Introduction

The southern edge of the Central Asian republics is defined by the rocky barrier of the Pamirs which includes the little-visited Fann Mountains. This spectacular range has numerous snow-capped 5000 metre peaks and the potential for brilliant trekking, through rocky valleys and across high passes. Accessed through the Tajikistan capital, Dushanbe, our sensational trek makes a comprehensive tour of this rugged and picturesque landscape, where Tajik shepherds graze their flocks on remote upland pastures. Climbing to high viewpoints and enjoying a succession of superb lakeside camping places, this is a truly memorable trek. After the trek, we travel into neighbouring Uzbekistan, where we visit the stunning Silk Road city of Samarkand. More than 2500 years old and known as the 'Gem of the East', Samarkand is one of the wonders of the world, with mosaic-clad monuments that are guaranteed to take your breath away. This is Central Asia at its best!

Is this holiday for you?

This is great territory for trekking, generally following clear, dry paths through rocky mountain terrain. The trails we follow have been used by local shepherds for generations. We will be walking for around 6 and 7 hours each day, stopping for lunch after 3 or 4 hours, although some days may be longer. Many of the days will include between ascent and descents of up to 1000m. Trekking at altitudes above 3000m makes greater demands on the body than walking at low elevations and can be challenging even for fit hikers. You should ensure that you are physically prepared for this trek. In addition, this trip involves some long overland transfers and a potentially slow border crossing. This holiday is a real off-the-beaten-track experience and is therefore most suitable for those with a longing for adventure, who have trekked previously in remote areas.

DAY 1

Meet at the group hotel in Dushanbe. After breakfast sightseeing tour of city.

Arriving in Dushanbe in Tajikistan in the early morning, we meet our tour leader and transfer to the group hotel, where we have arranged an early check in.

After a couple of hours to freshen up we will start our tour of this capital city. A city with a captivating history and unique architecture we take in the famous "Sleeping Buddha" at the National Museum of Antiquities and Navruz Palace. After lunch, we will visit the statue of Ismail Somoni in Rudaki Park. This large monument commemorates the 1,100th anniversary of the Samanid State, a Golden Age of the Tajik nation, when science and arts flourished. From there we will walk through pretty Rudaki Park, which is dedicated to the great Persian poet Rudaki, who also lived during the Samanid period, in the 10th century.

DAY 2

Drive to Iskanderkul. Short hike to waterfalls and stay in cottage on the lake shore.

It's a moderately long but scenic drive out of Dushanbe to Iskanderkul. We will stop on the way to have lunch in Sarvoda. By early afternoon we will reach Iskanderkul, the triangular lake named after Alexander the Great ("Iskander" is the Persian form of Alexander). It is considered to be one of the most exquisitely beautiful lakes in all of the former Soviet Union. In addition to admiring the views there will be time for a short hike to Iskander Waterfall and Snake Lake before dinner. We will spend the night in rustic cottages on the lake shore.

DAY 3**Drive to 7 Lakes; Walk 1 hour to the final lake at Hazorchashma where we camp (2400m)**

We will be back on the road again today following a route which takes us through the Shing Gorge, with its famous seven pearls of Tajikistan - seven mountain lakes each with its own distinctive colour, microclimate, and flora. We are in no hurry today and can take photo stops at many beautiful spots along the way. Near the fourth lake we stop at the village of Noffin for lunch in a family guesthouse. After lunch we drive further up to the sixth lake with a short walk in Podrud village along the way. From sixth lake we hike less than one hour up to the 7th and last lake - Hazorchashma. The trekking crew of donkeys, cook and support staff will meet us at the lake, where we will set up camp.

DAY 5**Trek day 3: Danisher to Duoba (1870m)**

Fortunately, what goes up must come down and it's downhill all the way today. We'll stroll down the trail that leads through dense forest to the small village of Khomori Goitan before crossing the Archamaidon and Sarmat rivers. We'll be glad of our crew and their pack mules who'll take the hard work out of carrying our gear, leaving us free to focus our attention solely on the unmissable scenery that unfolds before us. Our goal today is to reach the Duoba campsite, located at 1870 metres above sea level at the confluence of the Archamaidon and Sarmat rivers.

DAY 6

Trek day 4: Duoba to Zimtut Village (1900m)

Another day's trekking begins this morning. Our route hugs the banks of the Archamaidon River. In comparison to the rocky slopes, the meadows which surround the river are lush and verdant. We follow the main road past the villages of Voru and Gaza. Having paused for lunch somewhere along the way we will hike until we reach the village of Zimtut, where we are welcomed by a friendly family in their home, where we will have dinner and overnight. There will be some time to discover the charming village of Zimtut and get acquainted with the village life.

Today it is time to hike uphill again as we will cross Ghuytan pass (3000m) to reach Chukurak Lake (2450m). After some time to enjoy this magical mountain lake we hike half an hour down to Artuch Alpinist camp, where we can enjoy the benefits of a night indoors.

DAY 8

Trek day 6: Kulikalon Lakes and on to Bibijanat Lake (2800m)

Feeling refreshed after a good night's rest, we are ready for the delightful ascent to the Kulikalon Lakes. The Kulikalon area is a plateau at an altitude of around 2800m full of rivers and beautiful lakes of varying

size and colour. Many consider these lakes to be the most beautiful of the entire Fann Mountains. We will arrive early enough at the lakes, so we can fully explore and enjoy the area at our own pace. We finish our day at the particularly picturesque lake of Bibijanat, where we will set up camp for the night.

