this country. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you take the usual precautions to avoid mosquito bites. The mosquitoes that transmit ZIKV are unlikely to be found above 2,000m altitude. For more information, visit the website of the National Travel Network and Centre (NaTHNaC) at <https://travelhealthpro.org.uk>

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid.

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

Currency

The currency of India is the Indian Rupee.

Preparing for your Holiday

Although there is no strenuous walking on this trip it makes a lot of sense to get some additional exercise before coming on any active holiday. Walking, jogging and swimming are all good for developing fitness and stamina. On some days it can be quite hot and you should be prepared for this. Before departure, we suggest that you do some reading about the country, its people and the wildlife you are likely to see.

Climate

We run this holiday outside of the wet 'monsoon' period and do not expect to experience significant rainfall. The maximum daytime temperatures will range between 25 and 30 degrees centigrade during November and December, rising to 35 degrees centigrade during March and April. Evening temperatures in Delhi and Agra from late October to February can be quite chilly, dropping below 15 degrees centigrade at times, and you should be prepared for this.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

India North West - Reise Know-How Verlag. 1:1,300,000

Detailed road map of North-Western India with relief shading, spot heights and names of hills, mountain ranges, valleys, etc. Nature reserves and bird sanctuaries are highlighted and symbols show locations of various UNESCO sites, forts and palaces, temples and other religious buildings. Latitude and longitude grid is at intervals of 1°. TTK State Road Maps are also available on the internet. These are locally produced maps showing road and rail network with intermediate driving distances. No information on topography is given but each map comes with a booklet providing further information on places of interest. 2 sheets required (Madhya Pradesh and Rajasthan)

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
