Introduction

Discover Corfu, the lush green island the Greeks call Kerkyra and complete the challenge of a long distance trail on this spectacular 10 day Self-Guided Corfu Trail holiday. A trail which takes you from bustling tourist towns bursting with culture, good food and Venetian architecture, over rugged mountains to charming hilltop villages, and to dreamy secluded bays. Corfu has it all and it is as colourful as the writings of Gerald Durrell portray.

This delightfully varied trail showcases the very best of the island and it won't take long before you fall in love with it. Starting in the island's capital, Corfu Town, you will have time to enjoy a spot of sightseeing and discover why so many have fought over this strategic island through the centuries. With an insight into Corfu's rich culture your trail begins in the south of the island from where you make your way north along the coast before heading inland to sleepy hilltop villages and over the highest mountain on the island, Mount Pantokrator (906m). From the top of the island you wind your way through olive groves and along rugged coastal paths to your final goal, Kalami, unveiling secluded coves as you go. Along the way you will stay in small, family run hotels and guesthouses where our hosts are ready to provide a warm Greek welcome. Plus in Kalami you will have your own apartment complete with a breakfast hamper of local produce to fuel your hike, the perfect space to unwind at the end of your trail, and perhaps extend your stay.

Is this holiday for you?

This fantastic 10 day journey along the Corfu Trail is perfect for those looking for a challenge. A long distance trail off the beaten track, marked by yellow waymarks to help you on your way leads you through farmlands, over rugged mountains and along coastlines to inviting bays with their crystal waters. You should be comfortable walking 5-6 hours a day and an average of 15-20km per day on quiet farm tracks, mountain paths and byways. A head for heights is also recommended to ensure you can enjoy the coast to its full potential. Staying in a great selection of hotels, guesthouses and apartment, we will transport your luggage for you so all you need to do is relax, put one foot in front of the other and soak up the authentic island charm.

DAY 3

Begin your hike of the Corfu Trail and witness flamingos and egrets at Korrision Lake.

Having got a taste for the island, its history and traditions, today you begin your hike of the Corfu Trail.

Feeling energised your route starts along a beautiful sandy stretch of beach, along the coast to the sand dunes of Issos. This idyllic stretch of beach separates the coast from the important wetlands of Corfu and Korission Lake. Your route will take you away from the sandy beach and along the lakeshore to explore this rich natural habitat where you will witness flamingos, ergets and migratory birds amongst the rich flora which thrives here. Before long your route changes underfoot with the final section of today's walk taking you along the Chalikounas beach and through quiet, olive grove lined, back lanes to your final goal, Paramonas village. A perfect introduction to the Corfu Trail.

Ascend the coastal ridge and be rewarded with vast panoramic views, discover pretty hilltop villages and cross the Strongili River Valley to Stavros.

Your route today begins with a steep ascent over the coastal ridge where you are rewarded with panoramic views over the boats sailing the Ionian sea and inland to the little villages of Ano and Kato Pavliana. A great place to stop to catch your breath and admire the views before descending along quiet footpaths and tracks to your next goal, the pretty village of Vounaitades. This picturesque hillside village is an insight into the carefree village life of Corfu; a series of narrow alleys and beautiful yards. Leaving Vounaitades behind you cross the Stongili River Valley on a track through olive groves and across peaceful heathland to Stongili village. Arriving in the village you can enjoy a refreshment in the welcoming tavern before making a final ascent on an old cobbled road to Komianata, Stavros, you may even spot the oldest olive tree on the island as you leave behind the village of Stongili. Arriving in Komianata Stavros you can relax and enjoy dinner in one of the nearby restaurants.

Feeling refreshed your day begins along quiet roads to the traditional villages of Stavros where you can enjoy a morning coffee. Fuelled, you join a delightful footpath skirting the mountain and ascending to the summit of Agii Deka. Reaching the top unveils the abandoned monastery and walled garden, a perfect spot to grab a drink and admire the views across the island, south from where you have come, and north over your trek ahead. When you have finished taking those all-important holiday snaps at the summit,

you begin your descent down a cobbled mule path to the village of Agioi Deka where a taxi will be waiting to transfer you to Giannades village. Here, you can enjoy the final stretch of your hike along the so-called olive way, a beautiful route under the shade of the olive groves all the way to Liapades village and your hotel for the evening.

DAY 6

Hike to Aggelokastro perched high on a monolith, appreciate its history and descend along the Venetian footpath with impressive views to Agios Georgios of Pagi Bay.

Today's walk begins with a steep ascent before the heat of the day, taking you up to the picturesque village of Lakones, also known as Bella Vista due to being one of the top 10 views in Europe. On arriving you will soon understand why, as you enjoy the magnificent views to the north west of the island dotted with colourful villages against its lush green environment. When you have finished taking in the views your route continues along a quiet road to the village of Krini where you begin your second ascent of the day, this time to the Byzantine castle of Aggelokastro perched high on top on a great monolith. We recommend paying the couple of Euro fee to enter the castle and explore this once important defensive piece of history. When you have finished exploring and taking in the views you begin your descent past the village to reach the old Venetian footpath which zig-zags steeply down the cliffside to Agios Georgios of Pagi Bay where you will spend the evening. Whilst a head for heights and some surefootedness is required for the descent the rewarding vistas are well worth it, not to mention the appreciation for the engineering of its time to create both the path and the castle.

Today you leave the coast behind and head for the mountains of Corfu's interior winding your way through the little hillside villages which dot the valleys. Just beyond the traditional farming village of

Agios Athanasios you will come across the Monastery of Pantokratoras, home to 27 nuns this tranquil monastery dates back to the 17th century. You will have time to visit the monastery and admire its vivid coloured wall paintings delicately painted by the nuns who live here. The monastery's elevated location surrounded by olive groves makes for a stunning setting for their worship. Leaving the nuns behind you continue on your trail to Rekini. Here you immerse yourself into the luscious green slopes of the hills as you follow a narrow limestone path up towards Valanio village, known for its village choir, which you may hear practicing as you pass through to reach the ridge of Sokraki village and your home for the evening.

