Introduction

Step back in time and soak up the rich culture of Sicily and the Aeolian Islands. A place where the relaxed pace of life will leave you wanting to turn your visit into a permanent holiday. We have specially designed this trip to showcase the very best of the islands history, geology, warm hospitality and, of course, exquisite walking.

Arriving in Taormina, steeped in medieval charm, you will soon see why Sicily was an integral stop on the Grand Tour. Enjoy a guided hike on mighty Mount Etna to bring this active landscape to life, and relax over lunch at a local winery before setting sail to the neighbouring Aeolian Islands. Basing yourself on the perfectly located island of Lipari for 3 nights you will have plenty of time to soak in the town's colourful streets and explore Lipari and the neighbouring islands of Vulcano, Salina and Panarea with a choice of walks to choose from. Your final walk of the week is on the magnificent Stromboli where you spend an evening on a guided walk so you can get up close and enjoy the theatrical lava eruption as it lights up the night sky. This is a walk not to be missed. You end your week in the ancient port city of Catania where you can soak up the vibrant atmosphere and get lost in the hullabaloo of the La Pescheria fish market for a truly Sicilian experience.

Is this holiday for you?

This trip is ideal if you have an interest in geology, love great food and delight in walking through history. We have specially designed this trip to provide the perfect balance of culture, coastal walking and exploring the dramatic volcanic landscapes on foot so you can really get the most out of your experience of Sicily and the Aeolian Islands. With a choice of walks with varying distances from leisurely to more strenuous you can tailor this trip to best suit you. Walking options are up to 14km with up to 600m ascent in a day. Plus guided walks on Etna and Stromboli provide an insight into the formation of the mighty volcanoes.

DAY 1

Arrive in Taormina and soak in the history of the city.

Arrive in Taormina, idyllically perched atop a rocky promontory high above the sea. Settle into your hotel and stretch your legs with an exploration of this magnificent city. You will soon see why Taormina was an integral stop on the Grand Tour; brimming with mediaeval charm and breath-taking views around every corner. Take time to visit the perfectly horseshoe shaped Teatro Greco theatre. Built in the 3rd century BC it still hosts concerts throughout the summer months and, if you are lucky, you may be able to watch a concert in arguably one of the most spectacular settings in the world.

In the evening stroll to Corso Umberto I and soak in the atmosphere of the friendly pedestrianised area with its pretty clock tower, cathedral and ornate fountain. A perfect spot to enjoy a spot of dinner in one of the inviting cafes.

DAY 2

Explore the mighty Mount Etna and dramatic Alcantara Gorge.

No trip to Sicily is complete without a visit to Mount Etna. Today you will get to scale the mighty volcano on a guided hike with a local guide to really bring this active landscape to life. After breakfast you will transfer to Piano Provenzano, where you will meet your guide and begin your walk through the lush vegetation, which flourishes in the fertile volcanic soils, leading you to lava flows both old and new to discover a lava cave carved into the mountain. The almost continuous eruptive activity of Mount Etna continues to influence volcanology on the island and is essential for enriching the soils of the vineyards in the area. When you have finished your walk you will get to sample the divine wines produced on Etna's slopes with an included lunch at a local winery.

In the afternoon you will have the opportunity to visit the impressive Alcantara Gorge with its strange rock formations as the ancient lava flows met the freezing waters of the Alcantara River. The perfect spot for a paddle to cool off after a day exploring before heading back to Taormina for a second night in this ancient town.

DAY 3

Enjoy a morning in Taormina before taking the hydrofoil to neighbouring Lipari.

Enjoy a relaxed breakfast and the opportunity to enjoy the final sights of Taormina before taking the train to Milazzo, where you will board the Hydrofoil to neighbouring Lipari, the largest of the Aeolian Islands. Check into your accommodation and stretch off your sea legs with a stroll to visit the dominating citadel perched high on the outcrop. The perfect vantage spot for keeping watch over the harbour below and the heart of the old town. Alternatively, meander through the colourful streets of Lipari town laced with elegant historic houses with traditional balconies and shops selling the local fare; capers and Malvasia wine. We recommend enjoying a coffee stop at Marina Corta, the historic harbour where you will find fishermen playing cards in the piazza and children playing in the cooling waters, what better place to soak in the atmosphere.

In the evening, enjoy dinner in one of the many local restaurants where the catch of the day will no doubt be the star of the menu amongst locals and visitors alike.

DAY 4

Choose from three fantastic walks on Lipari.

Feeling rested today you get to explore the island, leaving the hustle and bustle of Lipari's main port in favour of your interests, whether that be history or secluded coves and perfect beaches. Today you have a choice of three walks to choose from depending on which best suits your mood:

Option 1: Explore the southern tip of the island and Mt Guardia. Leaving Lipari your walk takes you first to an observatory accompanied by fantastic views along the coast, to neighbouring Vulcano, and the rugged cliffs of Faraglioni. The second part of your walk returns you to the old town of Lipari where you can soak in the fantastic historical architecture and enjoy the many cafes.

11km / 470m ascent / 470m descent

Option 2: Walk from Acquacalda to Canneto. Catching the local bus to Acquacalda your route will take you along the beautiful coast hopping from one beach to another as you meander through the Mediterranean scrub which comes alive with colour in the spring. Along your way you will discover pumice caves and reach a magnificent panoramic viewpoint (346m) before descending into Canneto to

end your day with a dip in the ocean before heading back to Lipari.

5km / 350m ascent / 350m descent

Option 3: Walk from Quattropani to Lipari. Taking the bus to Quattropani this walk will take you to explore the western coast of the island for an opportunity to delve into the wild side of the island. Making your way along the rocky coast all the time with breath taking views, you will reach the San Calogero thermal baths, thought to be the oldest spa in the Med. Sadly, this spa is not suitable for bathing in today but it offers a fantastic insight into the islands history. When you have finished exploring your route continues through humble villages and fascinating fumaroles to Lipari.

