## Introduction

This one week cycling trip around the Normandy coast is an immersion into the history of one of the most crucial battles of the Second World War: the D-Day landings. Your journey will take you along the length of the Allied Landing Beaches including Omaha, Gold, Juno and Sword Beach. Along the way you will be able to pay your respects at the American Cemetery and Memorial and take a step back into history at Arromanches. Cycling all the way to the beautiful sandy beaches and seaside resorts of the Cote Fleurie, you will discover the multi-layered history of this region over the centuries and soak in its charm.

Pedalling with the added assistance of your e-bike, you will cycle on average 45km each day, along quiet lanes through tree-lined fields, and emerge at cliff top vantage points. This is the perfect way to take in this landscape that was transformed less than a hundred years ago into a fierce and unrelenting battleground, a world away from the peaceful farmland and coastal idylls you'll cycle through on this tour.

### Is this holiday for you?

If you enjoy the history of the Second World War and the Norman Conquest, then this trip visiting the beaches of the Normandy Landings as well as the ancient cities of Bayeux and Honfleur, is the one for you. This leisurely self-guided cycling holiday is perfect for anyone that enjoys exploring on two wheels. With the additional boost provided by your e-bikes, you can enjoy a cycling holiday with reduced effort. E-bikes are a great leveller for those with a mix of cycling fitness and speeds. Pedalling with ease over an average of 45km a day through rolling tree lined country lanes, you will have plenty of opportunity for sightseeing and delving into the chequered history of this fascinating corner of northern France. You will pass through seaside towns and bustling fishing villages with the luxury to stop and explore the museums and memorials, as well as sample some of the tasty seafood caught just off this coast. Staying in 3\* & 4\* hotels, you can relax in comfort at the end of a day in the saddle.

The minimum age for e-bikes is 12 years, and a minimum height of 150cm is recommended for the smallest e-bike frame available.

## DAY 1

### Arrive in the historic city of Bayeux full of dramatic Romanesque charm.

Arrive in Bayeux and settle into your accommodation before taking to the narrow streets to explore the character of this wonderful medieval city. Bayeux may appear in the history books for its links to war, but walking through this lovely city you would never know thanks to much of its beautiful Romanesque architecture escaping the heavy artillery of WWII unscathed. Depending on your time of arrival, we recommend taking the time to visit the cathedral of Notre Dame and the Bayeux Tapestry. This spectacular tapestry is some 70m of woollen embroidery dating back to the 11th century, depicting the conquest of England by the Duke of Normandy in 1066. An impressive depiction of the invasion and craftsmanship which is said to have been made by William the Conqueror's wife, Reine Mathilde. (NB. The Bayeux Tapestry Museum will close for renovation work from 1st September 2025 with a planned reopening for October 2027). In the evening, you can look forward to dining in one of the many nearby restaurants and perhaps sample some of the fantastic local cheeses.

## DAY 2

### Out to the coast and along the infamous Omaha Beach to Port en Bessin.

Having learnt of Bayeux's prominent role in the 1066 Normandy invasion yesterday, today you will begin your journey into the history of the D-Day landings. Hopping on your e-bike you will first cycle to Omaha Beach, often referred to as 'bloody Omaha' due to the heaviest losses during the landings, as depicted in the famous film 'Saving Private Ryan'. As you approach the beach you will see the dramatic Les Braves Omaha Beach Memorial, a tribute to those who lost their lives during this battle. Your route continues on to Port-en-Bessin where Operation PLUTO was completed, a pipeline installed under the channel from the Isle of Wight transporting fuel for the allied forces. The port is now a bustling fishing village with lots of small, brightly painted scallop boats loading and unloading at all hours of the day. Heading away from the coast you cycle inland to end your day back at Bayeux where you can enjoy your evening sampling the local delicacies.

**DAY 3****A journey through the remnants of war along this pretty coastline with a chequered history including sea defences and a mulberry harbour.**

Today's ride will take you through a combination of high hedged country lanes, and quiet fishing villages tucked into the nooks of this pretty rolling coastline. The Longues sur Mer Battery is one of your first ports of call, a German gun battery preserved as a timely reminder of the ferocious battle fought here in the last century. Similarly the mulberry harbours, the remnants of which are still visible off the coast of Arromanches-les-Bains, remind us that this landscape is filled with the memories of war. Courseulles-sur-Mer is your final destination for this leg of your journey, a pretty beach front village now named Juno beach, the codename for the site of the Canadian army landings on D-Day. Like the other beaches along this historic coastline, there is an impressive museum built here within a stretch of the Atlantic Wall German defence bunkers. For your evening meal tonight, you're free to explore Courseulles-sur-Mer. Seafood is in abundance here, and what could be better than a locally caught platter with a cold glass of crisp white wine, in a restaurant overlooking the sea it was caught in. Bon appetit!