DAY 8

Today you complete the Corfu Trail and hike to the top of Corfu's biggest mountain, Pantokrator!

We suggest an early start today as you summit the top of Corfu. Setting off your trail soon begins to winds its way up to reach the beginning of Pantokrator's plateau, where Taxiarchis Chapel stands proud with its frescoes and magnificent views. You will be able to admire the chapel and it's staggering location before crossing the karst plateau to make your final ascent to the peak of the mountain via a rocky path under the shade of oak trees and accompanied by the scent of the wild growing herbs. From here, it is pretty much all downhill as you make your way down to sea level. Your route down will take you to the village of Old Perithia, a UNESCO stated village that is now semi-abandoned but remains full of mountainous charm. This once lively village was a safe haven from the threat of pirates along the coast, now it offers an insight into the islands history and a welcoming tavern for thirsty hikers. You continue to snake your way down the north mountainside on traditional paths to Almyros beach where your driver will be waiting to congratulate you on completing the Corfu Trail and transfer you to your final accommodation at Kalami Bay. This beautiful village is home to the White House where Lawrence Durrell and his fiancé Nancy lived during their time on the island, and now your home for the next two nights too. Depending on accommodation availability, you may stay in the adjacent Agni Bay, connected to Kalami Bay via a small footpath along the coast.

Meals: **B**

	Accommodation Apartment		Ascent 1000M		Descent 1400M		Time 7-8 hours		Distance 25KM
---	-----------------------------------	---	------------------------	---	-------------------------	---	--------------------------	---	-------------------------

DAY 9

Enjoy a relaxed walk along Corfu's north coast, swim in secluded bays and discover Agios Stefanos.

After a big day yesterday, today is a little easier paced and one to pack your favourite book and swim suit too. You can enjoy a relaxed breakfast before heading out northwards, along the coastline. Your route today has swimming opportunities in abundance as you pass one inviting bay after another. The far-reaching views are in abundance too; with Albania as little as 2km away from Corfu in parts, you will be able to enjoy views not only of Corfu's spectacular coastline but Albania's too. We recommend stopping off at Kerasia Bay where the small pebble beach gives way to crystal clear waters and offers loungers to relax and a little taverna where you can enjoy a spot of lunch while admiring the views across to Albania. Alternatively, you may wish to stop further along your route at the picturesque harbour village of Agios Stefanos where you can enjoy watching the local boats coming and going and excited tourists rent boats and set sail to witness the coastline anew. Your final goal of the day is Avlaki Bay where your driver will be waiting to collect you and transfer you back to Kalami where you can toast to your achievements.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your trip. We have also included two evening meals when there are fewer options to dine out in local restaurants.

Food & Water

Greek food has a vast culinary influence throughout Europe and beyond thanks to its ancient traditions making for an excellent mix of tasty Mediterranean dishes alongside a fantastic range of fresh vegetables and salads. Greek food tends to be influenced by the seasons and geography with local menus on the islands including fresh seafood, fava beans, olives, aubergines, fresh cheeses, filled filo pastries, lamb and poultry, plus don't forget the excellent breads to dip in taramasalata and tzatziki.

For those with a sweet tooth you can look forward to the delights of buttery Baklava, a filo pastry tart layered with nuts and butter soaked in syrup after baking, or the delicious Amygdalota almond cookies-perfect with a cup of coffee.

As one of the oldest wine-producing regions in the world, the country has an excellent selection of local wines available by the glass. The light beer of Mythos, the aniseed aperitif of Ouzo, Metaxa the local brandy, Retsina (wine with an acquired taste) and the fiery Tsipouro are all popular local tipples and well worth a try.

Tap water from the mains is safe to drink, however it tastes quite different to what many people may be used to because it is produced from desalinated sea water. You might prefer to take a reusable bottle with a filter such as [Water-to-Go](#), which can also be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

On this trip, you will stay in a selection of comfortable guesthouses, studio rooms, and small family run hotels. Each accommodation brings its own charm whether it is a small family run guesthouse offering beautiful gardens to relax, a simple studio with a kitchenette at your disposal, or a small hotel in the centre of town close to great local restaurants and tavernas. You will also spend your final 2 nights in your own self-contained holiday apartment in Kalami. Each apartment has a kitchenette, bathroom, balcony and Wi-Fi. Apartments can be studio, one bedroom or two bedroom apartments. Studio and one bedroom apartments are suitable for up to 2 people, while two bedroom apartments can accommodate up to 4 people. If you are travelling as part of a larger group we will arrange multiple apartments. Air conditioning is available at some locations, there may be an additional charge for this.

All our accommodations are booked on bed and breakfast basis in a twin or double room and have wifi available too. For your two nights in your apartment in Kalami we have arranged for a basket of local produce to be provided for you to make your own breakfasts.

It is possible to arrange additional nights accommodation if you would like to extend your time in Corfu Town or Kalami. Please speak to our sales team for more information.

Baggage Allowance

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and Support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace however, getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable your walks will be. You should be comfortable with walking 5 to 6 hours for consecutive days on rugged paths. Some of the routes will take you on quiet back roads, through farmlands and on high paths where surefootedness and a head for heights is required to enjoy the views.

Climate

Corfu benefits from a mild Mediterranean climate with hot, sunny summers with temperatures averaging 27 degrees and mild rainy winters. With this in mind we offer this trip in the spring and Autumn seasons where temperatures are more comfortable. In the interior of the island where the elevation is higher rain is more frequent throughout the year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