14km / 586m ascent / 950m descent

DAY 5

Choose from a choice of walks on the neighbouring islands.

Today you have a choice to explore of neighbouring islands; Vulcano, Salina or Panarea. Each island brings its own unique experience, plus, if you would prefer to stay on Lipari you also have the option undertaking one of yesterday's walks.

Option 1: Vulcano Island, around the Gran Cratere. The small island of Vulcano packs a punch providing an almost lunar landscape for you to explore as you make your way up to the Gran Cratere (great crater) from which it emits its famous yellow sulphurous smoke. Reaching the top you are greeted by magnificent 360degree views of the Aeolian archipelago. Descending from the crater you can enjoy a changing landscape as you walk through the contrasting greenery which flourishes in the fertile soils, making your way towards vibrant blue sea below. Taking the afternoon ferry you return to Lipari for a coffee before dinner.

Please note: should the crater walk be closed for safety an alternative coastal walk on the island is possible.

6 km / 290m ascent / 290m descent

Option 2: Just a short hydrofoil away lies the island of Salina with its magical atmosphere. Taking the bus to Castello of Pollara you will hike along the western coast towards the pastel-coloured houses of Rinella. Along the way is a challenging climb but your efforts will be rewarded with views of the Filicudi and Alicudi islands before descending into Rinella where you can enjoy refreshments at the pretty waterfront before heading back to Salina for the hydrofoil to Lipari.

9km / 430m ascent / 430m descent

Option 3: Circumnavigate the small island of Panarea. Taking the hydrofoil to Panarea, the furthest of the islands, this route will take you to circumnavigate around this tiny island. Hiking over the ridge of the ancient volcano you will have the vantage over entire Aeolian archipelago. If you wish you can add a short detour to visit the islands prehistoric village dating back to the Bronze Age.

7 km / 487m ascent / 487m descent

Sail to Stromboli to join a guided walk to the summit of the mighty volcano and enjoy its firework like display.

Today you say farewell to Lipari and set sail for Stromboli, home to possibly the most captivating of the Aeolian Islands, thanks to its perfectly shaped volcano dominating its skyline. Arriving on the island you can stroll through the idyllic narrow white-washed streets to your hotel. Walking on Stromboli is a one of a kind experience, best enjoyed in the evening when the volcano lights up the sky with its theatrical eruption of lava. Spend your afternoon relaxing in the town and enjoy the evening show on a guided walk to the summit just in time for sunset. Your guide will return you to the town where you can end your evening with a late dinner or glass of wine as you chat about your exhilarating walk.

Food & Water

Water is drinkable from the taps on this holiday. Please fill your personal bottles for your day in the morning. We do not encourage the purchasing of single use plastic bottles.

Sharing a meal together is at the heart of Sicilian culture, so as you can imagine, you are going to want to sample everything. Sicilian cuisine is completely different from your usual Italian cuisine. It is a culinary melting pot thanks to its historic invasions by the Spanish, Normans, Vikings and Arabs. Each has influenced the islands cuisine to create a foodie heaven. Here you can expect to find a plentiful menu of vegetables and seafood with dishes such as caponata (aubergine with pine nuts) and gambero rosso (red prawns) freshly caught by local fishermen. Whether you are grabbing a quick snack of arancini (delicious balls of creamy risotto which are breaded and deep fried) whilst exploring or sitting down to a 3 course feast the Sicilians will have poured a lot of passion into it.

Breakfasts are generally a continental affair but a firm breakfast favourite in local cafes is a warm brioche bun served with a bowl of frozen granita- crushed ice flavoured with fruit or coffee. It may not be your usual breakfast but certainly worth a try, particularly on a hot day.

Insalata Eoliana is a deliciously hearty salad and a specialty on the Aeolian Islands, perfect for fuelling your walks. Made with the islands famous capers, potatoes, tomatoes, olives, and topped with olive oil, lemon and oregano it is fresh and tasty. Alternatively, you may opt for a quick bite of sfincione, a variation on a pizza slice consisting of a square dough base topped with tomato sauce and possibly grated caciocavallo cheese or anchovies.

In the evenings you will find menus filled with seafood options and lots of tasty pasta dishes often featuring aubergines, a popular vegetable in the region. With an abundance of fresh fish on offer, meat doesn't have a starring role in Sicilian food, though you can expect to find veal dishes.

If like us you have a sweet tooth, then you can look forward to sampling lots of cannoli and gelato- the locals like to enjoy theirs in a brioche bun like an ice cream sandwich. Yum!

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

For this trip we have hand selected a wonderful group of 3* and 4* hotels, each with their own personal style in keeping with the region. All hotels offer fantastic hospitality, a lovely breakfast and have sociable communal areas perfect for unwinding after a busy day exploring with bars, terraces and one also has an outdoor swimming pool. Perfect for cooling after a busy day exploring.

It is possible to arrange additional nights' accommodation in Taormina before your trip, or Catania at the end of your trip if you would prefer to extend your time living 'la dolce vita'. Please speak to one of our sales team for details.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline.

We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace. However, getting some additional exercise before coming on an active holiday makes a lot of sense and the fitter you are the more enjoyable your walks will be. You should be comfortable walking on rugged terrain for approximately 3-4 hours a day, covering a distance of up to 10km and ascending up to 500m.

Climate

Sicily and the Aeolian Islands have a typically Mediterranean climate with hot, dry summers and cool winters. April to July and September to October are when temperatures are the most pleasant. At these times of year, daytime temperatures will vary between 20 and 30 degrees centigrade, falling to between 10 and 20 degrees centigrade at night.

North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe.