**DAY 4****To Ouistreham passing Juno and Sword beaches before reaching the pretty seaside resort of Cabourg.**

Today you'll carry on along the coast, heading out past Juno Beach and on towards Sword Beach where part of the British army landings took place. Your journey takes you to Ouistreham, whose name is derived from the French for oyster - 'ouistre,' and the Saxon for village 'ham,' so perhaps this would be the perfect place to sample this delicacy along the route. The port is now dominated by the ferry terminal and shipping canal which provides a pleasant still water border for your cycle along the Caen canal to reach Pegasus Bridge. The key strategic victory that the British army achieved here is commemorated at the Memorial Museum where the original bridge is displayed. Reaching Cabourg, your home for the evening, you will have time to explore its promenades before making your way to your accommodation.

**DAY 5**

## Cycle inland to the village of Beaumont-en-Auge before approaching the medieval port of Honfleur.

Your ride this morning takes you away from the coast initially, travelling through the green countryside to reach the commune of Beaumont-en-Auge, nestled in the bucolic landscape of the Pays d'Auge. The region has a farming history dating back some 1000 years and produces renowned cheeses such as Camembert and Livarot. Colourful timber framed houses line your route as you pedal slowly through the quiet streets; perhaps you might like to stop for a coffee here before continuing your journey toward the coast at Deauville. Following the coastline, your ride takes you to the picturesque medieval town of Honfleur situated at the mouth of the Seine river. You'll see for yourself why this town provided such inspiration for Impressionist painters, with its pretty harbour, narrow streets and timber-framed or slate-fronted houses. The Eugene Boudin Museum here celebrates the art of not only Boudin in his birthplace, but also the Impressionist works of Monet and Courbet among others. Making your way to your accommodation you can settle in for the evening and discover for yourself the many options of restaurants serving wonderful Norman cuisine, often fresh from the sea.

### DAY 6

## Explore the Auge countryside and discover the region's Calvados brandy.

Setting off from Honfleur inland into the fertile lands of the Pays de Auge, your route this morning takes you through groves of apple trees, synonymous with the well-known cider and Calvados apple brandy of the region. Riding to Pont-l'Eveque, positioned at the meeting point of the three rivers of Touques, Calonne and Yvie, the tributaries of which help to make the land so fertile and green. Here you will have the opportunity to sample the famous Calvados brandy which carries the AOC label indicating products originating from a Protected Designation of Origin. Take your time to immerse yourself in the atmosphere of this pretty town, with its brightly coloured half-timbered houses and the beautiful 15th century church of Saint Michel. You might even like to enjoy a dip in the Lac de Pont l'Eveque, a popular family-friendly spot for swimming, fishing and watersports. Continuing your journey back toward the coast, your ride takes you to the stylish Cote Fleurie seaside resort of Deauville and Trouville, where you will enjoy the final night of your holiday. Originally a fishing port, these neighbouring towns have been developed into an upmarket and vibrant coastal resort with grand villas and palaces, not to mention the glitzy Trouville Casino built right on the lively fishing port. Fresh seafood is still the order of the day here, with specialties including scallops, prawns, mackerel and sole on offer at the bustling fish market. Enjoy a fresh platter and raise a toast with a glass of crisp white wine to commemorate a memorable week of cycling in Normandy.

## Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

French cuisine is ingrained in French culture and is one of the country's greatest contributions to the world. It is filled with passion; a celebration of the rich natural flavours of basic ingredients, to be enjoyed with one of the countries fine wines. Meal times are leisurely, a time to be enjoyed with good company and are an experience to be savoured.

The flavours of Normandy are dictated by the 600km of coastline which supply an abundance of seafood, and by the lush green pastures perfect for dairy herds and cattle, not to mention the delicious apple orchards which produce the local specialty, Calvados.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

You will stay in a selection of 3\* & 4\* hotels each chosen for their warm hospitality and fantastic locations along your route. All of the hotels offer a typically French continental breakfast of delicious fresh breads and pastries served with your morning coffee.

It is possible to arrange additional nights accommodation if you would like to extend your time in Bayeux or Deauville-Trouville. Please speak to one of our sales team for further information.