DAY 9

Trek day 7: Bibikanat Lake to Alauddin Lake (2700m), via the rocky col of Alauddin Pass (3785m)

We depart Bibijanat and ascend towards the incredible Alauddin Pass (3860m). This is the highest point of our trek and the most challenging climb. We take our time ascending this steep pass, before being rewarded with clear views of Chapdara Glacier, the peak of the same name, as well as Mount Odamsang and Mount Marriya. Looking down from the pass we can already spot the two Alauddin Lakes. The descent is quite steep and it takes longer than it seems until we finally reach the shore of Lake Alauddin where we can bathe in the refreshingly cold water. We set up our tents next to the lake for a truly special campsite.

Today we walk downhill for half an hour from Alauddin Lake to Alauddin Alpinist Camp, where our driver will be waiting to take us to the border town of Penjikent. In Penjikent we will have a lunch and to visit the Sarasm ruins - a UNESCO world heritage site. Crossing the border into Uzbekistan we will meet another vehicle and drive to our hotel in Samarkand.

DAY 11**Samarkand guided tour and sightseeing**

After a relaxed breakfast we start our sightseeing tour of this amazing city as we follow in the footsteps of Tamerlane. We visit the Gur Emir Mausoleum, where the tomb of Tamerlane lies beneath an enormous slab of dark green jade. The interior of the mausoleum is ornately decorated with blue and gold panels, which shine brightly. We then continue to Registan Square, one of the most magnificent squares in the Islamic World, and the 3 Madrassahs (Islamic Colleges) that surround the square. Our tour also visits Shakh-i Zinda Necropolis, Bibi Khanym Mosque - built by Tamerlane in the 15th century - and King Ulugbek's Observatory, which still houses parts of the original astronomical instruments.

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

On trek, the food is a mixture of local and Western dishes using ingredients purchased locally and cooked by trek cooks. Breakfasts consist of porridge or eggs, bread, tea and coffee. Lunches are usually a healthy picnic with a choice of canned fish, tinned meats, cheese, sausage, tomatoes, cucumbers served with potatoes, rice or pasta. Dinner taken in a group 'mess' tent will consist of a starter and main course followed by fruit. Please note that vegetarianism is a concept not widely understood in Central Asia. Please note that vegetarianism is not a concept widely understood in Central Asia and choices for vegetarians will be much more limited. If you are vegetarian please remember to inform us of your dietary requirements before you travel. You may also wish to bring along some snacks from home to use during the course of your walking days.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

On arrival we stay in a local 3 star hotel in Dushanbe. We have booked the rooms for the night before the tour starts, so if arriving early in the morning we will have access to the rooms to get a few hours rest before breakfast. We stay an additional night in the hotel in Dushanbe.

At Lake Iskanderkul we stay in basic cottages on the lake shore, the rooms here are en suite.

On trek we have a total of 5 nights supported camping, 1 night in a local homestay in a small village on the route, and night in a mountain hut.

There will also be 3 nights in en suite rooms at a comfortable hotel in Samarkand.

With the exception of the night in the homestay, all accommodation is twin share. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms (not available in the homestay) and tents are available for a supplementary cost. Single tents are limited and should be requested at the time of booking.

If you are planning to extend your holiday, additional nights in Samarkand are available on request.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader.

Groups of 8 or more travellers will also have a second, assistant leader.

Whilst on trek the group will be supported by a local trek crew including cooks, camp assistants and porters.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately \$200 should be allowed for miscellaneous expenses, including approximately \$60 for trek crew and drivers tips. We recommend that you take your travel money in the form of US dollars cash. Money can be changed at a reasonable rate at Dushanbe Airport or at authorised money changers near to the hotel. Credit cards are of limited use in Tashkent and Samarkand and foreign cards are not generally accepted at ATMs.

Guidance on Tipping

In Central Asia, it is usual to tip the members of your trek crew, including your local guide, if you are happy with the services provided. We suggest you coordinate these tips as a group and as a rough guide we recommend £50 will cover this aspect of your trip expenditure. The exact amount should be determined by the group and the tour leader will give advice on how this should be distributed throughout the crew.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft and sturdy duffel bag, and a day pack. Your bag on trek will be carried by pack animals and should not weigh more than 15kg. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

If you have a UK passport you can enter Uzbekistan as a visitor for stays of up to 30 days without a visa. For stays longer than 30 days you can apply for an e-visa via the [Uzbekistan e-visa Portal](#)

Other nationalities, should check entry requirements with the Embassy of the Republic of Uzbekistan in their own country.

Visa Tajikistan

UK, US, Australian, New Zealand, Irish, and Canadian passport holders can apply for a Single Entry visa via the Tajikistan e-visa Portal:

The e-visa is valid for a period of up to 90 days from the date specified in your application, although you can spend no more than 60 days within the country. The Tajikistan e-visa portal recommend applying for the e-visa at least 2 weeks ahead of travel, however we have found these timings can sometimes be quite tight and would recommend applying 4 weeks ahead of travel to allow for any unexpected delays.

The information you provide for the e-visa needs to exactly match your travel documents or you may be refused entry to the country.

On the application form:

Where asked if you need a GBAO Permit - tick NO.

Important: if your occupation is in journalism or government service such as the military or police, please contact the KE office before making your application.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking for up to 8 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training, and we would suggest that you try to fit in a number of long weekend walks before you depart. Running, cycling and swimming are also good for developing cardio vascular fitness and stamina.

There is little you can do to prepare for the altitude but if you have an excellent level of fitness this can help.

Climate

In Dushanbe, Tashkent and Samarkand, the temperatures in July and August will be hot, with daytime temperatures of 30 to 35 degrees Centigrade. Once we get up into the mountains, it will be much cooler, with average daytime temperatures of 20 to 25 degrees Centigrade and night-time temperatures at our highest camps falling to freezing - 0 degrees Centigrade. The weather is generally excellent throughout the summer, with clear skies and little rain or snow. However, weather in mountainous areas is notoriously difficult to predict, and short-lived storms can occur at any time of the year.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
